CHURCH TO RISE ON SITE OF JAIL.

Catholic Cathedral to Brooklyn, to Replace Crow Hill Penitentiary.

On the site of the Kings County Penitentiary, Crow Hill, Brooklyn, N. Y., which was sold by auction on Tuesday, a magnificent Roman Catholic cathedral, drawn on the lines of the Notre Dame de Rouen, in France, is to be erected. The report that the real purchaser of the property was the Right Rev. Charles E. McDonnell, bishop of the Brooklyn Roman Catholic diocese, was confirmed yesterday. The price paid for the site was \$251,175.

To have a great cathedral in that city has been the great ambition of the Roman Catholic Church in the Brooklyn diocese for the past half century. Nearly forty years ago the erection of such a cathedral was begun at the corner of Clement and Lafayette Avenues, and was stooped by Bishop Loughlin shortly after the foundation was laid. This course was taken because the site was then considered too far down town. The property, however, which is very popular, was retained, and there is talk now of it being sold to the Jesuits.

There is widespread satisfaction over the plans of Bishop McDonnell to erect a great cathedral as nearly like the Notre Dame de Rouen as money can make it. Nowhere throughout France is there a cathedral of greater architectural beauty than the Notre Dame de Rouen.

To duplicate it will cost about \$5,000,000, it is estimated, and perhaps more. It is questionable even whether it can be duplicated at all because of the vast amount of detail in its architectural construction. However, those who are backing Bishop McDonnell in the project are going to have a cathedral as close to the celebrated one of Rouen as it can possibly be built.

The Notre Dame de Rouen was partly built in the year 1204 and was finished in the sixteenth century. In 1822 a fire destroyed its central tower, which rose to a height of 455 ft. The cathedral consists of numerous arcades, and Gothic pinnacles and turrets, and is built in such a way as to represent a Latin cross, with aisles surrounding it and leading to the three great chapels.

ONLY RICHEST OF RICH

Will be Able to Wear Diamond Necklace.

It is no exaggeration to say that in 25 years there will be as much locked up in capital in a diamond necklace as there is in the average industrial concern today, and these stones will be at such a fabulous price as to be beyond the reach of any but the richest of the rich, says the London Daily Mail.

During the past two years the price of diamonds has jumped up 25 per cent.; during the past six months the price has risen 10 per cent.; and in another two years diamonds will be another 20 per cent. dearer.

Two years ago 2-grain (4 carat) stones could be purchased for £15 a carat. Now they are £22 10 s., while 4-carat stones have gone up from £21 a carat to £32 or £33.

Several of the largest firms with sufficient foresight and capital, have for the last two years been steadily buying as many diamonds as they could get to safeguard themselves against the rise.

"Our stock of diamonds is worth now between \$350,000 and \$400,000," said Mr. H. Smith of the Association of Diamond Merchants, Jewel-

lers and Silversmiths, Limited, to a Daily Mail representative, "and we are still buying."

But it is exceedingly difficult to buy diamonds at all. First of all, an introduction has to be got to the syndicate that controls the South African diamond market and when this difficult matter is arranged the buyer awaits his turn—generally he has to wait about six months.

On the appointed day he goes to the offices of the syndicate and is shown a parcel of diamonds. There is no bargaining, the buyer can either take the diamonds or leave them. One buyer asked for half an hour to consult his partner before taking a lot worth £100,000. When he came back they had been sold.

Men have been offered £1,000 for their "turn" and have refused it. The reason for the rise in the price of diamonds is that the mines are becoming less productive, although producing finer stones—whiter and more brilliant.

Emeralds have gone up 50 per cent and there has also been a big increase in the price of pearls and rubies.

WILL DEFY CZAR.

Russian Parliament Refusing to be Dissolved

A THOUSAND PRISONERS TAKEN LAST NIGHT AT ST. PETERSBURG.

St. Petersburg, July 23.—(Special Telegrams.)

The government's midnight coup d'etat is already having the effect of uniting all discordant elements of opposition, and it requires little perspicuity to see that the era of repression will drive liberals and revolutionaries alike to support the most desperate measures.

Already it is clear that resistance will be made.

According to the latest advices from Viborg, the members of parliament who fled to Finland intend to defy the sovereign. Virtually refusing to recognize the decree of dissolution a three hour session was held last night under the presidency of Mourmout, all the formalities of a regular session being observed.

Leaders of all the groups seem to be momentarily trying to sink their political differences and are animated solely by the determination to present solid front to the nation and government in the present crisis.

A general fear is expressed by Liberals that the military today will surround and capture the members of Viborg on the ground that they con-

stitute an illegal revolutionary assembly.

Although minor riots continued in the outskirts throughout the night, the city is superficially quiet this morning, but ominous forebodings of the coming storm are apparent on every hand.

A correspondent made a tour of the city early this morning and at every block he encountered reinforced patrols and met half dozen squads of gendarmes with drawn swords, escorting bands of prisoners to prison.

During the night over a thousand arrests of workmen, agitators and revolutionary suspects were made.

The railroads out of the city are under martial law and gendarmes search passengers and baggage on all trains for arms or political documents.

Not only the Tauride palace, but the gates of the park, leading to it, are closed and surrounded and the streets are alive with gendarmes and secret police. With the ordinary garrison there are now more than 6000 troops massed in the city.

KILLED 4, INJURED 7,

Great Northern Car Jumped the Rails and Dashed Down a Canyon with Fatal Results.

Nelson, B. C., July 22.—(Special Telegrams.)

The buffet car of the Great Northern train from Spokane to Nelson, was derailed on a high trestle at Beaver Creek near the boundary Saturday evening, and crashed down into a canyon killing four people and

injuring seven.

The dead are Judge Townsend of Roseland, M. D. McKinnon, purser of the G. N. R. steamer Kaslo, W. J. Smith and one unidentified miner of Spokane.

UPPER MAUGERVILLE.

July 23.—Messrs. Tom and Mat Cox, who have been in Cape Town, South Africa for some years, are now at their old home. Everybody is glad to see them back. They left one brother, Will, at Capetown, and say it is a good country to make money but would not care to spend their life there.

The farmers have started haying on a small scale last week but will hustle through this week. The hay crop will be smaller than last year.

Emery Ketch has finished his new barn and it is now ready for use. Miss Maggie Cox, who went to the Victoria Hospital a few days ago to be treated for cancer is doing as well as can be expected.

A certain young farmer of Lower Maugerville makes frequent visits to Sewell's Corner. We wonder why. Miss F. B. Bear, of Albert Co., N. B., is visiting Miss Mary B. Dykeman Hamilton's Pills and get cured? This excellent medicine restores normal bowel action in the night. Thousands say so. Your system will be pure and clean, you'll be free from headaches, no more sour stomachs in short you'll have jovial spirits and perfect good health.
