DROWNED AT REGINA.

**Blair A. Murphy, Former Monctonian and
Private Secretary to Mr. Tiffin of I.**

**C. R., Met Watery Grave in
Canadian West.**

Moncton, June 13.—(Special)—The
wires brought a sad message this
morning to Moncton friends, from the
Canadian West.

A telegram from James T. Ben-
nock, conveyed the shocking intelli-
gence that Blair A. Murphy of Mon-
cton, formerly a well known I. C. R.
clerk, was drowned at Regina last
night.

The despatch is dated June 12th,
and states that the fatality occurred
on the same day.

The despatch contains no particu-
lars as to how the sad affair occur-
red, but as Mr. Murphy is known to
have been a great lover of fishing, it
is thought he may have been having
a day's outing at his favorite past-
time when the accident occurred.

Murphy was well known in this
city. He was a clerk in the I. C. R.
offices for a number of years, and
during the last two or three years

of his connection with the Intercol-
onial, was private secretary to E.
Tiffin, the general traffic manager.

A short time before severing his
connection with the I. C. R., he was
secretary to Mr. Hardwell, freight
agent at Montreal.

About four years ago, he left the
service of the I. C. R. and went
West, where he has been ever since.
He was in the employ of a large
lumber company for two or three
years, but when last heard from by
friends here he intended going further
West.

The deceased was popular and much
liked. He was a son of the late Mr.
John Murphy, and is survived by
three sisters, Misses Ethel, Florence
and Blanche, of this city. He was a
nephew of William Brown, of the I.
C. R. engineer's office, about 25 years
of age, and news of his untimely
death was a great shock to his form-
er associates here.

RUSSIAN TRAGEDIES.

Populace, Police and Cosack in Sanguinary

Clash—Many Killed and Wounded—

**A Noble's Murder and
Suicide**

Riga, Russia, June 13.—(Special)—
Baron Kampshausen today murdered
the Baroness and was slightly wound-
ed by a servant.

The murderer committed suicide
when arrested.

Astrakhan, Russia, June 13.—
(Special)—A revolutionary meeting
in the public gardens today resulted
in an encounter between the crowd
and the police.

The crowd overwhelmed the police,
throwing stones and firing revolvers,
and were only dispersed by Cossacks
after hard resistance.

Seventeen of the crowd were severely
wounded, and of the Cossacks
four were severely, and fifty slightly
injured.

Moscow, June 13.—(Special)—The
inmates of the prison today barri-
caded the building in an effort to
save political prisoners, who are
about to be sent to Siberia to under-
go nine years' banishment.

After a fight, the keepers carried
away obstructions and order was re-
stored.

Kutais, Trans-Caucasia, June 13.—
(Special)—M. Sharpskovsky, Marshal
of Nobility, was waylaid and murder-
ed by the revolutionists yesterday.

Odessa, June 13.—Generals Kaul-
bars of Odessa, Soukominoff of Kiev,
start tomorrow, accompanied by a
large staff on tours inspection of gar-
risons in southern and south-western
provinces where the disaffection of
numerous regiments is increasing
rapidly.

The seriousness of the agrarian

question is enormously enhanced by
this military discontent, which inde-
pendent testimony avers is purely po-
litical.

St. Petersburg, June 13.—A tem-
pest is brewing in the lower house of
parliament, and it will break when
Military Procurator Pavlov takes
hold as he is expected to do on
Thursday upon the reassembling of
the house to give the war minister
Rudigers an explanation of execu-
tions in the Baltic provinces.

It is claimed that evidence has been
secured that orders were issued to
stop the execution of eight men who
were put to death May 19th, for the
killing of a police lieutenant but that
the order was deliberately delayed by
Payloff, and the telegram arrived
too late, though the commander at
Riga delayed the execution to the
last possible moment.

