INTEMPERATE HABITS INCREASE THE LIABILITY TO CONSUMPTION.

The susceptibility of people to tuberculosis is just about trebled by intemperate habits. This is the estimate of scientific men. The disease is not caught as you catch scarlet fever or small-pox, but by germs from dried sputum getting into the lungs. If our bodies are strong and healthy the germs are resisted successfully by the operation of nature; if weakened and depleted, the germ will make headway, and death is inevitable, unless proper methods of cure are followed. Temperance lecturers could well make use of these facts.

Neglected colds are also a prolific source of consumption, as they leave the lungs in a peculiarly receptive condition for the tubercular germ. A simple remedy, which is said to break up a cold in twenty-four hours, and cure any cough that is curable, can be obtained from any good prescription druggist at small cost. Take one half ounce Virgin Oil of Pine (Pure), two ounces of Glycerine and eight ounces of good Whisky. Shake well and take in teaspoonful doses every four hours.

To avoid substitution, it is best to purchase the ingredients and prepare the mixture yourself. The Virgin Oil of Pine (Pure) should be purchased in the original half-ounce vials, which are securely sealed in round wooden cases, with engraved wrapper, with the name—Virgin Oil of Pine (Pure), prepared only by Leach Chemical Co., Windsor, Ontario, plainly printed thereon. There are many rank imitations of Virgin Oil (Pure), which are put under similar names and style of package. Never accept these as a substitute for the Pure Virgin Oil of Pine, as they will invariably produce nausea and never effect the desired result.

Visitor—How pleasant your villa is!
Hostess—But I can't feel happy on half an acre of land. My family had several thousands and a castle and an army of servants.
Visitor (impressed)—Dear me. And when did you lose them?
Hostess—In the eleventh century.

Him—Oh, well, that's different. Women are so attractive that a man has some excuse.

Dupont—I think your son will be celebrated if he lives long enough.
Durand—In what way?
Dupont—Why, for his great age.

Him—I hate a filthy woman.
Her—What about a filthy man?

A dead man is soon forgotten—unless he died insolvent.

DR. STOCKTON'S DEATH.

Tribute from Dr. Inch, who was a Classmate of the Deceased at Sackville.

Speaking of the death of the late Dr. A. A. Stockton, M. P., to the Herald a short time ago, Chief Superintendent Inch, who was a classmate of the deceased, paid him the following tribute:

I desire to add to the many tributes of admiration and respect which the death of Dr. A. A. Stockton has called forth an expression of my high appreciation of his character and talents and of the services which he has rendered the country. I have known Dr. Stockton from his boyhood. We were college classmates. Our friendship during all these years has been intimate. His

death comes to me as a personal bereavement. During Dr. Stockton's preparatory course at the Mount Allison Academy and his undergraduate course at the University, he took a high rank as a student. As a member of the old Euboean Society he gave early promise of the brilliant oratorical and debating powers which shone afterward so conspicuously on the public platform and on the floors of parliament in every relation of life he was a model man. His complete private and public career may be held up as worthy of emulation by young men ambitious of living an honorable and useful life.

A NEW FOREMAN.

Mr. S. S. White of Moncton Coming to Gibson as I.

C. R. Mechanical Foreman Succeeding Mr. P.

A. Logan.

Moncton, March 18.—E. S. White of the L. C. R., has been appointed mechanical foreman at Gibson in the place of P. A. Logan. It will be remembered that Mr. White was one of the most careful and competent locomotive engineers in the L. C. R. service, but met with an accident near Evans' siding nearly two years ago. On that occasion he was driving on the west bound C. P. R. express,

which was derailed, and Driver White was buried for two hours beneath the locomotive, being finally rescued practically uninjured. The nervous shock which he experienced on that occasion, however, was such as to make it undesirable in his own interest to resume that class of occupation. The action of the minister of railways in appointing Mr. White will be generally commended.

THE "COME INTO MY PARLOR" STORY.

The invitation of the manufacturer of muddy, blotchy and adulterated package dyes to the ladies of Canada to use their poor colors for home coloring is as dangerous as the call of the spider to the fly. The invitation of the makers of common dyes if accepted, means loss of money and ruin of valuable clothing and materials; the acceptance by the fly of the spider's offer, is death.

