Telephone 432

DEADLY WORK.

Thirty-two Persons Killed and as Many Injured in an Attempt to Assassinate the Russian Premier.

St. Petersburg, Aug. 25.—Thirty-two persons are dead and twenty-four wounded as a result of a dastardly attempt this afternoon to assassinate Premier Stolypin with a bomb while he was holding a public reception at his country house on Aptekarsky Island. The premier was slightly wounded in the face and neck by flying splinters.

Among the dead are General Zematin, the premier's personal secretary; M. Khavostoff, former governor of the province of Penza; Colonel Federoff, chief of the premier's personal guard; Court Chamberlain Davydoff and Voronin and Aide Poubassoff, and four women and two children.

The wounded included M. Stolypin's three-year-old son, who is seriously though not fatally injured, and a number of persons prominent in the official and social world.

Of the four conspirators who engineered the outrage, two were killed with their victims, while a third, who acted as coachman for the party and the fourth, who remained inside the carriage, were badly wounded and are now in the St. Peter and St. Paul fortress.

Whether the assassins who entered the crowded reception hall threw the

bomb, or accidentally dropped it, probably never will be known, as all the immediate eye witnesses were killed. The tremendous force of the explosion absolutely blew out the front of the premier's residence and carried away the ceilings above and the floors beneath and the walls of the adjoining rooms.

People were literally blown to pieces. Those who were not killed instantly were horribly maimed or lacerated, and all the others present were prostrated by the shock.

The premier's escape was miraculous for, only a moment before the explosion took place, he had stepped inside his study at the rear of the saloon to speak to Prince Shakhovsky. Although he was only slightly injured, he is completely prostrated by the calamity.

The havoc wrought by the explosion is indescribable. Bodies were so torn and mangled as to make identification impossible. Some of them headless, armless or legless lying in the blood dripping wreckage. Pieces of flesh and clothing clung to the shattered rafters overhead and some lodged in the branches of the elm trees which border the roadway separating the premier's residence from the river.

CABINET MEETING.

Ministers Gathering at the Capital for Tomorrow's Session—French Capitalists May Establish Industry in Canada.

Ottawa, Aug. 27.—(Special)—All the ministers of the crown, with the exception of Hon. Mr. Oliver, who is now in England, will be here tomorrow to attend a cabinet meeting. Mr. Brodeur returned at noon today. Sir Frederick Borden and Mr. Fielding with Mr. Emmerson, will arrive at noon tomorrow, and Aylesworth will be here tomorrow morning.

Sir Wilfrid Laurier was at his office this afternoon.

Two gentlemen from France interviewed the Premier today. They are Messrs. Fernand Duvall and George Brique of St. Etienne, large manufacturers of bags, who are desirous of establishing an industry in Canada. They have business establishments in Calcutta and Buenos Ayres.

CUBAN REBELLION?

Expected Battle Has Not Yet Materialized—The Insurgent Demanded.

Havana, Aug. 27.—(Special)—News from the somewhat uncertain shifting front was meagre early today due in a measure to the government determination that false reports from insurgent sources shall not be generally circulated.

The expected battle in the vicinity of Pinar del Rio is yet to be fought. Failure of the government forces to take the offensive against the insurgent leader Guerra, and the latter's hesitancy in striking the promised blow, encourage the hope that peace may be secured without great bloodshed.

It is hinted in some quarters that the insurgents do not seriously contemplate the overthrow of the government, and would be quite satisfied if, by making a show of force, they could frighten or persuade President Palma to restore certain deposed Liberals to office and make concessions as to the conduct of future elections. Claims and counter claims are frequent, but there is comparatively little actual fighting.

At the Palace little is given out.

The enrollment of volunteers continues, horses are being requisitioned and army nurses are being sent to the front.

Skirmishes between small bands continue. From the field Col. Asbert has sent the following message to the palace: "We have taken up arms against the government because we have reached the conclusion that law and justice are not to be established in this country by the will of the government and because the administration protected by the unscrupulous judiciary commits outrages upon the constitution and despoils our people their legitimate rights. It is our sole desire to establish the supremacy of law and restore affairs where they were before this last election."

We do not intend to wage a bloody war, because we look carefully when it comes to the point of sacrificing our brothers. Only when we are attacked by government forces will we attempt to defend ourselves even then avoiding bloodshed as far as possible.

A TERRIBLE ACCIDENT.
 Child's Scalp Torn From Her Head.

Hamilton, Ont., Aug. 27.—(Special)—Edna Meyers, the ten year old

daughter of Mr. Meyers, Richmond Corners, was playing in her father's barn when her hair was caught by the shaft of a windmill. Her entire scalp from the nape of the neck to the forehead and a large piece of skin on her cheek were torn off.

