NEGRO KILLS FIVE MEN

The Colored Man a Dead Shot With Revolver—Police Officers Slow With Their Guns and Missed When They Fired.

Asheville, N. C., Nov. 16.—(Special.)—Fighting bravely in defence of their lives, Police Captain Page, Patrolman Chas. Blackstock and William Bailey of this city, were shot to death yesterday by a negro, and fatally wounded another. The murderer gave his name as Will Hattis of Charlotte, N. C., a desperado for whom a large reward has been standing for some time. Prior to the death of the two officers, a negro restaurant keeper named Ben. Allison, was shot and killed by Harris, without provocation. Another negro named Tom Neil, lies mortally wounded, he too, being shot before the officers took a hand in the me-

Farrell had lived as brother and sister and when of late years they learned of their real relationship, it did not take long for them to discover that they were no longer brother and sister but sweethearts. The fact that the young man is nearly sixteen years the senior of the young lady had no effect on their affections, and nearly a year ago the engagement was announced. The wedding last night was the culmination of the romance. The wedding not only made the two young people man and wife, but was likewise the means of reuniting the two families, the Farrells and the Lawrences, after a broken period of nearly thirty years. This break came at the time of the death of Capt. Farrell's first wife, the daughter of the groom's mother, which occurred in 1874. All of the parties connected with the affair were pleased with the outcome, and the announcement of the engagement was made known last fall there was great rejoicing in both families.

PROBABLE MURDER.

Three Men Arrested While Burying Body of Their Presumed Victim.

Regina, Sask., Nov. 16.—(Special.)—Passengers arriving last night from the north gave an account of what is believed to be a terrible murder near Davidson.

The alleged victim is a homesteader named McGregor.

A neighbor, on calling at his shack yesterday, found three men preparing to bury him. A look at the dead body satisfied him that it had been subjected to great violence and he at once alarmed his neighbors and the three men were captured and are in custody. It is said that they were all interested with McGregor in a threshing outfit and quarrelled when the time of settlement came.

McGregor is said to have belonged to Goderich, Ontario.

TARIFF DELEGATION.

Ontario Farmers Object to Duty on Tin Plate.

Ottawa, Nov. 16.—(Special.)—John Toimie, H. Macdonald of Chatham, John Hyall of Westlake, Lockie Wilson and others are here today to see the minister of finance and other members of the tariff commission in opposition to the proposition to put a duty on tin plate asked for by the promoters of a tin plate industry at Morrisburg.

Mr. Toimie and the other members of the delegation represent the Farmers' Association of Ontario.

MR. HOOPER CHOSEN.

Former Fredericton Man Unanimously Elected Rector of St. Paul's Church, St. John.

At a meeting of the parishioners of St. Paul's (Valley) church, at St. John last evening for the purpose of electing a rector to succeed Rev. A. G. H. Dicker, now in Toronto, Rev. H. Bertram Hooper, of St. George's church, Moncton, was the unanimous choice.

Rev. Mr. Hooper was wired last night and told of the action of the parishioners and as he had previously expressed a willingness to accept, should he be chosen, it is expected that he will assume his duties at an early date after placing his resignation in the hands of his vestry.

Rev. Mr. Hooper is a native of Ireland, son of Capt. Hooper whose wife was a daughter of the late Archdeacon Coster, of this city. He was B. A. from the University of New Brunswick in 1881. He subsequently took the degree of M. A. He was ordained priest in 1887 by the late Rev. Bishop Medley. Soon after his graduation he assisted Ven. Archdeacon Neales of Woodstock, as lay reader. In 1886, while deacon, he had charge of the parish of Andover. After his ordination in 1887 he was appointed rector at Harcourt, Kent County, where he remained until 1891. In this latter year he was chosen by the parishioners of St. George's church, Moncton, as their rector, and there he has since been.

Rev. Mr. Hooper is 45 years of age, and his wife is a sister of Mrs. Horace E. Dibblee of Ormoco. He is a clergyman of much ability and one of the ablest preachers in the diocese of New Brunswick.

MR. HANSON INJURED.

Mr. A. E. Hanson met with quite a serious accident this morning. He was leading a horse by means of a halter when the animal reared and struck him on the right shoulder with its foreleg. The injury is a very painful one and will confine him to his home for several days.