The Socialist group intends to
make a stormy demonstration, and
even conservative members of the
constituent democrats party are
enraged at what it regards as new
proof of the government's duplicity
in another death sentence for attempt
to murder a Cossack which is reported
from Revel.

The constitutional democrats are also
irritated by the discovery of a secret
circular of the governor's ordering
that the closest watch be kept over
prominent members of the party, and
that every movement be reported to
St. Petersburg.

Interpellation with regard to the
surveillance will be introduced.

N. B. TELEPHONE CO.

The Past Year Has Been the Most
Prosperous in Its History.

Hon. A. G. Blair presided at the
annual meeting of the stockholders of
the New Brunswick Telephone Com-
pany held here last evening, and oth-
ers present included Senator Thomp-
son, W. T. Whitehead, M. P. P., Dr.
Bailey, Fredericton; J. L. Black,
Charles Fawcett, Sackville; Dr.
Stockton, M. P. P., J. D. Hazen, M. P.
P., St. John, and Dr. Pedolin of
Newcastle.

The report of the board of directors
showed that the past year was the
most successful in the history of the
company and was very gratifying to
the stockholders. It was stated
that a second line between Frederic-
ton and St. John, now in course of
construction, would be in operation
in less than a month. It was also
stated that work was being pushed
along on the new line between New-
castle and Bathurst and it would
soon be in working order. Business
was reported to be increasing all
along the line and the public are be-
ing given a most efficient service.

The usual half yearly dividend of
four per cent on the capital stock
was declared.

The company propose to expend the
sum of \$100,000 this season in mak-
ing extensions, to the lines and im-
proving the service.

The old board of directors compos-
ed of Hon. A. G. Blair, Senator
Thompson, J. L. Black, Charles Faw-
cett, W. T. Whitehead, Dr. Stockton,
and C. F. Sise was re-elected, and at
a subsequent meeting of the directors
Hon. Mr. Blair was elected president
J. L. Black, vice-president; Senator
Thompson, managing director and
treasurer, and W. E. Smith secre-
tary.

Sensor Thompson, when seen to-
day said that there was nothing in
the rumor that the New Brunswick
and Central Telephone Companies
were to be amalgamated. No propo-
sition of the kind was considered
at the annual meeting.

TO FISH SALMON.

**Earl Grey and Party Will Arrive at
Plaster Rock on Saturday.**

His Excellency, the governor gen-
eral who is coming to New Brunswick
to enjoy a few days' salmon fishing
on the Tobique, will arrive at Plas-
ter Rock at twelve o'clock noon on
Saturday. It is understood that he
will travel from Montreal in his pri-
vate car attached to the C. P. R. ex-
press, and will take a special at Mc-
Adam for Plaster Rock. His Excel-
lency will be accompanied by his
daughter, Lady Sybil Grey, also
Capt. Trotter, A. D. C., Mr. and
Mrs. Robert Reford and Miss Howard
of Montreal.

The party will drive from Plaster
Rock to the Tobique, and will likely
proceed from that point to the Seven
mile pool in canoes.

The Tobique Salmon club, an or-
ganization composed largely of
wealthy Americans, has extended to
the gubernatorial party the privileges
of their club. Mr. W. T. Whitehead,
M. P. P., of this city, has made all
arrangements for the expedition.

THE STOCK MARKET.

**Trading Slow Today With Little Al-
teration in Prices.**

Montreal, June 13.—(Special)—
Though stock trading fell off consid-
erably today, there was very little
noticeable alteration in prices, and
improvements were mostly of a small
fractional extent.

Domion iron bonds at 86 were a
strong feature, Pfd. selling at 79.

McKay Pfd., 75.

N. S. Steel, 86½.

Montreal Power, 96 to 95½.

Twin City, 114½.

Dominion Coal, 78½.

Toronto Railway, 119½.

STRIKE COLLAPSE.

**St. John Deal Pliers Going Back to
Work and Mills Resuming
Operations.**

St. John, June 13.—(Special)—It
is learned this afternoon that Hil-
yard's mill and Warner's mill will
resume work tomorrow morning, the
deal pliers going back at the old
rate.

