

GRAFT AND INTEMPERANCE.

Presbyterian General Assembly Discussed these Important Topics.

The Presbyterian General Assembly meeting at Montreal had its first big debate Thursday afternoon. The subject was the relation of the church to temperance and moral social reform.

The debate arose over the nomination of two overtures from the Synods of Toronto and Kingston and of Winnipeg, proposing the organization of a special standing committee on temperance and moral reform, proposals which were varied by "Ralph Connor" with the suggestion for the appointment of an agent of the Church who should devote his time to this line of work.

The note of advance was clearly and strongly present, but the call back to the old methods found vigorous utterance also.

Dr. Pidgeon, of Toronto Junction, who comes fresh from local option fights, introduced the subject and was followed by another veteran of political ministerial activity, Rev. C. W. Gordon, better known as Ralph Connor.

The Methodists, said Mr. Pidgeon had taken a prominent place on the platform of reform, with such energetic leaders as Rev. Dr. Chown and Rev. H. McGee. These men were not only doing the work of the church, but the Presbyterian and other churches.

Ralph Connor made a strong plea for advance. The last five years, he said, had seen a great change for the worse in the matter of temperance in the West. There had been a striking increase in the number of convictions for drunkenness, even in Manitoba.

The liquor business had been established on a stronger basis. A man who had recently visited Winnipeg, had asked what had happened in the West. "I have spent the last three quarters of an hour refusing drinks," he had said.

Mr. Gordon made a vigorous appeal for action by the church. The brewers, he said, wanted the ministers to attend to "spiritual work."

"It is wonderful," said he, "how interested some men get in the simple Gospel when they have some scheme afoot. They say, 'You preach the gospel and we will see to business.' And the church has too often said 'yes.' The result is commercial life and methods have become to a very great extent corrupted. You put down the man and you will come upon the pus."

This condition was even more prevalent in political life, declared Ralph Connor, and then qualified his statement with a quotation from Dr. Shearer that we in Canada were governed by an honorable body of men. "Again he balanced to the other side. 'We are holding down our faces,' he said, 'because of the examples of men in public life. What we want is to level up the standard of morality among those who choose our representatives. It is said these men do not represent us. Unfortunately they represent standards of political morality that are too much in vogue in Canada.'

"Is the church doing all it should do or can do?" he again asked. "The church has stood too much aside." Then he added a reminiscent touch from his late campaign in Manitoba. "I have got over that," he said. "It is not always pleasant," he continued, "to pass through the experience of getting over it."

"It is not fair for the pulpit," he went on, "to ask the new to go into dirty politics to uplift, if the pulpit will not go down also and bear the heat of the struggle."

Touching briefly on the battle with Ulcers in the Flesh Mean Bad Blood.

As a result of debility, sickness or improper diet, the blood often becomes weak and unable to free itself of poisons.

Morbid, unhealthy matter accumulates and breaks out in sores that discharge and will not heal.

Washes, salves and ointments are useless because they have no action on the poisoned blood.

But Dr. Hamilton's Pills cleanse and enrich the diseased blood, drive out impurities and fill it with nutritious and strong building material.

Ulcers, boils and sores heal up. Likewise all weakness due to impoverished blood is cured by these famous pills, and anæmia, erysipelas and rheumatism go before it as chaff before fire.

The skin grows smooth, complexion clears, health, vigor and strength are evident on all sides.

A blood remedy for blood diseases, the formula of a famous physician, no improvement can be made on Dr. Hamilton's Pills.

Their use extends to the people of many nations and thousands have proved that they do cure when all else fails.

No matter what your ailment may be, if it has its origin in the blood it is curable with Dr. Hamilton's Pills. Sold everywhere, 25c. per box or five boxes for \$1.00, and be sure to refuse a substitute.

A NATTY LITTLE BLOUSE JACKET.

