CRICKET.

FREDERICTON WON.

City Beat R. C. R. in Two Innings
Match by 24 Runs.

A few days ago the R. C. R. cricketers gave the Fredericton club eleven a pretty bad beating, but the tables were turned in yesterday's match, the city team winning in a two innings match by 24 runs.

Fredericton went first, by bat and were retired for 39, R. C. R. following with 27. In the second innings Fredericton made 57, R. C. R. having to make 70 to win, but they were not equal to the task, the side retiring for 45.

The totals were
Fredericton 96
R. C. R. 72

Majority for Fredericton 24

Dormer, of the R. C. R., carried off the batting honors of the day, putting together 22 runs in the second inning, and was closely followed by P. B. Powell with 18, H. R. Powell, by free batting, rolled up 16, not out in the second inning. Capt. Deedes got 11 in as many minutes and Fowler secured 10 with 4 singles and two

The bowlers for the R. C. R. were G. Galloway and Dormer and the former carried off the honors.

For Fredericton Fowler bowled strongly and effectively. Deedes made a good record and Norton-Taylor and C. H. Allen did good work in the last innings.

The umpires were Mr. R. W. L. Tibbitts and Pt. Curtis, and the scorer Mr. Jos. Howe Dickson.

The game commenced at 3 p. m., and closed at 7, lunch being served on the grounds at 6.

There was a large attendance of spectators who watched the game with interest.

The next match will be played on Saturday afternoon at 3 o'clock between an eleven of the Fredericton Club and the Bankers.

The score in detail follows:

FREDERICTON.

1ST INNINGS.

Coleman c. and b. G. Galloway	1
T. Roberts b. Dormer	1
Deedes c. VanRalt b. Dormer	1
Allen c. and b. Galloway	9
Norton-Taylor b. Dormer	1

BASE BALL.

NATIONAL LEAGUE.

At Brooklyn—Cincinnati, 3; Brooklyn, 1.
At Philadelphia—Philadelphia, 8; St. Louis, 3.
At New York—Pittsburgh, 15; New York, 2.
At Boston—Chicago, 11; Boston, 1.

AMERICAN LEAGUE.

At Chicago—Chicago, 2; Boston, 1.
At Detroit—New York, 1; Detroit, 3.
At Cleveland—Philadelphia, 3; Cleveland, 7.

EASTERN LEAGUE.

At Jersey City—First game—Jersey City, 6; Toronto, 5. 11 innings. Second game—Jersey City, 4; Toronto, 4.
At Newark—Newark, 5; Buffalo, 4.
At Baltimore—Baltimore, 5; Montreal, 4.

NOTES FOR FANS.

Big Wiggs, let out by Detroit, made good in his first game for Toledo, winning from Minneapolis 3 to 2 and striking out nine.

Pitcher Leo Hafford, who has been pitching for Beverly, will soon go to Rutland, Vt., as soon as the season opens in that city.

"Doc" Reisling, once with the Brooklyn and now with the York team, Tri-State league, fanned "Jim" Sebring three times last Friday.

The Washington-Chicago game of Friday has the record for time this season, 1 hour and 12 minutes. Walsh and Patten were the pitchers.

Des Moines, champions last season again lead in the western race and stand a good chance of again landing the pennant. Carney's team is fourth out of six clubs.

Manager Heckert of the York Tri-State club has been gunning after Providence and Baltimore players. Olla Neal, late with Providence, has gone to Columbus.

Third Baseman Beecher and Pitcher Shields have jumped the York Tri-State team, of which "Artie" Irwin is the manager. It is said that "gun shoe" agents of clubs under protection are working among the Tri-Staters trying to secure their best players.

Pittsburg made a clean sweep in New York, and the team of that city failed to make any kind of a stand against the Chicago, dropping three games out of four, making six defeats in seven games, occasioning the talk that the club needed fielders and pitchers.

Jack Ryder of the Cincinnati Enquirer just about called the turn on young "Cy" Young. He wrote home to his paper: "Tenney will probably use young 'Cy' Young, who is having a very bad year and way, and was easy for the Reds, anyway, and so it turned out, Cincinnati won under a pull.

The Cincinnati players all say that the Boston National league grounds are the hardest in the league for basemen on account of the white and green background in centre field. When the ball shoots from one color to another the batsman loses sight of it. It is too bad that the local batsmen should be handicapped by this sort of thing, and if this sort of thing can be remedied it ought to be at once.

THE TURF.

BETTING UNDER BAN.

New York, June 19.—With the opening of the grand circuit, now only a little more than a month away, horse owners are almost as much at sea as they were at the beginning of the year respecting the outlook for the season's harness racing on the big mile tracks of the East and Middle West. While there is still a possibility that the dates arranged by the stewards at their conference in New York last winter may be carried out as planned, horsemen will consider it a rare stroke of luck if one or two of the scheduled trotting meetings are not abandoned or transferred to other tracks.

Threatened interference with betting has already compelled the Detroit Driving Club to arrange for a change of base from the Grosche Pointe track to the one across the river at Windsor, Ont., and it is now certain that the first meeting of the circuit will be held on the Canadian course.

