"MONEY TO BURN."

"We have money to burn" was the proud boast of the supreme chief ranger of the Foresters in the investigation before the Insurance commission at Toronto the other day, when the cross examining lawyer suggested that a sudden call on the funds might embarrass the order.

Money to burn? It looks like it does it not, when subsequent evidence showed that a syndicate composed of the high chief, another of the high brethren named McGillivray and two Tory politicians, Hon. Geo. E. Foster and Hon. Dr. Montague secured a loan of over \$165,000 to speculate in western lands, and have an overdue interest account of \$22,000? Money to burn? But it seems the flames were not sought for the purpose, but the cold cash was handed over to the syndicate which up to January last had failed to pay interest.

The Union Trust Company of which Mr. Foster is the head can perhaps give more information on the subject than even the supreme chief of the Foresters, who evidently has not bothered himself about the trifling details.

Mr. Foster has been subpoenaed to give evidence before the commission, but protested through his lawyer against being compelled to produce certain papers and cheques.

The commission, however, ruled that the goods must be produced, and when Mr. Foster gives his testimony perhaps the Foresters will hear more about the syndicate's land transactions.

CURRENT COMMENT.

Can the oldest inhabitant recall a week of finer weather than that which closed today.

We do not know whether Hon. Geo. E. Foster is a Forester or not, but if he is not, he should be.

A lonely man among the delegates to the King's Daughters' Convention. What a picnic he would have if he were inclined to be flirtatious and the Daughters were similarly affected.

The mayor's proposition for Fredericton to celebrate its 60th anniversary as an incorporated city in 1908 is an excellent one and it is hoped will be acted upon. Fredericton permitted the centennial of its foundation to pass unnoticed.

Hon. Dr. Montague who exploited the Foresters' order in Australia until he subscribed to an election fund there and was called home, and who forms one of the syndicate dealing in western lands with money borrowed from the Order and interest neglected to be paid, is the celebrated Tory politician who had such a chequered career in running elections in Haldimand, against the present Judge Wesley Colter, a former Keeweenaw agent, and was minister of agriculture in the late Tory government.

Hon. Geo. E. Foster says the reason he did not go to Nova Scotia to help Borden out at the picnic was because he was a witness in a law suit elsewhere. Indeed, Mr. Borden told the Truro picnicers that Mr. Foster was ill, said he had a letter from him to that effect. The truth is gradually coming out. Mr. Foster's law-suit seems to have been at Toronto, where he appeared in good health the second day after the Truro picnic, and it was apparently the racket which the insurance commission is kicking up with some insurance matters.

GROWING IN POPULARITY.

The Family Herald and Weekly Star continued to grow in public favor year after year. If it keeps on at the present rate it will soon be in every home in the Dominion. It deserves it, too, for it certainly is a great family and farmer's paper without an equal on the continent. The Family Herald's new premium picture for this season is entitled "A Tug of War" and is one of those pictures one sees in an art store with a ticket "price two dollars." To get the Family Herald and Weekly Star and such a beautiful picture all for one dollar is certainly big value.

KING'S DAUGHTERS.

Maritime Branches of the Order to be United—Interesting Public Meeting.

Friday afternoon's session opened with devotional exercises conducted by D. C. Stephens, of St. John. A satisfactory report from the St. John city union was presented by Mrs. H. E. Ellis, and adopted.

The next hour was taken up with a symposium of circle work, led by Miss Brown. Brief but encouraging reports were received from the several circles represented at the convention.

The report of the union committee was presented by Miss Thorne, and recommended that the three maritime branches be united. The report brought on quite an animated discussion which resulted in the report being stood over until today for further consideration.

Nova Scotia and P. E. Island delegates displayed some objections at first, but before the discussion closed they showed a disposition to yield.

Rev. Willard McDonald led the convention in prayer and Rev. J. H. McDonald conducted Bible reading.

At the King's Daughters' Convention this morning the proceedings opened with devotional exercises led by Mrs. Lord of Charlottetown.

The minutes of the last meeting were read and approved.

