

DEATH OF MRS. GAETZ.

Wife of Former Fredericton Clergyman Passed Away at Her Home in the West.

Red Deer, Alberta, Gazette, Dec. 25.—Mrs. Gaetz, wife of Rev. Dr. Leonard Gaetz, died very suddenly from heart failure on Thursday evening last at 6.30 o'clock. She had been in her usual health during the day, had a hearty supper and died while sitting in a chair reading, without uttering a word. The Dr. heard a slight sound from the next room and went to her, but she had passed to the silent world before he reached her.

Mrs. Gaetz was the second white woman in Red Deer, coming here in 1884. Mrs. Dobler, who died several years ago, being the first.

Mrs. Gaetz' maiden name was Caroline Blooms Hamilton. She was born in Nova Scotia, was married to Dr. Gaetz in that distant province, and was associated with him in his good work in almost every prominent city in the Dominion. Mr. Gaetz' health failing, the family, consisting of eleven children besides themselves, moved west and settled at Red Deer then an isolated wilderness inhabited for the most part by Indians and half breeds, where she devoted her life work of sympathy and love to her husband and family. The absolute serenity of her nature, her cheerfulness under all conditions of pioneer life, her unselfish devotion to her family was truly remarkable. Never was she known to utter a single complaint against her surroundings, even during the rebellion when it was thought all was lost she was the most cheerful in the party on the way to Calgary.

To the sorrowing relations we extend our sympathy. To the bereaved husband especially, God grant him strength to bear the trial. For years he has devoted his life to the tender care of his wife, several times has he wrestled with death on her behalf and came out victorious but at last the

grim reaper would not be denied. The funeral on Saturday afternoon was largely attended. A short service was held at the house at two o'clock and then at the Methodist church at 2.30, the pall bearers being the six sons of the deceased.

The Rev. A. C. Farrell conducted the service, assisted by Rev. Mr. Fortune. The hymns for the occasion were 842, "O God our Help," 113, "Jesus Lover of My Soul," and 822 "Asleep in Jesus."

After the church service the funeral proceeded to the cemetery, followed by a large number of citizens, where the last sad rites were performed by the Rev. Mr. Farrell, Rev. Canon Hinchliffe pronouncing the benediction.

The floral offerings were the most beautiful ever seen in Red Deer, not a spray being left in town anywhere.

The following names were noticed among those sending flowers: Mr. and Mrs. Pidgeon, Mr. and Mrs. Thomas Gaetz, Ladies' Aid Methodist church, Mr. and Mrs. W. A. Moore, handsome wreath from children, Mr. and Mrs. W. E. Payne, Mr. and Mrs. H. H. Gaetz, Mr. J. F. Boyce, H. Bradford, Mr. and Mrs. R. C. Brumpton, Mr. and Mrs. F. A. Molson, Mr. and Mrs. Manning and a handsome piece from the Conservative Association.

Several wreaths came in on the express just in time for the funeral and too late to ascertain the names of the givers.

(Rev. Dr. Gaetz) occupied the Methodist pastorate in Fredericton in the early seventies and with his wife is well remembered by the older members of the congregation. Last summer Dr. Gaetz visited this city and renewed his acquaintances, who will sympathize with him in the loss of his estimable wife.)

The effect of Scott's Emulsion on thin, pale children is magical.

It makes them plump, rosy, active, happy.

It contains Cod Liver Oil, Hypophosphites and Glycerine, to make fat, blood and bone, and so put together that it is easily digested by little folk.

ALL DRUGGISTS: 50c. AND \$1.00.

AN EXCELLENT DESIGN FOR A SHIRT BLOUSE.

There are three points about a shirt waist which decide its success, and these are its style, becomingness and material. The latter includes both texture and color and this must always be the choice of the water. The other characteristics are often combined, and a waist which is noticeable for these qualities is sketched. The yoke of fanciful shaping is smart and trim looking. The groups of tucks which regulate the fulness of the front are pleasing as are those in the back, which suggest taper of waist. The sleeves may be of the puff and deep cuff order or of bishop style with the narrow wristband. Any reasonable fabric may serve as material of which 3 1/2 yards 27 inches wide are needed in the medium size. 6766—sizes, 32 to 42 inches bust measure.

The price of this pattern is 10c.

To the Fredericton Herald:

Please send the above mentioned pattern, as per directions given below, to

Name..... Street.....

No..... Province.....

Age.....

Age of child's or miss's pattern.....

CAUTION.—Be careful to send size of pattern wanted. When the pattern is sent measure you need only mark 32, 34, or whatever it may be.