THE STOCK MARKET.

Nova Scotia Steel Showed Buoyancy in Today's Trading.

Montreal, Aug. 27.—(Special)—Nova Scotia Steel at this morning's stock market showed some buoyancy on dividend prospects, but otherwise the tone of the market was somewhat easier.

Nova Scotia opened at 70 and rose a full point in a short time. Montreal Power was only slightly changed at 96½ to 1 and Canadian Pacific at 170½ to 1.

Other features were Lake of the Woods Milling, 90. Twin City 115½. Toronto Railway, 117½. Detroit 95½.

CAPE BRETON CUT OUT.

No More Harvest Excursions From That Section.

Sydney, N. S., July 27.—(Special)—As a result of influence brought to bear on the C. P. R. by the Dominion Coal Company, there will not be any more harvest excursions this year from Cape Breton. On the first of some hundreds of men went from here to Glace Bay, and a second was advertised, but it has been cancelled. The coal companies find it very hard to get enough help to man their mines, and their output is being greatly lessened by the scarcity of laborers. Throughout the whole of Cape Breton there is a big demand for men, and good wages are being paid.

SUIT CASE MYSTERY.

Body of Infant Found in Montreal Suburb—Effort Had Been Made to Disembowel it.

Montreal, Aug. 27.—(Special)—A gruesome find was made in a quarry in Mile End, a suburb of Montreal today, when a baby boy's body was found in a suit case floating in the water.

From marks on the body it is thought that an attempt was made to disembowel the infant.

No indication of identity was discovered about the suit case.

The police are at work on the mystery.

ST. JOHN MAN'S DEATH.

St. John, Aug. 27.—(Special)—The death of Samuel R. Gardiner aged 65 years, took place at midnight at his home on the corner of Winslow and Watson streets, West End.

For thirty years deceased had been with J. C. Smith and Co., but owing to ill health was forced to resign. He leaves a widow, five sons including Herbert, an engineer with the C. P. R. and Ernest in Boston.

APPOINTED COLLECTOR.

Ottawa, Aug. 27.—(Special)—Williamson Fisher, has been appointed collector of customs at Woodstock, E. B., in place of Col. Dibblee, resigned.

DR. DUFFY RESIGNS.

Popular Rector of St. Mary's to Remove to Western Canada.

Rev. Dr. Duffy, the esteemed rector of the parish of St. Mary's, has tendered his resignation to go into effect on December 31st. He will remove to the Canadian northwest, where, it is understood, he has accepted a charge. Rev. Dr. Duffy came to St. Mary's from Chicago a little more than a year ago. He is a very energetic and able preacher, and has done excellent work in his parish. His many friends will learn with regret that he has decided to leave the community.

PAID FOR HIS FUN.

A man named David Hughes, residing in this city, was fined two dollars and costs at the police court this morning for fast driving on the highway bridge. The complaint was lodged by Caretaker Miles and the defendant pleaded guilty. In imposing the penalty Col. Marsh took occasion to utter a few words of warning to those who violate the law by trotting horses over the highway bridge. He intimated that a much more severe penalty would be imposed on the next person convicted of this offence.

A LONG AUTO DRIVE.

A party of New York people composed of Mrs. K. G. Franklin, Mr. Russell S. Foot, Mr. John E. Bowlin and a chauffeur, arrived here last night in an automobile having driven all the way from New York. They spent the night at the Queen Hotel and went to St. John this morning.

Dominique V. Breaux, a student at St. Joseph's College, Memramcook, was drowned there Saturday afternoon while bathing. He was 17 years old and was an orphan.

THE CITY SCHOOLS.

Two Hundred Permits Issued for New Pupils—Compulsory School Law.

The city schools reopened this morning, and the pupils and teachers have once more settled down to work after a well earned rest. The total attendance is between eleven and twelve hundred. Secretary Sampson has issued some two hundred permits for new pupils, about sixty of whom have entered the high school. Pupils applying for admission to any of the city schools must produce a doctor's certificate showing that they have been successfully vaccinated. Several pupils who neglected this formality and were unable to show vaccination marks were turned down by Secretary Sampson.

There are twenty-six vacancies in the primary department of the model school, and up to noon today the secretary only had sixteen applications for them. Hitherto the secretary has had a long waiting list for the model school but of late parents are coming to realize that this institution offers no special advantages over the other city schools.

Miss Ethel Smith is in charge of Miss Vandine's department of the York street school in place of Miss Vandine who has a year's leave of absence. Miss Thorne of the High School staff, Miss Lucas, teacher of manual training and Miss Richardson of the model school, are now en route home from the old country and will reach here the latter part of this week.

Miss Taylor of the Charlotte street school has applied for leave of absence, and it will probably be granted by the school board at their next meeting.

