DISTRICT MEETING.

Business Transacted at the Gibson Methodist Gathering.

Wednesday morning the members of the district resumed business, the chairman of the district presiding. A very profitable prayer service was participated in by the ministers and laymen, after which Rev. J. K. King of Boiestown delivered an excellent address on "The best means for promoting the work of God in the district," which was followed by an enthusiastic debate in which every member of the district took part. The afternoon session took up Sunday School and temperance matters.

Rev. J. J. Colter represented the York county alliance, and addressed the district. His address was followed by an open conference in which the members of the district revealed the fact that they have their eyes open and are watching the violations of the Scott Act, and preparing to take action at no great distance in the future. It was brought out in the discussion that the sale of liquor on certain boats on the river and the intemperate habits of some of the officers and deck hands unless some action is taken will soon make it unsafe for travel on the river. Some members mentioned that persons are refusing to travel by the boats because of the sale of liquor on board. Certainly if the reports brought to some of the ministers are true it is time the managers of the boats began to investigate. The discussion closed with the following motion:—Resolved,—That the district co-operate with the Temperance Alliance of York county in canvassing and holding meetings in the district in the interests of temperance and prohibition.—Carried unanimously.

A letter from the conference Sunday school committee was read and it was shown that the brethren are doing all they can along these lines. On motion the chairman was asked to write to the chairman of the committee, E. R. Machum, acknowledging receipt of letter and also informing him of the great interest the district has in the work he is doing for Sunday schools.

The mission to the lumber camps was under discussion and the chairman was asked to try and arrange to supply the camps with services during the winter months.

At the evening session Rev. W. B. Thomas delivered a most interesting

address on the work of the Holy Spirit in the church, which was followed by an address by Rev. A. Lucas on the Sunday School, the best field for a harvest of souls for the church.

The chairman delivered the closing address and after a vote of thanks to the Gibson people this most spiritual district closed with the benediction.

FINANCIAL DISTRICT MEETING.

The Financial District meeting of the Methodist church met in Gibson Wednesday morning at 9 a. m. Rev. J. C. Berrie, chairman of the district, presiding.

All the ministers of the district were in attendance except Rev. A. C. Bell, who was excused by district. The laymen present were Messrs. Howard Rogers, Geo. Bradley and Mrs. Lottimer.

The Financial condition of the semi independent circuits and the missions were enquired into and the missions were recommended to the general mission board for a grant to meet deficiencies.

A discussion on the Chipman Mission resulted in the chairman being requested to visit the mission. A letter from the committee on the summer school of missions was answered by the district as follows:—First that a summer school should be held and two sessions one at Fredericton, the other at Moncton—that the time of holding be immediately after the Berwick camp meeting.

The following resolution was carried:—"That this district endorse the action of the St. John district re a camp meeting in connection with the summer school for missions and further, that if possible some arrangements be made with our Reform District Baptist friends for the use of their property at Brown's Flats, immediately at the close of their meetings.

Arrangements were made for the anniversary of the Missionary Educational and Sustentation Fund meetings on the circuit a mission of the district.

A very excellent service was held at night at which Rev. W. J. Kirby preached and the chairman conducted the social service in which many ministers and laymen took part.

the only report which could be made must be made to the supreme court of Canada and not to the speaker of the house of commons.

Mr. Melish, K. C., on behalf of Mr. Fielding pointed out that the seat having been declared vacant by the trial judges and no appeal having been taken on this branch of the case, the decision was final and it was the duty of the speaker to issue a writ for the election. He further contended that the act distinctly provided for the appeal being heard whether it was sent to the supreme court or not, and suggested that if necessary reports might be made to both the speaker and the supreme court. Mr. Ritchie protested against the report being sent to anyone but the supreme court. The court adjourned without announcing any determination. It is stated that unless the report declaring the seat vacant is made to the speaker officially he is debarred from taking cognizance of the vacancy, and accordingly no writ can be issued for the election of a member for Queens-Shelbourne. Authorities were cited to show that until the speaker receives the report of the trial judges the member holds his seat.

THE RIFLE MATCHES.

Unusual Results in Wednesday's Scoring—School Boy Made Only Perfect Score.

Ottawa, Ont., Aug. 30.—The third day of the Dominion rifle meet produced some unusual results.

The marksmen had a trying day, with a difficult wind, which puzzled experts, while some of the novice were not worried a bit. It was the beginners' day.

The only perfect score was made by a seventeen year old school boy, who slumped in eight bullseyes. Not another possible was made, though there were men shooting who had been peepin through sights for years, and one of them won the king's prize at Bisley. Then the thousand yards Henshaw match was won by a tyro with light score. The shooting in the morning was poor. The Border match was won by smaller score than last year.

In the afternoon the shooting improved and was better than in similar matches last year. There was high grade work in the cadet match, the Ross match and the Henshaw match. A surprising score was made in the school cadets' match, which is open to teams of five pupils from a school. Competitors are required to be under 18 years. The range of 200 yards and 7 shots. A wind which had puzzled rifle veterans was blowing. However a seventeen year old boy, Hartney, not only planted his seven shots in the middle of the bull's eye, but the sight well making eight straight bull's eyes, for which he got \$8. Macklin of the Harbor school Toronto, was second with a very

good score of 51 out of a possible 55. The team prize went to the Harbord cadets, Toronto, who 33 point made by only three men, winning \$25 Ottawa Collegiate Institute with five men made 89, getting second place at 24. The Ross match was shot at 200 yards seven shots on Khaki target with three seconds for a shot. Pte. Short, Guards Ottawa, 34 \$20.

FIGHTING FIELDING.

Tories Make a New Move to Keep Finance Minister Out of His Seat.

Halifax, N. S., Aug. 30.—The conservatives have made a new move in the Queens-Shelbourne election case, with the object of preventing a re-election being held.

The chief justice and Mr. Justice Russell in chambers heard counsel on the question as to whether the report and certificate declaring the seat vacant should be sent to the speaker of the house of commons or to the supreme court of Canada.

J. J. Ritchie, Mr. Fielding's opponent, contended that as the petitioner had appealed from the decision in so far as it dismissed personal charges
