## THE FORESTERS.

High Court of New Brunswick in Session at  
St. Andrews--An Address from the  
Supreme Chief.

St. Andrews, July 5.—The High Court, Independent Order of Foresters, of New Brunswick, convened here at three o'clock yesterday afternoon, with D. G. Lingley, St. John high chief ranger, in the chair, and with a good attendance of members of the high court.

Mr. Lingley, in an address cordially welcomed the members of this twenty-third annual session and urged all to take a part in the deliberations. He referred to the warmth of the welcome by the people of St. Andrews, and to the fact that the supreme councillor, Hon. E. G. Stevenson, was to attend the meeting, and trusted that his impressions would be most pleasant.

In reviewing the work of the year, the high chief ranger referred to the good work done by High Secretary Emerson, and also to the work of Messrs. Sherwood and Todd, and said the plan of paying cash bonuses for new members had produced good results. He advised its continuance. During the year the high chief ranger made 42 visits, installed the officers of twelve courts, and spoke at six public meetings, besides answering considerable correspondence.

Special mention was made to the Foresters' Day Parade at St. Andrews, and to a Foresters' picnic at Welsford. He advised a booth at the coming St. John exhibition.

After referring to the recent life insurance investigations and the good that will likely result therefrom, Mr. Lingley said:

"The order at large has enjoyed a large share of prosperity, the total gain in membership being 7,810, and the surplus, with a gain of \$1,160,000, is now over \$10,000,000."

Mr. Lingley regretted that recent Ottawa legislation had compelled Hon. Judge Wedderburn to resign his position as P. S. C. R., so New Brunswick is now for the first time without a representative on the supreme executive. He referred to the matter of attendance at subordinate courts as one of the greatest questions of the order today, and said the Forester who can provide a remedy will win the hearty thanks of all the chief rangers.

**TREASURER'S REPORT.**

The statement of E. P. Eastman, high treasurer, showed receipts from the high secretary of \$9,094.30, also a donation of \$10 from Court Hampton towards taking three infants to the Foresters' Orphans' Home at Deseronto, Ont. This with a balance of \$1,258.67 made the year's receipts \$5,363.47. The expenses of the year were \$3,865.67, leaving a balance on May 31 of \$1,497.80. A detailed statement of expenditures showed that \$444.69 went to the supreme court for supplies, \$50 for a grand cross of merit and \$200 to the Orphans' Home. The expenses of the High Court meeting at Fredericton were \$1,004.75; printing took \$153.10, travelling expenses \$328.84, salaries \$750, new members \$140.98 and various incidentals \$279.85.

**SUPREME CHIEF PRESENT.**

Supreme Chief Ranger Oronhyatekha visited the high court in the afternoon and instructed the candidates in the unwritten work of the order. He also addressed the court briefly.

He said the order was still doing business at the old stand, and doing it successfully. In the first six months of this year, notwithstanding the disquietness in insurance, 24,000 medical papers had been received. The surplus had now reached the ten million mark.

He referred to the establishment of the orphans' home, and said the work it was doing; it had benefited and strengthened the order. There are now eighteen children in the home. Reference was made to certain amendments passed by the supreme court which had given offense.

High Chief Ranger Lingley read his annual report, showing the order in a prosperous condition. Letters of regret were read from Judge Wedderburn, H. C. Creed and others.

An invitation was read from Lady Van Horne to visit Ministers' Island and inspect the grounds and barn.

Judge Cockburn read the report of the delegates to the supreme court at Atlantic City.

Last night a grand public meeting was held in Andrae's hall. Dr. Oronhyatekha and others spoke. There was also a chorus by sixty young ladies under the direction of Rev. W. A. Stoddard.

**SECRETARY'S REPORT.**

The high secretary, F. W. Emerson, in his report said:

"The increase in our membership the past year has not been as great as in former years, partly owing to the fact that almost every place in this province has its one or more courts of this order, and that in consequence we have not been able to increase our membership by means of new courts being organized. Only two courts, Companion Court, 11-fahsha at Lord's Cove, Deer Island, and Court Mount View at Baltimore, Albert county, have been organized the former by A. P. Sherwood and the latter by P. W. F. Brewster."

The liabilities of High Court May 31st, 1906, were:

Cash on hand—

## BILL REPORTED.

Government Measure Relating to  
Marking of Gold and Silverware  
Favorably Considered in  
Committee.

Ottawa, July 5.—(Special).—The banking and commerce committee met today to pass upon the government bill providing for the marking of gold and silverware, and reported it without any amendments.

W. K. McNaught, M. P. P., of Toronto, president of the American Watch Case Company, spoke in support of the bill, which, he said, would prevent the misrepresentation which now existed in respect to goods made for the gold and silver trade. Wholesale and retail men, as well as the manufacturers, were in support of the bill.

Watch cases were now stamped as being of a higher quality than they actually were.

Ald. Sam Rosenthal of Ottawa, supported the bill, but Hal. Sanders of Toronto, asked that the bill be deferred for further inquiries.

## QUESTIONS OF TRADE.

Quebec and Ontario Delegations  
Headed by Premier and Other  
Members of Government--Their  
Request.

Ottawa, July 5.—(Special).—About two hundred members of the retail merchants' association of Ontario and Quebec waited on Premier Laurier and Hon. Messrs. Aylesworth and Patterson today and asked that leave be given to them in the criminal code to meet the combine together to discuss trade matters in the same way as labor men do.

