AN OCEAN MYSTERY.

Awe-Inspiring Spectacle Seen by Travellers in Mid-ocean

Passengers on the North German Lloyd liner Barbarossa, which recently arrived at Plymouth, had a distinctly thrilling experience on the fifth day out from New York when the steamer passed a blazing sailing vessel. When the look-out first discovered the vessel away on the starboard bow nothing could be seen but dense volumes of smoke, and it was nearly an hour before flames could be distinguished. The vessel was still some miles away when word passed around among the thousand souls on the Barbarossa that comparatively close at hand was a blazing craft, and that the liner's course had been altered in order that she might hasten to the scene and render any assistance that might be required in the event of the crew still being engaged in a struggle for mastery over the flames. As soon as the officers on the bridge of the Barbarossa were convinced of the vessel's plight, the commander was informed and he ordered a course to be shaped for the burning ship. As the liner responded to the throb-

bing of her mighty screws and rushed forward on her mission, the passengers, thrilled with excitement, thronged her decks, eagerly watching the almost terrifying spectacle of a vessel on fire in mid-ocean.

The ravages of the fire became more and more apparent, and hearts were filled with anxiety as to the fate of the crew. The whistle of the liner was sounded frequently to attract attention, but no response came from the deck of the burning craft, and a little later it became evident that the crew had abandoned their ship and had sought safety in flight. Captain Langreets was determined, however, to assure himself that there was really no one on board, and the Barbarossa was stopped and the ship examined.

She proved to be in a sinking condition, but so extensive was the damage that it was impossible to tell whether she was barque or ship rigged. The after portion of the craft was burnt out, and her name could not be discovered. The absence of a large deck boat lends color to the belief that the crew escaped some hours before the Barbarossa arrived on the scene.

THINGS TO KNOW.

Cut off the feet of old stockings, cut the legs open and sew them up, then wash them in a solution of turpentine or other polishing medium. A very good gloss for tan boots and shoes is obtained by rubbing the surface with the inside of the peel of a banana, and when dry, polishing with a soft cloth.

Best way to make a candle last through the night—Light the candle and burn till quite even, then fill up to the light with a finely-powered salt. Place the candle where no draft or wind catches it.

For making household ammonia—Borax, three drachms; strong Borax, three drachms; soft soap, one drachm and a half; strong solution of ammonia, nine ounces; water, 21 ounces. Dissolve the soap and borax in the water, and add the ammonia. Use three tablespoonsfuls of each per gallon of water.

To clean velvet—Sponge a small spot of the velvet with pure turpentine, and wipe with dry cloths. After cleaning the entire piece in this manner, hang in the air, and then if possible, in a hot room, in order that no odor may be left in it.

To make coffee quickly—Put a tablespoonful or more into an ordinary pint pour boiling water over it, and let it stand, covered, before the fire for a few minutes; stir once, and then pour out through a small strainer.

In rinsing handkerchiefs add a little borax to the water. This will prevent them from being quite soft and limp without actually stiffening them.

Fruit cake can be kept fresh for a long time by placing it in a box with an apple, and keeping the box in a cold place. Should the apple be replaced by a fresh one.

A very good gloss for tan boots and shoes is obtained by rubbing the surface with the inside of the peel of a banana, and when dry, polishing with a soft cloth.

"Talk about human beings having descended from such as you!" exclaimed Poi. "You're much more likely to be evolved from birds. You can't speak their language and I can."

"I don't deny," responded Jocko, "that they got their long tongue from your family."

It was then that the two had their celebrated monkey and parrot time.

KEEP THE BOWELS REGULAR.

If your bowels didn't move for a week you would be prostrated. If more than one day goes by you become languid, blood gets bad, breath horribly offensive, you feel sick all over. To remedy this take Dr. Hamilton's Pills which regulate the bowels and cure constipation. Taken at night you are all right in the morning. They purify and cleanse the system, prevent headache, biliousness and sick stomach. Prompt and certain are Dr. Hamilton's Pills of Mandrake and Butternut, 25¢ per box or five for \$1.00 at all dealers.

If you are planning an outing this summer arrange to spend a week on the Miramichi, and take in

CHATHAM'S BIG FAIR

Sept. 17th to the 21st.

CHEAP EXCURSIONS ON ALL RAILROADS.

A great display of Industrial and Agricultural Products. Excellent Premiums, Good Music, Amusements of all Kinds, and something doing all the time.

