DAILY HERALD.

THURSDAY, AUGUST 30, 1906.

AN IMPORTANT DUTY.

The most important question which the local government will have to deal with this evening is the appointment of a successor to Chancellor Harrison of the University of New Brunswick, whose resignation has been formally filed.

Much of the future success of that important institution depends on the selection that will be made, and it is most important that a man fully qualified for the position should be secured.

It is unfortunate that the time is so short. The new term of the University opens the first of October, and it is desirable that the new chancellor should be appointed at the earliest possible moment.

It may be possible that the government has already a suitable man in their eye, and if he is procurable, the situation will be the more readily solved.

All other things being equal, it is desirable that some gentleman familiar with provincial conditions and in full sympathy with the aspirations of the people should be selected to fill the position. Local pride in the head of the University would be a great incentive to successful work on its behalf, and if possible the new chancellor should be a man who already has accurate knowledge of the educational situation in this province.

TILLING UP OF THE WEST.

If there is one line of policy more than another, for which the Liberal government deserves credit and in infinite commendation, it is that which has resulted in the wonderful development of the great West.

During the Conservative regime little attention was paid to the settlement of that vast area, there was no definite, practical, fruitful immigration policy and the population increased very slowly, railway building was at a standstill and all interests languished. The effect was seen all over the country, and especially at Winnipeg which even showed decadence.

With the advent of the Liberals at Ottawa, however, all this was changed, and the effect of their vigorous policy is seen in the present wonderful growth of the west, in all material interests. Immigrants are rushing in at the rate of nearly 200,000 a year, railways are being constructed in all directions, lands have greatly advanced in value, and the whole country is feeling the great impetus.

Up to a few years ago the west received practically no immigration from the United States, but the vigor of the Liberal administration has directed the attention of the people of the neighboring republic to the great resources of this country and we are receiving many thousands of most desirable immigrants from across the border.

As one writer observes:—"The methods adopted by the Laurier government to attract settlers are praised unreservedly by American experts who have been looking into the question of the rapid settlement of the Canadian west."

Wilbur G. Miller, a Washington Journalist, who has been touring in the west, says in "The Editor and Publisher" that "Canada is undergoing a transformation. Printer's ink is the lever by which the work is being accomplished. Every portion of the Dominion from coast to coast and from the 49th to almost the 52nd parallel is throbbing with a vitality that promises to make it a counterpart of the United States. Of course there have been prosperous cities, rich agricultural lands, abundant forests and minerals, splendid climate, great railroads, big game, and magnificent scenery. Some of these have been in existence for centuries. It remained, however, for an enterprising government to utilize the dominant force in civilization to bring to public notice the great resources of an empire. Well is the work being performed, for no other country on the face of the globe is receiving the advertising that Canada is getting. No other government than the one to the north of us has ever before adopted such a policy of publicity; nor has any corporation before operated a plan of land exploitation so untiringly, effectively, and elaborately."

A VINDICTIVE CAMPAIGN.

Mr. Fielding's political enemies are following with a vindictive campaign rarely witnessed in this country.

They were able to unseat him in Shelburne-Queens through the indirect acts of some of his friends in the last election, but were disappointed in their hope to personally disqualify him.

Now, however, they have adopted somewhat novel tactics to prevent his re-election and may succeed for a time.

The better class of Conservatives look with disfavor on the persecution to which the finance minister is being subjected, and were it not for a little coterie of extreme partisans, Mr. Fielding would be promptly re-elected by acclamation.

It is recognized that Shelburne-Queens is highly honored by being represented in parliament by so able a statesman as he, and the efforts of his enemies to prevent him from sitting for that constituency meet with strong disapproval of all fair minded men.

The country cannot spare the finance minister from his place in parliament, and it is hoped that the machinations of his enemies to drive him out of his native province will end in failure.

It is suggestive that the lawyer who is conducting the case in the courts against Mr. Fielding is the same gentleman that the finance minister so disastrously defeated in Shelburne-Queens in the last election.

Prof. W. C. Murray of Dalhousie University, is the most talked of man for the chancellorship of the University of New Brunswick, but will be relinquish his present position to return to his Alma Mater? There is a suggestion in Halifax educational circles that Prof. Murray is regarded as the natural successor to the principalship of Dalhousie when Dr. Forest retires from that position.

Mr. Bryan reached New York yesterday from his tour of the world, and today was given a grand reception on landing. This evening he is to be banquetted by his democratic friends, and great interest attaches to the address which he will make. The democratic party is pulsating with hope that Bryan's nomination for the presidency will give the White House over to their control, and if signs count for anything the man who has been twice defeated for the highest office in the gift of the people of the United States, will be a most formidable opponent to any candidate the republicans may put up.

BITS OF NEWS.

The Steamer Princess of the Dominion Fish Company, was totally wrecked between Georges swamp and Swamps Islands, Lake Winnipeg, Sunday morning. Capt. John Hawes and five members of the crew and passengers were drowned and sixteen were saved.

Four laborers were killed and another man fatally injured Wednesday by a Baltimore & Ohio southward bound train at Symmes, Ohio. The men stepped from the track to avoid being being struck by a southbound train. A northbound train struck them.