Some of the little jackets to be seen this year would lead one to think that Mistress Fashion is putting forth special effort on behalf of the young girls for certainly such garments as the one sketched would make any girl attractive. The coat is called a blouse jacket though there is little blouse and an unusually chill air pervades it. The front closes in double-breasted style and the neck is collarless. The choice of two sleeves is allowed, a long one and that in three-quarter length. The peplum which finishes the bottom and ends with the trimming straps in front is most youthful in appearance and is at its best in just such garments. The neck may be trimmed with velvet and the buttons covered with it while the cost is suitable to any of the new suitings. For the medium size 1½ yards of 54-inch goods are needed. 4117—sizes, 14, 15 16 and 17 years.

To the Fredericton Herald:

Please send the above mentioned pattern, as per directions given below, to

Name.....Street.....No.....Province.....To.....

Measurement—Waist..... Bust.....

CAUTION.—Be careful to send size of pattern wanted. When the pattern is sent measure you need only mark 32, 34, or whatever it may be. When in waist measure, 22, 23, 26, or whatever it may be. If a skirt, give waist and length measure. When miss' or child's pattern write only the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than three or four days from the date of order. The price of each pattern is 10 cents in cash or postal order or stamps.

RHEUMATISM ALMOST KILLED HER.

For years Mrs. S. Stahlschmidt of Humboldt, Ont., was a martyr to rheumatism. "I was so stiff and lame I could scarcely walk," she writes. "An attack striking my limbs made walking impossible. Friends and doctors gave prescriptions but I only got relief from Ferronzone. I took twelve boxes and gained from the first. Today I am well, feel stronger, weigh heavier and look the picture of health. Whether the cold and wet spring there or otherwise, Ferronzone does cure rheumatism and sciatica, 50c. per box at all dealers.

BEAR ISLAND.

Bear Island, June 8th, 1907. The corporation drive passed down by here this week. They have been at work in sight of here for four or five days, and if it had not been for the rise of water we had last week, would have been much longer, as the shores and island were well loaded with lumber. They have eight or nine pairs of horses and a full force of men.

Farmers are getting pretty well through with putting in their oats and potatoes. They have their bucking to the cold and wet spring there won't be so much crop put in as there would have been had the season been more favorable.

We are sorry to hear that Mrs. Ida Ingraham does not regain her health, we hope that she may improve now that she has gone to Fredericton for a rest and medical attention.

One of the old and highly respected residents of Day Hill was buried there last Monday in the person of Sydney S. Ingraham. His death was not unexpected as he has been failing for some time.

Last winter's frost left our roads in pretty bad shape, there being no steamboat running the inhabitants had to use them more than common and course this caused lots of rumbling, but we hear that Supervisor Jesse Clark is coming from road machine and men. They will soon give us good roads again.

We miss the Steamer Aberdeen very much this spring and hope we will soon have a railroad by which we can travel at all times of the year.

John Jordan is very busy in his mill sawing laths and lumber for his customers.

It is said that the Simmott Bros. are going to build themselves a store this summer. They are now hauling lumber and preparing for it.

Mr. Sanson of the Little Macatawa Mills has been along buying all the wool he could get, paying 18c. per pound for the unwashed, and 10c. for the washed.

We had a very heavy rain here last night and this forenoon. If it

reached the head of the river there will be another rise of water.

There was a wedding over the river at Harry Lounsbury's yesterday, when his daughter Lenta was married to Frank Moore of Millinocket, Me., (formerly of Queensbury) The ceremony was performed by Rev. J. D. Wetmore. They will leave here in a few days for Millinocket where they intend to make their future home.

It is reported that next week Prince William will lose more of her good looking girls, one of which is to come to Bear Island, another going to Dumfries. We wish them much happiness in their venture, as they are fine girls and we are sure will do their part towards making happy homes.

"Moving?" inquired a neighbor, as a furniture van stopped in front of Kerlet's house.

NATURE'S WAY IS BEST.

The function-strengthening and tissue-building plan of treating chronic, lingering and obstinate cases of disease as pursued by Dr. Pierce, is following after Nature's plan of restoring health.

He uses natural remedies, that is extracts from native medicinal roots prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherrybark, Queen's root, Golden Seal Root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers of all the several schools of practice, for the cure not only of the disease named above but also for indigestion, torpid liver, or biliousness, obstinate constipation, kidney and bladder troubles, and catarrh, no matter where located.

Sent to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the medicinal roots composing this wonderful medicine. There is no alcohol in it.