TWO DAYS RACING on Chatham driving Park adjoining Exhibition grounds, \$2000.00 in premiums. See programmes, prize-list and other printed matter for particulars. Geo. E. Fisher, Secretary, Hon. L. J. Tweedie, president.

CANADIANS AT BISLEY.

Sgt.-Major Gaven Took First Prize in Sweepstakes Match—Will Use Lee-Enfield Rifles.

Bisley, July 9.—The Canadian team at Bisley after practising a week with the Ross rifle, have found that they had not had sufficient practice to warrant them using this rifle during the meeting, and so have therefore fallen back to the Lee-Enfield.

THE CANADIAN TEAM.

The following is the personnel of the Canadian team:

Officers:—Commandant, Lieut.-Colonel E. W. Wilson, 3rd Victoria Rifle, Montreal, Adjutant, Lieut.-Colonel O. B. Threlk, M.P., 17th Regiment, Levis, Que.

Members:—Private F. L. Allan, 7th Fusiliers, London, Ont.; Private H. L. Blackburn, 90th Regiment, Winnipeg; Sgt. Major K. Caven, 5th Regiment Draydale, 3rd Regiment, Victoria Rifles, Montreal; Mayor R. Dillon, 34th Regiment, Oshawa; Captain W. H. Forest, 6th Regiment Vancouver; Sgt. J. Gilchrist, 30th Regiment, Guelph; Sgt.-Major S. J. Huggins, 13th Regiment Hamilton; Staff-Sgt. T. H. Hayhurst, 13th Regiment, Hamilton; Staff-Sgt. H. Kerr, 38th Highlanders, Toronto; Private J. Leask, 2nd Regiment, Q. O. R., Toronto; Piper S. Leask, 48th Highlanders, Toronto; Staff-Sgt. G. Mortimer, G. G. F. G., Ottawa; Sgt. E. L. Nichols, 12th Regiment, Toronto; Private Leon Pinard, 43rd Regiment, Ottawa; Lieut. A. H. Semple, 78th Regiment, Toronto; Private W. A. Smith, G. G. F. G., Ottawa; Captain E. Skeddion, 91st Highlanders, Hamilton; Sgt. L. L. Whiteley, 2nd Regiment, Q. O. R., Toronto; Corporal W. H. Youhill, 90th Regiment, Winnipeg.

The following Canadians are with the team, but unattached:—Transport Sergeant Stuart, 43rd, Ottawa; Staff-Sgt. Bayles, Toronto; Captain Mitchell, Corps of Guides.

In the Armourers' Company match today, open to all comers, distance 900 yards, seven shots, highest possible score 35, Staff-Sgt. G. Mortimer, G. G. F. G., Ottawa, made 34. In the Singer competition (600 yards) he repeated his score of 34.

The prizes in the Armourers' competition aggregate £55., of which the first is £10. It proceeds every day until Monday, June 16th, and is open to all comers.

The Singer competition is, if anything, more attractive. The first prize is a "special Grand" bicycle with three speed gears valued at £21 with which goes also the cash prize of £10. The cash prize in the match aggregate £75.

Bisley Camp, July 10.—A number of the members of the Canadians are shooting in various competitions today, but their scores were not high enough to ensure their appearing among the prize winners.

Staff-Sgt. G. Mortimer, G. G. F. G., Ottawa, yesterday put in a card of 34, out of a possible 35, in the Singer, an unquadrated competition, seven shots, service rifle, at 600 yards. He also turned in a score of 32 at 200 yards and 29 at 600 yards in the "Association Cup" (unquadrated), service rifle, seven shots at each distance, out of a possible 35.

In the J.H. Steward Challenge Cup competition Sgt.-Major S. J. Huggins, 13th Regiment, Hamilton, Ont., scored 34 points out of a possible 35. This is an unquadrated competition at 500 yards, each competitor firing seven shots.

In the "Ladies" (service rifle), unquadrated, seven shots at 600 yards, Private H. L. Blackburn, 90th Regiment, Winnipeg, made 34 out of a possible 35.

In a sweepstake at 200 yards Sgt. Major Caven, Victoria, got first place winning 77 shillings. The entries for the Kolapore Cup match are Canada, Royal Guernsey Militia, Malay States Guides, Mother Country and India.

For the Mackinnon Cup the teams are Canada, England, Royal Guernsey, Malay States Guides, Ireland and Scotland.

