T. LEE'S TRAGIC DEATH.

Body of Well Known Native of Kingsclear Found on
Rothesay Beach--Had Been Bathing and Died
of Chill and Weak Heart.

DECEASED INTIMATELY CONNECTED WITH PROMINENT FREDERICTON FAMILIES.

St. John, June 11.—(Special.)—The body of Thomas Lee, the well known general agent of the New York Life Assurance Company, was found upon the shore, Troop's beach, at Rothesay, this morning.

It is believed he was bathing yesterday afternoon and was taken with an attack of heart failure, which resulted in his death.

The report of the sad affair, which reached the city this morning, caused expressions of regret from his numerous friends, as he was a man held in high esteem by all who knew him. He was possessed of scholarly attainments and a gentle disposition, and will be particularly well remembered by many prominent citizens who were educated under his teaching some time ago.

A. C. Fairweather, whose late wife was a niece of Mr. Lee, first heard of Mr. Lee being missing when he reached the station at Rothesay this morning.

Mr. Lee had been staying at the home of Mr. W. Tyng Peters, and had been in the habit of visiting Mr. Fairweather's house on Sundays. Yesterday he did not go there.

Mr. Fairweather thought nothing of it until he learned this morning that Mr. Lee had not been seen since

yesterday afternoon. Mr. Peters thinking he was at Mr. Fairweather's Mr. Lee's whereabouts was not known, asked his son, Stewart, to stay at Rothesay and make inquiries about him.

As a result, he received a telephone message about ten o'clock saying the body had been found upon the beach, near where he had evidently been swimming.

Mr. Lee had been in the habit of going in for a dip Sunday mornings at this place for some years back, and on Friday told Mr. Fairweather he expected to take his first dip this season on Sunday.

Yesterday afternoon he left the house with a towel, preparatory to having a swim.

For two or three years he had been troubled with a weak heart, and it is thought that the water being cold he took a chill, resulting in his death.

The body was found with the head just resting at the water's edge, and it is thought he had been in the water and came out when stricken.

He was in his 72nd year, and a son of the late Hon. Thomas C. Lee, a member of the legislative council.

His mother was formerly Margaret Lester Wetmore, daughter of the

late Attorney General Wetmore. He was born at Kingsclear, near Fredericton.

One brother and one sister survive. The sister, Mrs. Scovil, widow of the late William Elias Scovil, of Kingsclear, Kings Co., now living with Dr. Fairweather at Rothesay, and the brother, John E. Lee, residing at Clifton, Kings County.

Mr. Lee was a graduate of the University of New Brunswick, and received his early education at Kingsclear, Kings County, where he taught school for a number of years, after which he conducted a large private school in this city.

About fifteen years ago he was appointed special agent for New York Life Insurance Company, which position he has since held.

(The deceased was a brother of the late Rev. Canon Lee, rector of Fredericton, who died from heart failure while bathing at Woodman's Point, many years ago. He graduated from the U. N. B. in 1854, winning considerable distinction as a classical scholar. He was agent for the New York Life Assurance Company and was for some years stationed in this city. The late Mr. Lee had many relatives in this city and his tragic death will be learned with much regret. He was unmarried.)

POTTER TALKS.

Returned Bishop says no Love Lost Between
Great Britain and United States--
Britain's Great Achievement
in Egypt.

New York, June 11.—(Special.)The Times says: After a prolonged visit to England, the continent and Egypt Bishop Potter arrived on the White Star Liner Celtic yesterday.

He appeared in excellent health and talked freely of his stay abroad to reporters who met him down the bay and at the pier.

The Bishop explained what he meant when he said to the Pilgrims in London that the American Eagle in Cairo "had its tail between its legs." He also said he feared there was not any too much freedom between the United States and England.

"You can depend on it there is no love lost between the two countries," said the Bishop. "If there is, I fear a good deal of gush about it."