When in waist measure, 22, 24, 26, or whatever it may be. If a skirt, give waist and length measure. When miss's or child's pattern write only figure representing the age. It is not necessary to write "inches" or "years". Patterns cannot reach you in less than three or four days from date of order. The price of each pattern is 10c in cash or postal order or stamps.

In all the various weaknesses, displacements, profluous inflammation and debilitating, catarrhal drains and in all cases of nervousness or debility, Dr. Picce's Favorite Prescription is the most efficient remedy that can possibly be used. It has its roots in the science of thousands of cures—more in fact than any other remedy put up for sale through druggists, especially for woman's use.

The ingredients of which "Favorite Prescription" is composed has received the most positive endorsement from the leading medical writers in Materia Medica of all the several schools of practice. All the ingredients are written in plain English on the wrapper enclosing the bottle, so that any woman making use of this famous medicine may know exactly what she is taking. Dr. Picce testifies his patients into his full confidence which he can afford to do as the formula after which the "Favorite Prescription" is made will bear the most careful examination.

Andrew Malcolm, of St. John, owner of the schooner Agnes May, received word Friday afternoon from Captain Andrew Wilson at Southwest Harbor, Me., stating that his vessel ran on Long Ledge, off Southwest Harbor, on yesterday's storm. The vessel the captain stated, pounded over the ledge and turned over and drifted to sea. Nothing was said in the despatch about the crew, but it is presumed that they were all saved. The vessel was on the voyage from Boston to this port in ballast. She was covered by insurance.

WHY REMAIN THIN AND PALE?

Pale people have pale blood. The stomach is wrong, assimilation is poor and food is not changed into blood. The system lacks vitality and reconstructive power which can be supplied by Ferrozone. It braces the appetite, digestion is stimulated, what you eat is transformed into the kind of nutriment your system requires. Vital life-giving blood that makes rosy cheeks, strength that defies weariness, spirit and ambition all come from Ferrozone. Nothing in the annals of medicine so sure to build up and strengthen as Ferrozone.

NOTICE TO CONTRACTORS

Sealed Tenders addressed to the undersigned, marked on the envelope "Tender for Construction," will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, until twelve o'clock on the 14th day of February, 1907, for the work required for the construction, in accordance with the plans, profiles and specifications of the Commissioners, for the following sections of the Transcontinental Railway, viz:—

(1) District "A"—From a point designated on the plans of the Commissioners at or near the City of Moncton, in the Province of New Brunswick, westerly for a distance of about 50 miles.

(2) District "A"—From a point designated on the plans of the Commissioners at or near the town of Grand Falls, in the Province of New Brunswick, westerly to the boundary between the Provinces of New Brunswick and Quebec, a distance of about 62 miles.

(3) District "B"—From a point designated on the plans of the Commissioners, at or near the Quebec Bridge, easterly for a distance of about 150 miles.

(4) District "B"—From a point designated on the plans of the Commissioners at or near the City of Ottawa, easterly to a point known as Weymouth, a distance of about 45 miles.

(5) Districts "C" and "D"—From a point designated on the plans of the Commissioners about eight miles west of the Abitibi River crossing easterly for a distance of about 150 miles.

Plans, profiles and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, also in the offices of the District Engineers concerned, viz:—Mr. C. Dunn, St. John, N. B.; Mr. E. Doucet, Quebec, P. Q.; and S. R. Poulin, North Bay, Ont.

Persons tendering are notified that tenders will not be considered unless made in duplicate, and on the printed forms supplied by the Commissioners. A separate tender must be submitted for each section.

Tenders shall not be in any way entitled to rely upon the classification or other information given by any person on behalf of the Commissioners, and before submitting a tender, bidders should make a careful examination of the plans, profiles, drawings and specifications, and read the forms to be executed, and fully inform themselves as to the quantity and quality of materials, and character of workmanship required; and are understood to accept and agree to be bound by the terms and conditions contained in the form of contract, specifications &c., annexed to the form of tender.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada payable to the order of the Commissioners of the Transcontinental Railway, as follows:—

For Section No. 1, District "A," \$75,000.

For Section No. 2, District "A," \$90,000.

For Section No. 3, District "B," \$75,000.

For Section No. 4, District "B," \$75,000.

For Section No. 5, Districts "C" and "D," \$225,000.

