M'SWEENEY-BURRILL.

Moncton Senator's Son Led Former Yarmouth Lady to Matrimonial Altar.

Moncton, N. B., April 1.—(Special)—St. Bernard's Roman Catholic Church was the scene of a wedding event or more than usual interest at twelve o'clock today, when Algernon E. McSweeney, son of Senator McSweeney and manager of the Peter McSweeney Company, Limited, was united in marriage to Miss Cleste Burrill, daughter of Israel L. Burrill, paymaster of the I. C. R. The nuptials were witnessed by a very large number, the church being filled. The church was beautifully decorated with plants and flowers for the event. The ceremony was performed by Rev. A. LeBlanc, resident priest, assisted by Rev. Father Cormier, curate. The bride, who was unattended, was escorted to the altar by her father, by whom she was given in marriage. She was attired in a tailor-made travelling suit of brown broadcloth with hat to match. After the ceremony a reception was held at the home of the bride's parents, Botsford Street, only a few of the relatives and immediate friends being present. Mr. and Mrs. McSweeney left on the C. P. R. this afternoon on an extended wedding trip to Boston, New York, Washington and Florida, to be absent a month. The bride, who formerly lived in Yarmouth, is very highly esteemed by a large circle of friends in this city. The bridegroom is one of Moncton's best known young business men. On their return they will take up their residence in Mrs. Elliott's house, Botsford Street.

THE THAW CASE.

Defence Assumes Prisoner will be Adjudged Sane and Trial will Continue.

New York, April 1.—(Special)—The important development in the court proceedings against Thaw in the announcement today by counsel for the prisoner that the Thaw side rests, so far further testimony by their side is concerned, before the lunacy commission. The defense believes this will help bring this particular hearing to a close by Tuesday night, so that the trial delayed for more than a week by the movement to determine Thaw's sanity at the present time, can be immediately resumed. The defense assumes, of course, that the commission will find that Thaw is now sane. In fact they are supremely confident of such an outcome, basing this opinion on the splendid showing Thaw is said to have made when questioned by the commissioners. Mr. Jerome does not share the opinion of the defense that the commission will conclude their hearing on Tuesday.

LAMP RESPONSIBLE.

Ontario Woman Fatally Injured by Explosion, and Plunge into Icy Water to Extinguish Flames in her Clothing.

Niagara Falls, Ont., April 1.—(Special)—Mrs. Burnett of St. David's, was probably fatally burned at her home here by falling down stairs with a lighted kerosene lamp in her hand. Her clothing was soaked with oil and took fire. She ran outdoors to a small creek into which she plunged to extinguish flames. By this time her clothing was almost entirely burned off, and when she was taken from the icy water, she was in a very serious condition. Mrs. Burnett is of advanced age and slight hopes are entertained for her recovery.

AN ELOPING PAIR.

English Girl Arrived at Halifax with an Alleged Married Man.

Halifax N. S., April 1.—The Allan line steamer Parisian arrived yesterday from Liverpool with 751 immigrants, the majority of whom are English and are bound for the Canadian west. Of the number 200 go round with the steamer to St. John. Chief of police Power met the steamer on its arrival and on the strength of a cable from London, detained an eloping couple who were traveling as a man and wife. His name is P. Key, and the steamer list has the name of P. Key and wife. The police refuse to give the name of the young woman, and all the officials are keeping it secret, but they admit that she is well connected in England and has relatives in New York. A relative from that city was here to identify the girl and pointed her out to Power. The couple were arrested and kept under surveillance till last night, when the girl and her relative left by rail for New York. Key is still detained in the immigration building. In his pocket he had an express order for \$400. Key is said to have a wife and children in England. The girl's father is now on his way out by a steamer direct from London to New York to take her back to England.

DISTINGUISHED MAN.

Delegate to Peace Conference Visiting Upper Canadian Cities.

Montreal, April 1.—(Special)—Sir Robert Cranston, K. C. V. C. brigadier general, and until recently Lord Provost of Edinburgh, a delegate to the coming peace conference in New York, is in the city on his way to Toronto, where he is to address the St. Andrew's Society on Robert Burns, Thursday night. He will attend the opening of the Carnegie Technological College, and will speak in many American cities on Scotch subjects. He is an ardent advocate of peace, and takes much interest in the work of the peace congress.

EDUCATIONAL CONFERENCE.

The school inspectors of the Province are to hold a conference with Chief Superintendent Inch this evening beginning at eight o'clock. Inspectors Messereau of Doaktown, Steeves of Sussex, Hebert of Dupuis, Cormier and Doucet of Bathurst are in the city to attend. The committee on the text books will meet tomorrow morning at nine o'clock.

SUDDEN DEATH.

Dr. Sheffield, a Veteran St. John Physician Passed Away Without Warning.