No action has yet been taken by the school board in regard to enforcing the compulsory education act, and it is likely that anything will be done before the beginning of next term.

MURDER CHARGE.

Attorney-General Will Have Collins Indicted For Killing Miss McAulay.

St. John, N. B., July 27.—(Special)—Thomas Francis Collins, no behind the bars of the central police station, will be indicted on a charge of murder.

Attorney General Pugsley had an interview today with Chief of Police Clark, with reference to the matter. The attorney general said he expected Sheriff Lynds from Albert county today, also Father McAulay, who would identify the prisoner. Dr. Pugsley added that he had wired Sheriff

Lynds instructing him to have the necessary information laid and a warrant issued for Collins' to be taken to Albert where the crime was committed, and where he will be arraigned for preliminary examination before the stipendiary magistrate.

Collins spent last night on a large portion of it, reading the newspapers. Detective Killen saw him this morning and says that the young man appeared all right and had little to say but complained of the food.

A BRUTAL ASSAULT.

Moncton Man Badly Beaten Because He Led in Campaign Against Houses of Ill Repute.

Moncton, Aug. 27.—A young man named Percy Myers, belonging to Sussex, is in jail here charged with assault on W. P. Jonah, a well known merchant of this city. The assault appears to be the outcome of a prearranged affair, and as a result the injured man is in a pretty bad shape, having received very severe injuries to his face and being kicked about the body.

Mr. Jonah has taken some part in having ill-famed houses stamped out, and it is believed the assault on him is a result of this, and was arranged by friends of the proprietors of these houses.

Mr. Jonah was standing in Riverside hotel when Myers, who is about six feet in height, walked in and without any preliminary remarks walked up to Jonah and felled him to the floor with a treacherous and unexpected blow. After knocking his victim down Myers jumped on him, kicking him brutally about the face and body, inflicting a number of cuts and bruises. Mr. Jonah in an unconscious condition was carried to his home, while Myers fled hastily, but was afterwards captured at a barn at the horse track. The affair has created great indignation.

GIBSON NEWS.

Aug. 27.—The Messrs. Harris Burlington, and Mrs. Harris and child are visiting their sister, Mrs. Lawrence Rideout.

This is the night of the gold medal contest at the Temperance Lodge under the auspices of Royal Council, R. T. of T.

Mr. John Cochrane has gone to Moncton on a business trip.

Mrs. Clayton of Marysville, spent Sunday with her daughter, Mrs. John Cochrane.

The many friends of Mr. and Mrs. John Cochrane will be sorry to hear of the illness of their little daughter.

Ms. Colin Day, a well known and popular young man of our village, expects to leave next Wednesday for Calgary to seek fame and fortune.

Women's Auxiliary. Rev. Mr. Cowie received a warm welcome from his old parishioners. Rev. Dr. Duffy is in St. John on important business.

ADVENTURE WITH WASPS. Pembroke Ontario Bank Accountant Laid up From a Stinging.

Pembroke, Aug. 27.—The customers of the Quebec Bank here have missed the genial countenance of Mr. Thomas W. Benson, the accountant, and on making inquiries for his health, were informed that he had met with a rather painful experience. At the close of business Wednesday he left for Fort William by the steamer Mahigama, and on his arrival there went out for a stroll in the pines with some lady friends. In the course of his walk he stepped on a wasp's nest and the pesky creatures swarmed up and stung him unmercifully. He had to break away from his friends and made a hurried dash to a secluded dell where he could remove his garments and slay his numerous assailants or permit them to escape.

Mrs. Nancy Legacy, who resides on the Tobique road, about four miles from Grand Falls, met with a fatal accident on Friday evening, Aug. 17. While carrying a lighted lamp, she fell down a step on entering her bedroom and the lamp fell and broke, the kerosene taking fire and igniting her clothing. She was terribly burned by the flames, which completely consumed her clothing. On Saturday she was conveyed to St. Basil Hospital, where she lingered until Wednesday, when death ended her sufferings.

As a result of a train wreck on the Main Central Railway on Saturday morning one man was killed and two others injured. The train which met with the accident was a local passenger train running from Waterville to Bangor. When near Pittfield it struck a loose rail and the engine jumped the track and overturned. A travelling engineer of the line who was on the locomotive at the time was crushed to death, and the regular engineer and the fireman were severely injured.

Brigadier and Mrs. Turner of East Ontario, with headquarters at Montreal, have been appointed successors to Lieut. Colonel and Mrs. Sharp of the Salvation Army in this province. Brigadier Turner had charge of sixty corps in Upper Canada and is noted in army circles throughout the Dominion as a great revivalist. He and his wife will probably arrive in St. John on Thursday.