SCOTT ACT JUDGMENT.

Court Confirms Moncton Magistrate Fining Violator \$200.

CHIEF JUSTICE ADMITS MAGISTRATE HAS POWER TO IMPOSE PENALTIES OVER \$50

But Declares Court Might Lay its Hand on An Excessive Amount.

The Supreme Court met at ten o'clock this morning, with Chief Justice Tuck and Justices Hanington McLeod, Landry and Gregory in attendance and delivered judgments in the following cases:

Ex parte Russell Williams—This was an application for an order nisi (a writ) showing that authority he held a seat at the municipal council board of the County of Queens, Mr. E. R. Chapman, who made the application, contended that Mr. Dickie, being a licensed vendor under the Canada Temperance Act, he was in consequence, debarred from holding his seat. Rule nisi, returnable next term.

In re Shediac Boot & Shoe Company, Limited, under the winding up act—This was an application referred to Judge Landry in regard to the apportioning the proceeds of the sale of goods. The judgment of the court was that the money now on deposit should go to the Bank of Montreal.

The King vs. Police Magistrate Kay of Moncton, ex parte Henry Cormier—The judgment of the court was that under the Canada Temperance Act, the magistrate had power to impose a penalty of fifty dollars or more for a violation of the act, therefore Magistrate Kay was within his right in imposing a fine of \$200 upon Cormier.

The chief justice remarked that the object of the act was to stop the sale of intoxicating liquor, and in this case the court did not consider the fine to be excessive. He added that a fine of \$1,000 in a Scott Act case might shock the judicial mind, and if such a case came up the court might put its hand upon it. In the present case, however, there was no reason to interfere. The judgment of the court was that the rule should be discharged.

The following common motions were made: McKee vs. William Wilson, ex parte Bank of Montreal—C. H. Allen moves to make absolute an order of Judge Gregory quashing an order of the judge of the York county court discharging from custody Charles E. Hay arrested on a bailable writ at the suit of the Bank of Montreal. Rule absolute.

The King vs. Sweeney and Bourque, ex parte Elois Cormier—J. H. Barry, K. C., moves to make absolute a rule nisi to quash a conviction under the C. T. Act, for keeping liquor for sale. Rule absolute to quash. The chief justice announced that the court stood adjourned until Thursday, the 22nd inst., when the new barristers would be sworn in before Judge Gregory.

STANDARD OIL CO.

United States Government Makes its First Move to Dissolve Giant Monopoly.

St. Louis, Mo., Nov. 16.—The U. S. government yesterday made the initial move to dissolve the Standard Oil Company's alleged monopoly by filing in the U. S. circuit court a petition in equity against the Standard Oil Company of New Jersey, and its seventy constituent corporations and partnerships, and seven defendants, including John D. Rockefeller and William Rockefeller, asking that the combination be declared unlawful and in future enjoined from entering into any contract or combination in restraint of trade. The suit is brought under the Sherman anti-trust act, which the Standard Oil Company and its constituent companies and the seven individual defendants are charged with violating.

The government's petition in the suit is signed by Wm. H. Moody, U. S. Attorney General, Milton B. Purdy, assistant to the attorney general, Frank B. Kellogg, Chas. B. Morrison and C. A. Devereance, assistants to the attorney general. The petition contains 194 printed pages, or about 200,000 words and an additional 84 pages of exhibits, consisting of bye-laws and minutes of Standard Oil meetings and organizations and a map showing the retail price of oil in every state and territory of the union.

The investigation into methods pursued by the Standard Oil Company began early in 1905, and the results were laid before Congress last May by President Roosevelt, who accompanied the report by a special message denouncing the apparent methods pursued. The president asserted that suits would be instituted in the U. S. courts to abolish the combination and the filing of the suit yesterday marks the initial step.

The defendants are entitled to one month in which to enter their appearance and 60 days in which to file answer to the allegations in the petition. They also have the option of filing a demurrer to the bill.

CHURCHES BREED DISEASES.

