DEATH IS BUSY.

Two Prominent Public Men, One of Them a Conservative M. P., Removed by Implacable Enemy.

Ottawa, March 8.—(Special)—Edward Cochran, Conservative M. P. Northumberland east, died at the Protestant General Hospital here this morning.

He was suffering from cancerous growth in the throat, and for some time has had to be fed artificially. He was 73 years old. He was first elected to the house of commons in 1882, and with the exception of one session in 1887 represented that constituency ever since.

Mr. Cochran was a prominent farmer and stock raiser, and is survived by his third wife, formerly Miss Odell of Ottawa.

The only time he was defeated in an election was in the general contest of 1887, when he lost by only eight votes. His successful opponent was unseated and Mr. Cochran was re-

turned in the bye-election which followed. His majority over Douglas, Liberal, in the election of 1904 was 206.

Cornwall, Ont., March 8.—(Special)—Lt. Col. R. R. McLennan, former Conservative member of parliament for Glengarry died somewhat suddenly last night as the result of an operation.

He was 65 years of age and represented Glengarry from 1891 until the general election of 1900. He acquired considerable wealth as a railway contractor and years ago held the world's championship for hammer throwing.

He once killed a girl at a Caledonian contest with a hammer, and was so affected by the accident that he vowed never to throw the hammer again. He was a stalwart specimen of manhood, standing six feet four.

THE THAW TRIAL.

Defence Announces They Have Concluded Their Case--Took District Attorney By Surprise.

New York, March 8.—There was another quiet turn of the case in the trial of Harry K. Thaw late yesterday when the defense announced that it had concluded to rest its case.

It was nearly 6 o'clock when Delphin M. Delmas, chief of the Thaw counsel, called District Attorney Jerome on the telephone and made the announcement.

The district attorney was perhaps the most surprised man in New York for it had been understood that when Justice Fitzgerald resumed the bench Friday morning at 10.30 the Thaw attorneys would call one of two alienists.

It is known that Mr. Delmas is busy at work on a hypothetical question which will be propounded to the experts for the state. There are numerous witnesses that could be called in rebuttal, including alienists for the state who have been in court every day since the trial opened, studying Thaw. Howard Nesbit, a brother of Mrs. Harry K. Thaw, May McKenzie and others have been at call daily and may be summoned. The general supposition is, however, that adjournment will be taken.

REBUTTAL MAY BE LONG.
It was understood that the defense will attempt to conclude its cross-examination speedily, dealing very briefly with the alienists. How long

Mr. Jerome will take in rebuttal is another question of importance. The case may close with this rebuttal, although the defense has a chance for sur-rebuttal. On good authority, it was said that Delmas would sum up for Thaw. This, too, has been a question under discussion.

The close of the defense was with the testimony of Mrs. William Thaw, mother of the defendant, and it was said that at yesterday's conference it was decided that no better climax could have been reached by the defense.

District Attorney Jerome was asked: "In case the defense does rest today how long will the case last?" "It seems to me that the evidence should all be in by Wednesday," he replied.

"Then by giving the defense one day for the closing address and allowing me the same amount of time, the case should go to the jury some time on Friday of next week."

"Will you go to the jury with the case, or will you ask for a commission in lunacy?" "On the evidence as it now stands I will certainly go to the jury," replied the district attorney. "If there is nothing between society and anyone who wishes to attack it but a 'brain storm' we had better go back to the days of the frontier and every man take out a pistol permit."

LEGISLATIVE COMMITTEES.

Premier Makes an Important Announcement in Regard to Telephone Legislation.

The legislative committee on municipalities met today, but no bills were taken up. It was announced that the Fredericton assessment bill will be taken up tomorrow, the Moncton bills on Tuesday and the St. John bills on Wednesday.

Hon. Dr. Pugsley stated that the government proposed to introduce a bill with respect to Telephone Co.'s which would be of general application. This bill would not take the place of the New Brunswick Telephone Company's bill. It would give the governor in council power to regulate tolls and to compel companies to give connection with other telephone systems. Also to extend their line to localities where a telephone is needed and where there is a reasonable prospect of it being remunerated. The telephone is a public utility of great importance and should have as wide an extension as possible. The bill would also deal with the question of seeing that the telephones are in good order and this will raise the question of the appointment of an inspector and whether this official should be paid by the companies or the government. It

would also give the municipalities the control of the placing of the poles or conduits for the wires and also that no trees should be cut down without the consent of the superintendent of highways.

CORPORATIONS COMMITTEE.
The corporations committee met this morning under the chairmanship of Mr. King, and proceeded with the consideration of the bill for incorporating the trustees of the Reformed Presbyterian synod of Ireland. Mr. Maxwell having briefly explained the object of the bill, it was agreed to and ordered to be recommended to the house.

The committee then proceeded with the consideration of the bill to change the name of the Moncton Rural Cemetery Co. to the Elmwood Cemetery Co. which was also agreed to and ordered to be recommended to the house.

A WILD STORM.

Train on Moncton & Buctouche Railway Stuck in Snow Drifts All Night.

Moncton, March 8.—(Special)—Yesterday was probably the roughest day of the winter at Shediac and Buctouche.

The storm raged all the forenoon and in the afternoon the light snow was whirled in all directions and piled into drifts.

The M. & B. R. R. train on its way to Moncton yesterday got stuck at Notre Dame, after a hard fight, and remained at that place all night, arriving here this morning.

The storm was very wild along the M. & B. Considerable light snow fell and a very high wind prevailed. When the train reached Notre Dame, the storm was so bad that the crew were compelled to quit work.

