

A TORY REVOLT.

Winnipeg Opposition Newspaper Savagely Attacks Bor-den and His Lieutenants.

The Winnipeg Tribune (Conservative) and published by R. L. Richardson, ex-M. P., a Conservative leader, said editorially:—

"It was fondly hoped by all who desire to see a healthy Opposition at Ottawa that sad experience would have taught the Conservative party a lesson that would make it impossible longer to neglect reform."

For several years the opposition has been but a pitiable farce, utterly incompetent to criticize the Government effectively, utterly incompetent to keep the government in check, and frequently forced to assume the defensive in an attempt to justify the corrupt manipulations of some of its most conspicuous members."

"The miserable showing of the late session was thought to be a climax. It was generally admitted that the Opposition would have to strengthen and purify itself in the House, by throwing out the objectionable element and substituting new men with spotless reputations and a few ideas. It was freely predicted that this reform would be made, that the Parliamentary Opposition would be thoroughly overhauled and made to serve a useful purpose."

"Such predictions and expectations are seemingly doomed. The machine that has brought the once great Conservative party to its present unfortunate position is today stronger than ever before. In Ontario, at least, it is in absolute control of the party; it has turned its face from reform; it has hoisted the Jolly Roger and resumed its old course with more abandon than ever."

"All over Ontario it is making a

daring move to head off the reform element within the party by rushing on the nominations for the Dominion House, long before the elections have any chance of coming off—and, in all cases the present members and the old candidates are again being chosen as the standard-bearers."

"The criticism that marks the selection of Hon. Geo. E. Foster as the Conservative candidate for North Toronto is disgusting and makes the outlook almost hopeless. * * * Foster, the partner and defender of Fowler et al; Foster, the man who has done more than any other to discredit choice!"

"The present Opposition! What a! The best friends of the party have warned the leaders of the danger they invite if they do not reform. Able newspapers and able men that desire to see a strong, upright and able Opposition; able men and able newspapers that would naturally support such an opposition, have preached reform for months and years and have repeated and repeated the truth that an Opposition must be the party of purity and conviction before it can have a chance of becoming the party in power."

"Warnings and sermons, however, have so far produced no result. Up to the present, the machine has retained command."

"Will its grip be loosened? Will its hand be shaken off? Will the better element obtain control in time to save the situation? That is for the members of the Conservative party to say. At present, however, it is, unfortunately, very doubtful."

THE FAMINE IN CHINA.

Everything Now Depends on the Rice Crop.

London, June 21.—"Thousands must die in the famine district of China before aid can reach them," Captain Henry Leonard, military attaché of the American Legation at Peking, said to me today, adding: "The people of the Yangtze-Kiang valley, ever since the floods destroyed their last crop, have been subsisting on grass and the bark of trees, the dogs and cats being too emaciated to eat. The suffering in that district is indescribable. It was quite evident when I left Peking that the hopes everybody in China cherished that food would arrive in the famine districts in time to prevent appalling loss of life would not be realized. Contributions

had begun to arrive, but it was plain that it would be impossible to place sufficient supplies where needed to save all who were perishing from hunger."

"It is not too late, however, for the charitably inclined to do a vast amount of good for these suffering Chinese. Unless the next rice crop, due in July, is large, the condition of the wretched condition of the population will be such as to require a vast amount of outside aid. The danger that threatens the crop lies in the inability of the Yangtze-Kiang to overflow its banks. The river is so erratic this year that the comparatively small downpour of rain would cause a flood."

A FAMILY MEDICINE.

Dr. Williams' Pink Pills the One Medicine Best Suited for the Whole Household.

Dr. Williams' Pink Pills are the greatest blood-builder known to medical science. They never fail to make rich, red blood—lots of it—the kind that brings health and strength to the sufferer. They are a family medicine—good for the grandmother or grandfather, the mother or father and for the growing children. Thousands have found new health and strength through the use of these pills. As proof of their being a family medicine Mrs. Chas. Castonguay, Michipicoten River, Ont., says:—"My husband was ill for five months and was unable to do any work. He made several trips to the Soo to consult doctors and spend much money on medicine but nothing helped him—in fact he grew worse. He could not eat much and the little he did eat would not remain on his stomach. His stomach was examined by X Rays and found to be in a terribly inflamed condition. After remaining at the Soo for some time under the doctor's care without finding relief, he returned home discouraged and afraid he was going to die. It was then Dr. Williams' Pink Pills were recommended and by the time he had taken nine boxes he was perfectly well and able to go to work again." Mrs. Castonguay continues: "I have also used the Pills for female troubles and found them a perfect medicine. My little one also owes good health and a rosy color to them."

