

A CHARMING DEVELOPMENT FOR LINEN AND LACE.

A chic little coat and skirt in linen and all-over lace which is well adapted to home making is shown. The coat is decidedly new with its kimono sleeves in one with the front and back giving almost a cape effect. This is shown in all-over lace with linen bands finishing the edges. A little collar of the lace completes the neck. The skirt is also of linen, consisting of seven gores and lengthened by a straight gathered flounce. A band of the lace matching that of the coat appears at the top and lower edge of the flounce. The suit is especially chic in appearance and may be made at home without difficulty. For the medium size 2 1/2 yards of 27 inch goods are needed for the coat and 4 1/2 yards of 36 inch for the skirt. A tulle, pounce or cloth might be used for the suit.

Two patterns—6915—5 sizes, 32 to 40 inches bust measure. 6904—6 sizes, 20 to 30 inches waist. The price of these patterns is 20c. but either will be sent upon receipt of 10 cents.

To the Fredericton Herald: Please send the above mentioned pattern, as per directions given below, to

Name..... Street.....
No..... Province.....
To.....
Measurement—Waist..... Bust.....

CAUTION.—Be careful to send six of pattern wanted. When the pattern is sent measure you need only mark 32, 34, or whatever it may be. When in waist measure, 22, 24, 26, or whatever it may be. If a skirt, give waist and length measure. When miss' or child's pattern write only the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than three or four days from the date of order. The price of each pattern is 10 cents in cash or postal order or stamps.

THE MYSTERY OF GOUT.

Some Interesting Pointers From the Pen of Dr. Hamilton.

"The real cause of gout is due to the excessive use of certain articles of food and drink, which in time leads to a disturbance of the functions of the liver. As a result harmful products such as uric acid are thrown into the blood, causing the condition known as gout."

"Consequently, it follows that, having proper diet and maintaining liver activity, a cure can be effected."

Probably no physician has achieved such success in liver disease as Dr. Hamilton.

His pills of mandrake and butter-nut are everywhere acknowledged as a specific for slow, weak or sluggish liver; they give tone and vitality to this organ that enables it to perform its duties with ease and certainty.

Once the liver is corrected, Dr. Hamilton's pills apply their peculiar merit to the eliminating organs. This cleanses the blood and sends it back through the system full of nourishment and strength.

Rheumatic tendencies are no longer noticed, for pure blood kills the poison that causes rheumatic pains.

Dull, aching twinges, stiff joints, and difficulty of exertion become things of the past.

Of course, by rheumatism such complaints as sciatica, lumbago and neuralgia must be included, for after all what are they but manifestations of rheumatic poison?

Thus, it is easily seen that a world of good is accomplished by Dr. Hamilton's pills. Acting as a blood renovator and a general tonic for the system, their benefit is incalculable.

Twenty-five cents per box or five boxes for one dollar at all dealers, and be sure you get the genuine Dr. Hamilton's Pills.

HELP NEAR AT HAND.

Is what you want when sickness happens at night. Can you possibly find the equal of Nerviline? No, for it stands unequalled in curing pain, internal or local. Earache, tooth-ache, neuralgia, etc. Sick or well you'll find Polson's Nerviline invaluable in your house. Get a large 25c. bottle today.

DOCTOR BRIGHAM SAYS

MANY PHYSICIANS PRESCRIBE

Lydia E. Pinkham's Vegetable Compound

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womanhood is not because it is a stimulant, not because it is a palliative, but simply because it is the most wonderful tonic and restorative ever discovered to act directly upon the generative organs, positively curing disease and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures and physicians who have recognized the virtue of Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due.

If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience it can be relied upon to effect a cure. The following letter proves it.

Dr. S. C. Brigham, of 4 Brigham Park, Fitchburg, Mass., writes:

"It gives me great pleasure to say that I have found Lydia E. Pinkham's Vegetable Compound very efficacious, and often prescribe it in my practice for female difficulties."

"My oldest daughter found it very beneficial for female trouble some time ago, and my youngest daughter is now taking it for a female weakness, and is surely gaining in health and strength."

"I freely advocate it as a most reliable specific in all diseases to which women are subject, and give it honest endorsement."

Women who are troubled with painful or irregular periods, bloating (or flatulence), weakness of organs, displacements, inflammation or ulceration can be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound. If advice is needed, write to Mrs. Pinkham, at Lynn, Mass. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. No other living person has had the benefit of a wider experience in treating female ills. She has guided thousands to health. Every suffering woman should ask for and follow her advice if she wants to be strong and well.

Clever With the Cards.

Some years ago a certain county jail was undergoing extensive alterations, during which time a gang of pickpockets, four in number, were arrested one market day. Owing to the alterations the lot were confined for a time in one cell, but were placed under strict surveillance, the care of them being specially entrusted to the sergeant. The day after during his rounds he spied them playing cards, when he promptly opened the door and summoned a fellow constable, on whose arrival the cell and the prisoners were most carefully searched, but no cards were found. However, the card playing still continued until the day on which the pickpockets were to be sent to the assizes for trial. Then the superintendent, a very kind man and a great favorite with every one, asked them as a favor to tell him where they had hidden the cards. They told him that as soon as the sergeant and his comrade entered their cell they stuck the pack in his pocket and picked it again before he left, as a proof of which they presented him with the much used pack.

A Bride's Dilemma.

