

FLEEING FOR LIFE.

Vienna, March 22.—According to news received today in Budapest from Moldavia, the peasant movement in Roumania is spreading. The town of Dorogoi was sacked and burned by the peasants, and the inhabitants were compelled to flee for their lives. At Cucuteni, where many Hungarians live, a fight occurred between

the Hungarian and Roumanian inhabitants. Four Hungarians are reported to have been killed and thirty wounded. Fourteen peasants were killed in collision with the troops at Belgesti, while in Fokshau the people are in revolt against the authorities. The village of Sultice was destroyed by peasant rioters and the fate of the inhabitants is not known.

BALKS AT ALTAR BECAUSE "AFRAID."

Miss McCormick, Aged Eighteen, Refuses to Wed After She Had Elop.

Chicago, March 21.—"No, I won't, I won't get married. I've changed my mind. Take me back to my home. I love you Arthur, and I'd like to, but—"

Miss Geraldine McCormick, eighteen years old, refuses to carry out her part of the programme at Crown Point, Ind., yesterday, in a drama in which Arthur Rupp, twenty-two years old, living in Chicago, was cast for the hero's part. The couple went to Crown Point from Chicago to get married. Miss McCormick had defied her parents, who opposed the match, and had announced that nothing would prevent her from becoming Mrs. Arthur Rupp. On the strength of her assurance Rupp had invested in a new tie and a marriage license. When the Justice was about to make them one, the near-bride rebelled.

"What did you come down here for, then?" protested Rupp.

"But I'm afraid, I'm afraid to get married," replied the heroine. No amount of pleading and argument could induce Miss McCormick to alter her mind. Neither would she explain further her reason for the action.

Rupp is keeping the license in a forlorn hope.

"They would not give me my \$2 back, anyway," he said.

WHISKY MEDICINES.

The temperance press is emphasizing the danger to the home in the use of "medicines" which are loaded with whisky or alcohol. In this respect, as well as in the remarkable character of their cures, Dr. Pierce's medicines differ from other preparations. Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, indigestion, biliousness and bowel derangements, and "Favorite Prescription" for woman's derangements and weakness, contain no alcohol. Their full ingredients are printed on the bottle wrappers, therefore they are not secret or patent medicines. Write to Dr. R. V. Pierce, Buffalo, N. Y., for free booklet giving list of medicinal roots from which these remedies are extracted by the use of triple-refined glycerine, also the eminent medical writers who recommend their ingredients for the cure of the diseases for which these medicines are advised.

A MAIL BAG STOLEN.

Contents Valued at Four Hundred Thousand Dollars.

Paris, March 21.—An American mail bag, the contents of which was valued at approximately \$400,000, has been stolen. The theft occurred either on board a steamship running between New York and Havre or between Havre and Paris. The postal authorities have just placed the affair in the hands of detectives, although the theft occurred a fortnight ago. A cable inquiry to the New York post office brought confirmation of the fact that the mail bag in question had been embarked at New York. The name of the steamer by which the bag was shipped has not yet been disclosed.

GOOD REASONS FOR ITS SUCCESS.

The majority of catarrh remedies are useless. But one that does cure is "Catarrhoxone." It clears the head of all mucous discharge. Putrid matter in the nostrils, phlegm in the throat, and disease germs are completely swept away. The cause of the disease is destroyed, its results are eradicated, and the system so thoroughly cleansed of catarrhal poison that cure is permanent. All types of catarrh, throat and bronchial trouble, colds and coughs are more certainly cured by Catarrhoxone than any other remedy. Two sizes, 25c. and \$1.00 per bottle.

THREATENED STRIKE.

Grand Trunk Machinists May Walk Out Unless Their Wages Are Advanced.

Montreal, March 22.—A feeling of unrest that has for some time been showing itself has come to a head. The meeting of the machinists, which was held last night, resulted in a decision that the men will ask the Grand Trunk R. R. to give them a decisive answer as to an increase all round. In the event of this not coming, a strike will be ordered. The first vice president, Mr. P. J. Conlon, of Washington, has been in the city some days, and has personal charge of the negotiations. Mr. W. D. Robb, who is acting for the Grand Trunk, is out of the city at present, but is expected back here tomorrow morning. In the meantime no one will give any statement.

ST. PAUL'S CATHEDRAL IN DANGER.

Whole Edifice Found to be in Peril—Tottering Tower.

London Daily Mail.—St. Paul's Cathedral is in real danger. One of its towers—that on the southwest—is in a desperate condition, and it is only too possible that the destruction of this part of the great pile may involve the ruin of the Cathedral as a whole.

Mr. Mervyn Macartney, the well known architect, was recently appointed to examine the building, and to issue an expert report upon it. We are now able to give our readers the substance of the opinion formed by Mr. Macartney after careful investigations.

It appears that the whole of the southwest tower (the tower on the right hand as you stand facing the Cathedral) is in a desperate condition.

The substance of the soil just below has thrown it entirely out of balance. The authorities are now engaged in sinking wells to see if there is any hope of saving the tower by means of "undermining."

Clear proof of the shifting of the tower is afforded by the mosaic at the foot of it, inside St. Paul's. This mosaic has more or less geometrical pattern, and the centre, by scientific measurement, of the tower itself, but according to this test the centre has been shifted, and the solid masonry stands crookedly from the base.