The competitors complain there is a bad light for shooting. Staff-Sgt. G. Mortimer, of Ottawa who is doing great work at Bisley, is shooting with a Ross rifle manufactured at Quebec.

CONGREGATIONAL UNION.

Annual Meeting of Representatives of New Brunswick and Nova Scotia in Session at Milton, N. S.

Milton, N. S., July 7.—The devotional exercises at 9 a. m. were led by Rev. I. A. Rose, who spoke on the text "They that wait upon the Lord shall renew their strength."

Business was resumed at 10 o'clock. Invitation from church at Margaree (C. B.) to meet with them next week was accepted.

Rev. S. W. Anthony, Milton, was appointed union preacher, 1907.

Rev. J. W. Cox as delegate to Congregational Union of Canada. The committee on church union was reappointed.

Rev. R. K. Black, of Granby, (Que) and Rev. Mr. and Mrs. Walter Currie were received as corresponding members.

Rev. W. McIntosh, Ottawa, secretary of the Can. Cong. Home Missionary Society, sent greetings to the union, expressing regret at his inability to be present. He referred to the reception into the ranks of Congregationalism of forty churches of the United Brethren situated in Ontario.

Regarding our work in the Northwest, the society had set the mark of \$10,000 additional for new work for the ensuing year. Of this amount the maritime churches were asked to raise \$1,000.

The following recommendation by the business committee was passed: Resolved, that we heartily endorse the action of the Home Missionary Society in advancing the work of the northwest and that our churches be asked to contribute \$1,000 additional to last year's amounts for that purpose.

An information was received through Mr. McIntosh of the proposed amalgamation of the Ontario and Quebec and maritime unions to form the Congregational Union of Canada. It was decided that we take no action at present.

A very interesting discussion took place regarding the mid-week prayer meeting—How to Make it More Efficient, which was the subject of a paper by Rev. William Collins. Some of the points emphasized were faith in efficacy of prayer, absolute necessity of such a meeting in our church life, efficient leading and fidelity on the part of members.

Rev. D. W. Purdon was granted a letter of transfer to South-Staffordshire Association of England.

The meeting then adjourned and the delegates gathered in front of the church, when a photograph was taken.

The afternoon was spent in recreation. A short business session was held, when resolutions on temperance, our college, etc., were passed.

A resolution was passed expressing the sympathy of the union to Rev. and Mrs. Ball at their loss in the death of Mrs. Ball's father, Hugh Dunlap.

The following resolution on church union was unanimously passed: That we declare ourselves in favor of the

union proposed between the three branches of Christ's church. But we hope as a result of future action on the part of the chosen representatives of the said bodies that a simpler and more liberal expression of doctrine may be settled upon, and that in policy and administration the best elements of the three great systems may be preserved.

Rev. Walter Currie, missionary superintendent at the Chisamba station Africa, then addressed the meeting, giving much information of interest regarding the work at the station.

He was followed by Rev. R. K. Black, who spoke on home missions in Cape Breton in the early history of our denomination there.

Mrs. Currie also addressed the meeting.

The Sunday services were full of deep interest and inspiration. At 10.30 Rev. L. A. Edwards, of Yarmouth, delivered a stirring address on the text I. Cor. 3-9: "For we are laborers together with God."

A guarantee for \$1,000 goes with every package of the Hem-Roid. No matter what kind you have, Blind, Bleeding, Internal, External, Itching or Suppurating, Dr. Leonard's Hem-Roid will cure you.

This is a strong statement, but it is supported by a thousand testimonials from those who have been permanently cured by Hem-Roid.

If you are not cured you get your money back. \$1.00 at druggists or the Wilson Fyle Co., Limited, Niagara Falls, Ont.

THEY MEAN IT.

No one should suffer a moment longer with Piles, for Dr. Leonard's Hem-Roid will cure any case.

"LONG LIVE ITALY."

Shouts Duke of Abruzzi from Summit of Ruwenzori.

Rome, July 11.—The greatest interest is manifested here in the particulars of the ascension on June 13 of Mount Ruwenzori by the Duke of Abruzzi a cousin of King Victor Emmanuel. Mount Ruwenzori is situated in the neighborhood of the Albert Nyanza and Albert Edward Nyanza, Central Africa. It is about 18,000 feet high and has never before been climbed.