Today, many ladies know too well that in the past they have been victimized by the false stories told by makers of crude dyes, and have suffered serious losses.

The DIAMOND DYES, used all over the civilized world have always done good and profitable work for our women and girls. No other package dyes are as strong, bright, full and as lasting as the DIAMOND DYES; old and young can use them with equal success and pleasure.

Ladies should see that the words "DIAMOND DYES" appear on each package they purchase. Refuse all imitations and substitutes. If you would avoid loss and trouble.

UPPER QUEENSBURY.

March 11.—The weather is unusually cold for this time of year, but is pleasant and spring like.

Our lumbermen are all done traveling, but a few have their summer's wood to get.

Handford Hagerman, who has been working for James Miller, Dumfries, is now at home.

Mr. Charles Parent, a prosperous farmer of Douglas, and a son of Deacon Parent, Maple Grove, hotel, was visiting his relatives and friends in this place last week.

Mr. and Mrs. Harry Currie, Mr. and Mrs. Edwin Parent, Miss Edith Bartlett, and Miss Nellie Ingraham were the guests of Miss Bessie Whitehead, one day last week.

Mr. and Mrs. W. B. Parent are now visiting relatives and friends at Keswick, Tracey Station and Fredericton. Mr. and Mrs. Parent are also anticipating a visit to Woodstock and Houlton in the near future.

Miss Cora Lockhard of Maple Ridge, is now spending a few weeks with her cousin, Miss Hazel Parent. William Lockhard of Maple Ridge, is also visiting relatives in this place.

W. S. Parent of Upper Queensbury, Hotel, has gone up river on a visit to relatives.

Miss Bessie Whitehead left today for Hatfield, where she has taken charge of a school.

Mr. and Mrs. Edwin Parent were guests of Mrs. Herbert Ingraham on the 25th inst.

P. W. and Sydney Ingraham of Temple, were the guests of relatives in this place on the 8th inst. They were en route to Fredericton.

Mr. and Mrs. Allan Fox of Southampton, spent Sunday with Mrs. Fox's parents, Mr. and Mrs. Ira Hagerman.

Mrs. Allison Miller of Nackawick, was visiting Mrs. Harry Currie one day last week.

Mr. Ernest Hazleton, who has been on a business trip to Fredericton and other points down river, has returned home.

Mr. Jas. Huestis has recently been

on a business trip to Woodstock. Our "Finch" club is still flourishing and last week played that most interesting game at S. W. Manuel's and Squire Whitehead's. Roy Hagerman is captain of the club.

Our teacher, Miss Florence Thompson, who was called to St. John three weeks ago by the illness and death of her sister, has returned here again and has resumed her work. Miss Thompson has the sympathy of the entire community in her bereavement.

Mr. Hinziah Keetch and crew returned from the lumber woods several days ago and we are pleased to see them all home again. Mr. Keetch had the misfortune to lose one of his large horses just before leaving the woods.

Mr. Willis Manuel, we are sorry to say, is now laid up the result of a kick received from one of horses a few days ago. He hopes to be out again in a few days.

Mr. and Mrs. Anaziah Keetch are receiving congratulations of their many friends on the arrival of a baby boy.

March 15.—The young people of Prince William were entertained by the young people of this place at the residence of Mr. Harvey Coy last evening and all spent a most enjoyable evening.

The Baptist choir met at A. C. Whitehead for practice last Saturday evening.

Mr. D. W. Parent and Mr. Willis Manuel have each recently had telephone boxes, in and others are to be put in in a few weeks.

Mr. and Mrs. D. E. Parent, Messrs. Ward and Hanford Hagerman, P. Manuel, Herbert Ingraham and Alex. Corry have been to the city on business within the last few days.

Miss Jessie Frazer is now visiting her friend, Miss Augusta Coy.

Miss Gladys Ross, who has been visiting friends here, has returned to her home.

Mrs. S. W. Parent spent a day last week with her friend, Mrs. A. C. Whitehead.

