HOCKEY.

EASTERN CANADA LEAGUE.

It is said that in the event of a saw-off between Wanderers and Ottawa which seems to be most probable, that the first game will be played in Ottawa on March 13. This assertion is based on the fact that the Wanderers will have practically the choice of games, since they will probably control a majority of votes at the league meeting, and will naturally take the final fixture, which is expected to be March 16. All this, of course, is dependent on the victory of the Ottawa team over the Wanderers in Ottawa on March 2. That Ottawa can be beaten is, of course, no longer a question, but accidents have happened before the team that is cocksure of winning what is likely to be a hard tussle anyway frequently gets left, and it is not altogether too impossible to suppose that the Wanderers might do this and obviate the necessity of any saw-off at all.

BASE BALL.

FOUR NEW PLAYERS.

New York, Feb. 27.—President George Dovey of the Boston Nationals made a ten-strike today in arranging for the transfer to his club of four players, three of them from the Chicago Nationals—Sweeney, infielder from the Pacific coast, and Randall and Osborne, outfielders. The other man is Sam Merites of the St. Louis club, so long a member of the New York Nationals.

These deals have not been settled, as Mr. Murphy did not care to clinch his part until he arrived home, as some of his men have not yet signed for the season, but there is scarcely any doubt that Boston will get these men.

They will round out the Boston team and enable it to present a strong front.

Manager Clark Griffith of the New York Americans today secured Catcher Branch Ritchey of the St. Louis Americans, giving up Joe Yeager.

The American and National leagues having completed their business the way was paved for the National commission, which gathered in the rooms of Pulliam & Co., 110 Broadway, the National league. Catcher Jack McLean, who received \$200 from the Altoona club, was ordered to return this amount. "Bob" Unglaub, who jumped the Boston American league club reserve, was reinstated on the payment of \$200. Mat Brodick, who jumped Brooklyn to go to Altoona, was fined \$200 and reinstated. Toledo and Kansas City both claimed infielder Kruger, formerly of the Phillies and Pittsburghs. He was drafted by Washington, so as to turn him over to Kansas City, and it was decided that the player should be turned over to Kansas City. Pitcher Briggs, formerly of Chicago and traded to Brooklyn, was reinstated without fine, and he will play with Indianapolis. The case of Hoffman of Holyoke was continued. The Poughkeepsie club claimed \$500 from the New York Americans for Pitcher Garrity, who was taken on a 30-day trial. The matter was continued.

The application of the Western league for permission to draft the Toledo club from the Western Association was taken up by the commission's unanimous decision was that it did not care to pass on the question of jurisdiction at the present time, but as the legislation was enacted without notice to the commission or either one of the major leagues, the national commission was of the opinion that the section complained of was bad in its effect, and the commission requested that a national board take the matter up at once. Farrell and Sexton and O'Brien will meet President O'Brien and Shively in Chicago to talk the matter over.

The Dovey Brothers of Boston, had a family dinner in Brooklyn tonight, and will leave for Boston in the morning. There has been nothing doing regarding the accession of Beattout to the club.

There are four Boston American league players who will not go to Little Rock—Chadbourne, Lord and Hughes, who will go to Providence, and Knott, who will go to Worcester. Hughes was sold to Providence today. This leaves 12 pitchers the club will take south. Young, Dineen, Water, Harris, Tennell, Killian, Kroh, Glaze, George Oberlin, Rader, and Prutti. The catchers are Carrigan, Shaw, Ambrose and Peterson. In all there will be 27 players in the party.

Malachi Kittredge has secured Hunter Hill of the Buffalo club as a coroner will return to his old position. Kittredge has sold over \$4000 worth of players that he thought he could spare, and feels confident he will make a good showing.

Manager Fred Tenney of the Boston Nationals is doomed, to disappointment that Empire Conway was not retained on the staff of National League umpires and was allowed to drop. The Philadelphia people felt the same way, and were anything but pleased that others were preferred to him. Had it not been for the refusal of President Dovey to waive claim to Ewing of the Cincinnati there is no doubt he would have been exchanged for Tannehill of the Boston

THE RING

\$100,000 FISTIC CARNIVAL.

Jeffries Will Be Asked to Battle Schreck, Squires or Palmer, of England.

