GREAT FIRST BASEMAN.

Just at this time when first baseman Chase of the New York Americans is so much in the public eye the following brief sketch from Sporting Life will be of interest:

Harold W. Chase, first baseman of the New York American League club hails from Los Gatos, Cal., where he was born in 1884. From there his family moved to Alviso, and later to San Jose, where he now makes his winter home. He started his baseball career at Alviso. He next joined the team of Mayer Brothers, and then played two seasons with the Santa Clara College, of which institution he was a student. During his collegiate days he pitched in several games and gave promise of being a good twirler. In 1903 he went to Victoria, B. C., with Elmer Emerson, and was then signed by Manager Morley of Los Angeles to play on his 1904 team. Practically unknown at the start, his playing soon became the talk of the state and at the end of the season he was drafted by the New York Americans. In the training camp in the southland his gentlemanly manners and the utter absence of any signs of swelled head and his willingness to take the advice and profit by the teachings of older players soon made him a prime favorite with his team-mates. His success during the past year was the one big feature of the luckless New York American League campaign. This year his work has been even more brilliant, he being now rated as the bright particular star of the New York team.

PROVIDENCE IS AMBITIOUS.

New York, August 4.—The city of Providence is anxious to take Detroit's place in the American League should the Detroit Club sell its franchise. It is known that many wealthy men of Providence who are interested in the baseball world would not hesitate to put up the necessary capital to give their city a first class baseball team.

The Boston American League management will use its good offices to land the franchise to Providence. The proximity of the two cities, it is claimed, would naturally create a rivalry that would mean shekels for both clubs. Although the Providence club of the Eastern league has been playing an inferior article of ball this year, it has received good support in point of patronage and it is claimed that with teams like New York, Cleveland and Philadelphia for its attractions, Providence in the American League would be a great money maker.

AFTER NEWARK PLAYERS.

Newark, August 2.—Glittering offers have been made to three of Newark team's leading players to join the ranks of the outlaw Tri-State League, and the men are considering the proposition. The players wanted are "Pop" Foster, the Sailors' leading batsman and the heaviest slugger in the Eastern League; Shortstop Frank Gatins and Outfielder Clyde Gingle.

The men were approached yesterday by Frederick J. Crolius, manager of the Lancaster Club, who has guaranteed to pay them \$500 a month and give them a two years' contract if they will jump. This is about twice as much as they are getting in Newark. Crolius was in this city on Wednesday and yesterday, and is anxious to sign the men at once. The players say they are going to put the matter up to the Newark management with the idea of having the club meet Crolius's offer.

It also has been asserted by Edward Moriarity, one of the Newark pitchers that he has received similar inducements from both the Lancaster and Johnstown clubs.

BOATING.

TOWNS TO ROW DURMAN.

London, Aug. 4.—A despatch from Sydney says that Towns has consented to meet Eddie Durman, the Toronto oarsman, and that the match will take place on the Parramatta Rivers some time in April.

YACHTING.

Sir Thomas Lipton is credited with saying that he is considering the question of sending another yacht after America's Cup. He wishes very much that American yachtsmen would make concessions to him, so that he might build two yachts to sail one against the other, and send the better across the Atlantic.

FOOTBALL.

CORINTHIANS ON WAY.

London, Aug. 4.—The Corinthian Club Football Team, which is to play matches in Canada and the United States, left London yesterday afternoon for Quebec. With one or two exceptions, the team is composed of Cambridge or Oxford players. Five of the members, Captain Wreford-Brown, H. Morgan Owens, S. H. Day, D. G. Wright and D. O. Corbett, belong to the international team.

Before leaving Euston Square Station, Capt. Wreford-Brown said: "We popularize Association football in America, as a result of the recent controversy upon the merits of the American game. We are strong at every department of the game, so it will take a really good team to beat us. I regard the tour as an educational mission for the benefit of the American public, and I believe the American football authorities have invited us with the object of studying and, perhaps, eventually adopting our game."

