

DR. PUGSLEY'S CAMPAIGN.

Minister of Public Works in an Able Speech
Addressed the Electors of His
Constituency.

Development of Winter Port will be one of His
Chief Cares.

Speaking at the North End, St. John Liberal meeting for organization Thursday night Hon. Dr. Pugsley said:

"I desire to acknowledge what I think is the praiseworthy action of the Conservative party in deciding not to offer any opposition. I recognize that they are not acting from any personal feeling to myself, because there is no such thing in politics, but because they recognize my election will not be a disadvantage but of material advantage to this community.

"Some time since, I received a requisition signed by some thousands of the electors asking me to offer as a candidate. I was then, as you know, premier of the province, a position to which I had succeeded not many months before, and, naturally, expected that for some years I should do what I could at the head of local affairs to advance this province. The call I received, however, seemed pressing and came from representative citizens and it appeared my duty to lay aside my office and enter the larger field of Dominion politics.

"I had no thought or expectation of a position in the Dominion cabinet. I had no understanding with the prime minister or anyone on his behalf. But when the requisition was presented I felt there was such great work to be done for the city and county of St. John, for this province and may I not say, for Canada, that I decided to offer my services such as they were to this constituency. (Applause.)

"I was willing to serve as a private but I have been called to the cabinet to take up the portfolio of public works, which in importance is not second to any in the cabinet. It will require my closest attention ranging as it does from P. E. Island to the Yukon. It will need all the care and attention that I can bestow but I feel as strong today as I did when I entered political life twenty-two years ago, and it is my intention to administer the duties of my office, so far as lies in my power, to the satisfaction of the people of Canada and to reflect credit on this constituency.

"There is much to be done. The great question which seems to bear closely on the prosperity of Canada is transportation and one of the most important features is the dredging of the harbor, the sites, and approaches to the wharves, the building of docks and breakwaters and all matters which will tend to improve transportation. While paying attention to that I trust I shall be impartial to all sections of Canada, but you may be sure that the interests of the city and county of St. John will not be neglected.

"I know that it is said a public man with the power to spend money may gain sympathy and support if he pays attention to other sections than that which he represents.

"It is claimed that he must take a broad view. I have never been afraid to promote the interests of my own constituency and so I shall never be afraid to do justice to this constituency if I see that the improvements to the part are in the interests of St. John and the whole of Canada.

"I do not forget that the maritime ports must be improved to carry the trade of Canada in the winter season. For many years after consideration it was a dispute that so large a part of the trade of the Dominion should have gone through foreign ports. Up to 1895 almost the entire trade was done through New York, Boston and Portland. This has been

changed in recent years, but the desired end has not yet been reached. I need not only remind you of the words of Sir Wilfrid Laurier. I will never rest until every pound of Canadian produce is shipped through Canadian sea ports." And so when I start out I am but declaring that I will carry out the policy laid down by our great leader and approved by my predecessors.

EQUIPMENT OF ST. JOHN PORT

"Hundreds of thousands of dollars have already been spent in dredging in St. John harbor as part of the policy inaugurated the work is still going ahead and before long I hope to see this port of ocean steamers become one of the great ports in Canada. (Applause.)

"I am not intending to discuss controversial questions, but I appeal to you if I am not right when I say that since I entered public life I have carried out my pledges and made good my promises. The criticism has been told that I have held out glowing promises which have not always been fulfilled. Let me consider my record. You have a right and it is your duty to look into the past record of every public man. A few years ago I stated that the long standing claims of New Brunswick against the Dominion government would be paid. Our provincial government and other provincial governments went to work and my prediction has now been fulfilled. The provincial treasury has been enriched by nearly \$300,000.

"I also stated that the provincial subsidies would before long be adjusted. My opponents discredited the idea but we went on and since the first of last July our hopes have been realized. This province is receiving \$130,000 more and will continue to receive it for all time to come. There is an added capital of \$3,250,000 which can be devoted to road making, bridge building, educational purposes and other matters in the interests of the people of this province. I have left the province in as good a financial position as any province in the Dominion. We have \$21,300,000 in timber lands, and the money at Ottawa that was there when we came into power. I leave the credit of the province as good as any in Canada and I am prepared to prove the truth of what I say.

"I have been sometimes attacked but I think when I appeal to you you will say that I have discharged my duties. In asking you to do me the favor of returning me as your representative I feel that I am asking a great honor. I remember that my friend, Mr. George W. Fowler, in a speech recently urged the Conservatives to place an opponent in the field. 'Surely,' he said, 'St. John would not be bribed with a portfolio.' Has it come to this that the people of this constituency are not entitled to a representative in the cabinet? Has it come to this that my friend, Mr. Fowler, who, except when he ran with me in local politics, never gained the confidence of the people, that he should declare if St. John honors me I am unworthy and that a bribe has been held out? You, gentlemen, will not look on it in that way, but rather as a just recognition of this constituency.

"In selecting me for a place in his cabinet the premier relied upon your judgment in nominating me. He has acted on your advice and I come to you to submit myself to your judgment. All that I can say is that to the best of my ability I will advance the interests of this constituency, of this province and of this Dominion, of which we are all proud to form a part." (Cheers.)