WANT AMENDMENTS.

Quebec and Ontario Druggists Object to Patent Medicines Bill.

Ottawa, March 8.—(Special)—About fifty representatives of the Quebec Pharmaceutical Association, with representatives from Ottawa and other Ontario cities, waited on Hon. Mr. Templeman, minister of inland revenue today, and asked that his proprietary medicines bill be amended so as to do away with the stamp which is to be charged against the trade, and also asked that the bill be held over for another year.

Mr. Templeman as good as admitted that the stamp proposition would not be adhered to.

THE STOCK MARKET.

Montreal, March 5.—(Special)—The stock market continued unsettled today and weakness showed in some issues.

Dom. Coal sagged from 66 to 65½, and Dom. Steel sold lower at 22½ to 23 with bonds at 77½.

N. S. Steel was fractionally off at 74½.

Liquidation was general, the most important features being: Detroit 76½, MacKay 70½, pfd 68½, Montreal St. 219, Toronto Railway 110 to 109½, Mont. Power 88½ to 89, Illinois pfd. 90½, Can. Pac. 173, Twin City 97.

CONSERVATIVES WIN.

Roblin Government in Manitoba Sustained by Decreased Majority--Opposition Leader Defeated.

Montreal, March 8.—(Special)—The latest returns from the Manitoba elections give the Conservatives 26 and Liberals 13.

Winnipeg, March 8.—The fiercest political battle in the history of the province came to an end in Manitoba yesterday and resulted in the return of the Roblin government to power by a slightly decreased majority. Among the defeated are Brown, the Liberal leader, and one or two members of the government, Hon. Mr. McPadden, in Emmerson, and Hon. Colin Campbell, in Morris.

Winnipeg city only returned one Liberal and the towns generally remain in the Tory column. Following are returns as far as received:

APPEAL TO THE HOUSE.

Mr. Whitehead Gives Notice in Legislature of Important Resolution Affecting Fredericton's Sewerage Tangle.

Members Asked to Declare St. John River Should be Exempt From Legislation Preventing Its Use for Drainage Purposes.

Another important move has been made in the Fredericton sewerage case, and it looks as if the whole trouble will yet be disposed of in a matter satisfactory to the city. Since the decision of the government was given out a few weeks ago, the members of the sewerage committee, particularly Ald. Scott, the chairman, have been quietly at work, in conjunction with Mr. W. T. Whitehead, M. P. P., and as a result of their labors the whole question is to be threshed out before the legislature.

MR. W. T. WHITEHEAD, M. P. P., Who is to Move Sewerage Resolution.

In the House this afternoon Mr. Whitehead gave notice that on Tuesday next he would move, seconded by Mr. Campbell, M. P. P., the following resolution, dealing with the matter:

"Whereas, It is admitted by sanitary experts as a general principle that inhabited countries are watered by their springs, lakes, and smaller streams, and drained by their large and navigable rivers; and Whereas, The river St. John (except the St. Lawrence) is the largest river on the Atlantic slope, traversing a part of the state of Maine, and nearly the whole length of this province, and draining an area of some 14,000 square miles, occupied by a population estimated at 100,000, is now and has been for many years, with its tributaries, used for direct drainage by the towns of Houlton, Ashland, Presque Isle, Port Fairfield and Caribou in Maine, and by every town and village, and industry in this province, situated upon its banks, and its tributaries; and

"Whereas, The water of this river from its long use for commercial and drainage purposes, has been declared unsafe for domestic use, but its great volume is amply sufficient to carry off all such waste without the least evidence of nuisance;

"Therefore Resolved, That in the opinion of this House the river St. John should be exempt from any regulations or enactments made or to be made of these resolutions."

MR. JOHN A. CAMPBELL, M. P. P., Seconded of the Sewerage Resolution.

made with a view of maintaining the lakes and streams of the province in a potable condition.

"Also Resolved, That any other policy would be detrimental to the commercial and industrial development and progress of that part of the province drained by said river; and

ALD. JOHN S. SCOTT, Chairman of Fredericton Sewerage Committee.

"Further Resolved, That the government be requested to introduce legislation at the present session of this House embodying the principles of these resolutions."

MONCTON BUDGET.

Moncton, March 8.—(Special)—On account of accidents to players, the Victorias will be unable to go to Sackville tonight to play a return game with N. B. A. H. L. team there.

Last night at practice Billy Stoyles, spare defense man fell and struck his face on his skate, inflicting a terrible gash which required a number of stitches.

Trites was injured the night before while skating in the rink falling and injuring his knee, and last night, Cushing the right wing of the team was called to Mulgrave to attend an I. C. R. investigation. The team is thus deprived of two regular and one spare player, and could not put on a team to play Sackville tonight so the game is postponed until next week. Guy Norval, a house well known in local circles with a mark 2-29, was Port Elgin, for three hundred dol-

lars. W. H. Wilson, Moncton was sold this morning to W. H. Copp, of the late owner.

Mr. Joseph Crockett will go to St. John tomorrow to represent their city at the conference between the New Brunswick A. H. L. and the maritime province athletic association representatives.

ST. JOHN NEWS.

St. John, March 8.—(Special)—Dr. J. H. Frink, the unsuccessful candidate for Mayor last year, has been approached by many friends, to offer for alderman this year. The funeral of Chas. McGeehan was held this afternoon and very largely attended. C. Company 62nd Fusiliers, of which he was a member, attended in a body, as did also the clergies. McGeehan was a Fredericton man who was drowned here in February.