GOLF.

NEW GOLF RECORDS.

Toronto, Aug. 2.—The thirty-six hole foursome played at Lambton between Geo. Lyon and Barrett against M. C. Cameron and Cummings was captured by the Lambton pair. They won the first round of 18 holes by 4 up and 2 to play and incidentally Mr. Lyon made a new amateur record, going over the course in 72. In the second round the Lambton pair were again victorious, winning by 2 up and 1 to play. In this round Barrett, the professional, went over the course in 71, which is a new professional record.

The following are the best scores made in the match:

Lyon
Out 435445333-24
In 543446534-38-72

Barrett.
Out 435444333-33
In 444545633-38-71

Cummings.
Out 444444344-35
In 653555535-41-76

Barrett made 78 and 71, getting a total of 149.

Lyon made 72 and 78, getting a total of 150.

Cummings made 76, and 76, getting a total of 152.

SMITH WON HONOR PRIZE.

New York, August 4.—Alex Smith of Nassau, L. I., won the honor prize in the open professional golf tournament at Van Cortlandt Park. Fifty-seven the best professional golfers in the United States took part in the tournament, and Smith won cleverly with a total of 301 for the 72 holes.

THE RING.

BATTLING NELSON AND GANS GAINS MATCHED.

New York, August 4.—The following telegram from Battling Nelson tells of his having been matched to fight Joe Gans at Goldfield, Nevada for a purse of \$30,000. Salt Lake City, August 4.—They finally came in with the money. Tex Rickard, of Goldfield, Nevada, offered \$30,000 for our fight. The money is in the Goldfield bank. The fight is to be on Labor Day in the open air. I only insist on 131 lbs. at the ring-side, and the fight to be to a finish, so that either Gans or I will be the real undisputed lightweight champion of the world. No limited round fight with Gans for me, as Gans is the one man in the world that I want to beat, and I think in a finish fight I am a sure winner. One thing is certain, I will either win or die in the attempt. If we have to fight all day to do it, I have long put Gans off, as he was a self-confessed fakir, but the public craved a real championship fight, and when they came through with real money I have never refused to fight anything that looks like a fighter. If the "muzzum" is in sight. (Signed) Battling Nelson, the Hegewisch champion.

THE TURF.

SADDLE AND SULKY.

The Canadian stallion McAdam, jun., by McAdam, has now a record of 2.12.

Mr. W. Bessey of Hamilton, who owned Miss Peeler, has sold her to a Mr. Sullivan for \$1,200.

Darkey Hal is not by Star Hal, 2.04, but by another son of Brown Hal, 2.12, who has the same name. Miss Peeler, the Hamilton mare, won the 2.23 pace at Titusville, Pa. At the same meeting Owen Gallagher was fourth in the 2.27 pace, and Gertie Hunter was sixth in the 2.18 pace.

Two new 2.10 trotters were uncovered at Windsor, namely, Lady Gail Hamilton and Lake Queen, both of whom lowered their records to 2.08. Four new 2.10 pacers also showed up at the same meeting—Ardella 2.05, Alfalfa 2.06, the Canadian Darkey Hal 2.07, and Custer 2.09.

Canadian horses were prominent at the Albany meeting, where Angus Pointer won the free-for-all pace in 2.06, 2.05, and 2.06. Mary Scott, 2.14 was third in the 2.14 trot. Wentworth 2.04, gave Sweet Marie a good argument in their special race, best time 2.07, but Hal Pat-

ron was out of it in the 2.15 pace. The Albany track is considered to be at least a second slow.

The Horse Review has a fine photographic picture of the former queen of the trotting turf, Nancy Hanks, 2.04, and the reigning queen, Lou Dillon, 1.58, which are both at Litchfield, Ohio, where they are both being bred to John A. McKerron, 2.04. The former is decidedly matronly looking, and has become somewhat slack in the back, while the latter has lost the light and somewhat waspy appearance which she had when in training.