Any person whose tender is accepted shall, within ten days after the acceptance thereof, furnish such additional approved security as may be required by the Commissioners; sign the contract, specifications and other documents required to be signed by the said Commissioners; and, in any case of refusal or failure on the part of the person whose tender is accepted to complete the above security, or to furnish the additional approved security within ten days after the acceptance of the tender the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the person whose tender is accepted shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as part of the security for the due and faithful performance of the contract according to its terms. Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

Attention is called to the following clause in the form of contract:— "All mechanical labourers or other persons who perform labour for the purposes of the construction of the works hereby contracted for shall be paid such wages as are generally accepted as current for competent workmen in the district in which the work is being performed, and if there is no current rate in such district, then a fair and reasonable rate; and, in event of a dispute arising as to what is the current or a fair and reasonable rate, it shall be determined by the Commissioners, whose decision shall be final."

This agreement is subject to the regulations now in force, or which may at any time hereafter be in force, during the construction of the works hereby contracted for, made under the authority of the Department of Labour, and which are or shall be applicable to such works." (The schedule of Minimum wages determined upon by said department will form part of the contract.)

The contractor shall, in connection with the whole of the said work, as far as practicable, use only material, machinery, plant, supplies and rolling stock manufactured or produced in Canada, provided the same can be obtained as cheaply and upon as good terms in Canada as elsewhere, having regard to quality and price.

The contractor shall conform to the fire regulations adopted by the Commissioners; and also to the laws and regulations respecting fires in the different Provinces wherein the work is being performed.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary.

BABY'S HAIR.

How to Make it Curl When It Is Inclined to Be Straight.

Straight hair is certainly not becoming to small children, however pretty the color may be, and mamma and nurse may be excused if they resort to fair means so as to induce a natural curl in baby's hair.

It has often been noticed that where a little care has been taken to foster an inclination toward wavy hair in earliest youth this has resulted in a becoming growth in later years, and by means of brushing and washing the head in the correct fashion much may be done to encourage a tendency to curl when the child is young.

A baby's hair should always be brushed upward instead of downward, and as each lock is treated it should be given a little twist with the finger, this operation having a particularly good and lasting effect when the hair is damp. Persevered in daily, this will be found to work wonders, even in cases where the natural growth was perfectly straight, although it must be noted that for the first week or two before the hair has become accustomed to the upward trend the effect is hardly pleasing.

One of the best shampoos for a child's hair, especially when long and thick, consists of a well beaten egg mixed into a froth with hot water and rubbed into the roots of the hair. Borax and ammonia, especially the latter, should be sparingly used, ammonia in particular being inclined to damage the color and shimmer of fair hair, while it frequently causes to become brittle and split at the ends.

Mixed Metaphors.

A minister said to his congregation, "Brethren, the muddy pool of politics was the rock on which I split."

An orator is credited with a peroration in which he spoke of "all ranks from the queen sitting on her throne to the cottager sitting on his cottage."

"My client acted boldly," said the counselor. "He saw the storm brewing in the distance, but he was not dismayed. He took the bull by the horns and had him indolent for perjury."

A Hindoo journalist, commenting on a political disturbance, said, "We cannot, from a distance, realize the intensity of the crisis, but it is a certain thing that many crowned heads must be trembling in their shoes."

An old negro woman whose needs were supplied by friends never failed to express her gratitude in original language: "You is powerful good to a pore ole 'oman like me, wid one foot in de grave an' de oder a cryin' out, 'Lawd, how long, how long?'"

No one could imagine what a speaker meant when he said, "Biddy, biddy," and then stopped and after a moment of confusion said, "Biddy, biddy," and then, with a scart face and coldly perspiring brow, gasped out, "Biddy, biddy, biddy doo?" Then he had to sit down and rest awhile before he could say, "Did he bid adieu?"—Christian Register.

ARE YOU SUBJECT TO HEADACHE?

If you are, and have never tried Burdock Blood Bitters it will pay you to profit by the experience of others and give it a trial.

A healthy stomach, right acting liver and bowels that properly perform their important duties, will render anyone free from headache. If these organs are not in perfect condition, headache must follow. The proper course is obvious—restore the stomach, liver and bowels, to health, and headache cannot exist. For this purpose no medicine equals

BURDOCK BLOOD BITTERS

It removes the cause of the headache by its splendid cleansing, strengthening and tonic properties, whereby the entire system is brought into healthy action. Miss Celina Dabul Letellier, Maine, writes: "I suffered for fifteen years from sick headache. To the advice of a friend I owe my complete cure, and it is with great pleasure that I testify to you that I have not suffered since using your wonderful remedy, Burdock Blood Bitters. I can recommend it as an efficacious remedy for sick headache, which caused me so much misery."

