

Events of a Day

STUDENTS' SOCIAL.

The Epworth League of the Methodist Church, will entertain the students of their denomination at a social in the church vestry on Thursday evening at eight o'clock. All members of the congregation in attendance at the University, Normal school and Business College, are invited to attend and make the acquaintance of the resident members.

GOING TO NEWFOUNDLAND.

Mr. and Mrs. M. J. Poindexter are to leave this week for Newfoundland, on a caribou hunt. They go by rail to Sydney and cross to Port of Basques by the steamer Bruce. They expect to be absent about three weeks.

THE CARNIVAL.

The masquerade carnival in the Arctic rink next Wednesday evening, is the leading topic of conversation just now. The general admission is 25 cents. Admission for those in costume including skates, will be 25 cents also.—d.

FINE OR SUPERFINE?

Mr. and Mrs. Charles Ross today become the happy parents of a healthy baby. Whether boy or girl the Herald is not in a position to inform its readers.

NEW PASTOR.

Rev. W. M. Strout is the new pastor of the Adventist church, St. Mary's, succeeding Rev. Mr. Denton who has returned to his home in Connecticut.

SUCCESSFUL OPENING.

The class in singing at the Y. M. C. A. opened last evening under very favorable conditions. Above 35 persons were present and all enjoyed the first lesson. Prof. Harrison is a first class conductor and a very successful season's work is looked forward to. Many more have signified their intention of joining the class and it is probable that at least 50 will be enrolled very soon.

WOODCOCK PLENTIFUL.

Local sportsmen declare that this has been one of the best seasons for woodcock experienced here in a number of years. The flight is now about over, but during the past three weeks some great bags have been made. Mr. Harry Chestnut has upwards of 150 birds to his credit, and Mr. C. F. Randolph comes next with 88. Messrs. R. T. Mack, A. R. Wetmore and H. B. Atherton have also made a good showing.

Mr. F. L. Tufts, of St. John, is among the guests at the Queen.

MONCTON CHORAL SOCIETY

Musical Organization Started in the Railway City—The Officers.

Moncton, Oct. 30.—(Special)—A movement to organize a choral society in Moncton took definite shape last evening.

About seventy singers and others interested in the movement assembled in the Y. M. C. A. hall, and decided to organize under the name of the Moncton Choral Society. It was decided to hold the annual meeting some time in January.

In the meantime provisional officers were elected as follows:

F. A. McCully, president.
G. O. Spencer, vice president.
A. H. Lindsay, secretary.
Geo. C. Davidson, treasurer.
Committee of management: Mrs. D. C. Peters, Mrs. F. W. Givan, and A. J. Tinsley.
Prof. H. Gordon Perry will be director.

SHELburne MYSTERY.

Man Found With a Bullet Through His Head—Was it Murder or Accident?

Liverpool, N. S., Oct. 30.—A special train from Shelburne last night brought in the body of a man found beside the track near Granite Village about 20 miles from here. The man was evidently deliberately murdered or struck by a stray bullet, which entered above the right ear and came out through the left jaw, completely shattering it.

The name of the murdered man is unknown here. His age is about 38. He had been dead less than 24 hours. The body was found along a small brook near the railway track and it is surmised that he was in the act of drinking when struck by the bullet. At this point the track is three or four miles from the post road.

Judging from the marks upon his body, Chief of Police Power believes him to be a sailor whom he believes he can identify.

The body was viewed by Drs. Keady and Trites with the Sheriff, who believes it to be a case of murder or a stray bullet.
Halifax, Oct. 20.—(Special)—The body of the man found beside the track at Granite Village near Liverpool, N. S., yesterday, was identified today as that of Edward Way, of Halifax, who was employed as section man on that branch of the S. W. Railway. The wound found is behind his right ear.

The probability is that he was murdered and his money stolen, as none was found on his body.

Unique Military Address.

General Kuropatkin's address to the army of Manchuria on laying down the command has been published. In one respect this document is probably unique, in that the superseded generalissimo frankly lays upon his own shoulders the responsibility for Russia's failure to make head against her enemy. "I had not," he said, "the talents for remedying the defects against which the army had to contend or for so using the army as to command victory." The general, having done faithfully with himself, then draws a graphic picture of the army's utter unpreparedness and, what was worse, its grossly inefficient training for war.

Edison as a Critic.

Thomas A. Edison's latest discovery happens to be in the realm of aesthetics and criticism. "A few years ago," he said the other day, "when the talking machine business was still a dubious proposition, a list of the new records was often handed me for approval. After hearing them I would mark 'Good,' 'Fair' or 'Rotten' against the compositions, so as to class them for the trade. The 'rotten' records always made a hit with the public. Now all I have to do is to condemn a bit of music and the factory works overtime to supply the demand."