A humorous romance is reported from Natal, where a youthful Hindoo bride was recently called upon to choose between her husband and her jewels. The case came before the Durban police court in the first instance, where the bride's parents, says the Natal Mercury, accused her husband of abducting her while under thirteen years of age. The bride, however, claimed to be eighteen, and the magistrate dismissed the case. Outside the court a tug of war took place between the two parties for the possession of the bride, in the course of which it appeared that what her parents particularly desired was not herself, but her jewelry. A sergeant of police then sat in judgment and decided that the jewelry belonged to the parents, and the girl must choose between her husband and her bracelets. After some cogitation she chose the husband, who promptly unfurnished the bangles from her arms and handed them to her parents.

The Judge in Jail.

"I," said an esteemed magistrate, "spent a week in jail before I entered on my judgeship. I ate the prison food. I slept in a cell. I conformed with all the prison rules. I wore the prison clothes. I did the prison work. Thus I learned the value of the sentences I was to mete out later on. I got to know what a week, a month, a year, in jail meant. As a result I am more merciful than most judges. I think it would be a good thing if every judge before taking office would spend a little while in jail as I did. He would then know the value of prison sentences, a thing he doesn't know now. Now he is like a cashier who attempts to pay out money in a coinage of which he is ignorant. In Baden this thing I speak of must be done. Every judge in Baden before he takes his seat on the bench is required by law to pass weeks like a common prisoner in jail."—Cincinnati Enquirer.

LOOK OUT FOR THIS MAN.

If he offers something "better" than Putnam's Corn Extractor, it's the additional profit or inferior goods that tempts him. Putnam's is the one sure and painless cure. Use no other.

His Attempt Was Vain.

They had been having a discussion concerning the necessity or otherwise of purchasing a new silk dress in order to be on a level with the De Moneys' next door. Banks had vetoed the purchase on the ground of extravagance and want of funds, and his wife was much put out.

"Dinner ready, my dear?" he asked in his most conciliatory manner. Her face had been like a stale thunderstorm ever since the disagreement, and Banks wanted to change it.

"Yes," answered Mrs. B. shortly. "Must try again," said Banks to himself. Then aloud: "Ah, I'm glad of that, my love. I have what the poets would call an aching void, Sarah."

"You often suffer from headache," she returned in a cutting tone. Banks drew his chair up to the table with unnecessary noise and refrained from further attempts at conciliation for the rest of the day.

COUNTERFEITING.

Bankers Say It Has Practically Become a Lost Art.

There is one lost art among criminals, one trade which United States secret service men have seemingly wiped out to the very last man. This is the art of counterfeiting currency. Kansas City bank officials say that for eight years not one spurious bank note worthy of passing comment has been handled in the money world. They declare that the day of the successful counterfeiter has come to an end.

"Not a bank note which fools the experts is on the market," said E. F. Swinney, president of the First National bank. "There is counterfeit currency, plenty of it," he said, "but it's a kind detected almost at a glance. Inspection of it quickly reveals the flaws. Usually the work is clumsy. But not since the notorious gang in Philadelphia which made the famous 'Monroe hundred' was wiped out has there been a really clever counterfeiter at work. At least we have no record of any."

"The 'Monroe hundred' was a \$100 silver certificate with the face of President Monroe stamped upon it. It was of a series of 1891, check letter D. Tillman register, Morgan treasurer. It was an absolutely perfect counterfeit. Experts in the treasury department were fooled by it. The notes became so numerous and were accepted so extensively that the government called in its entire issue of the bill, amounting to several million dollars. Even now a Monroe hundred is occasionally picked up, and it is almost impossible to tell whether it is genuine or not."

"The only difference between the genuine bill and the counterfeit was in the shape of the figures 3 and 4 and the length of the bill. In the figure 3 the lower loop did not extend up so far toward the center of the figure as it should have extended. In the figure 4 the space between the base and the center cross line was narrower than it. 'The gang which made the 'Monroe hundred' was arrested in Philadelphia in 1899. The plates which printed the bills were recovered and the counterfeiters sentenced to long terms in prison."—Kansas City Star.

"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought can be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It cures and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

We're All Leather Eaters.

"And then," said the arctic explorer, "I ate my leather belt." "Pooh, what of that? Every mother's son of us eats a pair of shoes a year." The explorer frowned. "This," he began, "is no laughing matter." But the scientist interrupted him. "I am not jesting, sir. I speak the solemn truth. What is leather? Is it not albumen and tannin? Well, when you add milk to your tea or coffee, the tannin of the one and the albumen of the other unite, and leather results. The leather is, in minute particles. Nevertheless it is there. And down it goes. All who drink tea or coffee daily," the scientist concluded, "consume in a year enough leather to make a pair of shoes."

The explorer sneered. "To resume," he said, "I then ate the lining of," etc. —Exchange.

THAT DRY COUGH IS BRONCHITIS.

If neglected it will weaken the throat and finally reach the lungs. Nothing simpler than inhaling the healing vapor of Catarrhazone. Its action is like magic, so helpful, so easy to apply. Be done with Bronchial trouble for all time! Catarrhazone does cure the worst cases, will cure you, too. Sold everywhere, 25c. and \$1.00 under absolute guarantee of satisfaction.

Coffee and Matrimony.

A cafe proprietor who recently opened new premises at Berlin adopted an excellent way of booming his business. He put in the papers very enticing matrimonial advertisements. In reply to the many answers received from these a meeting was arranged at the cafe. As fortune hunting is a recognized profession in Berlin, the cafe was crowded day after day with people, chiefly men with an eye to the main chance, and the business received an excellent start.
