

Events of a Day

MOVING TO TOWN.

Mr. Charles W. Gallop, who recently disposed of his farm at Harwell, is removing to the city with his family.

COLLEGE Y. M. C. A.

The Y. M. C. A. of the University will meet with the city association at their meeting on York street, Rev. A. A. Rideout will be the speaker.

NATURAL HISTORY SOCIETY.

The next regular meeting of the Society will be held on Monday evening in the High School at 8 o'clock. Dr. G. U. Hay, of St. John, will give an address on "A canoe voyage on the Oromocto." All persons are invited to attend.

SHOT TWO GESE.

John Aquin, an Indian living at Lakeville Corner, shot two wild geese at Timber Lake on Thursday last week. He claims to have done the trick with a forty-four Winchester rifle at a distance of one hundred and fifty yards.

BECOMING UNSAFE.

Travel on the ice is becoming unsafe in many places, and it is scarcely likely that teams will be able to cross after this week. Several teams broke through the ice yesterday near the St. Mary's shore while crossing above the highway bridge.

DENIES THE CHARGE.

Woodstock Sentinel.—The Fredericton Herald accuses the Sentinel editor of being a "good, steady-going Methodist." We deny the charge. We may be good—which is doubtful—and perhaps by a great stretch of the imagination—steady-going, but the rest, never.

Y. M. C. A.

Rev. A. A. Rideout will give his second address to young men at the Y. M. C. A. tomorrow afternoon at 4 o'clock. Special music will be furnished by a brass quartette. The college Y. M. C. A. will unite with the city Y. M. C. A. in this service. All men are invited to attend.

FINED FIFTY DOLLARS.

Col. Marsh delivered judgment in the Burt's Corner Scott Act case this morning, fining the defendant, George W. Howland, \$50 and costs. His Honor in delivering judgment said that it was not necessary under the act to prove that money passed between the parties, but the evidence satisfied him that there had been a barter or sale. Mr. Howland did not appear to defend the suit.

THE BRIDGE WORK.

The construction crew of the Canada Foundry Company are favored by the weather and are making good progress with the highway bridge.

MADE A CHANGE.

Another Infantry Corps and Not Artillery Will be Located in Fredericton.

The letter below is self-explanatory and indicates a change in the military plans respecting the location of a portion of the permanent corps in Fredericton.

It appears that Sir Frederick Borden has decided to give us another infantry corps, instead of transferring a detachment of horse artillery to this city.

The company of the Royal Canadian Regiment now at St. John's, N. B., will be transferred May 1st, according to the information which Mr. Crockett, M. P., writes, he has received from the minister of militia.

Mr. Crockett's letter to the city clerk is as follows:

House of Commons, Ottawa,
April 4th, 1906.

Mr. J. W. McCready,
City Clerk, Fredericton.

Dear Sir—I beg to acknowledge the receipt of your favor of the 29th ult., enclosing a copy of the resolution of the city council in reference to the re-establishment of a militia corps at Fredericton.

I have recently been in communication with the minister of militia on the subject, and received his assurance nearly three weeks ago that, although no cavalry corps could be put in this year, a battery of artillery, probably from Kingston, would be transferred to Fredericton, within a few weeks time, if suitable stabling accommodation and a suitable field for training could be provided.

I suggested the exhibition stables to him, and he at once expressed the opinion, from what I stated of them, that they would answer.

He said that he would discuss it with General Lake and get his officials into communication with the exhibition association or the agricultural society at once.

I observe that he has done so, and that the society has offered the stables and grounds.

I spoke to the minister just before he left for New York last week, as to what action had been taken in reference to the agricultural society's offer, and he said none had been taken up to that time.

I had a further interview with him today, and was surprised to learn that there had been another change of programme.

He reports now that the artillery proposition has been abandoned for the present, but that an infantry corps will be put in the first of May. This, he said, would occur without fail.

The corps now stationed at St. John's, P. Q., will be transferred to Fredericton.

Yours truly,
OSWALD S. CROCKETT.

DIRECTORS' MEETING.

N. B. Telephone Company to Make Further Extensions.

The Directors' meeting of the New Brunswick Telephone Company yesterday was attended by Hon. A. G. Blair, Senator Thompson, Charles Fawcett, Dr. A. A. Stockton, M. P., J. L. Black, and W. T. Whitehead, M. P. A large amount of routine business was transacted and plans were discussed for extending and improving the company's service. It was given out that work on the new line between Fredericton and St. John will commence in the course of a few weeks. It will follow the back route to Fredericton and will have a copper metallic circuit.

A new line is also to be constructed from McAdam to St. Stephen, and another on the north shore, establishing connection with Campbellton. The company on the recommendation of Assistant Manager Thompson will construct a number of branch lines for the benefit of the people living in country districts during the coming summer. Wherever a sufficient number of subscribers can be obtained to make it a paying proposition a line will be constructed to connect with the general system. This plan is followed extensively in the New England states and it works very satisfactorily.

POLITICIANS' MOVEMENTS.

Ottawa, April 7.—(Special)—Premier Tweedie leaves for home today, but Dr. Pugsley will remain for two or three days longer.