The British idea of the United States is very vague. They have certain impressions that are unjust, and when I arrived there on my way out, I told them so. The more acute and serious do not think we are a

lot of grafters, but that we are very easily tempted by gain. It is the general crowd that thinks otherwise. Then the Bishop explained the "Eagle with tail between its legs" remark. "I think the idea in my mind on that occasion," he said, "was the conditions in Cairo that irritated other Americans also, name of advertising of quack medicines and other things of the same order with the use of the American flag. It was this use of the flag for advertising purposes, in contrast to the splendid achievements of the British government in Egypt, that I meant."

Speaking of his trip the Bishop said: "I spent my winter in Egypt and was greatly impressed with the splendid achievements of the British administration of affairs there. It has been thirty years since I was in Egypt and the change wrought in that time is indeed wonderful. No more brilliant jewel shines in the crown of Great Britain than her achievements in Egypt."

THE MILLMEN'S STRIKE.

Pilers Are Out But Some of the Mills
Are Running.

St. John, June 11.—(Special.)—There is a slight change in the deal pilers strike situation.

Murray & Gregory may start on Wednesday, as some pilers talk of returning to work. Cushing is running with the pilers out, but the scow men are loading deal. Randolph & Baker and Chas. Miller are also operating.

Eight out of the ten mills around the mouth of the St. John river were closed this morning as a result of the hold-up on the part of the deal pilers. The latest mill to be tied up is Cushing's, where the deal pilers made their demands on Saturday night. This is the mill where the trouble occurred a few weeks ago, at which time a settlement was made which the men at that time said was perfectly satisfactory to them. Their action, therefore, Saturday, came as a surprise.

The mills that are now closed are Miller Bros., Strait Shore; Stetson, Cutler & Co., both mills, at Indian town and Pleasant Point; Hilyard Bros., Murray & Gregory, J. R. Warner & Co., John E. Moore and Andre Cushing & Co. The two remaining mills are Randolph & Baker's and Miller's at Pokiok.

THE SROCK MARKET.

Montreal Street and Power Leading
Features Today.

Montreal, June 11.—(Special.)Activity characterized stocks this morning, and Montreal street was a leader at 230 to 279, with Montreal Power in line at 95 1/2 to 95. Nova Scotia Steel, 68 1/2, 68 1/2, 68 1/2. Illinois Electric, 96, 96 1/2, 96 1/2.

STEAMSHIP NOTES.

Elotia in Dangerous Position--Repairs
to Hestia.

Halifax, June 11.—(Special.)Wireless message from Cape Sable today says Elotia, the Elder-Demster liner, is in a dangerous position. The officers are still on board, but the ship is full of water at high tide.

PROTECTING THE PUBLIC

Important Measure Before Parliament Governing Marking of Gold and Silver Products.

Ottawa, June 11.—(Special.)—The portion with "24 k" as the standard government bill entitled "The Gold and Silver marking act of 1906,"

A similar provision is made in regard to the marking of silver. In no article of merchandise of part gold or any alloy of gold, shall be stamped or engraved, or marked with any number of karats less than 10 karats. To do otherwise will be an indictable offense.

Such marks as "Gold," "Pure Gold," "Assay" or other indefinite marks are prohibited. When a gold article is marked 18 karats, it must contain 18 parts of pure gold, and six parts of alloy, and all other quality marks shall be in the same proportion.

Any one who exposes for sale any article not marked as provided, or marked otherwise than provided, is subject to fine of \$100 for each article so exposed, and upon conviction the articles shall be broken or mutilated so as to be unfit for sale otherwise than for bullion.

PRESBYTERIAN FINANCES.

Statement to be Presented at Tonight's Congregational Meeting Shows Healthy Conditions.

The financial statement of St. Paul's Presbyterian Church affairs to be presented at the annual congregational meeting at the Old Kirk tonight by the trustees, shows the congregation and all its societies in a sound financial condition.

Mr. Innes, Marine Superintendent of the Donaldson Line, arrived from Scotland to look after repairing of the steamer Hestia. Offers to repair the ship have been received from several dock firms in the United States, and the contract will be a big one.

Prof. McLellan of the University of Toronto, is to deliver a lecture on the Metric system in the city council chamber Thursday evening. It will be under the auspices of the Board of Trade, and President Weddall will preside. All business men and others interested are invited to attend.