"No Alum or Acid there"

"I saw, in an official report, that 70% (over 75) of the baking powders sold in Canada, contain alum and acid phosphates."

"It seems to me that folk ought to be mighty careful what baking powder they use."

"I know, if I baked my own cake and pastry, that there is only one baking powder I would buy."

That's

St. George's Baking Powder

It is a genuine Cream of Tartar Baking Powder—free of alum, acids, lime, ammonia and phosphates.

ST. GEORGE'S is healthful—and makes Biscuits, Cake, Pies, etc., that are not only deliciously light and inviting, but wholesome as well.

Half a teaspoonful of table salt dissolved in a half glassful of cold water will give instant relief in case of heartburn.

People with poor digestion should

For a violin by Petrus Guarnerius, dated 1695, £260 was given at a recent sale in London; while one by Nicholas Lupot fetched £240.

WHY DO WOMEN WORRY?

First Sign of Failing Health.

Worry is a disease—and it's more—it produces other diseases, because it breaks down the nerves and saps the vitality of the body.

What a pity women don't realize that if they were well—if the blood was nutritious—if the nerves were strong—if all the organs were active—then the little things that irritate and prey on the mind wouldn't receive a moment's thought.

The woman who worries has a poor appetite—she sleeps poorly. If it only lasted for a day or two it might be of small consequence—but she grows limp, miserable, unhappy—worse day by day.

She needs Ferrozone which cures worry by curing the conditions that render worry possible. For nervous weak women, no tonic is so good; thousands it has cured just like Mrs. M. E. Etherington, of Troy, who writes: "I am quite willing to give a public testimonial for Ferrozone, believing it to be a tonic of superior excellence and one that will rapidly build up strength and supply new energy to anyone not feeling well. Last spring I was in a very poor condition of health. I was nervous, felt tired, and completely worn out. No doubt it's quite a common complaint with ladies of my age, but I placed great reliance in Ferrozone, and took it for several weeks. It made me quite strong, and in fact I have been in better health ever since. I can heartily recommend Ferrozone."

Ferrozone cures by making good blood strong nerves and a healthy body.

This is why it gives color, clearness to the skin, buoyancy to the step, brightness to the eyes—because with good digestion and activity of the body in all its parts there's health. Price 50c. per box at all dealers.

English Society.

Cockney is rapidly becoming the current dictum of the best English society. A well brought up young lady was recently heard to call across the table at a shooting lunch to a man with Wellingtonian nose and dome-like forehead, "Now, then, bird faice, pass the rabbit food."—Vanity Fair. finding out how he could get his hat on over his horns.—Gayman (Kan.) Herald.

One Child Cured of Summer Complaint and Six Cured of Cramps by Half a Bottle of

DR. FOWLER'S
EXTRACT OF
WILD STRAWBERRY.

Mrs. Wm. Flowering, Arthur, Ont., says: "I find it much pleasure to recommend Dr. Fowler's Extract of Wild Strawberry as a grand cure for Summer Complaint. My little boy, one year old, was very bad with it, and a few doses cured him. I also used it on my other six children for cramps, and still have half the bottle left. I cannot praise it too much."

Dr. Fowler's Extract of Wild Strawberry is the greatest of all cures for all bowel complaints such as Diarrhoea, Dysentery, Colic, Summer Complaint, etc.

Beware of imitations and substitutes sold by the unscrupulous dealer for the sake of greater profits. They are dangerous to your health.

It is manufactured by The T. Millburn Co., Limited, Toronto, Ont. See that the name appears on the wrapper. Price 35 cents.

EAST AND WEST.
The Growth of National Spirit in
This Country.

There are still some people who imagine that the extremities of Canada are self-centred and careless of what is being done in Ontario and Quebec. It has been said that the Nova Scotian doesn't know what is being done in Toronto, and more than that, doesn't care. This is not a fair statement. All manufacturers know that the growth of the national spirit has awakened a keen interest. An example is provided by the J. A. McDonald Piano and Music Company, of Halifax, the leading Nova Scotia firm. Last year this firm made at the Dominion Exhibition at Halifax the finest display of Goulay art pianos ever seen in the East. The business growing from that exhibit was so large that Mr. McDonald resolved to make even a better display for this year's fair. In order to provide himself with the goods he required, he travelled to Toronto in the early days of the recent Exhibition to see the Goulay exhibit here, and, if possible, to make his selections in advance of his competitors. He was successful in being first on the ground and in purchasing most of the Art Goulay displayed. In consequence, he

went away with a large satisfaction in his heart. It has been proved that the people of Nova Scotia want pianos, not alone beautiful in tone quality but of artistic case design as well. In the Goulay combination is found.

A CORDIAL INVITATION TO
DISEASE.

This is an apt description of constipation. It's an unnatural condition to begin with, and it's more, because it brings about blood deterioration, interferes with digestion, renders you susceptible to infectious diseases and causes anaemia. Not so much a purgative as a natural stimulant to the bowels is what you need. You get it in Dr. Hamilton's Pills which increase liver activity, restore the bowels to perfect action and positively cure constipation and its attendant evils. Insist on having only Dr. Hamilton's Pills of Mandrake and Butternut, 25c. per box at all dealers.