The famous pacer Dan R., 2.01, who fell dead at Pittsburgh last week while being led to the stable after a workout in 2.11 had a remarkable career. He was six years engaged in racing, and took part in 55 races in which he was first 18 times, second 13, third 7, fourth 4, and was distanced 5 times. He won \$21,512.50, and had 52 winning heats. His last race was at Cincinnati last year, where he won the second and third heats of a two-in-three race in 2.04, and 2.06 from Nervolo, Nathan Strauss, Baron Grattan, Frank Yaakum, Belle Mas, and Major C., a brilliant close to a somewhat erratic career.

IMPERIAL DEFENCE.

Right of Colonies to Consultation—Major Seeley Urges Representatives From Colonies as Well as from Great Political Parties.

London, Aug. 6.—Discussing the appropriation bill in the House of Commons, Major Seeley urged that the imperial defence committee would not be placed on a proper footing unless it included not only representatives from the colonies and India, but representatives from the great political parties of this country. England was the only country where great matters of imperial strategy and defence were the sport of political parties, which made the co-operation of the colonies in the work of imperial defence well nigh impossible. Though the party system might be a good thing in this country, the party caucus was a hopeless thing for the government of the empire. Sir Gilbert Parker supported the idea.

In opposing the suggestion, Mr. Balfour thought that the colonies would have a national place on the defence committee, but conceived that as the committee was at present constituted that place was open to the Canadian minister, who had given the committee valuable information on certain aspects of the military problem in Canada. The Australian Commonwealth, though at never sent a minister, had consulted the committee and received valuable information. The interest of the great self governing colonies were assured that we were maintaining an adequate navy they would know that they were protected from all over sea dangers. He was positive, however, that the committee, if remodelled, would never induce the colonies to give us complete control of the forces for which the colonies paid. Any colony would now send representatives in case of emergency.

The premier said that experience was the most satisfactory test. The present committee acted as expert adviser to the government, and the colonies would only be consulted when

they desired to be consulted. It was no part of the duty of the committee to pronounce upon the general policy of the government, naval or military.

The Author—In this scene some one comes in suddenly and tells you that your husband has run off with another woman and you swoon.

The Actress—O, that will be nice.

The Author—What the leading man comes in and brings you to.

The Actress—What—brings me two husbands?

Of course, if men want to drink they can always find some excuse for drinking.

I once saw a New York man who drank entirely too much. His doctor, in order to moderate his tipping a little, ordered him to take more light beer and less strong wine to every quart of beer not more than a pint of wine at the outside.

The patient said to me one evening a week afterwards as he rang for a bottle of champagne.

What a bore! I've drunk eight glasses of beer today and now I have to get away with four bottles of wine.

ARE YOU OFTEN BILIOUS?

Read This and Learn How to Prevent Attacks.

Biliousness is merely a term applied to a condition that exists when the body is over loaded with a bile. The complexion turns yellow, eyes look dull, pimples, itching and eczema break out, headaches are ever present.

Biliousness has two great causes, constipation and defective liver action.

When Dr. Hamilton's Pills are taken they not only correct the bowels but act directly on the liver, regulating its bile secretion.

Unlike ordinary medicines, which purge and give temporary relief, Dr. Hamilton's Pills remove the condition which causes biliousness; thus permanent cures are effected.

Dr. Hamilton's Pills do cure biliousness and liver ills under all circumstances.

We prove this by the statement of Mr. Fenwick Luddington, of New Harbor, N. S., who writes:

"Three months ago I had no expectation of ever getting free from periodical bilious attacks. They were preceded by dizziness and dreadful headaches. If I stooped over my head would swim and a nausea feeling crept into my stomach."

"Dr. Hamilton's Pills fixed up my liver, drove all the bile out of my blood and made me a well man in a few months. Today I enjoy a good appetite, excellent digestion, and the best of health. Dr. Hamilton's Pills did it all."
