Reports of Legislative and Scott Act Committees and Action Thereon.

Municipality Wants Readjustment of Justice Account With the City.

VETERAN COUN. SCOTT PAYS FAREWELL TRIBUTES TO HIS LONG AND EXCELLENT RECORD.

THE CLOSING SESSION.

The York County council got through with the business of the July session Wednesday afternoon and adjourned sine die.

It was the last meeting of the present council and the members took things kind of easy. They did little more than mark time during the first day, and put the bulk of the business through the last afternoon. At noon after adjournment they repaired to Burkhardt's studio and had a group photo taken.

It is said that the honor of being the best looking man at the board is claimed by Coun. McNally of Queensbury. Grosvenor, A. McArthur and Skeen and Moffat of McAdam. It is rather difficult to name the homeliest man on the board as there are quite a number who possess the qualifications.

Coun. Grosvenor, Goodspeed and Brewer are probably the best speakers at the board and would show up fairly well in any deliberative body. When the council assembled at 2:30 p. m. Coun. Goodspeed submitted the following report from the legislative committee:

AN IMPORTANT MATTER.

To the Warden and County Council of the Municipality of York.

Your committee appointed at the last January session under the resolution moved by Councillor Masten to watch all the legislation coming before the House of Assembly which might affect the Municipality of York beg leave to report under the instructions given by the council. Your committee secured the passage of three acts, namely:

An Act authorizing the county valuers to re-assess the valuation of the parish of St. Mary's.

An Act to change the date of the parish elections.

An Act in amendment to the Registry Act providing for an audit of the Registrars books.

Your committee were compelled to devote considerably more time to the introduction on behalf of the city of Fredericton to amend the law relating to the payment of expenses in connection with the administration of Justice in the county of York.

Your committee realize that the proposed amendment to the law was of such a radical nature that it was their duty to most strenuously oppose the bill.

Your committee therefore presented a petition to the legislature against the bill, a copy of which petition is attached to this report.

Owing to the objections urged by your committee against this bill it was withdrawn by the city when it finally came up for consideration before the law committee of the House.

Under ordinary circumstances this would have ended the matter but the investigation which your committee made in order to successfully oppose the bill revealed a state of affairs which we feel in duty bound to bring to the attention of the Council.

Your committee find on examining the gaol records for the last five years that the total number of days for which persons had been committed to the gaol from the city of Fredericton and from the county of York were as follows:

1902, County, 178 days. City, 708 days
1903, County, 221 days. City, 470 days
1904, County, 283 days. City, 611 days
1905, County, 300 days. City, 1,257 days
1906, County, 5 days. City, 1,020 days

Making an average per year of 199 2-5 days for the county per year and 819 1-5 days per year for the city.

The foregoing extracts from the gaol record shows conclusively that the city of Fredericton during the past five years has of necessity used the County Gaol four times as much as the county have, although under the present law the city only pays one third of the cost of maintaining the gaol. Under these circumstances the committee feel the city of Fredericton should pay at least one-half of the cost of the administration of Justice and would recommend to the council that a committee be appointed to confer with the city council or a committee thereof for the purpose of arranging a readjustment of the proportion payable by the city and by the county of the expense for the administration of justice.

(Signed) CLARENCE N. GOODSPEED
HEDLEY S. GROSVENOR
W. L. McFARLANE.

Coun. Brewer spoke very highly of the work of the legislative committee. He was surprised at the figures submitted by the committee but was glad to know that residents of the county only occupied the jail five days during 1906.

On motion of Coun. Masten, seconded by Coun. Fraser, the report was unanimously adopted.

COUN. MASTEN

moved that a committee be appointed

to confer with the city council with a view of procuring a readjustment of the administration of justice account.

The motion was adopted and the Warden appointed as the committee. Couns. Goodspeed, Grosvenor, Masten, McNally, the Warden and the secretary-treasurer.

The committee on the secretary-treasurer's salary reported through Coun. Brooks that they were unable at the present time to recommend any better arrangement than now existed. The report asked that the committee be re-appointed.

Coun. Brooks said that he did not intend offering for re-election and suggested that his name be dropped from the committee.

The Warden said the political future of all the members was surrounded with more or less uncertainty and advised Coun. Brooks to continue on the committee.

SCOTT ACT MATTERS.