San Francisco, Cal., Feb. 26.—Mike Riley, matchmaker and promoter of the Casino Athletic Club of Tonopah, Nevada, has at last planned a card for his fight carnival that will repay the club for their heavy loss on the Gans-Herman fight and will net them a nice little sum on the side. In a letter from Riley received this morning the Western man says that it is his intention to pit Rattling Nelson against Joe Gans, Jimmy Britt against Schreck, Squires or Palmer and Abe Attell against Sullivan or Robson.

Riley writes that he and his associates in the club have figured the matter out carefully and have decided to set aside \$100,000 for the carnival. \$20,000 will be given for the Gans-Nelson fight, \$30,000 for the Jeffries battle, \$20,000 for Britt and his man and the other \$10,000 will go to preliminary fighters.

"We have studied the situation over carefully and realizing that we were new in the fight game when we held the Herman-Gans fight, we are now out to make matches that will be pleasing both to those who attend fights and to the club. The Gans-Britt match is not off yet, however. I have wired Battling Nelson in England asking whether he would accept \$30,000 to fight Gans before my club. As yet I have received no answer, but since he has expressed his willingness to return to this country in a few weeks to take on Joe, and since the dusky champion is hot after the Dane I am certain that I can get the two to bury the hatchet for a while and sign.

"Should Nelson, however, refuse to fight Gans, the Gans-Britt fight will go through as planned.

"It is my hope to hold this carnival on July 4. Should I sign Nelson and Gans before this time I will hold it on May 30. Tonopah is determined to make its city the leading light center of the world, and backed by thousands of dollars, we, once started right, will hold fights—championship fights—regularly."

This is part of the letter received here today.

Should Riley go through with the card mentioned above it will undoubtedly draw well. Nelson and Gans just now are the strongest card that could be secured, and with Jeffries, and one of the foreigners, or even Schreck, would add double the interest. Herman and Britt would draw a Frisco crowd, as would Attell and Sullivan.

One hundred thousand dollars for these fights seems like a lot of money, but in a place like Tonopah, rich in gold, this could be easily collected. Just what will be done in the West is not yet known, but it seems that this is the most likely move. Riley has learned much since he first staged the Herman-Gans fight, and while his experience was costly, he has prospered, and the next card ought to be a good one.

MISCELLANEOUS

HARMONY AT THE M. P. A. A. A. MEETING.

Yesterday's Halifax Chronicle says: It was after two o'clock this morning when the M. P. A. A. Association special general meeting adjourned, but apparently none of the delegates felt the six or seven hours was not time well spent. It was decided to affiliate with the Canadian A. A. Union, and a committee was appointed to meet today the two Cape Breton County A. A. A. representatives who were in attendance, and draw up lines of affiliation. Percy McDonald, of Truro, who played with the New Glasgow team in Montreal, was reinstated, and Williams, Music and Morrison, of the New Glasgow team, who also played in Montreal, will be reinstated May 1st, all subjects to the C. A. A. U. Fred Bishop, who has been under suspension since 1902 for playing in two ball games, was reinstated, and the Abegweit hockey team players who played recently with Jack D. McDonald in Newfoundland were suspended for thirty days. McMinamin, who played ball in Sydney and received traveling expenses, board and equipment during the season, applied for reinstatement, but it was refused.

The club represented were Banooks, Red Caps, D. B. C. A., Wanderers, Lorne, Truro, Crescents, St. Mary's, Victoria, New Glasgow, N. W. Arm, North Stars, Moncton and Dalhousie. Before adjourning the delegates from outside the city expressed themselves as perfectly satisfied with the way business was transacted at the meeting, and suggested that occasional meetings in other parts of the province might do much good.

Happy Decembers and Mays.

The marriage of May and December has passed into a proverb. In point of fact, these unequal unions have often proved most successful.

The wedding of the late Marquis of Donegall, at the age of 80, made an event of December, 1902. He married a young and charming Nova Scotia girl, Miss Violet Twining, and, in less than a year, a son and heir was born to the happy couple. This boy, who is the present Marquis, recently celebrated his third birthday.