New York, Nov. 16.—"Whiskey and consumption follow the flag and Bible in the march of civilization," said Dr. F. E. Daniel of Austin, Tex., in his annual presidential address opening the American international congress

on tuberculosis, which began here Wednesday. The congress meets this year in joint conference with the Medical Legal Society of New York. Dr. Daniel declared that the keynote of the convention is to be the prevention of tuberculosis by legislation. "Unnatural living in cities is a productive cause of the disease," said he. "Whiskey and consumption follow the flag and the Bible in the march of civilization. Public places not sanitariously cared for are breeding places for the disease. Churches are veritable 'black holes of Calcutta,' among the disease breeders. I attended a church where, according to my calculations, the same air was breathed and rebreathed by each of the 500 members of the congregation every 12 minutes, or 12 times in the course of the service."

ENORMOUS WORKSHOPS

New I. C. R. Buildings at Moncton of Very Generous Proportions.

Moncton Transcript.—The specifications for the group of buildings to be known as the locomotive shops in the new yard of the I. C. R. at Moncton show that the main building will be 408 feet long by 176 feet wide with three extensions at right angles with the main building.

The first extension is 100 feet wide by 375 feet long; the second 80 feet broad by 375 feet long and the third 75 feet broad by 375 feet long.

This would make the group of buildings about 551 feet long with a maximum breadth of 408 feet.

These locomotive shops will consist of a steel framework with a concrete foundation, reinforced concrete walls and roofs.

The buildings will include a boiler shop, a smith shop, an engine erecting shop, a boiler erecting shop, a general machine shop with two 500 and brass working extensions and a riveting tower.

There will be electric travelling cranes, either above or on the ground as required. There will be different classes of floors in the different buildings and the work is to be completed by August 31st, 1907.

THE STOCK MARKET.

Temporary Arrangement of Coal and Steel Companies Not Considered Sufficient Reason for Bulling Their Stock.

Montreal, Nov. 16.—(Special.)—The street does not consider the temporary settlement of the coal and steel dispute as a bull argument for Dominion steel stock.

Although it closed firm at 26 yesterday possibly as the result of inside support, the market opened weak today, and selling which commenced at 25½ soon carried the price down a point below yesterday's closing. Later there was a fractional rally. Pfd. sold at 73 and bonds went back to where they stood before the row became publicly known at 82½.

RAILWAY WRECK.

Grand Trunk Train Thrown Off Track by Broken Rail ---15 Persons Injured, Some Perhaps Fatally.

Woodstock, Ont., Nov. 16.—(Special.)—Fifteen persons were injured early this morning in a wreck on the Grand Trunk, just inside the city limits.

It is feared that some of the injured will die. The cause of the accident was a broken rail. The engine and tender got across, but the baggage and express cars and three coaches left the rails.

One of the coaches rolled down an embankment while the others were torn from the trucks and thrown across the tracks.

Physicians were on the scene shortly after the accident and the injured were removed to hospitals.

TANGLED RELATIONSHIP

Man Married Girl Whom He Formerly Thought Was His Sister.

Boston Herald: Tangled relationships have resulted from the marriage of Miss Emma Lawrence Farrell, who last night became the bride of her foster-brother, John A. Lawrence of Cohasset. The wedding was performed at the parochial residence by the Rev. James Riley, and was followed by the customary wedding reception at the home of the groom's mother, and the bride's foster-mother, Mrs. Mary V. Lawrence of Spring street, Cohasset.

It was only of recent years that the bride and groom had been aware of their exact relationship, for Miss Farrell was adopted into the Lawrence family when she was a mere child, and the two had grown up together as brother and sister. Miss Farrell was legally adopted by Mrs. Lawrence, but for some reason, had been allowed to retain her own name.

To add to the entanglement, Miss Farrell's father, who was Capt. Jos. A. Farrell, one of the old school of fearless Provincetown skippers, had been twice married. His first wife was Miss Mary Lawrence, daughter of the woman who afterward became his second wife's child's foster mother and a known sister to the man whose wife Miss Farrell now is.

The captain's first wife died within two years after their marriage, and ten years later he married again, his second wife giving birth to two children, both daughters. While they were still small children the mother died and one was adopted by a Provincetown woman, while the other went into the family of Mrs. Lawrence, where she was at once taken as a sister by the 14 children in that family.

For 17 years Lawrence and Miss