ANDREW CARNEGIE'S VIEWS.

Millionaire Should Share His Wealth With Poor, but with Certain Limitations.

London, Jan. 12.—The Review of Reviews prints a striking article by Andrew Carnegie entitled "My Partners." It expresses the belief that a millionaire ought to share his wealth with the poor, but with the limitation that his fortune should be divided before the millionaire's death. Then the community should exact a large share, graduated in increasing proportion to the extent of eating the British graduated death duties as a basis for distribution. Mr. Carnegie says: "Such contributions from the owners of enormous fortunes at their death would do much to reconcile the dissatisfied and fair-minded people to the alarmingly unequal distribution of wealth arising from the new industrial conditions of our day. We shall ultimately have to scheme as a progressive tax on all fortunes beyond a certain amount, either given in life or bequeathed at death, so that it will be impossible for the owners of enormous fortunes to hand out more than a certain amount to any individual."

Mr. Carnegie humbly deprecates the claim of the merely wealthy to fame. They have no place with educated men, and they occupy a lower plane intellectually. In the coming day brains will stand above dollars and conduct above both. The making of money as an aim will then be rated as an ignoble ambition.

TAXING THE RICH.

Recommendations of New York's Special Commission.

Amsterdam, N. Y., Jan. 12.—The New York state special tax commission will meet in New York city Saturday to complete its report. William H. Sutherland of Rochester, counsel to the commission, will present a bill to the commission for the levying of a tax on all incomes above \$500 annually. An income up to \$500 a year is to be exempt from taxation, but on annual incomes up to the first ten thousand dollars above the amount of exemption it is proposed to levy a tax at the rate of one per cent. On all incomes above \$10,000, up to and including \$20,000, the rate as proposed is two per cent.; above \$25,000, up to and including \$50,000, the rate is five per cent.; over \$50,000 and up to and including \$100,000, the rate is ten per cent.; all over \$100,000, up to and including \$200,000 is to be taxed fifteen per cent., and all over \$200,000 is to be subject to a tax of twenty per cent.

WAS OLD AT ELEVEN.

James Anderson's Remarkable Race Through Life.

Chicago, Jan. 12.—A despatch from Minneapolis says: "James Anderson, who died here yesterday, aged eleven years and two months, was, in the opinion of the physicians, at least sixty, so far as the condition of his turns determine the age of a man. When six years old his hair began to turn grey, his eyesight began to fail, and he walked with the deliberate and cautious gait of a person who is advanced in years. As a young child he was exceptionally bright, but his mental faculties were gradually failing for the last two years, so he was little better than a person in his dotage during the last few months."

\$1,000,000 TOBACCO FIRE.

Warehouses and Factories in Lancaster, Pa., are Destroyed.

Lancaster, Pa., Jan. 12.—A fire which started in the tobacco warehouse of S. R. Moss and Company considered the adoption of some such here today, caused a loss estimated at \$1,005,000.

A delay in turning in the alarm gave the fire a good start, and when the firemen arrived it was beyond their control. The structure was four story brick, which was filled with tobacco. The flames communicated to the Moss' cigar factory adjoining, a five-story brick building which was also destroyed. The warehouse of the American Cigar Company, north of the Moss buildings, caught fire, but was not greatly damaged. However, the company's loss from water and smoke will be heavy. East of the cigar factory five dwellings were ruined.

WOMANLY TROUBLES.

Should Not Be Allowed to Undermine Health.

It is impossible to go into details on this subject but the experience of many a poor woman who is crippled for life just because she didn't use a good remedy in time, should be a warning to others.

When the first stages of womanhood appear in a young girl, a great deal depends in getting her over this critical stage, so that in years to come she will not develop green sickness or consumption.

When she complains of flushed face, headache, bearing down feelings, give her a course of Ferrozone which will carry her past the crisis.

In the adult woman if any irregularities occur, Ferrozone will be found a remedy of remarkable potency and power.

Ferrozone is the ideal regulator and causes all organs of the body to perform their work properly.

It purifies the blood, tones up the nerves and vital energies. The stomach is strengthened, and digestive and assimilative processes are improved by the good work of Ferrozone. It regulates the bowels, cures constipation and piles, and replaces disease and decay by health and strength.

There is nothing better for the complexion than Ferrozone. It removes the dark circles from under the eyes, removes and cures all manner of skin eruptions, gives brightness and brilliancy to the eyes, a rosy tint to the cheeks,
