

A MERE FLASH IN THE PAN

Quebec Minister Believes the New Independent Will Soon Peter Out--Conservatives Will Fight Next Time

Toronto News: "Bourassa will soon peter out," declared Hon. W. A. Weir, Minister of Public Works for the province of Quebec, when spoken to by The News.

"I do not believe he will have five candidates in the field. He can't keep his followers for long. He is too much of a dictator. The two he has in the House of Commons are mere boys; they like the notoriety they are getting now as his 'lieutenants.' When they get older and begin to feel their oats they will rebel at his leadership and leave him."

"What attitude do you intend to take towards his platform?" asked The News.

"We are not feeling at all alarmed. Most of what he advocates is already in force, the rest--well."

NO MORE WALK-OVERS.

"Do you think the Conservatives will repeat what they did at the last election and place no candidates in the field?"

"No, they will oppose us in every constituency they can. Last election they were very silly. They thought that dissensions would spring up when we had no regular opposition, but they have been fooled. They won't try such a senseless trick again."

"Do you think that they will unite with Bourassa?"

"No, there will be separate parties, but as I said before, the Bourassa movement won't amount to much. Bourassa is a good stump speaker, but altogether a destructive critic. He can't last on that."

"Will Mr. Gouin make an appeal to the Province in the near future?"

"No there is almost sure to be another session, probably in November. The legislature is only three years old, and may last a year or eighteen months more."

"Then the investigation into the management of public lands hasn't shaken the government much?"

"Mr. Weir only smiled and shook his head."

INSURANCE SOUNDINGS.

"In your address tonight you sided with the insurance men as against the findings of the Commission. Does that foreshadow special insurance legislation in the Quebec Province?" inquired The News.

"Not necessarily, although there may be some to the limit of our powers."

"Will you as a province support the insurance men before the Ottawa government?"

"No, we can hardly do that; they must fight their own battles."

NO COUNTRY LIKE CANADA

Is the Opinion of British Journalists Regarding Their Tour Through the Dominion

MONTREAL HERALD.—The British journalists who have been on a tour through Canada as the guests of the Canadian Pacific, accompanied by Mr. George H. Ham, arrived yesterday from Toronto and Niagara Falls, after their trip to the Pacific coast, and they express themselves, one and all, in terms of unstinted praise regarding the country's resources and their development.

They found everything beyond anticipation, although several of the party thought they knew a good deal of the country before they started on their long journey.

Mr. Ernest Brain of the London Times; Mr. P. H. Cockman of the Morning Post; Mr. Howard Gray of the Pall Mall Gazette; Mr. Harold Begbie of the Daily Chronicle, have all sent articles ahead of them, giving their impressions of western life and conditions, and describing Canada as the best of countries for people who want to get on in the world; and the other members of the party

speaking with equal enthusiasm of the opportunities it affords.

The party, which included Mr. E. S. Clouston, at his country home at Ste. Anne de Bellevue yesterday, and they dined in the evening with Lord Strathcona after visiting the Macdonald Agricultural College, in the afternoon. Today the members were entertained at luncheon at Mount Royal Club by Sir Thomas Shaughnessy, with whom they had a long interview this forenoon, after their arrival from the west.

They will leave for Quebec tonight and will sail for England by the Empress of Britain on Friday.

Mr. H. W. Smith, of the London Daily News, who was called home earlier than was contemplated, has already sailed. One or two other journalists will remain for a few days to make some private enquiries but all will go home immensely satisfied with the hospitality that has been extended to them from one end of the country to the other.

BABY'S HOLD ON LIFE.

Baby's Own Tablets cost 25 cents a box. A box bought now may save your baby's life. Summer complaints come often without warning, and thousands of little ones die from them every summer. If children's stomachs and bowels are kept in order there is little danger of these troubles, and that is just what Baby's Own Tablets do. They are good for the new-born baby or the well-grown child—and they are absolutely safe. Give your child an occasional dose of Tablets and you will keep it well. If you have not got a box of Tablets in the house now, send for them at once, and you may feel that your little ones are safe. Mrs. Wm. Parrott, Myrtle, Ont., says: "My little boy suffered greatly from colic, and cried almost continuously. A few doses of the Tablets cured him, and now I give the Tablets occasionally to prevent the trouble returning." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WHEN FATHER PLAYED BALL.

The smell of arnica is strong. And mother's time is spent in rubbing father's arms and back with burning liniment. The house is like a druggist's shop. Strong odors fill the hall, and day and night we hear him groan. Since father played baseball.

He's forty passed, but he declared That he was young as ever, And in his youth, he said, he was A baseball player clever. So when the business men arranged A game they came to call On dad and asked him if he thought That he could play baseball.

"I haven't played in fifteen years," Said father, "but I know That I can stop the grounders hot, And I can make the throw. I used to play a corking game The curves—I know them all, And you can count on me you bet, To join your game of ball."

On Saturday the game was played, And all of us were there, Dad borrowed an old uniform That Casey used to wear. He paid three dollars for a glove, Wore spikes to save a fall, He had the makeup on all right When father played baseball.

At second base they stationed him

It made a wreck of father when He tried to play baseball.

The smell of arnica abounds He hobbles with a cane; A row of blisters mar his hands; He is in constant pain. But, lame and weak as father is He swears he'll lick us all If we dare even speak about The day he played baseball.

An American on a visit to London, took a bus to the city every morning, where he had business to do with an Anglo-American firm, says an exchange. He always sat behind the driver. On the first journey he noticed that on arriving at a certain corner the driver took out his big silver watch, dangled it to, and fro a few times and winked jovially at an individual who stood at the door of a shop.

"Why do you do that?" the American asked.

"Well," said the driver, taking his pipe from his mouth, "that's a little joke we 'as between us, bein' as we are old friends. You see, his father was 'anged."

A GOWN OF GOOD STYLE FOR A GIRL.

The summer materials are so attractive this year that every woman and girl wishes as many gowns for warm weather wear as her purse will allow. Here is sketched one of simple style yet altogether youthful and pretty which the home dressmaker will find quite to her liking. The waist has a deep pointed yoke of Valenciennes lace in stripes which is finished with a band of coarse lace. Tucks extend a short distance from the yoke edge and the entire length in back. The sleeves may be to the wrist or elbow as desired. The skirt is in seven gores and gathered at the top. Any of the washing fabrics, pongee, foulard, taffetas or voile might be developed in this way. For the medium size 5 1/2 yards 44 inches wide are needed.

2355—sizes, 14, 15, 16, 17 yrs.

The price of this pattern is 10c.

The price of this pattern is 10c.

To the Fredericton Herald:

Please send the above mentioned pattern, as per directions given below, to

Name.....

No.....

To.....

Measurements—Waist..... Bust.....

"The Blood is the Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

"Haven't seen Brown for years. Is he doing well?"

"Immersed in business, he tells me. Literally up to his neck in it."

"What's he doing?"

"He's a teacher in a swimming bath."—Boston Transcript.