We are pleased to say that our sick are all progressing favorably towards recovery.

WHEELING DISASTER.

Eighteen Persons Met Death—Fleeing from fire they were Drowned.

Wheeling, Va., March 18.—Eighteen persons are known to have lost their lives in the early morning fire that occurred yesterday at the plant of the Waswick Pottery company.

Because of the water surrounding the burned district it was impossible for the fire apparatus to reach the scene. The police that could be spared were rushed to the scene to assist in the work of rescue. The work of a boat that was moored across the river from the building manned a yawl and rescued about 100 persons. The men were offered all kinds of reward for the work that they had done, but they refused to accept a cent.

During the progress of the fire the screams of help could be heard as far as the steel bridge a mile north where thousands of persons unable to lend any assistance watched the blaze. The work of recovering the bodies of those who were drowned has been going on all day. The current has been swift and the impression is that more bodies will be recovered when the flood subsides.

Had the drowned persons remained in their homes none of them would have met death.

ECZEMA.

Skin Itches Intensely.
Becomes Hard, Cracks.
Bleeding Sores Develop.
Pus is Discharged.

The prevalence of Eczema is due in every case to the presence of humors and poisonous acids in the blood. These poisons come from fermentation of undigested food in the upper bowel or from discharged fecal matter in the lower bowel.

It is a waste of time to employ ointment or washes.

No lasting benefit can be had from doctoring the skin when the cause lies in the blood.

Rich, pure blood will bring new life to the skin—will surely restore beauty and richness to the complexion.

Ferrozone is the best treatment. It acts on the blood instantly—acts with a purifying healing effect—neutralizes the acids—destroys the poisons—drives every humor from the blood. So rich and nourishing does Ferrozone make the blood, so cool and healthy, that the sores are healed—itchiness is soothed away—every trace of eczema poison removed.

If Ferrozone would cure then nothing will—in all blood disorders its effect is instant—cure guaranteed. Try Ferrozone, thousands it has cured—will cure you too. In 50c. boxes at all dealers.

NASHWAAK VILLAGE.

March 15.—Mrs. D. Clarkston, is the guest of her daughter, Mrs. D. Clarkston.

The M. S. Circle met at the home of Mrs. Chas. French. There were about seventeen present and had a very enjoyable afternoon. They are to meet at Mrs. David Manzer's next Wednesday.

Miss Bertha Manzer has returned from Stanley.

Miss Cassie Forbes, who has been ill for a long time, is recovering.

The boys are all getting home from the lumber woods. How much happier some of the young ladies look.

Miss L. E. Bradley, who is attending the Normal school at Fredericton, spent Sunday at her home.

Miss Edna Cain of Marysville, is the guest of her sister, Mrs. Frank Brown.

The lumbermen are done hauling their logs here.

March 16.—Word came here by telephone this morning that Miss Jessie Bell, of Taymouth, died at Stanley at 5 o'clock this morning. She was operated on for appendicitis yesterday at noon, and was not strong enough to rally after the operation.

Solitaire.

"Do you think the country is safe?" "Certainly," answered Mr. Dustin Stax. "We big investors are drawing dividends that make it incumbent on us to insure the country as thoroughly as possible."—Washington Star.

"Jack Thompson is a very witty fellow."

"Well, he's a chemist. He ought to be."

"Now, what on earth has that to do with his wit?"

"Every thing. Chemists should be always ready with retorts!"

WHISKY MEDICINES.

The temperance press is emphasizing the danger to the home in the use of "medicines" which are loaded with whisky or alcohol. In this respect, as well as in the remarkable character of their cures, Dr. Pierce's medicines differ from other preparations. Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, indigestion, biliousness and bowel derangements, and "Favorite Prescription" for women's derangements and weakness, contain no alcohol. Their full ingredients are printed on the bottle wrappers, therefore they are not secret or patent medicines. Write to Dr. R. V. Pierce, Buffalo, N. Y., for free booklet giving list of medicinal roots from which these remedies are extracted by the use of triplicated glycerine, also the eminent medical writers who recommend their ingredients for the cure of the diseases for which these medicines are advised.
