LUSITANIA'S GREAT RUN

The Fleet Cunard Liner Smashed Three Records on Her Transatlantic Trip.

NEW YORK, Oct. 11.—(Special)—Four days, nineteen hours, fifty-two minutes from Queenstown, with every transatlantic speed record in her possession, the majestic Cunard liner "Lusitania" swept by Sandy Hook lightship at 1.17 a. m. today and after a pause off the bar to await daylight steamed slowly up the harbor. Three records were written in her log book, two of them wrested from the German rivals of the Cunards, and one from the swift Lucania of her own line. They were records of shortest time from any European port to New York, fastest average speed for any trans-Atlantic voyage, 23.99 nautical miles per hour and the longest daily run of 617 nautical miles. Translated into land miles her speed average for the run was 27.40 miles an hour. The records which she has broken were that held by the Kaiser Wilhelm II, of the North German Lloyd Line, which crossed from New York to Plymouth at an average speed of 23.59 knots, compared with the Lusitania's 23.99. That held by the Hamburg-American liner Deutschland, of 5 days, 11 hours, and 54 minutes, from Cherbourg to New York, and that held by the Cunard liner Lucania, from Queenstown to New York in 5 days, 11 hours and 24 minutes.

The Lusitanias daily runs from noon are as follows:—Sunday 41, Monday 590, Tuesday 608, Wednesday 617, Thursday 600, and from noon Thursday to 1.17 a. m. Friday 324 miles.

MONCTON'S HOCKEY TEAM.

Railway Town has a Strong Combination Ready to Defend Starr Trophy Against All Comers.

MONCTON, N. B., Oct. 11.—It is likely that the team which brought the Starr trophy to Moncton last winter will be the team to defend it against challengers during the approaching hockey season, and if personally the champions is not identical the same changes will go towards strengthening the defenders. There is in Moncton at the present time, an abundance of material for two good teams and if a New Brunswick Hockey league is formed, it is not unlikely that two teams from this city will compete, Victorias for one and Mohawks for the other.

It is learned here that in Fredericton, arrangements have already been made for leasing the rink for the winter and probably one of the first games which the Victorias will play in the approaching season, will be an exhibition with Fredericton. Regarding the line up of the champions all the players of last year are available, including—Goal tender, Wortman; Brown Brothers, defence, Gregory, Cushing, Crockett, Stoyles, Trites and Kennedy for forward.

McGrath, the crack forward man on the Euro team last year, will be a contestant for a place on defence. He was the best point playing hockey in Nova Scotia last winter. A couple of dark horses from the upper provinces are employed at the new shops here and may have places on the team.

All told the challengers will have a difficult proposition to solve in trying to wrest the Starr trophy away from Moncton. Challenges are expected from Prince Edward Island, Nova Scotia and Cape Breton League of winners.

A CLEVER OFFICER.

"Peachy" Carroll Appointed Chief of Police at Nelson, B. C.

MONCTON, Oct. 11.—(Special)—"Peachy" Carroll, Picton, N. S., the detective who is noted for the capture of more than one desperate criminal and particularly so in this locality for capturing "Jim" of "Buck and Jim," fame has been appointed chief of police in city of Nelson, B. C. Detective Carroll went west a few months ago having obtained leave of

THE STOCK MARKET.

Many Leading Stocks Still Have a Downward Tendency.

MONTREAL, Oct. 11.—(Special)—Prices in stocks continued on a downward way this morning. The market weakness in Wall street was among the causes. This with unsatisfactory conditions locally led to some selling which however did not affect any particular stock with special force. Steel and coal issues held unchanged. MacKay and traction issues were noticeably weak. Toronto Railway was off to 98 1/2. Toledo sold down to 17 1/2. Detroit to 62. Montreal street railway was about steady at 184 asked. MacKay broke to 58 1/2. Pfd. to 59. Nova Scotia steel sold at 64. Mexican Bonds, 72. Power 91 1/2. Lake of Woods Mining, 72. Dominion coal held its own at 26 for common and 95 for Pfd. Steel Common sold at 19 and 18 1/2 but bonds were shade easier at 17 1/2. Shaving Power was off to 53 after recent advance from below that level.

FLOUR GOES UP.

ST. JOHN, N. B., Oct. 11.—Flour took another advance this morning of 20 cents per barrel and is now quoted at \$6.95 for Manitoba Patents. Oatmeal also advanced this morning 45 cents per barrel. An advance in price of bread is expected now.

DR. PUGSLEY IS BUSY.

Ottawa, Ont., Oct. 11.—Hon Dr. Pugsley received two important delegations this forenoon. One was from the construction of a breakwater on the Island, and the other from the Liberal association of Toronto headed by Senator Jaffray, the president.

FROM COLLEGE HILL.

Football Team Getting Ready for Work—Intercollegiate Games.

