A TRAINED NURSE

After Years of Experience, Advises Women in
Regard to Their Health.

Mrs. Martha Pohlman
of 55 Chester Avenue,
Newark, N. J., who is a
graduate Nurse from the
Blockley Training School
at Philadelphia, and for
six years Chief Clinic
Nurse at the Philadelphia
Hospital, writes the letter
printed below. She has
the advantage of personal
experience, besides her
professional education and
what she has to say may
be absolutely relied upon.
Many other women are
afflicted as she was. They
can regain health in the
same way. It is prudent
to heed such advice from
such a source.

Mrs. Pohlman writes:

"I am firmly persuaded,
after eight years of experi-
ence with Lydia E. Pinkham's
Vegetable Compound, that
it is the safest and best medi-
cine for any suffering woman
to use."
"Immediately after my
marriage I found that my
health began to fail me. I
became weak and pale, with
severe bearing-down pains,
fearful backaches and fre-
quent dizzy spells. The doc-
tors prescribed for me, yet I
did not improve. I would
bloat after eating and fre-
quently become nauseated."

"I had pains down through my limbs so I
could hardly walk. It was as bad a case of
female trouble as I have ever known. Lydia
E. Pinkham's Vegetable Compound, how-
ever, cured me within four months. Since
that time I have had occasion to recommend
it to a number of patients suffering from all
forms of female difficulties, and I find that
while it is considered unprofessional to re-
commend a patent medicine, I can honestly
recommend Lydia E. Pinkham's Vegetable
Compound, for I have found that it cures
female ills, where all other medicine fails.
It is a grand medicine for sick women."

"Money cannot buy such testimony as
this—merit alone can produce such re-
sults, and the ablest specialists now
agree that Lydia E. Pinkham's Vegeta-
ble Compound is the most universally
successful remedy for all female diseases
known to medicine."

"When women are troubled with ir-
regular, suppressed or painful periods,
weakness, displacement or ulceration of
the female organs, that bearing-down
feeling, inflammation, backache, bloating
(or flatulence), general debility, indiges-
tion, and nervous prostration, or are beset
with such symptoms as dizziness, faint-
ness, lassitude, excitability, irritability,

Lydia E. Pinkham's Vegetable Compound Succeeds where Others Fail.

Mrs. Martha Pohlman

nervousness, sleeplessness, melancholy,
"all-gone" and "want-to-be-left-alone"
feelings, blues and hopelessness, they
should remember there is one tried and
true remedy. Lydia E. Pinkham's
Vegetable Compound at once removes
such troubles.

No other female medicine in the
world has received such widespread and
unqualified endorsement.

The needless suffering of women from
diseases peculiar to their sex is terrible
to see. The money which they pay to
doctors who do not help them is an
enormous waste. The pain is cured and
the money is saved by Lydia E. Pink-
ham's Vegetable Compound.

It is well for women who are ill to
write Mrs. Pinkham, Lynn, Mass., The
present Mrs. Pinkham is the daughter-
in-law of Lydia E. Pinkham, her assistant
for many years before her decease, and
for twenty-five years since her advice has
been freely given to sick women. In her
great experience, which covers many
years, she has probably had to deal with
dozens of cases just like yours. Her
advice is strictly confidential.

BEAR ISLAND.

Sept. 21—We are getting a little
more sunshine than we did last week,
but would like a little more. Grain
ripens very slowly and when ripe
it is hard to get it dry enough to
put in the barns. Some farmers who
wished to go to the exhibition did
not, owing to the few days in which
they could work at their grain. Oats
that have been cut and thrashed
seem to be turning out very well.
Buckwheat is a fine crop, potatoes,
are rotting quite fast, and will not
be a good crop. Some farmers who
had hay on low land, have just got
the balance of it housed this week.

Hay is an extra crop this year.
The young men of this place are
leaving for the winter, some going
to Aroostook to help harvest the
grain and potato crop there, others
going to the lumber woods. Wages
across the line for harvesting are
from \$2.00 to \$2.50 and board.
Farmers here don't like to pay that
for first class help, and are trying to
do the work themselves or with
cheaper labor.

Some miscreants set the old
Episcopal church, on what is called
Church hill, near the old McNally
farm, on fire one night this week, and
burnt it down. It had not been

used for service for some years.