It looks now like a collapse of the
strike, although Mayor Sears and W.
Frank Hatheway are to address a
mass meeting of the men tonight.

Quebec, June 13.—(Special)—Hon.
A. Turgeon, provincial minister of
lands and forests, has declined the
offer of the solicitor generalship of
Canada, made to him by Sir Wil-
frid Laurier.

It is thought by some of Mr. Tur-
geon's friends that he may re-con-
sider the matter, on condition of being
later appointed Canadian commis-
sioner to France.

OLD HOME WEEK.

**Fredericton Will be En Fete on July
2nd, 3rd and 4th.**

**EVERYTHING LOOKING BRIGHT FOR THE
BIG CELEBRATION.**

**Mayor McNally, P. Farrell and H. F. Mc-
Leod Will Welcome Visitors.**

**SUBSTANTIAL ADDITION MADE TO THE POLY-
MORPHIAN PRIZE LIST.**

If the plans formulated by the gen-
eral committee are carried out, July
2nd, 3rd, and 4th, will be gala days
in Fredericton. All that is wanted
is fine weather to make the firemen's
tournament and Old Home celebra-
tion the most successful and elabo-
rate affair of the kind the capital city
has ever seen.

The general committee held another
large and enthusiastic meeting last
evening and received encouraging re-
ports from the chairmen of the vari-
ous sub-committees. The mayor was
in the chair and among others
present were Ald. Hanlon, Ald. Hoop-
er, Inspector Stockford, Hugh Calder,
D. McCatherine, H. F. McLeod, T. S.
Wilkinson, C. A. Sampson, Patrick
Farrell, H. C. Mackey, C. K. Palmer,
George Y. Dibblee, J. D. Black and
Ald. Kelly.

Mr. Stockford for the polymorphan
committee stated that he thought
the chances for getting up a more at-
tractive procession would be improv-
ed if a few dollars were added to the
prize list.

In the absence of the chairman of
the advertising committee, Secretary
Hooper said that all the advertising
matter for the celebration was now
out. Posters had been put up in
every town of importance between
Sydney and Maine, and between Yar-
mouth and Campbellton. In all
about 2100 posters had been distrib-
uted in the territory named. He
said the celebration was well adver-
tised, and all that remained for the
committee to do was to carry out
the program.

The secretary went on to say that
the Oddfellows of St. Stephen were
to run an excursion to the city on
the second day, and were hopeful of
bringing one thousand people. He
thought it would be a good plan to
get out an official program of the
events and send it to enquirers.

On motion of Mr. Dibblee, Ald.
Hooper was appointed chairman of a
special committee to get up a pro-
gram. Chief Rutter and Mr. George
J. Barrett will be the other mem-
bers.

Mr. R. S. Barker for the committee
on water sports, reported that four
four-oared crews and three single
sculls were coming from St. John to
participate in the events. He was
looking around for a suitable building
in which to store the boats, and was
hopeful of getting the use of the drill
hall. The crews had asked for
transportation to the city, and Chair-
man Farrell, had agreed to inter-
view Manager Orchard of the Star
Line on the subject.

Mr. Barrett reported that arrange-
ments for the illuminated water parade
were proceeding satisfactorily. He
has been promised the use of two
motor boats and anticipated no dif-
ficulty in procuring scows.

Secretary Hooper said that the
transportation committee were cor-
responding with the I. C. R. authori-
ties for a special train from Chat-
ham and Newcastle on Monday morn-
ing to bring the firemen and their
friends from those towns to the city
in time for the parade. A guarantee
of \$255 had been asked by the officials
of the road.

Mr. D. McCatherine, said that
judging by the talk heard on the
north shore, a big crowd from that
region was coming to Fredericton.
He thought it should be arranged to
have a special train start from Log-
gieville in time to reach Fredericton
not later than ten o'clock. He be-
lieved a large contingent could be
brought at a \$2 rate.

