FREDERICTON SACRIFICED.

Legislature by Casting Vote of Speaker Osman Voted
Down Proposition to Empty Sewage into River.

TWO OPPOSITION MEMBERS WHO VOTED FOR THIS CITY ON
FIRST DIVISION ABSENTED THEMSELVES FROM THE
HOUSE IN THE FINAL TEST.

In the legislature Friday afternoon
the bill to permit Fredericton to empty
its sewage into the river was
further considered in committee
of the whole House, Mr. Ryan in the
chair.

After considerable discussion, last-
ing into the evening session, the
committee divided 16 to 15 in favor
of Fredericton.

FOR FREDERICTON:

WHITEHEAD.
ALLEN.
BURDEN.
CAMPBELL.
BARNES.
CURRIE.
TWEEDALE.
BURRESS.
HILL.
MARTIN.
MAXWELL.
BURNS.

HAZEN.
ROBERTSON.
MORRISON.
GLASSIER.
CLAIR.
GRIMMER.
FLEMING.
LABILLOIS.
GOGAIN.
POIRIER.—15.

THE PAIRS.

The following members were paired:
Hon. Mr. Robinson with Hon. Mr.
Sweeney.

Mr. Copp with Mr. King.
Mr. Lowell with Mr. Murray.
Mr. Lantallum with Mr. Purdy.
Mr. Scovil with Mr. Hartt.

The first mentioned in the pairs
in each case favored Fredericton, the
others were opposed.

THE SHIRKERS.

Messrs Smith and Clarke absented
themselves from the House with-
out being paired, shirking the vote.

The Speaker then proceeded to
the chair and on the question "Shall
the House receive and adopt the report
of the committee" the House divided
16 to 16, Mr. Ryan joining those who
had voted against Fredericton.

Speaker Osman then proceeded to
give his views on the question as
recorded below, and the House and
galleries got the impression from
what he said that he would give the
casting vote for Fredericton, but, to
the utter surprise of everybody, he
voted against this city, rejecting the
favorable report of the committee.

The discussion on the question fol-
lows:

Hon. Mr. Pugsley—When this bill
was last before the committee, I
took the responsibility of stating
that I thought the solution of the
difficulty might be found by the
government contributing the sum
of two or three thousand dollars,
which would be about equal the sum
that would be payable in taxes on this
and on other government buildings in
the city, if such buildings were tax-
able, that amount to go towards the
interest on the cost of purification
work, and the matter stood over for
consideration. I have since been

waited on by the mayor, and some
of the aldermen and citizens, and, to
my great regret, they said that they
could not see their way to accept my
proposal. They, at the same time, as-
sured me that they regarded the offer
as a generous one, and under other
circumstances, they would be pleased
to accept, but, owing to the difficulty
in establishing tanks, etc., by reason
of local conditions and of operating
the same, the amount suggested
would not be sufficient to pay the
interest on the cost. I had hoped
that the liberal offer I had made
would be accepted by the citizens.
Personally, I have exhausted every
resource open to me and I can do
nothing further. I am still opposed
to the bill and feel that it ought not
to pass.

Hon. Mr. Hill.—In common with
the rest of the House I received the
news that the city would not accept
the proposal of the premier with
some surprise. I have been informed
on reliable authority that the cost of
a purification plant would not exceed
\$35,000, and the sum offered by the
premier would pay interest at 5
per cent. on a larger sum than that.
In taking the course they have, I am
doubtful whether it is to the advan-
tage of Fredericton, but, at any rate
it will be of considerable advantage
to Sunbury. If the sewerage was al-
lowed to run into the river, the in-
habitants of Sunbury will be com-
pelled to give up drinking the water.
The present state of the water is
mainly responsible for the typhoid
fever and other epidemics of the past
and these epidemics are not caused
by Fredericton sewerage. If it is
desired to prevent recurrences of
these epidemics you must take steps
to prevent the towns higher up the
river, both in this province and in
the State of Maine, from using the
river as a sewer. In the real inter-
est of the people of Sunbury County,
the best thing that could happen will
be to turn the sewage into the river.

Mr. Currie—No question has ever
been before this House that has caused
so much thought as this one and as
yet I cannot see that I can vote
in any other way than I did on the
previous occasion. Every town and
village in Canada run their sewage
into the nearest river, Ottawa, Hull,
and many other towns up and down
the country do so and yet they use
the same water for drinking. I can-
not see how we can shut out Freder-
icton from the same privilege unless
we begin with all the other towns
from the top of the river and pre-
vent them all the way down here.

Mr. Hazen—I regret extremely that
the Premier's proposition was not
accepted by the city. It was a very
reasonable one and had a poll of the
citizens been taken, I believe, it
would have been accepted because
there are a large number of people
who believe that a great injustice
is going to be done to the people
living in the parishes below the city
if sewage is going to be poured into
it without being purified. It has been
said that no matter how much it is
purified, it will still be sewage, but
the effect of purification will be to
render the effluent absolutely in-
nocuous. The members of the Board
of Health are all disinterested men
and so are the members of the Ex-
ecutive Council, and both these
bodies after very careful considera-
tion of the evidence before them re-
fused the city's request and why
should this House without any evi-
dence whatever before it, take upon
itself to reverse their carefully con-

sidered decision.

At this stage His Hon. the Lieut.
Governor came into the House and
assented to a number of bills.