Coun. Fred Pond submitted the report of the Scott Act Committee for the past six months ending July 1. He reported collections amounting to \$150 and expenses of \$330.10, leaving the balance to the credit of the county of \$19.90. There was an item of \$170.50 still to be paid, but credit balance was \$19.90.

He moved that the reports be adopted and that Mr. Colter's account be paid.

Coun. Grosvenor was told that only one fine was collected in Canterbury last January. It was paid by Mr. H. W. Grant.

Coun. Grosvenor said that Mr. Grant was a friend of his and complained that others who sold liquor escaped punishment while he was fined. He understood that more than one fine had been collected in Canterbury. Mr. Grant did not know whether Mr. Grant had been fined for a first or second offence.

THE INSPECTOR HEARD.

Rev. Mr. Colter was called on and made explanations in regard to Scott Act enforcement. He said that an offender could only be fined once for a second offence, after that he could be imprisoned for a third offence or fined for a first offence. He told about one man who had been fined but had gone away without paying up. He had since returned, but as he was not selling liquor, no further proceedings had been taken against him. His (Colter's) only object was to stop the sale of liquor. Last year, after the council had adjourned, he paid \$150 expenses out of his own pocket. In regard to Mr. Grant the second offence was not pressed against him for want of evidence.

Coun. Grosvenor said that Scott Act witnesses who came to Fredericton to give evidence had not been paid their fees.

Rev. Mr. Colter said that the parties referred to did not appear in court and according to the law as laid down by Col. Marsh, they were not entitled to fees.

Coun. Pond read for the information of the council a list of Scott Act violators fined last year.

Coun. McMullen wanted to know if offenders whose fines were allowed to stand, retired from business or continued to sell "booze."

The warden said that in some cases it was almost impossible to collect the fines. In other cases the fine was held over the head of the offender to stop him from selling.

Coun. C. W. Pond moved, seconded by Coun. Goodspeed, that the secretary-treasurer be authorized to pay Scott Act witnesses out of the Scott Act fund. Adopted.

PUBLIC ACCOUNTS.

Coun. Robinson, from the committee on public accounts, submitted the following report:

To the Warden and Councillors of the Municipality of York.

We, your committee on public accounts beg leave to report as follows:

BOARD OF HEALTH.

Dr. H. H. McNally, visit to Lake George in connection with small pox case \$17.

John Buchanan, Zionville, groceries, \$16.00.

Dr. C. J. Falkins, Canterbury, professional services and medicine account rendered at \$38.50. On recommendation of the board of health allowed at \$32.50.

George J. Green, McAdam, personal expenses attending meetings of Board of Health since January 1907 \$24.00.

J. G. McElman & Sons, Gibson personal expenses and expenses of others in connection with smallpox cases \$54.41.

George J. Colter, expenses in connection with board of health and services as treasurer \$10.00.

Dr. M. L. Young, Vanceboro, professional services and medicine for

family of P. Sutherland, parish of McAdam \$20.00.

Sundry receipts bills already paid by Board of Health \$34.91.

R. W. McLellan balance of \$81.81 claimed by him for legal expenses in connection with Dr. McNell, former chairman of the Board of Health. Your committee consider county not liable for this amount as Supreme Court has decided that Dr. McNell acted without authority from the Board of Health in instituting the proceedings charged for. R. W. McLellan's original bill was \$206.84 and he was paid \$125 by Dr. McNell without authority from the Board. This \$125 was taken from the Board of health funds which McNell had in his possession. The balance of \$81.81 claimed by Mr. McLellan we refuse to pay. This completes the Board of Health accounts.

MISCELLANEOUS.

H. F. McLeod, expenses, postage, stage driver's fees for sending out Auditor's reports \$7.65.

W. L. McFarlane, attending House of Assembly on Committee regarding bill proposed by the City of Fredericton changing the act relating to the administration of Justice \$5.

W. L. McFarlane, attending organization meeting of the Union of Municipalities at St. John \$10.

Calwell & Jennings, sundries for public buildings \$35.75.

H. B. Rainford, stationery and postage from July 1906 to July 1907 re births, deaths and marriages \$3.

McMurray & Co. sundries \$3.60.

F. St. John Bliss, services drawing bills, presenting same to Legislature, Legal services opposing amendment to Administration of Justice Act etc. \$85.