Dr. Williams' Pink Pills cure all the troubles due to poor blood or shrunken nerves, such as anæmia, rheumatism, dyspepsia, neuralgia, St. Vitus dance, partial paralysis, etc., simply because they make rich, red, health-giving blood. Sold by all medicine dealers or by mail at 50c. a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

BOY INCENDIARY.

Burns Belleville Fire Station—Only the Horses Saved, and One of Them Suffers Burns.

Belleville, Ont., June 19.—Fire this afternoon completely destroyed No. 1 fire station, a two-story brick building situated in South Belleville, together with all its contents, including hose wagon, steam engine,

600 feet of hose, a number of Babcock extinguishers, besides all the beds, bedding and personal effects of the men. The two fire horses were the only things saved, and one of them was badly burned. Harry Lake, one of the men first on the scene, had his hand badly burned in getting the horses out. William Penny, the man in charge, heard the horses jumping around, and on opening the door, was driven back by smoke and fire. In a minute the whole interior was a mass of flames. The building was insured for \$1,000 in the Traders' Insurance Company, but there was no insurance on the contents. The loss is estimated at \$4,000.

At 7 o'clock tonight a young lad named Dorlann Foote, aged eleven years, residing next door to No. 1 fire station was questioned, and admitted setting fire to the station, and also to the stables of the Queen Hotel last Thursday. He said he got matches from his home, and after lighting them threw them through the windows into the hay to see the fire.

Two hours after No. 1 fire station was destroyed with all its fire-fighting apparatus, the remaining brigade were called to the Belleville Hardware Company's big factory on Pine-nacle street, where the upper story containing the box manufacturing plant was in flames. The firemen worked hard, and after an hour's work confined the fire to the south end of the building, which is three stories high and built of stone. The loss is between \$10,000 and \$12,000, mostly covered by insurance.

Listowel, June 19.—During a heavy thunderstorm here last night the large brick dwelling of Mr. A. J. Collins was struck by lightning and set on fire, but by the prompt action of the firemen the flames were put out without serious damage. Mr. Collins is in London Ontario, at present, attending the Synod.

A NEW MODEL FOR AN APRON.

The small girl must have variety in her aprons as well as in her dresses and the ambitious mother will be pleased with the suggestion given here. The apron is box pleated and finished with a yoke band and shoulder straps. If desired the apron may be belted loosely with a belt of the same or it may be left free. The pleats are stitched to the waistline only so that a pretty fullness results below. White lawn or a cross-barred dimity would be pretty for this apron, 2 yards 36 inches wide being required for the medium size. 4210—sizes, 4, 6, 8, 10, 12, yrs. The price of this pattern is 10c.

To the Fredericton Herald:

THE BEST GUARANTEE OF MER-IT IS OPEN PUBLICITY.

Every bottle of Dr. Pierce's world-famed medicines leaving the great laboratory at Buffalo, N. Y., has printed upon its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicines in a class all by themselves. They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities. The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood-purifier, nor his "Favorite Prescription" for weak, over-worked, broken-down, nervous women, contains any alcohol, also entitles them to a place all by themselves.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic, and a most efficient antiferment.

Neither of the above medicines contain alcohol, or any harmful, habit-forming drug, as will be seen from a glance at the formula printed on each bottle wrapper. They are safe to use and potent to cure.

ARE YOU SUBJECT TO STIFF

St. John, May 21.—(Special)—At a fairly well attended meeting of citizens today to discuss fire department matters with special reference to the recent fire to Macaulay Bros. and Co., it was decided to apply to the police magistrate to hold a public investigation into the Macaulay fire and the operations of the fire department.

The majority of those present spoke in favor of increased salaries for the chief and firemen, and for engaging permanent firemen instead of call-men.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

HEALTH FOR RUN DOWN WOMEN.

From the experience of Mrs. Jno Panke, Saskatoon, nothing compares with Ferrozone. At times I was confined to my bed and couldn't get up. I was run down in flesh, lost strength my appetite failed, my color was pallid. Weary and cast down, it seemed I couldn't catch up. Ferrozone began a new kind of life in my blood built me up, vitalized and strengthened my nerves and finally cured my heart and stomach pains. Ferrozone is a re-builder that has special virtue in female ailments. Sold every where in 50c. boxes; try Ferrozone.