Officers of the Canadian Northern Railway deny the report that negotiations were proceeding looking towards the construction of Hudson's Bay railway jointly by the Canadian Northern and Grand Trunk Pacific Railway Companies. A large portion of the road to Hudson's Bay has already been constructed by Mackenzie & Mann under the old charter of the Winnipeg and Hudson's Bay Railway Company, which they acquired some years ago.

MARYSVILLE NEWS.

Aug. 30.—A very quiet but pretty wedding was solemnized at the Gibson Methodist parsonage last evening when the Rev. J. C. Berrie united in marriage Mr. Jacob Pyne and Miss Rebecca Shirley both of Marysville, formerly of Richibucto. The groom was supported by his brother Mr. Ernest Pyne, while Miss Jessie DeLong acted as bridesmaid. The bride was becomingly gowned in white muslin trimmed with all-over lace and certainly looked charming. After the ceremony the bridal party drove to the groom's parents' home at Marysville where the reception was held and a beautiful wedding supper partaken of.

The presents received were both handsome and useful showing in that high esteem the young couple are held in the community in which they live. Following is the list:—Groom's present—Gold locket and chain.

Best—cash.
Wm. Pyne—1 doz. plates.
Mr. and Mrs. James DeLong and "Ford" DeLong, Fredericton—Lemonade set.
Mr. and Mrs. Wm. Herm—Pie fork.
Mr. and Mrs. Harry Grant—Silver tray.
Mr. Thomas Wister—Berry Spoon.
Harry Robinson—Butter knife and sugar spoon.
Miss Nina Charters—1 doz. spoons.
Mr. and Mrs. Wm. P. Wilson—Porridge set.
Messrs. Oscar Holland and Edward McInnis—Silver butter cooler.
Mr. and Mrs. Alex Sherman—Pickle dish.
John Pyne—Butter dish.
Mr. and Mrs. Wm. Sherman—Sugar and cream set.
Mr. Frank Boyce—Salt and pepper set.
Mr. and Mrs. Edward Wheaton C. McInnis, Miss M. Furrer—scalloped dish.
Miss Maud Spencer, R. DeLong—Fruit dish.
Mr. and Mrs. Edward Pyne—Lamp tray and plates.
J. Pyne—Cup and saucer.
Myrtle Pyne—Cup and saucer.
Mr. and Mrs. Phil Guyter—1 dozen napkins.
Miss Addie Nason—Table cloth and napkins.
Martha Johnston—Pie knife.
Misses Winnie and Mabel Robinson—1 doz. plates.
Miss Jessie DeLong—Cake basket.
Mr. Ernest Pyne—Plates.
Dr. and Mrs. Fisher of Marysville returned from their Toronto trip yesterday.
Mr. and Miss Nan Rowley, returned today from Dalhousie.
Mr. and Mrs. Percy Lee of St. John are visiting Mr. Alfred Rowley.

THE HIBERNIANS.

Annual Session Concluded—Officers Elected for Current Year.

Halifax, Aug. 30.—The next convention of the Ancient Order of Hibernians will be held in St. John. This was decided at last night's meeting. At the forenoon session yesterday a resolution condemning Irish caricatures on the stage was adopted unanimously.

It was decided to establish a \$3,000 scholarship, in one of the maritime province colleges and a committee of eight was appointed to raise the amount by next year's convention which will decide in what college the scholarship will be established.

It was decided that an amendment to the insurance plan proposed was desirable and the matter was referred to the incoming officers. Means of strengthening the A. O. H. in the provinces were considered and discussed and a committee was appointed to further consider the matter and report.

In the afternoon the delegates enjoyed an excursion on the harbor. The officers were elected last night as follows:—

Provincial President—P. J. McManus, Halifax.
Provincial Vice-President—W. F. Hamilton, Moncton.

Provincial Secretary—J. R. McCloskey, St. John.
Provincial Treasurer—John Bresnahan, Milltown, (N. B.)
Provincial Chaplain—Rev. Father McLaughlin, Richibucto.

After adjournment the members enjoyed a dance in the Halifax A. O. H. rooms.

DEAFNESS CANNOT BE CURED.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (Caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Take Hall's Family Pills for constipation.

BEAR ISLAND NEWS.

August 28.—Farmers, hereabouts are getting pretty well along harvesting their oats, which they find a fairly good crop. The hot weather had ripened up to fast that they had hardly got through haying before they had to commence cutting grain. Not much wheat was sown in this vicinity but what was sown is very good. Your correspondent was at Southampton, who raises wheat every year who had just cut a nice piece of wheat. Last year he had 1 1/2 acres in wheat which yielded 45 bushels of good wheat. That would be 30 bushels per acre he is expecting about the same this year.

Miss Blanch Ingraham while on her way to her school in Muzerall Settlement early Monday morning had the misfortune to be thrown off her wheel near Pinder Creek and was quite badly hurt. Robert Jordan took her home and a doctor was called who pronounced it a bad shaking up, but hoped not dangerous.

The Baptists of Lower Queensbury are going to rededicate their house next Sunday the 2nd day of Sept. They expect Dr. McLeod of your city to preach the dedication sermon.

Don't go to bed hungry. Eat any light simple food that you wish if it agrees with you.