Although bookmaking and pool selling are under the ban at Cleveland, the next town in the circuit, a meeting there is assured, the votaries of trotting having raised a fund of \$20,000 by voluntary subscription to make up any loss occasioned by holding harness races without betting. Buffalo and Poughkeepsie, which follow Cleveland, seem to have a clear field, but the governor of Massachusetts has notified the New England Breeders' Association that neither bookmaking nor poolselling will be tolerated at the Readville track, hence the Boston meeting must be like the one at Cleveland, devoid of speculation.

UNCERTAINTY AT PROVIDENCE

At Providence, where the trotters are due the last week in August, no races have yet been announced, nor is it certain that any meeting can be held there. F. E. Perkins, who holds the Grand Circuit franchise, sold the Narragansett Park track last year to parties interested in running meetings only. He gave the usual grand circuit meeting in August, but without paying the new owners of the property for the privilege, and to date this season no satisfactory arrangement has been entered into between Mr. Perkins and those who now control the course. It is therefore, problematical, whether a meeting will be given this year. Definite decision in the matter is expected this week.

NOTED HORSES TO MEET.

It is an error that the New England Breeders' Association agreed to give \$7500 to get Sweet Marie, 2:17 1/2, Tiverton, 2:04 1/2, and Hewitworth, 2:12 1/2, a three cornered race at Readville track on July 4.

When the time came for naming the place where the event was to be decided, Charley Jewet was on hand and he secured the race for Boston, by agreeing to give the pre-tate of the gate receipts. This money is to be divided, 70 per cent., to the winning horse, 20 per cent., to the second, and 10 per cent., to the third.

There is not the least doubt the match is to be on the level and that the principals in the race are putting up genuine money. The owners or backers of each of the celebrated trotting horses deposited \$2,500 in the hands of Secretary Jewet, making the total amount up to \$7,500, or \$5,000 clear to the winner, outside of the slice coming from the gate receipts.

From the camp of each prevails the idea that his own horse has the race clinched. More has been heard from the Wentworth people in Philadelphia than from the other two. Some of the horsemen seem to think that in a race two heats in three, as this one is to be, the advantage is slightly in favor of Tiverton, if he comes to the wire free from lameness or fitted to the minute.

Sweet Marie has shown herself a game proposition, winning the majority of her races two years ago, in the Grand Circuit in the latter end of three in five heat races.

ANOTHER GOOD GAME.

The mysterious death of Monbells, 2:23 1/2, by Mendocino, 2:19 1/2, will prove a great loss to the turf world.

Monbells was bred at Palo Alto Farm, the famous Californian breeding establishment founded many years ago by former Governor and United States Senator Leland Stanford.

He was foaled in 1897. His record of 2:23 1/2 was made as a four year old and was acquired with little training, only for the purpose of giving his dam another trotter to her credit and himself a standard record, without any intention of racing him.

Monbells was then retired to the stud at Palo Alto, where he remained until the final disposition of the stud, at which time he was placed in the stud at Kentucky during the season of 1904. He was then returned to Hillside Farm, near Reading.

The horse was found dead in his stall when the representative of the purchaser arrived at the Reading farm to take charge of him prior to his shipment south.

Monbells was a dark bay horse, standing 15 1/2 hands high, extremely blood like and with a particularly fine head and neck.

GOLF.

EASTERN STARS TO CHICAGO.

Chicago, Ill., June 18.—With the western open golf championship, but three days away, professionals from all sections of the middle west are sending in entries to Secretary Gates of the Western Golf Association, and that official announced today that close to twenty names of the country's prominent golfers had been received, a number of those from the west has ever seen will get in some record breaking work over the Homewood County Club's links next Thursday and Friday.

Jim Foulis of Calumet, Willie Smith, Mexican open champion; Alex. Smith, victor in the big event of four years ago; "Nipper" Campbell of Long Island, N. Y.; Alex. Taylor, professional at Exmoor; "Shokie" Watson, Bob White of Ravisole, Harrie Colkie, Al Lovokin of Rockford, Ill., and Bob Foulis, Gen. McGrew's Glen Echo County Club tutor, are among the golfing lights who have already turned in the entry subscription and who will be prominent figures in the competition.

TURNS TO GOLF.

New York, June 19.—Woof! Did you hear the wind smitten sound up in Westchester yesterday afternoon?

It was Matty Christopher Mathewson the Giants' big twirler, playing golf. For some days Matty has worried a bit about his prospects of getting back into his former physical condition, and yesterday he determined to emulate John D. Rockefeller. Matty doesn't need a wig, but he donned a jersey left behind by the Cincinnati Reds, and sojourned to the Westchester golf links. Suffice it to say that golf is not yet the nation's game and the winner of a world's baseball

championship had never even toyed with anything but a regulation league ball. But the grass looked inviting he got up apropos, there were outfielders galore, and why not take an inning, the big fellow mused. He did.

Matty placed the ball on the home plate and tried for a home run. Then came the cry of the shattered atmosphere. Of course he missed.

"Strike," said Mrs. Mathewson, who was there to see the fun. He tried again, and missed, but finally on his fifth swing, "bunted," two feet. It took him three hours to make eleven holes.

