PRINCE FUSIMI WILL BE HONORED.

During his visit to Canada—Guards of Honor will be furnished. Him.

Ottawa May 30.—The Militia Department is making elaborate preparations for the visit of Prince Fushimi. He will be provided with guards of honor on the following occasions: On the arrival at Quebec, 7th, of June; on departure from Quebec, 8th of June; on arrival at Montreal, Bonaventure station, 8th June; on departure from Montreal, Bonaventure station, 10th June; on arrival at Ottawa, 10th June; on arrival at Winnipeg, 15th June; on departure from Winnipeg, 15th June; on arrival at Vancouver, 17th June; on departure from Vancouver 19th or 20th June. Royal salutes will be fired from the Citadel at Quebec on the arrival of His Imperial Highness and at Vancouver on his departure from that city.

Copies of the Japanese National Anthem, in suitable form for military bands, will be furnished as soon as possible.

WHY CANCER NOW EXISTS.

Scotch Doctor Claims That Faulty Diet is Responsible for it.

London May 30.—Dr. Robert Bell, formerly prominent among Scottish physicians, who is now practising in London, maintains that cancer is not caused by any micro-organism, but results from faulty diet and improper sanitation for the body. Lecturing before the Psycho-Therapeutic Society he said that self-indulgence was one of the chief factors in the production of cancer. What we were pleased to call civilization had a great deal to answer for, and certainly cancer was attributable to flagrant errors in diet, for which civilization was directly responsible. One of the primary causes was the ingestion of too much red butcher's meat. People who disliked milk were very liable to cancer. Plenty of vegetables were among the necessities of a cancer-resisting diet. In his long experience he had only met one cancer patient who was a vegetarian, and she was ill from other causes. Smoking, although an exciting of cancer in the system could not produce it. He did not hesitate to assert that cancer was preventable, and was sanguine enough to predict that before ten years passed it would be as rare as it is now prevalent.

Sleeplessness?
Nerves Are Racked.
Vitality is Lowered.
Brain is Congested.
Health Undermined.

Opiates, Sedatives, Narcotics, Worse Than Useless. Produce No Permanent Good.

Worry, overwork, overstudy and indigestion cause insomnia. Healthy, natural sleep can't be produced by drugs.

First, the blood circulation must be improved. Congestion of blood in the head must be removed. Irritation in the brain must be relieved.

It's because Ferrozone equalizes circulation, because it soothes the irritation, because it removes congestion that it does cure insomnia. For building blood and nerve, for instilling force and life into averting organs, for establishing strength and vitality, where can you find anything so sure as Ferrozone. Remember, sleep is just as important as food.

You must sleep, or break down. You can if you'll use Ferrozone and thereby remove the conditions which now keep you from sleep.

Ferrozone is not a narcotic, not a dope; it is a health-giving tonic that any child or delicate woman can use. Absolutely safe is Ferrozone. Take it for a month, take it for a year—no harm, but immeasurable good will result.

To sleep well, look well, feel well, to be free from depression, nervousness or blues—use Ferrozone. It's a food tonic, a healer to the weak and wretched, a boon to the sleepless—sold everywhere in 50c. boxes.

That same cough is everywhere you 'SIVE HOOX NI SONNI LI

go, deep and hollow because consumptive. First it was catarrh which could have been cured by Catarrhazone. Moral, never neglect a cold, never trifle with catarrh, go to your druggist and get Catarrhazone. It's instant death to colds, cures them in a few minutes. Throat trouble and catarrh disappear as by magic. Catarrhazone is the great throat, nose and bronchial remedy, today. Thousands use it, doctors prescribe it, why, because it does relieve quickly and cure thoroughly. Two sizes, 25c. and \$1.00 at all dealers.

"Jane," asked Mrs. Hiram Offen, "are the eggs boiling?"

"Most assuredly not, madam," replied the new servant, lately from Boston, "but I may safely say that the water in which the eggs are immersed are."

ERA AND DIARRHOEA REMEDY.

There is probably no medicine made that is relied upon with more implicit confidence than Chamberlain's Colic, Cholera and Diarrhoea Remedy. During the third of a century in which it has been in use, people have learned that it is the one remedy that never fails. When reduced with water and sweetened it is pleasant to take. For sale by all dealers.

BLACKHANDS TRY TO KILL DOCTOR.

Send Him Infernal Machine Which he Fortunately Did Not Open.

New York, May 30.—Detectives are trying to obtain a clue to the sender of a dangerous infernal machine, which was received yesterday by Dr. M. G. Daderian, a local physician. When the machine was opened, it contained three shells loaded with shot, arranged to explode when the lid of the box was lifted. On the inside of the box was drawn a crude skull and crossbones, with the following scrawl:

"We hope this will kill you. If it does not, we will get you yet."

Dr. Marker G. Daderian is an Armenian, and a physician of standing. For some time past he has received "Blackhand" letters demanding \$10,000. The police had been notified of the threats, and the physician had remained on his guard. A suggestion that attempted assassination was a development of the political squabbles of local Armenians was not entertained by the intended victim, who said that he could account for the plot only on the ground that because of his name he had been mistaken for an Italian from whom money might be exacted by "Blackhand" murderers.