The late Duke of Argyll married at the advanced age of 72, and his bride was the Hon. Ina McNeill, a lady of the court of Queen Victoria. The late Sir Charles Tennant took a second wife when he had passed his seventy-second birthday, and a child was born to him when he was 80 years old. There was a touch of romance in this marriage, as Sir Charles had become a keen golf player, and first met his future wife—then Miss Marguerite Miles—on the golf links at Biarritz.

The Earl of Wemyss holds pride of place among living instances of old-time bridegrooms. He was born in 1818, and when about 82 took as his second wife the handsome dark-haired Miss Grace Blackburn. This union has proved an ideal one; husband and wife are deeply devoted to each other, and the story goes that at the time of the marriage the new Lady Wemyss would allow no joke to be put on the estate on her behalf.

The Thumb.

The radical difference between the hand of man and of the monkey lies in the thumb. In the human hand the thumb has the "opposing power," which means that the thumb can be made to touch the tip of each of any of the other fingers on the same hand. The monkey's thumb is nonopposable.

Needed the Money.

"Say," queried old Wedderly, "why don't you get married?" "Because," replied young Singleton, "I'm too poor."

"Huh!" rejoined the old man. "When I was your age I was so poor I had to marry."

Nothing is impossible to the man who can will.—Mirabeau.

OH, FOR A CLEAR COMPLEXION

A clear complexion is the outward evidence of inward cleanliness. In bad health the face becomes a sign-board, telling of disease within. If yellow, bile is not properly secreted; if pallid, the kidneys are faulty; if skin is murky and dark circles beneath the eyes, look for constipation. Whatever the cause, no remedy compares with Dr. Hamilton's Pills which are mild, safe, purifying and vitalizing in their action. They give a marvelous rosy tint to the cheeks, brighten the eyes and establish health that defies age and disease. Sold everywhere in 25c. boxes.

THE AFTERGLOW.

There's a light of wondrous softness
Called by some the afterglow,
And it follows day's receding
As the shadows come and go.

There's a light of Time in fancy
That bedims that afterglow,
As its shadows are extended,
To the years of long ago.

Long ago, when boys were marking
Not the years in rapid flight,
When the sun would reach the zenith,
Then decline to sombre night.

And beyond the worth of story
It that time we called our own,
As the cycles worked their changes,
While the speeding years have flown.

Not for you and I the vantage
Other boys have crowned with fame,
Nor for you and I the willow,
All forgotten but in name.

Still we plod our steps, if weary;
Manhood's burdens must be borne,
Though each glow lapse into darkness,
May it dawn a fairer morn.

And whatever may be the ending
Of our lives when they must cease,
Let us hope that in earth's turmoil
We have won a higher peace.
—Clifford Kane Stout.

Preserving His Taste.

In his early boarding house days in Kansas City Eugene Field was invited to dine at a hospitable house where the best of everything was to be found. Some delicious strawberries were passed. Field gazed at them longingly, but shook his head.

"Why, Field," said his host in surprise, "don't you like strawberries?"

"I do not,"

"Then why don't you take some?"

"I'm afraid," said the poet sadly, "that if I did they'd spoil my appetite for prunes."—Ridgway's.

A Square Deal

Be assured when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath, as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests, while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better agent is used for extracting and preserving the medicinal principles used in them, viz., pure triple refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in the cure of indigestion, dyspepsia and weak stomach, attended by sour rising, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels. Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and haemorrhages caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

A Conversational Demand.

"Why don't you try to make your self agreeable?" asked the reproving friend.

"My dear," answered Miss Cayenne, "the desire to be agreeable is what has spoiled my disposition. You can't make yourself agreeable to some people without saying things about others."—Washington Star.

GREAT DISTRESS IN HER THROAT.

Not an uncommon experience was that of Mrs. H. S. Wilmot of Shuler, N. S. Doctors failed, still a quick cure was found in "Catarrhology." Notice this statement: "I have been a most dreadful sufferer from bronchitis, cough and catarrh. On damp, cold days I would hawk and suffer greatly in my throat. I used all kinds of medicines but did not get permanent relief till I used Catarrhology. It has strengthened my throat, cured my cough and made me entirely well. I feel the substitutes for the one reliable bronchial and throat cure. All dealers sell 'Catarrhology' in 25c. and \$1.00 sizes.
