BROKE HER NECK

Moncton Girl Instantly Killed in Riding on a Freight Elevator at Dr. Price's Residence

(Special Despatch to Herald.)

MONCTON, N. B., Aug. 15.—In attempting to take a ride down-stairs in an elevator, intended only for freight, twenty-year-old Laura Mitchell, employed as a domestic by Dr. O. B. Price, had her neck broken this morning.

A little girl, who was passing down-stairs, saw the face of the dead girl protruding, caught between the wall and the elevator box, and immediately gave the alarm.

The girl had been there probably half an hour, life being extinct and medical examination proved that her neck was broken.

P. T. Powers, the President of the National Association of Baseball Leagues, was talking in New York about the business management of baseball.

"Baseball," he said, "must be managed liberally. There must be no niggardliness. Otherwise a deadening unpopularity and a great kick ensues. He who tries to conduct the baseball business pawnshop lines gets hourly such reproofs as fell to a tobacconist the other day. A newsboy walked into the tobacconist's shop and asked for a light for his cigarette."

"We sell light here sonny," said the tobacconist.

"The boy took out a cent. 'All right boss' he said. 'Let's have a box of matches, then.'"

"He paid for the matches, extracted one, lighted his cigarette, and, closing the box, handed it back to the tobacconist."

"Put this on the shelf," he said, "and the next gent what asks for a light, give him one on me."

en.

No inquest was held, as no one saw the accident and circumstances point to pure accident. The girl belonged to Beersville.

The elevator is a box-like affair and is used for carrying coal, ashes and other heavy articles. A small boy employed by Dr. Price had often ridden down in it, but the girl, who was quite tall, and was too large for the box, when she stepped into it, it shot down beneath her weight and her head, protruding, was caught between the step of the door and the bottom of the box, breaking her neck.

MONCTON, N. B., Aug. 15.—A number of Springhill miners who are out of the collieries on strike, have come to Moncton and accepted work at the new I. C. R. works. It is stated that about twenty-five miners have been given employment at the new works within the past few days, and more are expected.

John Brooks, of the Maritime Employment Bureau here, went to Springhill to-day to engage men for a number of firms. He wants about five hundred men and expects to hire this number principally from the striking miners.

Interment will be made at Nashwaagsis.

FIREMEN RETURN.

A number of Fredericton firemen who have been attending the tournament at Moncton, returned home this morning. The others are expected this evening. Mr. George Clyniek had the misfortune to fall and sprain his ankle while in Moncton.

Mr. Arthur Robinson of New York, who has been camping out on the headwaters of the Miramichi for some weeks, is in the city today, en route home, having been called there on business.