Lemont & Sons, sundries for County Court House \$11.85.

Herald Publishing Company to 27 lbs of newspaper \$1.35.

McMurray & Co. Printing Committee \$4.20.

This completes the bills presented, some of which in connection with the Board of Health have already been paid. The balance we recommend to be paid. We further recommend that the council pass a resolution that in future all bills to be presented to the council for payment at any session shall be presented early on the first day's session, otherwise they will be laid over to the following session.

Signed by members of Committee.

Coun. McMullen expressed some surprise that only one bill had been submitted in connection with the Lake George smallpox outbreak.

Coun. Robinson also expressed a desire for information in regard to the board of health.

Coun. McMullen said that the disease at Lake George was not pronounced smallpox by Dr. McKenzie. He advised people who did not want to catch the disease to remain away. After all of the patients had recovered except one the Board of Health stepped in and established quarantine. The people of Lake George had tried to keep down the expense all they could.

The report of the public accounts committee was then adopted.

Nature "makes all things beautiful in their time." Ever since seasons, when life moves on Nature's seas, has its own charm and beauty. Many women dread that period when they must experience change of life. They fear that face and form may suffer by the change, and that they may fail to please those whom they love. The value of Doctor Pien's Favorite Prescription in this crisis of woman's life lies in the fact that it assists Nature. Its use preserves the balance and buoyancy of the mind and sustains the physical powers. Many women have expressed their gratitude for the help and comfort given by "Favorite Prescription" in this trying period. Its benefits are not passing but permanent. Not a "patent medicine" because all its ingredients are printed on the bottle wrapper.

DOUBLED UP WITH CRAMPS

Stomach feels like an infernal machine and you want relief mighty quick. Nothing does the work half so soon as Polson's Nerviline. Why? It kills the pain instantly. If your bottle is empty get another today. Nerviline keeps the doctor bill small because it cures little ills before they grow big. Nothing for indigestion, heartburn and cramps like Polson's Nerviline. Large bottles for 25c.

Too Long Winded.

The inhabitants of the Canary Isles, finding themselves oppressed by famine, sent to the governor of Galicia one of their head men as an ambassador. They advised him not to lose himself in long winded talk. He promised and kept his word. He took with him a large number of sacks, and arriving at the town where the governor was on the circuit, he opened one of them before him, saying only these words: "It is empty. Fill it."

The governor ordered this sack and the rest to be filled with meal, but he said to the speaker: "You had no need to tell us that the sack was empty nor that it was necessary to fill it. We should have readily guessed that. Another time be briefer in your talk."

"Diet" Corsets

Modelled upon scientific principles a series of curves of grace and elegance is comprised in every pair of D. & A. Corsets. You can buy a "D. & A." at various intermediate prices ranging from \$1.00 to \$5.00. Are Fashionable Models.

BIG CRICKET Ant.

Mark Twain is one of his amusing books of travel attacks the ant," said a nature student. "He ridicules the idea that the ant is industrious and wise. He devotes three or four pages to an account of an ant making its way homeward with a burden. He shows the ant climbing grass stems instead of going round them, doing a hundred silly things, taking in every case the long and foolish instead of the short and sensible way home. And hence, naturally enough, he concludes that the ant's wise industry is overrated—naturally enough. I say, Mark Twain's ignorance being granted, for he was unaware when he wrote that long and interesting passage that many kinds of ants are blind. He did not, for all his close observation, take up his little ant subject, look for its eye sockets and find them absent. It was a blind ant Mark Twain studied, and he didn't know it."

A Trio of Husbands.

The traveled girl was explaining the strange looking locket she had about her neck on a thin gold chain.

"It is a Buddhist charm," she said, "to keep off bad luck. A swarthy little woman in Tibet gave it to me. She took a great fancy to me. It is handsome if the back is of tin. The face is of turquoise. They make them like that in Tibet. The little woman's hands came up to her one by one, begging her to go home with them, but she wouldn't till she had finished talking to me. I felt very much flattered. Oh, yes, she had three husbands. The women are very scarce, you know, in Tibet. It was lovely to see them dancing attendance on her. Tall fellows there were, too, and handsome. She asked me how many husbands I had. It was very humiliating to have to acknowledge to her that I hadn't any," she sighed.

Captured by the Students.