Dr. Mason A. Sheffield, died suddenly in his home, 116 Princess St., St. John, on Saturday night of heart trouble. He had been out visiting a patient and reached home about 6 o'clock. At that time he complained of a pain in his chest and remarked to his niece, Miss Ross of Halifax, who was in the house, that he had been walking too fast and was very warm. He went to the dining room and set for tea, but the doctor said he did not feel like partaking of any and he walked out into the kitchen, where he was warming his feet when Mrs. Sheffield, following him, suggested he should go upstairs to bed. He consented to do this and walked upstairs unaided. Then he lay down directing Mrs. Sheffield if he grew any worse to send for Dr. Inches. The two ladies went down stairs for a few minutes and when they returned they were shocked to find the doctor dead. Dr. Inches and Dr. T. D. Walker were hurriedly sent for, but could do nothing. Dr. Inches said it was a case of heart failure. About two or three years ago Dr. Sheffield had a bad fall, from the effects of which he never fully recovered. He was fitting the storm windows into the sashes on the second story of his house and fell with one of the sashes on top of him. He sustained some severe cuts about the head and bruises on his body besides which he was badly shaken up. Dr. Sheffield was born in Cornwallis, N. S., seventy years ago—in March, 1837. He received his early education at the Wolfville Academy and began the study of medicine under the late Dr. Almon of Halifax. From Halifax he went to Bellevue hospital, New York, where he obtained his medical degree afterwards, engaging in hospital work in New York and Washington, D. C. He was twice married and his second wife survives him.

AGREEMENT REACHED.

Coal Mine Owners and Miners' Union at Last Come to an Understanding.

Calgary, April 1.—(Special)—After fifteen days strenuous discussion, marked by several disagreements and at times almost irreconcilable differences, the Western Coal Operators' Association and the United Mine Workers of America succeeded on Saturday in making an agreement good for one year. The miners receive a 5 per cent. increase on outside scale, and on these terms will work for one year, when a new wage agreement must be called for.

TEACHERS' ASSOCIATION.

A meeting of the New Brunswick Teachers' Association was held in the High School building here this afternoon, but as the attendance was rather slim Mr. Henry Harvey Stewart, deemed it advisable to postpone the meeting sine die. Mr. Stewart says that the organization has to a considerable extent accomplished the object of its mission, namely all the teachers of the Province having secured an increase of salary since it was formed. Mr. Stewart himself has abandoned the teaching profession for the more lucrative one of journalism. He is editor of the Newcastle Advocate.

A BUSY WEEK.

The Legislature will meet pursuant to adjournment at eleven o'clock tomorrow morning. The committee to investigate the charges in connection with the "Restigouche" election will meet on Wednesday morning at eleven o'clock. Some thirty witnesses have been subpoenaed to attend and it is likely that the investigation will last several days. Mr. James Reid, the federal member for the county has signified his intention of being present.

MONTREAL SUICIDE.

Montreal, April 1.—(Special)—Mr. Thos. Geo. Gumbay, 48 years of age living at 304 Magdalen street, cut his throat with a razor in his room today. He was a married man.

ENGAGEMENT.

The engagement has been announced to Miss Alice Strong of Wolfville, N. S., and Mrs. A. Tannaill Crilly son of the late Daniel Crilly, P.M., of St. Stephen. Mr. Crilly was a former student at the U. N. B.

I ordered you to paint me some cows in a stable. I see the stable, but where are the cows? They are in the stable. So is your pay for this picture. You had better bring both out.

GLAD EASTER SUNDAY.

Special Services in the Churches Attracted Large Congregations.

Easter was duly observed in all the churches of the city, and the beautiful spring weather which prevailed, not only helped out the attendance, but gave people an opportunity to display their Easter finery. In all the churches there were beautiful floral decorations, and the choirs carried out a program of appropriate hymns and anthems bearing upon the Resurrection. At St. Paul's Presbyterian church, the pulpit was banked with flowers, and plants and made a fine appearance. The pastor, Rev. Willard MacDonald, occupied the pulpit at both services, preaching sermons appropriate to the occasion. The musical program carried out by the choir included vocal solos admirably rendered by Miss Margaret Kelly. At the George Street Baptist Church, Rev. A. A. Rideout preached at both services in the presence of large congregations. The pulpit platform was prettily decorated with flowers, and the Easter music rendered by the choir came in for much well deserved praise. At the close of the evening service Rev. Mr. Rideout administered the ordinance of baptism to five candidates. The Brunswick Street Baptist Church, was comfortably filled at both services yesterday, and the able and appropriate sermons by the pastor, Rev. J. H. MacDonald, were greatly enjoyed. The pulpit platform was banked with potted plants, including calla lilies, which made a very pretty effect. A special musical program was carried out by the choir at both services, and in the evening Mrs. F. A. Good rendered a solo in her usual exquisite manner. The Easter services at St. Dunstan's Church, were well attended yesterday. Rev. Father Hannigan, preached the Easter sermon at high mass. Special music was rendered by the choir under Miss Wetmore. The Easter offering amounted to over four hundred dollars. At St. Anthony's Church, St. Mary's, masses were celebrated by Rev. Fathers Ryan and McLaughlin. At the high mass Rev. Father Ryan preached an impressive sermon and Rev. Father McLaughlin spoke a few appropriate words of farewell to the congregation. At four o'clock Solemn Vespers was sung. Rev. Father Hannigan, as sub-deacon, Rev. Father McLaughlin as deacon and Rev. Father McLaughlin as cantor. The Easter service was rendered by the choir. The pretty church was tastefully decorated and the altar presented a very pretty appearance. The Easter services at the Cathedral yesterday attracted large congregations and, as usual, were of a very interesting character. The floral decorations were on an elaborate scale, and added a great deal to the appearance of the church. An excellent and very appropriate program of Easter music was carried out by the choir. The bishop coadjutor was the preacher both morning and evening. In the afternoon, a children's service was held at which the infant daughter of Bishop and Mrs. Richardson was christened under the name of Edith Geraldine, the coadjutor performing the ceremony. At the parish church, Rev. Richard Bolt was the preacher at the morning service, and Rev. Canon Cowie occupied the pulpit in the evening. There was special music and large congregations at both services. At the Methodist Church, Rev. Mr. McConnell preached two excellent Easter sermons to large congregations. The Easter anthems for the morning service, Christ is Risen, and King of Kings and for the evening service, So Loved the World, were rendered with splendid effect. The floral decorations were the work of Miss Schleyer and were beautiful. In addition to the regular collections, the special Easter offering amounted to over a hundred dollars.