The delegation asked that the word "unlawfully" be placed in section 52 of the Code before "conspire" and "unduly" before restrain so that it would only apply to those who unlawfully conspired to unduly restrain trade.

Premier Laurier said he would consider the matter.

## THE STOCK MARKET.

Montreal, July 5.—(Special).—With an irregular tone, trading in the stock market today had a broader range but was rather lighter.

Dominion Iron showed an easier tendency at 25½ to 25.

Other features of trading were:

Twin City, 110.  
Mackay, 71½.  
Mackay, 72½.  
Canadian Pacific, 159.  
Montreal Power, 96½.  
Detroit United, 92½.  
Toronto Railway, 115½.  
Ohio Traction, 90.

## COTTON WORKERS STRIKE.

Montreal, July 5.—(Special).—Four hundred cotton workers, on strike at the Magog Mill of the Textile Dominion Company, demand 20 per cent. raise in their wages and recognition of the unions.

## BELGIANS WON.

Henly, on Thames, July 5.—(Special).—The Belgian eight defeated the Trinity Hall in the final heat by three lengths. Thus the grand challenge cup leaves England for the first time.

## ONLY ONE SAVED.

St. John, July 5.—(Special).—Schr. Effie G. Es is lost on the Maine Coast, and Captain Green of Saint John was the only man saved.

## DAIRY TRUST.

American Capitalists Forming a Powerful Association to Control Products of the Cow.

New York, July 5.—Backed up by unlimited capital and supported by many of the most prominent financiers of the country, another trust has been planted in American soil, known as the American Farm Products Co., and established for the purpose of taking absolute control of all dairy products, chickens and eggs.

Differing from some other great combinations of the kind, it is asserted by those who control the American Farm Products Co., that it is bringing about an increased but uniform price to the consumer, giving him a superior and purer grade of dairy products, and greatly improving present methods of distribution. The commission merchant's profit will be eliminated and the great corporation will take the responsibility of delivering butter and milk from the hands of the farmer to the hands of the consumer.

Behind the great enterprise are a score of the wealthiest men in America, who already have put in about \$20,000,000 and are prepared to "chip in" additional millions as they are required.

## MR. TIFFIN HERE.

General Traffic Manager of the I.C.R.  
in the City.

Mr. E. Tiffin, Gen. Traffic Manager of the I. C. R., and one of the best known railway men in Canada, is among the visitors to the city today. Mr. Tiffin states that the people's railway has just completed one of the most prosperous years in its history. He thinks the volume of the year's business will be very close to \$7,500,000, and that there will be a small balance on the right side of the ledger.

Mr. Tiffin says that in about a fortnight the railway will issue what are known as market tickets on the Fredericton branch. The rate of fare will be about half that of an ordinary first class return ticket. The tickets will be issued on points on the line to Fredericton on Tuesday's Thursdays and Saturdays, good for return on the following day. The object of the movement is to stimulate local traffic.

## A DOCTOR HONORED.

Montreal, July 5.—(Special).—Dr. T. A. Starkey, head of the hygienic department of McGill University, has been appointed fellow of the Royal Sanitary Institute.

This is the first time that the honor has been conferred on any scientist of this continent.

Sergt. David Little, of the R. C. R. Halifax, is on a visit to the city.

## MURDER AND SUICIDE.

Ontario Man Killed His Wife and  
Took His Own Life.

Lindsay, Ont., July 5.—Yesterday morning a horrible tragedy occurred a few miles from the village of Kirkfield. A well known farmer, Duncan McArthur, aged about 35 years, and his wife, some years younger, were found outside their home, the indications being that McArthur had first killed the woman and then committed suicide.

McArthur and his wife attended a picnic at Glenarm Tuesday, and appeared to enjoy themselves. They drove home in the evening and on the way they hired a man named Bell to work for them. Next morning Bell walked to the farm to begin his duties. As he approached the house by way of the garden he encountered the body of McArthur with the whole top of his head blown off. An old shotgun, owned by McArthur, lay at his side and close by was a stick that had probably been used to explode the cartridge.

Thinking the deed had been done unknown to the wife Bell hurried to the kitchen and just outside the kitchen and just outside McArthur dead and the whole left side of her face and head torn away with a shot wound. Bell then turned and ran back to the village and gave the alarm.

A note in Mr. McArthur's handwriting was found in which he stated among other things, that he had stabbed his wife at 7.40 a. m., and intended shooting himself at 8.15. Dr. Wood, of Lindsay, coroner, is holding an investigation.

## PROROGATION NEAR.

Parliament Will Likely Get Through Its Business Middle of Next Week.

Ottawa, July 5.—(Special).—Prorogation will not be reached until Wednesday of next week. At least, it looks like that today.

When the House met this morning, Sir Wilfrid Laurier moved that the report of the committee to amend the rules of the House be taken into consideration on Monday.

Mr. Borden asked if the committee to which matters of the Dominion electoral laws and the independence of

parliament act would report this session.

Mr. Aylesworth said that the committee was summoned three times recently, and there was no quorum.

At the first meeting two members attended, at the second, one, and at the third one. There were so many committees and meetings that it was impossible to attend them all, and therefore he did not see much chance for a report this session.

## INFANT PRODIGY.

Montreal, July 5.—(Special).—An infant prodigy was born in Montreal yesterday.

It weighs only 25 ounces and is still alive, though born prematurely after six months gestation.

The baby is now in an incubator in Dominion Park.

In honor of the fourth of July, the baby was named Martha Washington.
