

QUEEN OF THE SEAS

Canard Liner Lusitania Has Broken the Trans-Atlantic Record.

New York, Oct. 11.—The steamer Lusitania passed Sandy Hook lightship at 1.25 a. m.

The time of voyage was four days and twenty hours.

On board the S.S. Lusitania, Wednesday, October 9, via Cape Race, Nfld.—At 9 o'clock tonight the Lusitania was in lat. 43.24 N. and lon. 58.11 W. From noon today the steamer has covered 216 knots, an average of 24 knots an hour. She was 1,856 knots from Daunt's Rock at noon. The average for this entire distance has been 24.21 nautical miles an hour. The weather to-night is clear and the sea smooth. The steamer is being driven.

NEW YORK, October 9.—The New York agent of the Cunard line steamer Lusitania received a wireless message today from the captain of the steamer saying he was 924 miles east of the Sandy Hook lightship at 10 o'clock this morning. This will make the Lusitania due at the lightship about 11 p. m. Thursday, making the time of passage from Queenstown about four days, seventeen and a half hours, at an average speed of 24½ knots for the entire voyage.

On board the Lusitania Oct. 8, via Cape Race, Nfld., Oct. 9.—The steamer Lusitania from Queenstown Oct. 6 for New York, at noon today, Oct. 8, was in lat. 48.38 N. and lon. 40.10 W., having run 608 miles, beating all records for a single day's steaming. The average was 24.32 knots for the first twelve hours, with a beam swell and light air prevailing. For the second twelve hours a fresh north-west wind was encountered with a beam sea. The length of the nautical day was 25 hours 23 seconds. At 9 o'clock tonight the Lusitania is in

lat. 47 N. and lon. 45.20 W., and is going at the rate of 25 knots an hour. The weather is clear and the sea is smooth.

The Lusitania up to 9 o'clock last night had apparently covered a distance of about 1,470 miles from Queens town. She still had about 1,312 miles more to cover the distance to Sandy Hook Lightship. If the Lusitania maintains an average speed of 25 knots from that time on she will reach the lightship about 1.30 a. m. Friday. This would make the time of her passage about four days and twenty hours, at an average speed of twenty-four knots for the entire voyage.

LONDON, Oct. 9.—The Cunard S. S. Company has issued an official notice calling attention to the record to the record run of the Lusitania on her present trip between Liverpool and New York, 619 nautical miles in a nautical day, and great satisfaction with this achievement is expressed in shipping circles.

Commenting on this record, the newspapers today declare that Great Britain is now likely to regain the blue ribbon of the Atlantic from Germany. It is pointed out in Liverpool that the Lusitania has made the fastest maiden voyage across the Atlantic, the fastest land-to-land voyage, and the biggest single day's run ever accomplished by any steamer, and little doubt is felt that she will have any difficulty in meeting the requirements which govern the government subsidy. This, however, does not depend upon the present trip—the contract only stipulates that she is to average a speed of 24½ knots on a round voyage within a year of entering the service. The idea that the Lusitania must accomplish this speed on the present trip is due to a misapprehension.

URÆMIA FOLLOWS KIDNEY DISEASE.

Dreadful perils lurk in kidney weakness. Indiscreetly it develops into Bright's Disease and Uræmic poisoning. Through the system it sweeps with fatal effect, causing dropsy, gout, gavel and jaundice.

Many remedies contain alcohol. In consequence they inflame the disease to further fury. A proper remedy will soothe and heal the kidneys, give them strength, and nourish them back to health.

Such a remedy is Dr. Hamilton's Pills, which are composed of simple vegetable extracts and juices that are absorbed at once by the kidneys. Dr. Hamilton's Pills heal and cure the diseased tissues, restore healthy action, and allay congestion and inflammation.

Proof is abundant, and here is quoted the experience of Mr. Patrick McDonald of 235 Kent Street, Ottawa.

"My back ached from morning till night. Every bit of work I did made me weak and worn. I couldn't stoop or lift without getting dizzy. My tongue was furred and my appetite poor. My head ached continually, and I had severe urinary disorders. My kidneys were in the worst possible state. I heard of the wonderful Dr. Hamilton's Pills, and proved them just the medicine I needed. Why, I felt better in a week, and after using these pills for a month or two at regular intervals I was completely restored."

