METHODIST CONFERENCE.

Desirability of Church Union Reiterated by Resolution.
Other Business.

St. Stephen, N. B., June 24.—A resolution of church union was moved at the morning session by Dr. Allison, seconded by Dr. Sprague that expressed the resolution of preceding years that the organic union of the Methodist, Presbyterian and Congregational churches is desirable and at the same time within the range of hopeful possibility. It notes with great satisfaction the progress made at the union committee meeting at Toronto in December last toward the completion of a general plan of union to be submitted in due course to a court of the negotiating churches as their respective constitutions may require. It hails with especial satisfaction the practical adoption of a common statement of doctrinal belief as well as a large amount of agreement developed regarding more or less fundamental issues involved in the union problem. The conference expresses its earnest desire and prayer that at its meeting in September next, its general union committee may be enabled to carry on the work of negotiation entrusted to it to final steps and to successful issue in the formation of the scheme of union which shall receive the approval of the respective churches and in its practical results, prove that the divine hand has been guiding the union movement from its beginning to its consummation.

The committee on conference relations recommended that Rev. Mr. Brewer be not placed on the list of supernumeraries as requested. Rev. Mr. Brewer then asked for a year's leave of absence which, on motion of Dr. Sprague, was granted.

The sustenance fund report showed that \$1,861.09 had been received and that there was a balance of \$9.19 on hand.

The report of supernumerary fund showed that \$1,788.79 had been paid during the year. The chairman of this committee is Dr. Rogers and G. F. Dawson, secretary-treasurer. The district assessments for this fund during the year are:

St. John, \$437; Fredericton, \$267; Woodstock, \$160; Chatham, \$159; Sackville, \$346; St. Stephen, \$128; Charlottetown, \$289; Summerside, \$223; total, \$2,000.

The election of the chairmen and secretaries for the several districts took place:

St. John: James Crisp, chairman; financial secretary, S. Howard. Fredericton district: John C. Berrie, chairman; financial secretary, James W. McConnell.

Woodstock: Rev. Mr. Turner, chairman; financial secretary, Rev. Mr. Pierce.

Chatham: A. D. McCully, chairman; financial secretary, G. A. Selar.

Sackville: James Strothard, chairman; financial secretary, C. Flemington.

St. Stephen: G. M. Young, chairman; financial secretary, Wm. Wass.

Charlottetown: W. Harrison, chairman; financial secretary, A. F. Dawson.

Summerside: George Steele, chairman; financial secretary, Hammond Johnson.

MUTILATED THE CORPSE.

Story of an Atrocious Crime Comes from China—
Young Bride Murdered and Her Body Cut up.

Vancouver, B. C., June 27.—News of one of the most atrocious crimes ever heard of was brought to the city by passengers on the steamer Montague, which arrived in port this morning. It appears that a family living near the hsiang yamen in Sianyang, China, recently received to the household a wife for one of the sons. The wife was a girl of sixteen years of age. Shortly after her coming the father-in-law took sick and died. The ignorant and superstitious mother at once put the blame on the little daughter-in-law, claiming that some mistake had been made by the geomancer in reckoning with the eight characters, and that she, therefore, not being the one psychologically fit or intended for the home, had brought bad luck and evil influences, which had caused the death of the old man. She therefore pronounced the death penalty, and proceeded to execute it. She poured boiling oil over the poor girl, drove five big nails into her brain and two through her neck.

The mother-in-law was assisted in the cruel deed by a couple of other females in the family. They cut the flesh off portions of the body, but after all was done they lacked courage to wrap the corpse, and put it in a box which the water carrier had brought. They made him do it, thereby letting him see how terribly the poor body had been mutilated. He called three others, and together they carried the corpse out at the south gate.

The old women had given the men some cash, but, having completed their job, they returned for more. She refused their demands, and threatened to send them to the yamen to be whipped. Her son, the husband of the murdered girl, being employed in the hsiang yamen, threatened the men, who started a row, in which they made free use of their knowledge of the crime. The crowd which gathered heard it, and it spread like wild fire.

The story reached the ears of every official and citizen, and the hsiang yamen was compelled to make an investigation. He tried to quiet matters by making the water carrier retract the story he had given out. For this reason he had the gallows cage brought into court, and pointing at it, told the man that he would be hung there if on exhumation of the body his story was proved to be false. Moreover, the official wrote out and sealed the death warrant. The water carrier did not deviate a hair's breadth from the story. He said: "Hang me if you like, but I will not take back one word."

So the hsiang had to make a trip to the south gate. The body was exhumed and the terrible story confirmed in every detail. Public feeling is running very high, and at the time the Montague sailed, demands were being made for an exemplary execution.

AYLESWORTH AT AURORA.

Minister of Justice Slashed Tory M.P.'s for Their Efforts to Arouse Religious Prejudice.

Speaking at Aurora, North York, Ont., the constituency which he represents in parliament, Hon. A. B. Aylesworth said it pleased him to speak to an audience in his own county on behalf of the party that had stood the test of time and political conflict. To-day, he declared the rank and file of the Liberal party had not deserted the works of the faith of their fathers. Mr. Aylesworth then recounted the history of the Family Compact, and the rebellion against the evils under which this young country then suffered. That party stood for freedom, equality and toleration among men. Only this morning there was an example in the newspapers in which the premier and his colleagues had been assailed because the Liberal

chieftain had gone to pay a visit to the Pope in Rome. He wondered if he, as the member of a Methodist family, would be criticised if he chose to make a friendly visit to Dr. Carman.

DISGRACE TO CONSERVATIVE PARTY.

