A DISGUSTING SIGHT.

A gang of tough looking customers, both black and white, spent yesterday afternoon carousing on the wharf just above the court house slip. They had an ample supply of liquor and the majority of the party appeared to be pretty well set up. The spectacle was a disgusting one to say the least and it is passing strange that it did not come under the attention of the police.

SERIOUS OPERATION.

Miss Frances Ormstead, who made her home with Mr. A. A. Treadwell Upper Maudville, was taken to the hospital yesterday suffering from an abscess on the back. Dr. H. H. McNally performed an operation and the patient is reported to be resting comfortably.

DR. HARRISON'S PENSION

Ex-Chancellor of the University Will Draw Handsome Annuity from Carnegie Fund.

As exclusively announced in The Herald some weeks ago, the trustees of the Carnegie pension fund have granted retiring annuities to Drs. Harrison and Bailey of the University of New Brunswick, and the former who, on account of ill health, has sent in his resignation to the government, will immediately enjoy the benefits resulting therefrom.

The decision of the Carnegie trustees to grant pensions to Drs. Harrison and Bailey was made in June last, and was communicated to Dr. Harrison in the following letter:

The Carnegie Foundation for the Advancement of Teaching, 542 Fifth Avenue, New York:
Dr. Thomas Harrison, Chancellor of the University of N. B., Fredericton, N. B.

My Dear Sir,—I have the honor to inform you that at a meeting of the committee held this afternoon, it was voted to grant you a retiring allowance of \$1,335 a year, this allowance to take effect from July 1st, 1906. This will be paid to you in monthly instalments by means of check drawn to your order. Will you be good enough to inform me of the address to which you desire these checks sent.

In informing you of this action I beg at the same time to express in behalf of the trustees of the Carnegie Foundation, the high appreciation which they entertain of the service which you have rendered to the cause of education in New Brunswick.

Very sincerely yours,

HENRY S. PRITCHETT

June 21, 1906.
The letter to Dr. Bailey was to the like effect, and it is understood that when he retires, which will not be likely before another year, he will receive a pension almost equal to that given to Mr. Harrison.

The many friends of the ex-chancellor will regret to learn that his health is in poor condition, but hope that with the relief from his official duties he may soon recover his former strength and activity.

MR. WINSLOW HONORED.

Popular Young Barrister Presented With a Clock by the Birches Club.

Mr. J. J. Fraser Winslow, who is to join the bondicuts on Monday next was pleasantly entertained by the members of the Birches Club at their camp last evening. After an elaborate repast had been disposed of, he was made the recipient of a beautiful dining room clock, ordered through Shute & Co. The presentation was made by Mr. J. H. Hawthorn in a characteristic speech, in which he extolled the "judge's" many admirable qualities, and wished him a happy wedded life. Mr. Winslow returned his thanks to the members of the club in a neat speech.

WAY DOWN EAST.

Hamlet's instructions to the players "to hold the mirror up to Nature," is fully borne out in the several characters of Wm. A. Brady's production of "Way Down East." There is not a play of modern country life in which character studies are better drawn or in which the audience more readily recognizes the counterparts of those whom he has met with in every day life. It's like a week's vacation back on the old farm to spend an evening with the old folks in "Way Down East."—Arctic Theatre, Friday, August 31st. Seats now on sale.

A NEW COMPANY.

Messrs. Harry W. Woods of Welsford, Henry G. Veness, John S. Scott, Hulda G. Fox and Arthur R. Slipp of Fredericton, are applying for incorporation as The Fox Sawtooth Company, Limited. The object is to acquire and manufacture a patent sawtooth, now held by certain of the applicants. The office and principal place of business is to be at Welsford. The capital stock is to be \$24,000. Messrs. Slipp and Hanso are solicitors for the applicants.

The nuptials of Mr. C. A. McVey, assistant provincial engineer, and Miss Ada, A. Tupper, youngest daughter of Mr. Charles A. Tupper, will be celebrated at the bride's home Northumberland street on Wednesday next. The ceremony will be performed by Rev. J. H. MacDonald at 3.30 p. m.