The Cigarette in the Orient.

Says a writer in the Peking and Tientsin Times: "The cigarette has caught the popular favor in the east and far east, being a smoke seemingly peculiarly adaptable to Asiatics. The long stemmed pipe is giving way everywhere to the cigarette. All classes of Chinese take to it, even rickshaw coolies, some brands of the cigarettes being so cheap that the beggars in Peking are seen often indulging in a quiet smoke."

Uncle Sam's Soldiers.

According to George B. Winter, the London military tailor who was engaged by the United States government to reorganize the uniforms of the American army, that army "contains the pick of American manhood. The soldiers are as hard as nails, lean and muscular. They are indeed a magnificent lot of athletes and are capable of standing any amount of hardship."

Everybody Going to Jail.

In 1850 the ratio of prison population was one in 3,443 inhabitants. In 1860 it was one in 1,647, in 1870 one in 1,171, in 1880 one in 853 and in 1890 one in 757. In other words, in the forty years from 1850 to 1890 the prison population increased nearly five times as fast as population.—Louisville Courier-Journal.

PERSONAL MENTION.

Movements of People in whom our Readers are Interested.

Mr. John Kilburn, the well known lumberman, spent yesterday in St. John and returned home by the evening train.

Mrs. J. A. Reade of Hopewell Cape arrived here last evening to spend the winter with her daughter, Mrs. R. P. Allen.

Mr. L. A. Curry, K. C., of St. John, registered at the Queen last evening.

Mr. Patrick Maloney, a well known and respected resident of Cork, was among the visitors to the city today.

Mr. W. B. Chandler, K. C., of Moncton, is among the guests at the Barker.

Miss Isabella Mowatt, equity court stenographer, of St. John, is among the guests at the Queen.

Judge Barker, of St. John, is among the guests at the Barker House.

Mr. James G. Stevens, K. C., of St. Stephen, is among the guests at the Queen.

Mr. Edwin J. Everett, provincial grand master of the masonic order, and Mr. J. Twining Hart, grand secretary, came up from St. John this morning to attend the funeral of the late Mr. Alex. Burchill.

W. W. Clarke, of St. Stephen, and his daughter, Miss Mae Clarke, are guests at the Queen today, coming here to attend the late Mr. Burchill's funeral.

Mr. Harvey Mitchell, of Sussex, is among the guests at the Queen.

ANOTHER MILL.

The Scott Lumber Company are building a sawmill at Fredericton Junction on a block of land which they lately acquired at that place.

ST. MARY'S PARISH.

Rev. M. C. C. Shewen of Greenwich, Kings Co., Shown as Rector.

The adjourned meeting of the parishioners of St. Mary's was held in the parish hall last evening and resulted in the election of the Rev. M. C. C. Shewen as rector. Mr. Shewen is at present in charge of the Parish of Greenwich, King's Co., having been appointed there some two years ago. For two years before that he was in charge of the mission at Doaktown.

The name of the Rev. H. E. Diblee, M. A., rector of Oromocto, having been freely mentioned in connection with the vacancy in St. Mary's, it is but fair to that gentleman to say that he allowed himself to be put in nomination only upon the understanding that if elected he might still continue to minister to a portion of his present large mission. Very naturally the parishioners of St. Mary's felt that they preferred to have a rector who would give his whole time to the St. Mary's parish alone.

After the election, the call to Mr. Shewen was made unanimous by the vote of the meeting. It is very probable that he will accept the appointment and enter upon his duties early in the new year.

A revised statement of the Intercolonial Railway returns shows that the surplus for last year amounted to \$93,882. The Intercolonial proper made a profit of \$61,905, and the Windsor branch a profit of \$31,416. The Prince Edward Island Railway had a deficit of \$26,982.

Vaccination.

Vaccination as a preventive of small-pox is said to have been practiced in China 1000 B. C. It was introduced into England by Lady Wortley Montagu in 1721.

The Elephant's Sagacity. Elephants, both in a wild state and in captivity, show a wonderful amount of sagacity. Those in India, it is said, smear themselves with mud as a protection against insects, and they will break branches from the trees and use them to brush away the flies.

Torn by Torse.

During the middle ages, when tournaments, such as parricides and parricides who conspired against the king, were torn to pieces by horses, one or two powerful steeds being fastened to each limb and driven in different directions. Ravallace, the assassin of Henry IV., and Damians, who conspired against Louis XV., were put to death in this manner.

The only failure a man ought to feel is failure in cleaving to the purpose he sees to be best.

LOST.

The party who took the parcel by mistake from the steamer Hampstead on October 24, will kindly return the same to Mrs. Desdes, Oromocto, or to Capt. Peatman on board. Oct. 29—d2w1.