That circumstance had been erected into one of public significance, and Dr. Sproule, head of the Orange Order, had taken part in an incident that was a disgrace to the Conservative party of Canada. The Minister also referred to the incident in the House in which Colonel Hughes had spoken respecting French immigration to this country following the troubles of the Church and State in France. Colonel Hughes said then, and he has stuck to his guns since, that the coming of Catholic clergy from France was a curse to Canada. He was certainly taken to task for that observation.

"Well, gentlemen," Hon. Mr. Aylesworth continued, "I am proud to say that this abominable spirit does not exist in the Liberal party, which stands for toleration and equality among men. Two out of five of the children of this country are Catholics. They were in this country before we were. Our sister province was peopled from the popu-

lation of France a generation before the English came to Canada. These people are today of our own blood. They are fellow citizens in the building up on this side of the Atlantic of a new nation which will be not only the brightest gem in England's crown, but will take its place in time among the great nations of the earth. (Cheers.)

BROUGHT RACES INTO HARMONY.

"Sir Wilfred Laurier," continued Mr. Aylesworth, "is the man to whom this country owes more than to any other Canadian in making the name of Canada one to be proud of throughout the world. In Canada itself he has done more than any other man to bring the French and Anglo-Saxon races into harmony, and he has worked that there should be but one people in Canada, and that a people essentially British." In concluding his address Hon. Mr. Aylesworth declared, in respect to racial questions: "Our answer will be that North York will be true to the Reform party."

EVERY MAN HIS OWN DOCTOR

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Bobby's mother was often distressed by her small son's lapses from correct speech, all the more because his reports from school were always so good.

"Bobby," she said, plaintively, one day, "why do you keep telling Major to 'set up' when you know 'sit up' is what you should say?"

"Oh, well, mother," Bobby answered, hastily, "of course I have lots of grammar, but I don't like to waste it on Major when he doesn't know the difference, being a dog."

QUEER BIGAMY CASE.

Woman's Intentions Were Good, and She Got Off.

Brantford, Ont., June 27.—Judge Hardy today discharged Mrs. Charlotte Worrall, arraigned for bigamy. In 1905 she married George Pemberton, and after living with him a short time, heard he had another wife. She left him. It developed later that the former wife was dead.

In 1907 she married John Worrell, with whom she has since lived. Pemberton was the complainant. The defence held the woman believed the marriage with Pemberton invalid, and that her intentions in marrying Worrell were good. The judge took this view, and considered the dismissal of the case would be the most satisfactory solution to both parties. She will continue to live with Worrell although Pemberton is her legal husband.

THE PUBLIC IS OFTEN FAKED.

Unscrupulous dealers actuated by large profits often recommend corn cures "as good as Putnam's." There is only one genuine Corn Extractor and that is Putnam's Painless which is a miracle of efficiency and promptness. Use no other.

A fly and a flea in a shoe were imprudent, to what could they do?

Said the fly: "Let us flee." Said the flea: "Let us fly." So they flew through a flaw in the shoe.

KIND WORDS.

Bishop of Nova Scotia Speaks Highly and Sympathetically of St. John's Kingston and Coadjutor Bishop Richardson.

In his opening address at the Nova Scotia Anglican Synod at Halifax Tuesday Bishop Worrell said: "The sympathies of the Church go out to the Bishop of Fredericton, who has been unable to take an active part in the affairs of his Diocese for the last twelve months. The earnest wish of all, I am sure, is that he may long be spared to aid those about him with his counsel and that God, in His mercy, may ever be with him to comfort and strengthen him in his days of weakness. Fredericton and the Church at large owe much to his able work and scholarly life."

We welcome the Coadjutor of Fredericton, who has so kindly come to be with us during our Synod Session, continuing and strengthening these bonds of friendship which were formed between us when, as Canon Richardson, he came to help us in our work. We congratulate the Diocese of Fredericton in having so able and earnest a man to take up the important position he fills and we wish him and all the richest blessings of God.

Archdeacon Armitage moved a vote of congratulation to Coadjutor Bishop Richardson of Fredericton. This was seconded by Chancellor Harris, and unanimously carried. Bishop Worrell tendered this vote of congratulation in which Bishop Richardson briefly replied.

GREAT SPECIALISTS IN STOMACH CATARRH.

Though often they fail to give even temporary relief, Mr. W. Seymour of Huntsville, Ont., cured himself with Ferrozone. "My trouble," he says "was chronic catarrh of the stomach. There was constant bad taste in my mouth, I was constive and usually nauseated before and after meals, I also had a gnawing sensation in the stomach. Ferrozone gave me great relief, and I also used Catarrhozone which is great relief, and I also used Catarrhozone which is good for catarrh. Although it took a number of boxes of Ferrozone, I got back my health and today am quite well." For stomach catarrh, indigestion and kindred disorders nothing excels Ferrozone. In a thousand cases it has proved a wonderful success. Try it yourself, 50c.

FUSHIMI'S FAREWELL.

Guns Blazing and Flags Flying As He Leaves Canada.

Victoria, B. C., June 26.—This morning Prince Fushimi took a farewell look of Canada. At eleven o'clock the carriage left the Government House and proceeded to the navy yard at Esquimalt. There a guard of honor from the Monmouth was drawn up to receive him. Laurence awaited the Prince and his party, and the final farewells were taken by him and his suite at the dock by officials representing the Dominion, the Province and the city. As the launch left the dock the Prince's transfer from Canadian to British care was signified by a royal salute from the Monmouth, and as he boarded the warship the flag of the royal house of Japan and other silver flags which were presented to the Monmouth by the ladies of Monmouthshire broke out at her peaks. Shortly afterwards the Monmouth cleared for Japan. At the farewell dinner and ball at the government house last night Sir Joseph Pope, K. C. M. G., who represented the Government of Canada on the trip across the continent, made a speech in which he gracefully wished the royal guest godspeed. The prince replied in Japanese, the speech being translated by Mr. Nagasaki.
