BURNED \$175 IN STAMPS.

New Jersey Postmaster's Lapse of Memory Responsible for Heavy Loss.

Elizabethtown, Ind., Oct. 31.—Forgetting that he had secreted \$175 worth of stamps in some waste paper Postmaster John W. Borer, on Saturday took the paper into the street and burned it. It did not come to his mind that he had burned the stamps until this forenoon, when he had a call for several dollars' worth. The burned stamps were principally "ones" and "twos." When he discovered what he had done the postmaster arranged that the ashes should be left undisturbed. He then notified Inspector Fletcher at Indianapolis, who is expected to come here to investigate.

It is believed that the ashes will be sufficient proof that the stamps were destroyed, so that the postmaster will not lose the amount.

BITS OF NEWS.

W. O. Robson, supreme secretary of the Royal Acaunum, died suddenly at Boston Sunday afternoon, aged 68 years.

It is said that a rolling mill to cost \$1,000,000 and to employ 250 hands, will shortly be started at Sydney, N. S.

Samuel Girvan, late teller of the Bank of New Brunswick in St. John, has been appointed cashier of the St. John street Railway Co.

The election petition against Mr. D. W. Bole, M. P., for Winnipeg, will be heard on November 11, and that against Mr. Joseph Cyr, M. P., for Provencher on November 13.

The Hamburg correspondent of the Tribune reports the foundering of the Russian steamer Jessica in the Gulf of Bothnia. The captain of the steamer and 30 men were drowned.

Six men killed is the record thus far in the present hunting season in Maine. Last week was the worst of the year, three deaths being reported, and scarcely a day passes without the report of one or more accidents due to careless handling of guns or mistaking human beings for animals. In the forty-eight hours of Saturday and Sunday three such accidents were reported.

Joseph Kenny of Bathurst, while working in the lumber woods in Maine, met with a very painful accident last Friday. Kenny was driving a team of horses when a tree fell across the right leg, breaking it below the knee. A doctor was not procured until Monday and in the interval the unfortunate man suffered intensely. Tuesday Kenny started for his home in Bathurst and arrived in St. John Tuesday night on the Boston train.

Virgil Buchanan, a young man who was arrested at St. John on a telegram from Liverpool, N. S., and was taken back to that town, is again in his old position as agent of the South Shore Steamship Co. The charge against him of embezzling the funds of the steamship company, was unfounded and his many friends will be pleased to learn that he has come successfully out of the difficulty. When he left home he was on his way to St. John to see Wm. Thompson & Co., the managers of the company.

James Cowan of Winnipeg, who has several large contracts on the Canadian Northern Railway construction, has just closed the largest tie and timber contract with a company ever awarded to one man in this country. The contract calls for the delivery of 1,000,000 ties, 3,000,000 feet of logs and 300,000 of piling to be delivered on the C. N. R. next spring. Cowan will take out ties and timber in the country around Mistake, in Saskatchewan, just beyond the northwestern corner of Manitoba.

ONLY A DREAM.

And the Dreamer who Said he had Big Fortune Awakens in Police Court.

Montreal, Oct. 31.—Carl Cremer is under detention at the police headquarters, but so far no charge has been laid against him. Cremer, who is a German, came out to Montreal about twelve years ago and secured employment with the C. P. R., afterwards working as a teamster and latterly as a shipping clerk for the Canadian Rubber Company. All his employers say that he was honest, and a hard worker.

A few weeks ago he announced his father was dead and that he was heir to a portion of his property, valued at \$400,000. On the strength of this announcement Cremer bought a \$16,000 residence on Pine Avenue, ordered \$5,000 worth of furniture, made to order from a leading firm of furniture dealers, \$1,000 worth of other furnishings from the leading department stores, several thousand dollars worth of jewelry and five horses, for which he agreed to pay \$1,500. The total of his purchases was in the neighborhood of \$35,000.

He also borrowed a little money, but not much. One of his creditors became suspicious and this led to his detention by the police. So far Cremer has failed to produce the slightest proof of the genuineness of the legacy. The police believe that the man is laboring under an hallucination. Cremer was to have been married yesterday morning, the arrangements having been completed.