FASTER MILLINERY.

An Attractive Selection of Ladies' Millinery at Miss Morgan's - A Successful Easter Opening.

The display of Easter millinery and latest spring fashions in ladies' headwear, is now to be seen at Miss Morgan's millinery parlours, York Street. It is useless for a newspaper man to attempt to describe the many creations in headwear, which so delight the feminine fancy, suffice it to say that Miss Morgan's parlours contain the latest selections in trimmed and untrimmed hats of the latest Parisian, English and American designs. During the past couple of months, Miss Morgan, visited the leading establishments in the old land, and personally made a careful selection of her stock, and those who visit her parlours will have the benefit of these selections. The Easter opening at Miss Morgan's establishment on Thursday afternoon was most successful. From the hour of opening in the afternoon, until late in the evening, the store was thronged with ladies from this city and vicinity. The expressions of admiration heard on every side from the ladies must have been gratifying to Miss Morgan and her obliging staff of assistants, and in a large measure repaid that lady to the trouble and expense which cost to bring such a display before the ladies of this city.

The millinery display was nicely arranged and the interior of the store presented a pretty appearance. The windows were very attractive. One of them contains a beautiful selection of pattern hats displayed amid surroundings of violets and lilies of the valley. In the other window can be seen a nice lot of children's bonnets on a back ground of roses and apple blossoms. To those who were not so fortunate as to be present at the opening, we would say, that they will yet find a choice selection of the latest and best in millinery goods and courteous attendants will take great pleasure in showing the goods to all ladies who may call.

THE INCOME TAX.

Hon. Geo. F. Hill Gives Notice of Important Resolution.

In the legislature on Thursday afternoon Hon. George F. Hill gave notice of the following resolution for Wednesday of this week. "Whereas, by the several assessment acts of 1875, the principle of equality in the rate of assessment imposed upon real and personal prop-

erty and income was adopted by this legislature. "Therefore Resolved, that in the opinion of this House the government should introduce legislation during the present session providing that hereafter real and personal property and income should be equally rated throughout the Province. It is said that Hon. Mr. Hill has been led to take this step as the result of a rumor that pressure might be brought to bear on the city council to withdraw the assessment bill in case a flat rate for the taxation of income and property should be recommended by the municipalities committee. It is likely that the matter will be discussed by the city council at their meeting this evening.

THAT NEW INDUSTRY.

Senator Thompson-Talks of Proposed Merger with Dunbar & Sons.

Senator Thompson of the New Brunswick Foundry Company, talking with a representative of The Herald today, admitted that a member of the Dunbar Company of Woodstock, made a proposal to amalgamate the two companies and establish a large industry in this city for the manufacture of cars, shingle machines, mill machinery, etc. The Dunbar concern he says, are hampered at Woodstock, by lack of proper shipping facilities, and feel that it is necessary for them to make a move. They believe that a company could be formed here with a capital of say half a million dollars, that would develop a large manufacturing business. The Senator intimated that he had promised to look into the matter very carefully just as soon as parliamentary prorogues, and see what can be done. He thinks the proposed industry would require a site of five or six acres of land, and he anticipates no trouble in securing one in the vicinity of the railway. Should the negotiations be carried to a successful issue, it is altogether likely that the city will be asked to grant some concessions to the new industry. It is said that the J. C. Risteeva Company might not be unwilling to unite with the Al. Dunbar & Sons and the New Brunswick Foundry Company in establishing a works in this city.

HOSPITAL AID BAZAAR.

The ladies of the Hospital Aid are arranging for a pleasant evening in Church Hall on April 10. Besides the customary booths, there will be an Oriental tea booth and a fancy paper table. Refreshments will be on sale and an orchestra will furnish music. Admission, 10 cents. Doors open at seven.—d.