Some years ago the selectmen of the town of Hanover, N. H., decided, in their wisdom, to collect a poll tax from every Dartmouth student of legal age. The boys said nothing to this, but quietly decided that if they paid taxes they would also vote. So they turned out in full force at the annual meeting. Having strength enough to secure control, in less than five minutes they had elected students to the positions of moderator and clerk. Thirty minutes from the time the meeting was called to order the town of Hanover had gone on record as having voted to build a brick schoolhouse 500 feet long, ten feet high and two feet wide and to build a plank walk from Reed Hall in Hanover to Lebanon, in which town was a female seminary. The tax collector did not trouble Dartmouth students for many years after that.

The Universal Language of Clothes. The top hat represents the universal language of attire. It walls and weeps against the walls of Jerusalem, and it turns up in the solitudes of the desert. Even the loneliest mountain peaks are not safe from its democratic simplicity. Once I met a silk hat, probably rescued from some benevolent dust bin, milking a cow in a London park. The hat nearly caused a riot. Each and every passerby turned and stared indignantly. The eccentric cowboy in the top hat finished his allotted task, and in company of his cow and the milk pail he ambled placidly out of sight. Still one can't help asking in the interest of personal liberty, Why shouldn't a silk hat be permitted to milk a cow? The cow doesn't mind, so why should we?

A Temple Made From a Single Stone. Mayallpurnam, India, has seven of the most remarkable temples in the world, each of these unique places of worship having been fashioned from solid granite boulders. Some idea of their size and the task of chiseling out the interior may be gleaned from the fact that the smallest of the seven is twenty-four feet high, seventeen feet long and twelve feet wide. Travelers who have carefully examined them are of the opinion that it took centuries of work to carve these graceful edifices from native rock.

Hard Drilling.

A bit of the kind of American humor that has thrived since the days of Benjamin Franklin comes from a Montana mining camp.

Said one miner, "The rock down in that shaft is so hard that they used six barrels of drills the other day and barely scratched it."

"Ugh!" said another. "I saw 'em working on a ledge once where the rock was so hard that after they had used nine barrels of drills on it the hole stuck out six inches."

He Liked School.

A bright little four-year-old boy was taken to school for the first time. After he had been given a desk and set to work he suddenly put up his little hand.

"What do you want, Fritz?" asked the teacher.

"I should like to know when the holidays begin," said Fritz—Die Muskete.

No Great Loss.

"Oh, I am in despair," cried a poor woman, "my son has swallowed a cent!"

"Do not be too much distressed," said her friend. "After all, a cent is not a great sum."

Up and Down.

Stranger—What are your terms? Hotel Clerk—Rooms a dollar up. Stranger—I'm a poet, and I want—Clerk—Oh, in that case our terms are a dollar down.

Empty men are the trumpets of their own deeds.—Massinger.

In Warm Weather

Vinol is as delicious as a fresh orange, and as soothing as can be to the weak, irritable stomach. It coaxes back lost appetite, improves digestion and creates strength throughout the whole system. We strongly recommend Vinol to all who are weak and run-down from any cause,—particularly to delicate women and children, old people and for those who have pulmonary troubles. Money back if you try Vinol and are not satisfied.

DRUGGIST.

Cinnamon Toppers.

Both cinnamon and cassia contain tannin, and too much of either has the same effect as excessive tea drinking. There are cinnamon and cassia toppers who are as much addicted to the habit of chewing the bark as some men are to chewing tobacco. The cinnamon toppers acquire their habit chiefly from working in the woods stripping the bark from the trees and drying it. It is graded by men who taste a tiny morsel of each lot. At first this causes the lips and throat to swell, but in time this undesirable effect overcomes itself, and a genuine love for the bark is acquired.

MEN RULE BY FORCE, WOMEN BY CHARM.

And yet, because they live less strenuously, women neglect the early evidences of failing vigor. The wise woman will not permit her charms to be robbed by ill-health. When she feels appetite failing, nerves getting on edge, color fading, she takes Ferrozone. How it sharpens the appetite! How quickly rich blood is available to restore color to the cheeks, buoyancy to the step. Better try Ferrozone. You'll feel like a new being, with new vigor and ability to confront life's difficulties. You are sure to bless the day you commenced Ferrozone. Sold everywhere in 50c. boxes.