In an Irish court recently an old man was called into the witness box, and, being infirm and just a little blind, he went too far in more than one sense. Instead of going up those that led to the box he mounted those that led to the bench. Said the judge good humoredly:

"Is it a judge you want to be, my good man?"

"Ah, sure, your honor" was the reply, "I'm an old man now, and mebbe it's all I'm fit for."

RELIEF FROM RHEUMATIC PAINS.

"I suffered with rheumatism for over two years," says Mr. Rolloan Curry, a patrolman, of Key West Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by all dealers.

WILL JOIN FOUR HUNDRED. Jewelled Syrian Ladies Arrive at New York.

New York May 30.—Adorned with jewels and glittering finery worth several thousand dollars, two Syrian brides, who, with their husbands, were passengers in the steamer of the Celtic, which arrived from Southampton yesterday, excited the wonder and suspicion of the customs inspectors. All were taken before the Deputy Surveyor in charge to explain the unusual display.

Salim Sorour, one of the bridegrooms, explained that he had left his betrothed, Marie Haddad, the beautiful daughter of the principal barber in Beyrout, Syria, eight years ago to come to America and make a fortune. Salim is now an American citizen, and resides in San Antonio, Texas. He said he was taking his bride to her new home.

Hana Maroon, the other Syrian, said that he, likewise, had left Naimah Elas, one of the prettiest girls in Butroun, a village thirty-five miles from Beyrout, three years ago and had recently returned to be married. He lives now in Beyrout.

The two newly wedded couples had met on the ship at Cherbourg.

As to the five jewelled bracelets that were on each arm of each bride, together with several diamond studded rings and ear-rings, they were wedding gifts, the bridegrooms said. The Inspector, S. Roetzel, estimated the "jewellery as worth at least \$4,000 but as no customs laws had been violated the four were allowed to go after a severe questioning.

HAD HIGHEST SKILL

And Yet This Workman Starved to Death.

A pathetic story of hardship and misfortune was told a reporter yesterday. It seems a man not far from this city was exceedingly skillful in a certain line of work, but he was so clean in his habits that his hands were always soiled. Whenever he did a fine piece of work he would be likely to spoil it by getting it spotted and greasy. So at last no one would hire him and he grew so poor he finally died from the insufficient nourishment.

"Now," said Mr. George Y. Dibble, our well known pharmacist, "there is a parallel case to that one in the field of medicine. It is cod liver oil, which contains medicinal and curative properties to do such splendid work as a body-building, healing, strength-creating tonic medicine, and yet fails because its greasy indigestible oil upsets the stomach and hinders these excellent curatives from doing their healing work."

Cod liver oil has 'lost its job,' and few people nowadays have any use for it or emulsions, since Vinol rapidly taking their place. Vinol is delicious and digested with perfect ease, and at the same time contains all the genuine medicinal curatives taken direct from fresh cods' livers. Vinol will do more than was ever claimed for old-fashioned cod liver oil, yet it is entirely free from oil and agreeable to the weakest stomach. It is guaranteed to give strength to the weak, vitalize the aged and cure stubborn colds and hacking coughs, or money will be paid back." George Y. Dibble, Druggist.

SHOT HIM WHILE ASLEEP.

Mother and Son Kill Husband and Father After a Quarrel. Parkersburg, W. Va., May 28.—Word was received here last night of a murder in Ritchie county, near McFarlan, in which mother and son killed the husband and father while he lay asleep in his bed. The victim was Harvey Yohe, after a quarrel with his wife, in which his son John participated, went to bed. It is alleged that they stole to his bedroom and fired two shots from a revolver, one entering his head and the other his body.

LIKE A NEW DISEASE.

New to the man, who never had corns is the pain relieved by Putnam's Corn Extruder. Old corns and new ones cured quickly by "Putnam's." Sold everywhere.

TEMPLE.

The weather continues cold and windy with occasional showers of rain and hail on account of the cold weather farming in this vicinity is not very far advanced.

Mr. R. E. Patterson has a crew of men rafting lumber at his mill.

Mrs. R. E. Patterson drove to Bear Island last Thursday to attend the funeral of her aunt Mrs. Manuel.

Mr. Merrill Flatfield accompanied by Miss Thelma Ritchie left on Thursday morning on a driving tour to Fredericton.

Mr. Bruce Hillman is ill with typhoid fever. He is under the care of nurse, Dr. Kierstead is the attending physician.

Large quantities of general merchandise are being delivered almost daily to the store of our general merchant W. T. Hatfield, having to be drawn by teams from Woodstock and Canterbury Station. The Aberdeen is greatly missed by the people along the river, but they are hoping for the long talked of railroad in the near future.

Mr. Alley Way has purchased the farm formerly occupied by Mr. Allan Grant and will occupy it at once.

P. V. Mr. Valice was calling on friends in the village this week. Doctored Nine Years For Tetters. Mr. James Gaston, merchant, of Willebarre, Pa., writes: "For nine years I have been afflicted with Tetters on my hands and face. At last I have found a cure in Agnew's Ointment. It helped from the first application, and now I am permanently cured." Sold at Central Pharmacy, A. J. Ryan.