Similarly, up in the first gallery, near the threatened tower, the solid blocks of masonry are beginning to separate.

Mr. Macartney's opinion is that practically nothing can be done to save the tower, and that the Cathedral itself is seriously threatened. The truth is that St. Paul's has

an enormous weight of dome, which is less firmly supported by aisles and transepts than the centre of a Gothic cathedral would be. What keeps the dome up, and, indeed, the whole building together, is a general balance or nice adjustment of all its parts. If one section shifts the whole is in danger.

The shifting of the soil is the cause of all the trouble. Is there any chance of the soil recovering? Mr. Macartney thinks not. He is decidedly pessimistic altogether.

St. Paul's is not old as cathedrals go. The first stone was laid by Wren in 1675, and the Cathedral was finished in 1710. It cost £1,511,202.

THE BOSTON SHOW.

New Brunswick will be well represented at the Sportsman's Show to be opened in the Mechanics' Show Building, Boston, on March 30th.

The splendid collection of mounted game specimens belonging to the Crown Land office is to be exhibited, and will no doubt attract a great deal of attention. Mr. Harry Allen, the well known Pennine guide, will have charge of the exhibit, and will be assisted by Adam Moore, David Cremin and several others. They will leave for Boston early next week to instal the exhibit.

20 YEARS OF VILE CATARRH.

Chas. O. Brown, journalist, of Duluth, Minn., writes: "I have been a sufferer from Throat and Nasal Catarrh for over 20 years, during which time my head had been stopped and my condition truly miserable. Within 15 minutes after using Dr. Agnew's Catarrhal Powder I obtained relief. Three bottles have almost, if not entirely, cured me."—Sold at Central Pharmacy, A. J. Ryan.—73.

For the Kitchen.
Very useful in the kitchen is a table or wide shelf covered with zinc where hot cooking utensils may be placed when taken from the fire. It will be a great saving to your enameled sink. Zinc is easily kept clean by daily washing with soap and hot water.

Smelling Salts.

Do not throw away your smelling salts when the liquid has evaporated, leaving them dry, and you think you have had them so long a time that they are no longer of any use. Renew them. That is, pour over them some perfumed ammonia—violet, lavender or whatever the salts may have been originally.

Flush goods and all articles dyed with aniline dyes which have faded from exposure to the light will look as bright as new after sponging with chloroform.

A bedspread with the worn portions cut out and the good trimmed into shape and hemmed makes excellent towels for the children's use in the bathroom.

It is important to call in medical help if the child appears stunned for a few minutes after a fall.

A LIVING GHOST!

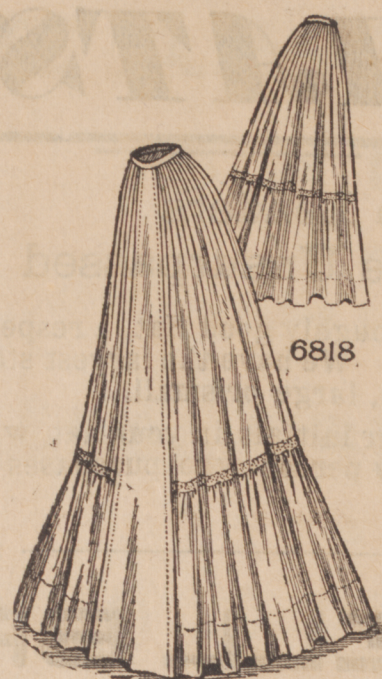

That is What Her Friends Said About Her

Read how Mrs. James Steele, Waterbury, Conn., was cured by the use of MILBURN'S HEART AND NERVE PILLS

who writes: "For the past fourteen months I was nervous all the time, and became so run down I was unable to walk across the house without getting dizzy. My friends told me I looked like a living ghost and advised me to try Milburn's Heart and Nerve Pills. I got two boxes and within two weeks I had improved wonderfully and after finishing the fourth box I was completely cured. They are the greatest pills I ever used and I can recommend them to all sufferers."

Milburn's Heart and Nerve Pills act directly on the disordered heart and nerves, and restore them to healthy action. They have no equal for reviving and strengthening the heart beat, invigorating the nervous system, and acting as a food for the blood, improving its quality, making it rich and red.

Price 50 cents per box or 3 boxes for \$1.25 at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

A PLEASING DESIGN FOR SUPPLE MATERIAL.

The new skirts show all degrees of dressiness and elaboration and a pleasing one suited to supple material is sketched. The skirt consists of a front gore in panel effect and circular sections tucked over the hips and lengthened by a straight gathered flounce. The skirt is not difficult to fashion, and proves most graceful and becoming as part of a gown or in soft silk or net for wear with lace waist. If most attractive upon wearers of some slenderness, though almost any one would find it becoming. For the medium size 5 yards of 44 inch goods are needed.

6818—7 sizes, 20 to 32 inches bust measure.

The price of this pattern is 10c.

Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as would be nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would, it is believed, seldom have to be employed if this most valuable women's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too, as remedies for the ailments for which "Favorite Prescription" is recommended. A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.