The discussion on maritime union was resumed and continued for some time. A large majority of the delegates favored uniting the three maritime province branches of the order, and a resolution to that effect was finally adopted.

The election of officers for the ensuing year resulted in Miss Helen Barker of St. John being appointed maritime secretary and Miss Louise Purvis of St. John, maritime recording secretary.

The tellers were Misses Barbour, McGowan and Wilson.

The other officials, who include three district secretaries and nine members of the executive, will be chosen at tonight's meeting.

This afternoon the delegates are enjoying a drive about the city in carriages kindly placed at their disposal by citizens. They will visit all the points of interest and at 5.30 o'clock will return to the Church Hall for tea.

The convention will close at five o'clock tomorrow afternoon with a service conducted by Miss Brown of St. John.

Cleaned with gasoline a short time before Mrs. Hunter, the wife of Mr. William Hunter, 718 Spadina Avenue, was badly burned about nine o'clock last night. There was a slight explosion, and Mrs. Hunter's dress took fire. Her screams were heard by her husband, who rushed to the room and succeeded in extinguishing the flames, but not before his wife and himself were seriously injured. Mrs. Hunter was burned about the arms, face and body and is suffering severely from the shock. Mr. Hunter's hands are burned. Both were taken to Grace Hospital. So badly was Mrs. Hunter burned that she became hysterical with the intense pain before being taken to the hospital, and pleaded with Dr. C. H. Hood not to let her live. Mrs. Hunter is about fifty years of age. The flames caught the wall of the house, but the firemen's chemical quickly extinguished them.

There is more catarrh in this section of the country than all other diseases put together, and until the past few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by instantly failing to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

THE PUBLIC MEETING.

A very successful public meeting under the auspices of the order of King's Daughters was held in the church hall last evening. Rev. J. DeWolfe Cowie occupied the chair and the audience was a large and representative one.

Among those who occupied the seats on the platform were: Miss Brown, the Dominion Secretary, Miss Barker, the provincial secretary, Mrs. P. P. Thompson, Miss Ella Thorne, Mr. D. C. Stephens and others.

The meeting opened with the singing of a hymn followed by prayer by Rev. Mr. Cowie. Mrs. A. P. Crockett of St. John was next introduced and treated the gathering to a vocal solo, rendered in her usual exquisite manner.

Rev. Mr. Cowie then delivered an address which was listened to with much interest. He cordially welcomed the delegates to Fredericton and congratulated the order on the excellent work it was doing. He urged the members to continue their efforts, and prove themselves true daughters of the King of Kings.

Miss Brown, the Dominion Secretary, was next introduced and treated the audience to a clear, concise and practical account of the work being accomplished by the order of King's Daughters throughout the world. She gave a very entertaining account of what the order was doing in the cities of Ontario, and told about the rescue that had been established for working girls.

She also gave a brief account of the recent meeting of the central council of the order. She thought that there was plenty of work for the order to do in Canada, particularly in the new provinces of the west, and she hoped God would give the members strength to perform their duties. Miss Brown was confident that the order had a great and noble future before it, and she urged the different circles to prepare for it.

Miss Brown is a very pleasing and fluent speaker and was listened to with much interest.

Hanlon's orchestra treated the gathering to a choice selection, after which Mr. D. C. Stephens of St. Andrew's church, St. John, spoke on the relation of the order to the church.

The proceedings were brought to a close with the singing of a hymn, and the benediction by Rev. Mr. Cowie.

HAS GONE WEST.

Rev. Dr. Duffy, who lately resigned the position of rector of the Church of England at St. Mary's, left by the C. P. R. yesterday afternoon for the west, where he will locate.

The reverend gentleman, who has been stationed at St. Mary's for the past couple of years, was an energetic worker and considered an able and eloquent preacher.

Mrs. Duffy, who went west with the doctor, made many friends during her residence at St. Mary's, and was greatly respected by all classes in the community.

The Herald joins the friends of Dr. Duffy and his estimable wife in wishing them every success in their new home, which is understood to be at Alberta.