FROM FLORIDA.

Miss Annie McKay of At. Augustine, Florida, is visiting her brother Mr. J. D. McKay, George Street, after an absence of twenty-five years. Miss McKay holds the position of superintendent of the Ponce de Leon, of St. Augustine, one of the leading hotels of the south and a famous winter resort.

SOCIAL ENEMTS.

Mrs. P. M. MacDonald is giving an At Home this afternoon at her residence, Glen Isle House, Waterloo Row.

Mrs. J. King Hazen and Mrs. Burnside have issued invitations for an At Home tomorrow afternoon.

SCHOOL MATTERS.

Trustees Dispose of Usual After-Vacation Business—Teachers Returned.

Sheriff Sterling held down the chair at the August meeting of the Fredericton School Board yesterday in the absence of the regular chairman, Dr. Atherton, who is now at Toronto. Trustees Willard Kitchen, J. J. Weddall, J. T. Sharkey and D. Vanwart, together with Secretary Sampson, comprised the other representatives of the board present.

The secretary's report showed that the schools had re-opened with about the usual number of pupils. There was an overflow of thirteen pupils at the York Street school and they were transferred to the Charlotte Street school. Two hundred and eighty permits had been issued, of which 56 were for the High School, 72 for the York Street, 51 for Charlotte Street and 7 for Regent, 27 for Brunswick and for Morrison's Mills.

The other high school teachers were temporarily discharging the duties of Miss Thorne, pending her arrival home and Miss Taylor was supplying for Miss Richardson at the Mod School. Miss McAdam had returned and re-entered upon her duties at the Charlotte Street, and Miss Haggarty, the new appointee, has taken charge of her Regent Street department. Miss Ethel Smith has also begun with favorable prospects in the 5th department at the York Street School.

Of the pupils who had failed in the grading exams for the high school five had been recommended for probation by the committee composed of Sheriff Sterling and Mrs. Clarke and two of these had resumed their studies.

The request of Miss Annie L. Taylor of Charlotte Street, for leave of absence till Christmas, owing to trouble with her eyes, was granted and her sister, Miss Bessie H. Taylor was appointed till then in her place. A request from parents for omission of one or two school subjects to their daughters was granted.

The question of submitting the board's usual annual report to the chief superintendent of education was disposed of, and a copy of same ordered to be transcribed for presentation.

A communication was received from Chairman Foster of the Board of School Examiners, drawing attention to the exhaustive character of the work, and requesting regular attendance for the same. Owing to the absence of a number of the trustees on vacation, consideration of this was deferred.

A grant of \$20 for special work by Janitor McLennan of the York Street building made upon fact being certified by the secretary.

Other matters of less importance completed the work of the session.

A HIGH OLD TIME.

Many Sewerage Employees Arrested for Drunkenness.

Yesterday was pay day on the sewerage work, and a number of the men, recently imported from Boston celebrated the occasion by going on a spree. The police have been having a busy time since last night, making altogether fifteen arrests for drunkenness. The cells at the police station last night had seven occupants, and this morning eight arrests were made by Officers Phillips, Wright and Roberts.

About seven o'clock last evening City Marshal Roberts reported to the police that a gang of white men and negroes were creating a disturbance near the corner of Queen and St. John streets. Policemen Rideout, King and Wright, responded to the call, and arrested a colored man named Sandy Diggs, who is a near approach to Darwin's missing link. Jim Hector, a colored man commonly called "Jumbo" and John Johnson a white man. Later in the evening the police ran across three sewerage employees, all under the influence of liquor, and landed them in the police station. A local drunk was also run in making a total of seven, and taxing the capacity of the cells.

Hector and Johnson were released this morning on making deposits of five dollars, and the others were fined four dollars each.

This morning a sewerage working man was found by the police on Carleton street loaded for bears, and was hauled to the police station on a sloven wagon. Between ten o'clock a. m. and one p. m., seven other drunks were gathered in by Officers Phillips, Roberts, and Wright. A number of others are still at large, but will likely be rounded up by the police before night.