The House then took recess.
On the House resuming Mr.
Hazen continued. The hon. member
for Charlotte complains that all
means for obtaining water other than
from the river have not been ex-
hausted. I may tell him that it
has been found utterly impossible to
obtain water from wells either be-
cause of the entire absence of un-
derground springs or in those few
cases where water has been found,
it is totally unfit for drinking pur-
poses on account of the heavy de-
posits of iron. Neither is there
any other source for obtaining water
except from the river. The inhabi-
tants of Sunbury and Queens County
have used the river water for
drinking purposes ever since the
district was first settled. They have
acquired the right by the common
law of England and to pass this bill
will be indirect contravention of such
rights. It is argued that the towns
higher up the river are draining into
it, but it is in open defiance of the
laws. The matter has been fully ar-
gued, and I think it has been proved
beyond a doubt that to permit the
City of Fredericton to run its sew-
age into the river, would be
nothing less than a great lasting and
irreparable injury to the people liv-
ing in the counties of Sunbury and
Queens.

After some further remarks
from the Hon. Mr. Hill and Mr.
Hazen, the committee divided on the
question as to whether the bill
should be reported as agreed to,
when sixteen voted for the report
in favor of Fredericton and fifteen
against it. (See division above.)

The speaker having resumed the
chair, the House divided on the
question as to whether the House
should accept the report when they
voted for the acceptance, 16, and
against it, 16.

Mr. Speaker—A great responsi-
bility has fallen upon my shoulders. I
am called upon to give a casting
vote of very great importance not
only to the city of Fredericton, but
also to the other parts of the pro-
vince, and it will be fitting that I
should perhaps give reason for my
vote. No member of this House will
approach this matter without great
consideration. When the matter first
came up in the House I was favor-
able to the city's contention, but
since that time my views have mod-
ified somewhat and I feel that the
offer of the government made through
the premier that the government
would assist in paying the cost of
purification works should have been
accepted, and the expense in conse-
quence divided. The whole of the
province is interested in
Fredericton by reason of our child-
ren being sent here to be educated,
and also by reason of the members
of this House having to more their
temporary homes here. Therefore, I
feel that the city should be placed on
the same footing as the rest of the
province. The city should have called
an emergency meeting to discuss the
question, but nothing has been
done. I see no help for it but to per-
mit the city to do as other towns
higher up have done and I record my
vote against the acceptance of the
report, (which recommended that
Fredericton be permitted to empty
its sewage into the river.)

SHE WAS WILD WITH PAIN.

From Willow Creek, Ont., Miss E.
Diegel writes: "A few years ago I
was drenched with rain and got lum-
bago; it was like a steel rod piercing
my back. I also had earache and
was just wild with pain. I applied
bathing soaked with Nerville to my
ear and rubbed on Nerville for the
lumbago. That rubbing relieved and
in a few hours I was well. No other
liniment could do this." It's the pen-
etrating power of Nerville that
makes it superior to all other
liniments. Nothing beats it, 25c. at
all dealers.

MARYSVILLE NEWS.

April 5.—The pretty little home of
Mr. and Mrs. Herbert Brewer pre-
sented a very gay and happy appear-
ance a few evenings ago, when the
Mission Band in connection with the
Methodist Church gave a very enter-
taining concert. The little ones cer-
tainly did themselves credit and took
their different parts well.

Following is the programme:
Chorus—Mission Band.
Address—Minnie Arnold.
Selection—Gramophone.
Recitation—Lillian Heron.
Selection—Gramophone.
Recitation—Bertie Gorman.
Quartet—Misses Lint, Arnold, For-
bes and Bruce.
Selection—Gramophone.

Recitation—Alta Libbey.
Quartet—Misses Lint, Gray, Yeomans and Heron.
Recitation—Bertie Forbes.
Instrumental duet—Chipman and
Nellie Brewer.

Recitation—Minnie Arnold.
Recitation—Lloyd Yeomans.
Selection—Gramophone.

Recitation—Agatha Gray.
Solo—Nellie Brewer.

Recitation—Pauline Gray.
Chorus—Six girls.

Recitation—Alva Brewer.
Selection—Gramophone.

Recitation—Chipman Brewer.
Selection—Gramophone.

Recitation—Ralph Forbes.
Selection—Gramophone.

Recitation—Melbourne Arnold.
Solo—Helen Lint.

Chorus—Mission Band.
Closing chorus.—The Band, with
drum accompaniment.

At the conclusion of the excellent
program, light refreshments were
served.

Mr. and Mrs. Percy Lee of St.
John, who have been the guests of
Mr. and Mrs. Alfred Rowley for the
past few days, left for home this
morning.

Mrs. Duncan Reid is in Lewiston,
Me., visiting friends.

Mrs. Nicholson of St. Stephen, is
the guest of Mr. and Mrs. Bradford
Smith.

Nature never leads anyone into
crime.

HEALTH DEPENDS ON GOOD
BLOOD.

Everyone who uses Ferrozone has
good color and great vitality. Reason
for this is Ferrozone's powers
to create nourishing blood. "I was
broken down, had no strength, and
couldn't eat," writes Mrs. Chas. Ben-
ny of Cloyne, Ont. "My nerves were
irritable, I was thin-blooded and
continually unhappy. I tried Ferro-
zone. It gave me new energy, force,
vitality. It brought me strength and
made me well." Greatest tonic and re-
builder ever known is Ferrozone. Sold
everywhere in 50c. boxes.

MISSIONARY MEETING.

The W. M. S. of the Methodist
Church, Gibson, held its public East-
er service on Tuesday evening. Mrs.
Berrie presided. Mrs. W. C. Good
sang a solo, and in company with
Mr. Ray Burpee, a duet. The choir
sang several hymns, all of which were
fully appreciated, but not more than
the readings by Mrs. and Miss Pet-
ers. The attendance was large and
collection liberal.

FEW WILL ESCAPE.

The torturing aches of corns. No
preparation—the only painless cure is
Putnam's Corn Extractor. Fifty
years in use and absolutely guaran-
teed.