Dr. Hamilton's Pills give complete relief because they act directly on the diseased tissues of the kidneys. Get the genuine in yellow boxes, 25c. per box, or five boxes for \$1.00, at all dealers. Refuse a substitute.

TRAINING THE BULL.

Bring up the bull in the way he should go and when he gets old he will not depart from it. That raises a question of what is proper bringing up. It is not playing with him, rubbing his head and letting him have his own way, which is too often the case. That more care is needed in the handling of the young bull, is but too often brought to our attention by the goring of somebody. Only last week a friend in bringing up the cows from the pasture was nearly done to death by a vicious bull. We are further informed that this bull chased some boys a few days before. They probably were throwing sticks or stones at him from the safe side of the fence. If we could go further back, we would likely find that somebody has been petting that bull when he was a youngster. Rubbing them on the head and getting them to bunt may all be very fine fun when the animal is a calf, but it is bound to lead to trouble later on.

Familiarity breeds contempt. That is quite true in this case. Animals have inborn, a certain amount of respect and fear for the authority of man, but when the animal is played with and given a chance to show his power, he loses the fear of man and gains the knowledge of his power to do harm. Now, in the case of the vicious bull that has nearly killed a man, what made him so bad was that he found his power over those boys when he chased them. Once the bull gains a knowledge that he is able to master the man, then there is no doing anything with him, as he is as cunning and vicious as Sa-

DEATH AT NORTH LAKE.

Mrs. Leonard Gould, Highly Esteemed Lady, Called Away.

Sept. 30.—Mrs. Mary J. the beloved wife of Mr. J. L. Grand, of North Lake, York Co., departed this life on the 25th day of Sept. She was formerly Mary J. Wood and was born in Sidney Cape Breton, 65 years ago. She and Leonard Gould were married in Boston, in 1863 by Rev. Mr. Brover. They moved to their present home 42 years ago. There were born of them eleven sons and two daughters. Two sons died in early life leaving now nine sons grown to manhood. It was an unusual sight to see nine noble boys follow their mother to her last resting place, four being full bearers. Eleven children and twelve grand children were at the funeral.

When Mr. and Mrs. Gould moved to the present farm, there were but five acres cleared, now there are seventy five. Mrs. Gould was a most worthy helpmate, there were those romping children to be fed and clothed, educated and all those childish wants provided for. Imagine ye parents of small families and well cultivated fields, stop and ponder over on the border of that five acre field, look over those forty years of toil allotted to slender woman then going down to the border land of death thirteen times. Giving to the world eleven active lives refrain judgment till these children and their little ones are gathered about the throne, cease thy murmuring, and gird thee for the common toll.

There was a most even life always cheerful a loving wife, devoted mother to a fault, and a most hospitable friend and neighbor. No one ever from her door departed with hunger unsatisfied, as the writer well can testify. He baptised her some fifteen years ago. She was faithful to christian duties great and small, and in her last illness of great suffering she longed to be at rest with her redeemer and Lord. Hers was a beautiful christian life and a glorious saintly death, the writer tried to improve the hour of service. To do as he believed she would have expressed the wish to advise others not minding her, and talked from Rev. 3, 11 "She has fought her battles gained the victory, received her crown, her thiers to fight, oh will there be such children and neighbors have many of a glorious end."

QUINCY, SPRAINS AND SWELLINGS CURED.

"In November, 1901, I caught cold and had the quincy. My throat was swollen so I could hardly breathe. I applied Chamberlain's Pain Balm and it gave me relief in a short time. In two days I was all right," says Mrs. L. Cousins, Otterburn, Mich. Chamberlain's Pain Balm is a liniment and is especially valuable for sprains and swellings. For sale by all dealers.

Wash windows with kerosene and water. The flies will not stay on them.

A QUAIN TITTLE APRON.

The little maids of the present generation are every bit as picturesque in their snowy aprons as were those of the long-ago days when grandma was young. Indeed the quaint simplicity is very suggestive of those days, being built on the same lines as the "pinafors" that every little girl then wore. It is practical as well as pretty for it is easily made and easily laundered, having no complicated trimmings to tax time and patience. The trimming pictured is a simple frill of narrow Valenciennes. For the medium size 2½ yards of 27-inch material will be required.

