FOR THE WEST.

St. John Sisters of Charity will
Assume Charge of Orphanage in
Saskatchewan--Frederictonian
of the Number.

St. John Telegraph.—This evening Sisters Adele, Francesca, Mary Austin and Mary Josepha, of the Sisters of Charity, Cliff street, will leave for Saskatchewan, where three of those named will enter upon the work of conducting an orphanage there. Sister Francesca will not remain there but will return to St. John.

There is an orphanage there founded by another religious community and, attracted by the good work which the Sisters of Charity have done in New Brunswick, Bishop Pascal of Saskatchewan, wrote to Bishop Casey here asking that the Sisters of Charity assume charge of the orphanage in the western province. As a result of this request it has been decided to send out the sisters named.
Mother Thomas, head of the order, has appointed Sister Adele as mother superior of the newly acquired charge and Sisters Mary Austin and Mary Josepha will assist her for the present and others will follow later, as the new work necessitates.
(Sister Mary Josepha is Miss Edith O'Brien, a daughter of Mr. Dennis O'Brien of this city, and entered the order about five months ago. She was formerly a successful and popular teacher.)

NEWFOUNDLANDERS COOL.

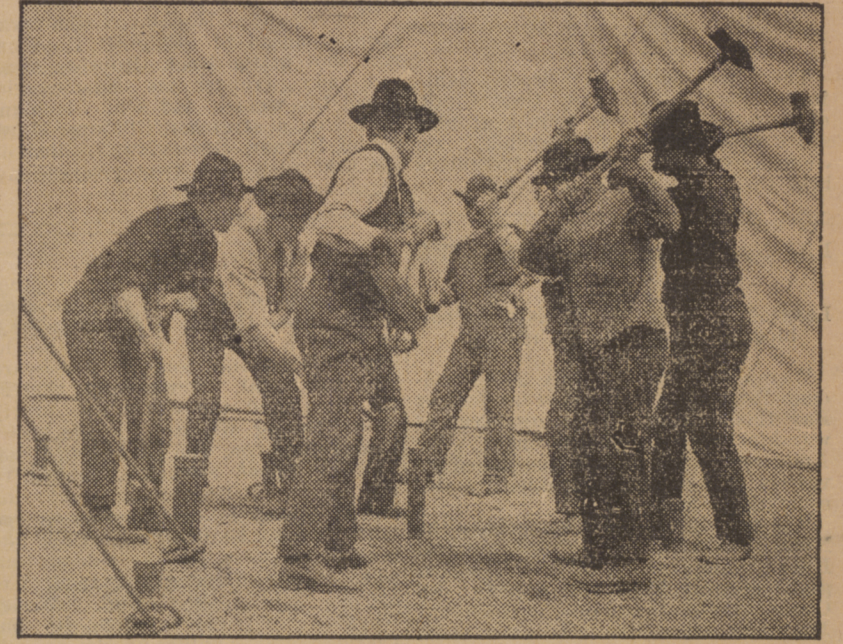

Report that They are Incensed at Governor and Lord Grey for Alleged Coquetting, with Confederation of the Colony

St. John's, Nfld., July 26.—The Canadian cruiser Minto with Earl Grey and party on board, arrived at Port Aux Basques last night, where the earl and countess and Lady Grey took a train for this city. They are due here this afternoon. Lord Howick, Earl Grey's son, with his bride and Lady Evelyn Grey, remained on the Minto, and will remain in Newfoundland fishing on the west coast, and will rejoin the party here.
Halifax, N. S., July 26.—A despatch from St. John's, Nfld., says, McGreggor and his government, as a result of the premier's implied repudiation of Gov. McGreggor for inviting Earl Grey. It is also noteworthy that while Governor McGreggor has been charged with negotiating with the Canadian governor general on the subject of confederation, it is not denied that the subject was discussed with Earl Grey. Both are known to have talked over the matter in Canada and to be warmly in favor of it.

Little Margie had spent all her life in the country and, living near the mountains, had frequently heard of the large snakes to be found in the many holes and crevices of their rocky slopes. Her mother who was greatly afraid of the reptiles, had one day remarked that she could not see the use for such loathsome creatures and wondered why they were created.
The next morning Margie sat in a brown study, her chin upon her hand and presently loosing up, she said:
"Mamma, I know why God made snakes."
"Why dear?" asked her mother.
"When He got through makin' the world, it was full of holes, so He made snakes to fill up the holes," the child explained.