His Majesty has been heard to say that if he were not King he would be the Duke's companion in his various dangerous expeditions.

The King is especially proud that a Prince of his house has for the third time penetrated to where no human foot has ever trod before, the previous occasion being the Duke's expedition to Alaska and in search of the north pole.

His Majesty has received from his cousin further telegraphic details of the ascension. The Duke describes his emotions upon reaching the summit. Tears filled the eyes of the leader and his companion as they unfurled the national flag on the highest peak, crying the while "Long Live Italy."

They had surmounted one height after another of the glittering, snow clad mountains. All was virgin white about them and there was no sign of life.

The Duke sets forth the pride of his party in this achievement, but says that in spite of the success they felt like atoms at the mercy of nature.

In addition to his faithful companion Commander Cagny, the Duke of Abruzzi had with him on this expedition several sturdy Picchentes mountaineers who were brought up among the Alps.

DO YOU SEEK HEALTH?

Consult Dr. Hamilton and You Will be Shown the Way.

Thousands are in the same boat,—all sickly, bilious and feeling far from well.

Trouble is, the system is clogged with impurities which need to be cleared away.

Before downright sickness arrived you should cleanse and purify the system with Dr. Hamilton's Pills.

At once you'll feel their mighty influence building up weak spots, clearing out disease, and putting you again on your feet.

These purely vegetable pills change your tired, worn-out condition to one of health and vigor, because they supply the body with nourishing blood that builds up and enlivens the entire system.

Mr. John Whitley of Stanwood, P. O., Ont., knows the merit of Dr. Hamilton's Pills, and says: "I wouldn't be alive to-day had it not been for Dr. Hamilton's Pills. Last winter I was sick with grippe, and when spring came I was weak, bilious and rheumatic. I used cod liver oil to cure twenty times, but I didn't get any help till I tried Dr. Hamilton's Pills. They purified my blood, took the yellow color out of my face, put new tone in my stomach, and increased my appetite. The bilious attacks and rheumatic pains gradually departed, and Dr. Hamilton's Pills made a new man of me. I proved their merit, and proclaim them a medicine for all men."

If better health and prompt recovery are important, get Dr. Hamilton's Pills of Montreal and Butter, not today. At all dealers, 25¢ per box or five boxes for \$1.00. By mail from N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

COL. DENNISON SPEAKS.

At Annual Meeting of the Empire League.

London, July 11.—At the annual meeting of the Empire League at the Mansion House this afternoon Lieut. Col. Dennison declared that Canadians were unanimous on the question of the tariff preference. They felt strongly on the question because protection had made them prosperous. Under free trade England was not prosperous. If Mr. Churchill's suggestion was adopted of arranging a preference between the colonies and leaving England out it would weaken the empire. He predicted that many of the members present would yet change their views.

Sir Charles Tupper thought that it could not be said that the colonies were entirely without a voice in the imperial councils when such able colonial occupied seats in the British House of Commons without losing interest in the outlying portions from which they came. He endorsed the proposal of Earl Grey years ago that an imperial council composed of Agents General of the colonies, making them primary councillors.

Lord Derby, the president, announced that efforts were being made to establish a club to repay the extraordinary hospitality English visitors always received in the colonies. A resolution was adopted congratulating Mr. Chamberlain and the old officers were re-elected.

"Sir," said the theatrical looking man, dropping into a lawyer's office and breathing deeply, "has an humble Thespian no recourse against the envenomed tongues of slander? Must the invective of the unwashed yokel go unrebuked? Sir I have been called a 'ham'."

"Is that all?" queried the lawyer. "All?" roared the former support of Edwin Booth. "Were't not sufficient? And yet, as though the gulf of me traducer had no bound, he specified 'Chicago ham' as fitting symbol of estate."

An instant later the lawyer was drawing up the papers.

MORE DEADLY THAN FAMINE.

Neglected catarrh sooner or later causes consumption which destroys more human beings than famine and war combined. The way "Catarrh-ozone" cures catarrh is very simple. It first kills the germs that cause the irritation, then by soothing away the congestion and inflammation it cures the discharge, hawking and dropping in the throat. "I suffered so continually from nasal catarrh," writes Ernest R. Dakin of Rosemont, "that I scarcely knew what it was to be free from headache and pain over the eyes. Catarrh-ozone relieved me at once and made a thorough cure." No other remedy cures like "Catarrh-ozone"—try it for your next cold.