4,223—Six sizes, 4 to 14 years of age.

The price of this pattern is ten cents.

To the Fredericton Herald:

Please send the above mentioned pattern, as per directions given below, to

Name.....

No..... Street.....

To..... Province.....

Measurement—Waist..... Bust.....

CAUTION.—Be careful to send six of pattern wanted. When the pattern is sent measure you need only mark 32, 34, or whatever it may be. When in waist measure, 22, 24, 26, or whatever it may be. If a skirt, give waist and length measure. When miss' or child's pattern, write only the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than three or four days from the date of order. The price of each pattern is 10 cents in cash or postal order or stamps.

OLD FOLKS

Can Renew Their Strength

While it is impossible for the aged to renew their youth we want to say to all elderly people in Fredericton that they can renew their strength by taking our delicious cod liver preparation Vinol.

Vinol, being rich in the elements of life, is an ideal strengthener and body builder for old folks.

Mr. A. J. Barker of Evansville, Ind., says: "There is no other medicine in the world equal to Vinol for elderly people. I would not take a thousand dollars for the good it has done me."

Vinol is not a patent medicine, but a real cod liver preparation made by a scientific, extractive and concentrating process from fresh cods' livers combining with peptonate-of-iron all the medical, healing, body-building elements of cod liver oil, but no oil.

Vinol tones up the digestive organs, makes rich red blood, and sound, steady nerves. In this way it repairs worn tissues, checks the natural decline of the aged, builds up the run down, tired and debilitated, and replaces weakness with strength. We ask every aged or weak person in Fredericton to try Vinol on our offer to return money if it fails to give satisfaction. George Y. Dibble, Druggist, Fredericton, N. B.

CORK STATION.

Oct. 9, 1907.—The weather here for the past few days has been very wet but the sun has come out once again. The farmer's of this section are mostly done digging potatoes the rot has caused considerable damage to this section.

A number of our young men have gone to the Maine lumber woods.

Mr. Martin Kennedy has sold one of his heavy draught horses to a lumber man in Calais for the sum of \$225.

Daniel Donahoe made a flying trip to St. John last week on business.

Miss Margaret Donahoe is working at McAdam.

Messrs Patrick and William Maloney of Washington U. S. A. are visiting their father, Patrick Maloney of this place.

The big game hunter's of this place are trying to get deer and moos but they should stay at home and look after the bears that are roaming around this wet weather looking for what they may devour.

PAY MORE AND GET THE BEST.

A cheap flesh burning corn remedy is never satisfactory. The best is Putnam's Painless Corn Extractor, costs but a quarter and is guaranteed to cure thoroughly. Use only Putnam's.

THREE FACTS

For Sick Women To Consider.

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements of the female organs, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, inflammation of the female organs, weakness and displacements, regulating the periods perfectly and overcoming their pains. It has also proved itself invaluable in preparing for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised.—Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

NO LINIMENT CAN CURE IT

That pain between the eyes isn't neuralgia. Many think so, but it is catarrh, plain ordinary catarrh that needs attention right now. Your proper lead is to use "Catarrhazone" Doctors recognize it as a cure that surpasses all others. Sure, because it does reach the trouble; safe, because no drugs to take, you breathe its healing vapor direct to the course of the trouble, and cure is guaranteed. Two sizes, 25c. and \$1.00. Sold everywhere.

P. FARRELL,

THE COMMISSIONERS OF THE TRANSCONTINENTAL RAILWAY

NOTICE

Notice is hereby given that the Commissioners of the Transcontinental Railway have this day filed in the office of the Registry of Deeds for the county of Queens, in the province of New Brunswick, a Plan, Profile, and Book of Reference, showing the lands required for the purposes of the Eastern Division of the National Transcontinental Railway covering the right of way from Mileage fifty-six and three quarters westerly from a point near the city of Moncton, N. B., thence westerly to Mileage fifty-eight through the said county of Queens. Owners or occupiers of any of the lands affected are hereby cautioned against the removal or defacing of any stakes, hubs, bench marks, etc., placed on such lands by the Engineers of the said Commissioners.

By Order,
P. E. RYAN, Secretary
The Commissioners of the Transcontinental Railway.
Dated at Ottawa, this 21st day of September, 1907.