Chief Rutter said the firemen of
Newcastle and Chatham were coming
and would need a special train to get
here in time to participate in the
firemen's parade.

On motion of Mr. Dibblee the trans-
portation committee were authorized
to arrange with the I. C. R. authori-
ties for a special train from Loggie-
ville on Monday morning.

Mr. McLeod for the music commit-
tee, reported that he had engaged the
Marysville band to play on the two
last days of the celebration. He
thought the 71st band could be

brought from Sussex if the committee
cared to go to the expense. He
thought that Col. Chipman might be
induced to grant the band leave of
absence for the day.

Mr. McCatherine said he understood
from the Chatham foremen that they
were to be accompanied by a band.

Ald. Hanlon said he had spoken to
the agent of the Star Line about the
prospect of procuring free transporta-
tion for a band from St. John on
Dominion day, but had been given to
understand that the boats had all
been chartered for excursions to
Fredericton by private parties.

Mr. Calder reported that the fin-
ance committee were getting along
well with their canvass for funds and
were hopeful of raising the full
amount required. They had a num-
ber of calls yet to make.

Mr. Stockford for the polymorphan
committee, said that it had been de-
cided to award prizes as follows:

Most original turnout—\$15 for 1st,
\$10 for 2nd, \$5 for 3rd.

Most comical turnout—\$15 for 1st;
\$10 for second; \$5 for 3rd.

For the best decorated float—\$20.

Ald. Stockford said a number of
fraternal societies were talking of
putting in floats, and as an induc-
ement to them he thought the prize in
that class should be increased from
\$20 to \$50.

Mr. T. S. Wilkinson said the Sons
of England were talking of getting
up a float but did not think a prize
of \$20 was sufficient inducement.

On motion of Mr. Calder \$30 was
added to the polymorphan prize
money being the total up to \$130. The
chairman of the committee was given
authority to replace members of his
committee who had declined to act.

Chief Rutter said that the firemen
could not serve on committees as
they were needed to look after the
visitors.

Mr. H. C. Mackey presented a
written report for the trades' pro-
cession committee. The prize money,
he said, would be in gold and would
be awarded as follows:

Best industrial representation—\$25
to 1st; \$10 to 3rd.

Most handsome representation \$25
to 1st; \$10 to 2nd.

The sum of \$30 would be expended
on barouches for the use of guests of
the corporation.

Mr. C. A. Sampson anticipated no
difficulty in arranging for a turnout
of school children on one of the
days of the celebration. He thought
it would be well for the committee to
know just when they would be
needed, so that the announcement
could be made before the schools closed.

On motion of Mr. Dibblee it was
decided that the school children's
parade should be held on Wednesday
at an hour to be fixed by the
chairman.

Secretary Hooper said it was pro-
posed to start the celebration with a
general ringing of church bells and
tooting of whistles.

Mr. Farrell thought that an ar-
rangement should be made to have
some fit and proper person deliver a
short address of welcome to the
visitors on the opening day. Who-
ever was selected for this duty
should have notice so he could be
prepared.

On motion of Mr. Dibblee it was
resolved that Mayor McNally be asked
to address the visitors.

Mayor McNally accepted the respon-
sibility and promised to do his best.
Mr. Dibblee moved that Mr. Farrell
also be asked to say a few words.
Mr. Barrett seconded the motion.

Mr. Farrell appreciated the compli-
ment, but did not consider himself
equal to the occasion. He closed by
nominating Mr. H. F. McLeod.
Mr. Sampson hoped that Mr. Far-
rell would consent to act as he was
well fitted to perform the duty. He
suggested that Mr. Farrell and Mr.
McLeod each be asked to make an
address.

A motion embodying Mr. Sampson's
suggestion was unanimously adopted
and the committee adjourned to meet
at the call of the chair.