The football season, which has so far been a source of much pleasure, especially to aspiring enthusiasts, is now becoming of interest to all. As yet our team has had no real good practice, but this will come in the course of a few days. The first inter-collegiate game will be played on our campus on Thursday the 17th, when the St. Joseph boys will line up for serious work. Despite the fact that the St. Joseph's boys suffered a bad defeat (14-0), from Mount Allison yesterday, we believe they will bring a very good team here and our men should keep down to hard practice. Captain Rutledge is doing all that can be done and the boys should do their best in every practice game and above all, at the critical moment.

Mount Allison is scheduled to play here on the 31st. This, of course, will be the real game of the season for U.N.B. We are confident that we can make a good showing on that eventful day.

Mr. Archie Babbitt, secretary of the University Athletic Council, recently received letters from the St. Dunstan football team in regard to a game which they would like to have with us on our own grounds, about the 25th, and it is quite probable that we will give them a game about that time.

The college glee club will hold its first meeting in the arts building on

Saturday at 7 p. m. Professor Harrison, who has conducted the club so successfully during recent years, has been engaged for the present year, and we anticipate great results. All new men should come up and find out just how charming their voices are and learn to sing and take an active part in college life.

The subject for Saturday's debate is "Resolved that residency is essential to a complete college training." Mr. Sharpe '08 will lead the affirmative and Mr. Mathews '08 will defend the negative. The debate will begin at 8.15 and since this is a question that will indirectly interest all land-ladies in the city in so far as it may tend to be a revelation of addictions, we wish to attend a very cordial invitation to all concerned that they might profit by some of the good advice that is liable to be extended to all deserving creatures.

Tonight is to be celebrated at the Theatre by the attendance of a good number of "Representative Young men" an impression has gone among the town folks that this was decided upon at a regular meeting of the students, and has the sanction of the debating society. This is not the case, the debating society has nothing to do with such movements. Such affairs are of a different character and all who attend are responsible. A pleasant evening is looked forward to by all who are planning to attend.

THE SPRINGHILL STRIKE.

Conference Between Government and Strikers Has Cleared the Air.

OTTAWA, Oct. 10.—Mr. McKenzie King has been informed from Halifax that the Springhill miners and the management have practically agreed to accept the award of the conciliators, made some time ago in that dispute. The men will probably go back to work tomorrow.

HALIFAX, N. S., Oct. 10.—The Springhill strike has entered upon a decidedly hopeful stage. The several conferences held between the members of the government and the committee of Pioneer lodge have resulted in clearing the air and a settlement is believed to be at hand. The Springhill committee remained in the city today awaiting the return of Grand Secretary John Moffatt, who had gone to Bridgewater for a further conference with Mr. Justice Graham for the purpose of ascertaining what was the real scope of the decision of the conciliation board.

Although the men decline to make any statement, it is believed that considerable misunderstanding regard-

ing the effect of the decision has been removed and that as a result of Mr. Moffatt's conference with the judge a way has been opened for settlement. It is understood that several points in the dispute which the men believed had been covered by the decision of the conciliation board have been left open. This would place an entirely new phase upon the matter from the men's point of view, and in the light of Judge Graham's explanation the award may now be acceptable to the men. But as to that the committee would not even venture to say. They are returning to Springhill tomorrow morning, and a meeting of Pioneer lodge will be held tomorrow night, when the new developments will be laid before the members.

The committee have handled the case during their several conferences here with excellent judgment, and it is to be hoped in the interest of all concerned that their efforts will be successful in effecting an amicable adjustment of the difficulty.

ACCEPTED THE CALL.

Rev. J. D. Freeman Will Become Pastor of Church in England.

TORONTO, Ont., October 10.—Rev. J. D. Freeman, M. A., until recently, pastor of the Bloor street Baptist church, has accepted a call to the pastorate of the Belvoir street Baptist church, Leicester, England, the oldest Baptist church in that city, and one of the most important centres of English non-conformity. It was founded in 1760, and numbers among its former pastors, William Carey and Robert Hall. Rev. Mr. Freeman, who is a graduate of McMaster University in theology, and who, before going to Toronto, held pastorates in Whitby and Guelph, Fredericton and St. John, comes to England with the reputation of being an outstanding preacher among Canadian Baptists. His study of the twenty-third psalm, "Life on the Uplands," which has been published both in Canada and the United States, and has just appeared in England.

APPEAL TO LAURIER

Western Editors Want Premier to Deal with C. P. R.

REGINA, Sask., Oct. 10.—The editors of western Canada at a conference last night sent the following telegram to Sir Wilfrid Laurier on the telegraph situation:

The undersigned publishers of western dailies of the provinces of Manitoba, Saskatchewan, Alberta and British Columbia call your attention

to the fact that the Canadian Pacific Railway Telegraph Company have arbitrarily advanced telegraph press rates without notice, in some instances over 100 per cent; that the company furthermore is charging discriminatory rates and has imposed on certain papers commercial rates on press messages. We would respectfully ask if there is no machinery of the government that can deal promptly with these conditions which constitute a grave menace to the freedom of the press.

MOUTH OF KESWICK.
