STEP TOO RADICAL

Montreal Gazette Opposed to Part of Conservative Leader's Programme

MONTREAL, Aug. 23.—The Montreal Gazette, the Conservative organ in this city, cannot swallow Mr. R. L. Borden's proposal for the nationalization of the telephones and telegraphs of Canada. In its editorial comment upon its leader's Halifax speech, it says:—"Perhaps most attention will be attracted to the telephone and telegraph ownership proposal. It is what many regard as the legitimate beginning of a policy which will make all the great means of transportation the property of the public, as the common highways are to-day. It is also what many doubt the wisdom of, seeing what public management too often produces and especially what it has produced in connection with the Government owned railways of Canada. The telegraph and telephone lines of Canada represent a heavy investment of capital. In many parts of the country they have only begun to spread. Their purchase would involve a heavy outlay of capital, which would have to be borrowed, and there would have to be continued capital expenditure on extensions as the country increased in population and commerce. There will be all through the country and especially among Conservatives, those who will think that private enterprise and private capital, which have provided this continent with as efficient a telephone and telegraph service as are to be found in the world can be left to carry on what has been so well begun, at least until the country has less to do with its credit and until there is a general complaint that the services as now managed are inefficient or unduly costly. It is no part of a Government's duty to do that which others are doing well."

ANOTHER GREAT DISCOVERY.

A well known gentleman in Black Bay, Ont., Mr. John Cowan, has discovered an absolute specific for rheumatism and writes: "I was affected with Sciatica and chronic rheumatism which I contracted years ago. The disease had a great hold in my blood, and it was hard to make any impression on it. Reading of Ferrozone I was convinced of its merit and it's certainly the best I have ever tried. Why it just drove away the rheumatism. Even stiffened old sufferers will experience quick results. The reason is that Ferrozone acts through the blood and thereby destroys the cause of the disease. Price 50c. per box at all dealers.

MIX UP IN MARRIAGE OF SUNBURY GIRL

A peculiar state of affairs has been found to exist in the marriage of a New Brunswick girl, which took place in Boston a few days ago.

Miss Laura Stein, of Tracy Station, and Robert P. Dunstant, of Hancock, Mich., were united in marriage, but when the certificate was filed in Boston city hall, it was found that the marriage was in a sense illegal.

The trouble was that the minister, Rev. George S. Phillips, of Newton, who officiated at the ceremony, failed to obey the law, which requires that when both persons live outside the state they must have a license from the city or town clerk of the place where the marriage is performed. This provision was not carried out.

Although Mr. Dunstant and Miss Stein were married illegally, paradoxically they are nevertheless, man and wife, as the validity of the marriage contract is in no way affected by the neglect on the part of the clergyman.

The latter, however, is liable to a fine of \$500, but as the infraction of the law was unintentional the case will not be pressed against him.

FRANCE HURRYING REINFORCEMENTS.

Will Have Five Thousand Men to Defend Casablanca which is Again Surrounded.

PARIS, Aug. 23.—An official note was issued today announcing that General Druce, commander of the French expeditionary force in Morocco, will, when the reinforcements now on their way to Casablanca reach him, have at his disposal five thousand men, which number is considered to be sufficient to insure the protection of the town unless the unexpected happens, for which emergency further reinforcements are ready to embark for Morocco. It is stated that, as a result of the cabinet conferences and exchanges views with Premier Clemenceau, who is at Marienbad, where he met King Edward, the Government remains firm in carrying out its program, which, it is reiterated, is not one of conquest.

CASABLANCA, Aug. 23.—The arrival before the town of three new columns of warring tribesmen, who have joined the army of the fanatics besieging Casablanca, has rendered more serious the problem undertaken by France and Spain to "restore order." The new arrivals constitute an imposing opposition to the French forces, now worried with their long vigil. The soldiers are convinced that their present defensive strength is inadequate.

Whenever the men on board the cruiser Gloire sight groups of Arabs they open up on them with shell fire and during all last night there was a constant rattle of rifle fire from the French sharpshooters directed against the Arabs who were trying to steal in toward the town under cover of darkness.