Matty said afterwards that he liked the game immensely, but he did not like the idea of searching for balls. He declared himself in favor of the umpire with a supply of new ones to dole out in case of fouls or home runs into the bleachers or tall grass.

The caddies had a great day. If the Giants' pitcher had been a whole Dewey parade they could not have followed her closer.

MISCELLANEOUS.

DOWN ON MEAT.

Mike Murphy Tells Y. M. C. A. Men That Eggs and Milk Are the Best Diet.

New York, June 19.—"Mike" Murphy's talk was the feature of a recent session of the conference of physical directors of the Young Men's Christian Association, and the Penn trainer imparted considerable valuable information concerning athletic methods. Hints drawn from his experience interested a large audience which assembled in the gymnasium of the University of Pennsylvania. Penn's famous trainer said, in part:

"Adopt a simple bill of fare and use it consistently. Milk and eggs are the best foundation. There are nourishing and readily digested. Twenty-five years ago at training tables the men were fed on what was practically raw beef. Oatmeal, buttered toast and other heavy articles were standard. We have got away from this now, but even yet we use too much meat. A steak or a chop is all right occasionally; oysters, also, if a man can stand them. Fish is to be avoided, as well as heavy cereals.

"Do not artificially stimulate your men. This practice is prevalent and pernicious. I have seen trainers before races give boys cold douches, aromatic spirits and strychnine. There may be something in stimulants, but my experience has not yet found it. I have never used stimulants on a good man, and no others ought to compete. The best stimulant is nature. Let nature alone!"

"I advocate a gymnasium for every branch or club. It is a valuable thing to have, but good work can be done without an elaborate outfit. Arrange a few simple weights and bars, inside or outside, and you will get great good from the experiment."

George Kistler, Penn's swimming instructor, addressed the physical directors on the value of swimming as an exercise and the advance of the sport in the past twenty years. In 1885, Professor Kistler pointed out, the 100 yard was done in 1 minute, 12 seconds; last year the time was 58 seconds. He ascribed the reason to increased knowledge of mechanics and physiology. A demonstration in the gymnasium pool followed, after which the Y. M. C. A. men enjoyed a swim. The conference, which lasted a week will end today.

NO SATISFACTION IN EATING.

Food does you no good. You can't digest—consequently you're afraid to eat; tongue is coated, mouth tastes bad, stomach is bloated. Pretty soon you'll be overcome by weakened and nervous prostration.

Best prescription for your condition is Dr. Hamilton's Pills of Mandrake and Butternut. For Dyspepsia and indigestion it is doubtful if a better remedy will ever be devised. These pills bring new strength and vitality to the stomach and digestive organs; they build up the general health and instil such vim and resisting power into the system that sickness is impossible; Try Dr. Hamilton's Pills.

MR. MURRAY NOMINATED.

Lively Times at North Renfrew Liberal Convention.

Pembroke, June 20.—Yesterday afternoon Mr. Thomas Murray, ex-M. P., was chosen by acclamation as the nominee of the Liberal party in convention to contest the riding of North Renfrew in the election caused by the vacancy created by the death of Hon. Peter White. During the convention, however, Dr. MacKay, who was the Liberal candidate in the last provincial general election announced that he would be an independent Liberal candidate as a thorough going supporter of the Laurier administration.

Only two names came before the convention, those of Mr. Murray and Mr. Albert Mackie, son of the late Thomas Mackie, M. P.

Mr. Mackie stated that he had allowed his name to go before the convention only on condition that his nomination should be unanimous. As there appeared to be a difference of opinion in the choice of a candidate, he withdrew his name from the nomination. Mr. Murray's name was the only other before the convention.

In addressing the convention, Mr. Murray said he did not want to be returned unless he had the hearty support of both parties, and expressed appreciation for what the Conservatives had done for him. He explicitly charged some Liberals, unnamed, with having tried to boycott a meeting he held on May 23, and attacked the government on the increased sessional indemnity and pensions to ex-Ministers. In reply to a question, he stated that he would give the \$1,000 increased indemnity to charity if he were elected.

Following an acrimonious debate, Dr. MacKay declared himself a thick-and-thin supporter of Sir Wilfrid Laurier, and announced his determination to contest the riding as a government supporter. A resolution condemnatory of the government of Sir Wilfrid Laurier, offered by Jas. Findlay, ex-M. P., was rejected by the convention, and the government was cordially endorsed.

Mr. E. B. Devlin, M. P., addressed the convention on the issues of the day and was given a hearty reception.

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

"Let the GOLD DUST TWINS do your work!"

The Dog and The Shadow

You remember the fable of the dog who dropped a real bone for its shadow which he saw in the water. "Bear in mind that all is not Gold Dust that glitters under the name of washing powder. Don't accept a shadowy substitute; get the real

Gold Dust Washing Powder

with the Gold Dust Twins on the package."

OTHER GENERAL USES FOR GOLD DUST: Scrubbing floors, washing clothes and dishes, cleaning wood-work, oil cloth, silverware and tinware, polishing brass work, cleaning bath room, pipes, etc., and making the finest soft soap.
