HUDSON BAY R'Y.

Hon. Mr. Oliver Makes Important Announcement in
Parliament—New Line Can be Built from Proceeds
of Land Sales in Prairie Provinces.

Ottawa, March 15.—Hon. Frank Ol-
iver in moving the second reading of
his Dominion land bill in the house
of commons yesterday made the fol-
lowing important announcement:
"The government is fully convinced
of the propriety of giving the north-
west an additional railway outlet by
way of Hudson's Bay at the earliest
possible date. The government be-
lieves that with the increase in the
production of the west, now in pro-
gress, such an additional outlet will
be urgently needed as soon as a rail-
way can be built, even if it were
commenced at once. At the same
time it realizes that public opinion
throughout Canada could scarcely be
expected at the moment, in view of
the great obligations already incur-
red in connection with railway enter-
prise, to sanction the additional ob-
ligation. It believes, however, that
there will be no objection from any
quarter if the funds accruing from the
disposal of pre-emptions in the three
prairie provinces under the terms of
the proposed land bill, shall be con-
sidered as a provision in place of the
land stated in the act to meet the
burden upon the credit of the Dom-
inion as a whole that must be as-
sumed at an early date—if not im-
mediately—if a railway is to be in
operation to Hudson's Bay in time
to meet the urgent need that is now
in plain sight for an additional and
shorter railway route from the prair-
ies to the water."
Mr. Oliver explained the different
provisions of the bill. He said that

the time had arrived for the disposi-
tion of the odd numbered sections,
seeing that the government had
abandoned the old Conservative pol-
icy of making land grants to rail-
ways. When dealing with this im-
portant question he considered that
the time was opportune for making
a general revision of the Dominion
land act.
Mr. Oliver said that the most im-
portant part of the bill was that in
regard to pre-emptions. In addition
to a homestead of 160 acres, a pre-
emption of an additional 160 by pay-
ing \$3 per acre, can be obtained un-
der the bill, so that the new settler
can have a farm of 320 acres. In
the case of those who had got old
pre-emptions and homesteads they al-
so can have a pre-emption, making a
farm of 480 acres.
Mr. Oliver said that this new pol-
icy was adopted because the govern-
ment had abandoned the old policy
of giving land grants; under that
policy a settler could buy an addi-
tional quarter section in addition to
his homestead. The bill would open
up some 40,000,000 acres for settle-
ment, which had been locked up in
connection with railway grants.
Ex-Premier Greenway appealed to
the government not to pass the bill
until it had been more fully consid-
ered. The bill offered more land
than was available. It would cre-
ate a stampede from Manitoba to Al-
berta and the west and create demor-
alization of people who were after
more land. It would be detrimental
to the interests of the whole people.

ST. JOHN BILLS.

A Number Passed by the Municipalities Committee of
the House.

The municipalities committee of the
legislature Thursday recommended a
number of St. John bills, including
one relating to street paving. This
bill was supported by Ald. Baxter
and opposed by Ald. McLean on be-
half of the street railway company.
The attorney general suggested
that the bill be amended by striking
out clause 4 and inserting instead
thereof the following: "Nothing in
his act contained shall be construed
to increase after or diminish the
rights and obligations of the St.
John street railway company under
any existing statute or agreement."
This was agreed to and the bill or-
dered to be recommended for third
reading.
The committee then proceeded with
the consideration of the bill respect-
ing sewage maintenance in St. John
and Mr. Baxter fully explain-
ed the object of the bill.
Mr. McRae said he hoped the bill
would not be allowed to go through

as the revenue derived from the wa-
ter rates was very considerable and
if the accounts in connection with
the sewage were mixed up with those
of the water department it would
not be possible for the ratepayers to
find out to what extent they were
taxed and that should not be so.
The committee, having deliberated
in private the bill was agreed to and
ordered to be recommended to the
house.
The committee then resumed the
consideration of the bill relating to
civic elections and it was agreed that
the bill as amended by altering the
number of aldermen at large from
four to six should be recommended to
the house for third reading. The com-
mittee also agreed to the bill to
amend the acts incorporating and re-
lating to the town of Woodstock and
also the bill to amend the act to au-
thorize the county council of the
municipality of Gloucester county to
effect temporary loans in certain
cases.