Wm. Burden and wife of Boston,
spent a few days at the Fredericton
exhibition, and are now up this way
visiting relatives and old neighbors.
Mr. Burden says he can see great
improvements in the looks of the
farms and buildings from Fredericton
up since he was here last, some seven
years ago, but thinks we have gone
back on the transportation line. We
then had a steamboat and numerous
tow boats.

The Athertons of this place are
selling their farm, intending to
leave. They have improved it very
much since they bought it.

A friend and comforter, an unceas-
ing aid in every house for the hun-
dred and one ailments that do turn
up. Nervine is too valuable to be
without. If some thing eaten causes
trouble, if it's cramps, indigestion
or headache, Nervine cures. For
cold on the chest, aching limbs or
lame back rub on Nervine and get
some relief. Nervine is known as
"the great relief" or "the great cure."
Nervine. Get the large 25c. bottle
from your dealer.

Married men have been known to
actually gloat over their condition.

Don't Worry. Don't Worry.

WHY WORRY?

CONSULT

PHAROS.

The Mystic and Modern Astrologer
Yes, Why Worry?

About your Business, Health, Pleasures, Friends Abroad, your Love
Affairs, and Chances in Life.

Yes, Why Worry? Consult Pharos. He is able to advise, console
you and warn you. His ambition in this life is to help those in trou-
ble, and must not be classed with the run of Palmists who use their
SUSPECTED GIFTS to make money. Pharos is independent of this.
Willing and able to help all in trouble and relieve their anxiety to
the best of his ability and experience.

PHAROS HAS A MESSAGE FOR YOU

You are anxious to put your son to a business that he will prosper.
Will your daughter be happy in her married life? You are in love.
Have I made a wise choice in mate? Shall I take a partner into my
business? Should I be wise in going abroad? All these questions
Pharos can answer and advise by the aid of astrology. Why not put
this to a test. Send P. O. value 1 shilling and addressed, stamped
envelope to—

PHAROS, Dept. 14, 45 Union Street, GLASGOW
with your Birth Date, Full Name and Title and Town and County of
Birth if possible, upon receipt of same Pharos will send you a written
Test Horoscope.
With the above Pharos will send you FREE a written Forecast of
your Future.

SLUICE GATES OF IMMIGRATION.

How the Interior Department Directs the Stream--Bri-
tain the Chief Source--Regulations Hamper
Work in Northern Europe.

OTTAWA, Sept. 24.—W. W. Cory,
Deputy Minister of the Interior, and
W. D. Scott, Superintendent of Im-
migration, have returned from Europe,
where they had been making an
inspection of emigration agencies and
generally acquiring information on
the subject of immigration to Canada.
They visited England, Scotland, Ire-
land, France, Belgium, Holland, Ger-
many and Denmark, and by appoint-
ment interviewed at Copenhagen re-
presentatives of emigration interests
from Norway and Sweden. They re-
port emigration work in the British
Isles as progressing very favorably.
There is an excellent feeling towards
Canada, and, although some discour-
aging reports have been received from
immigrants, the overwhelming major-
ity are so favorable as to largely coun-
teract their ill-effect. The emigra-
tion offices are well situated in lead-
ing centres, are in every case on the
ground floor and have an excellent
display of Canadian products and a
supply of three light wagons and
a motor bus this season to the
working force is producing most sat-
isfactory results. The first motor
which was put on, while answering
every purpose in connection with ex-
hibitions, was unwieldy and difficult
to move about. It could only be
employed in the most level country
of England and on the best roads.

REACHING OUT FOR THE PEOPLES.

Recently new power appliances
have been installed, which it is hoped
will give better results. The motor
bus was used to carry a permanent
exhibit from town to town where
fairs were being held. In the low-
lands of Scotland a team and wagon
were employed for the same purpose
with the addition that being easily
moved it was possible to reach small
hamlets where the people would other-
wise not have had their attention at-
tracted to Canada. A second motor
bus for use in England was added
this season. The three light wagons
which were put on this season are
intended to be employed in the hilly
parts of the country where the roads
are not suitable to a heavy wagon
or to a motor. One is now employed
in the west highlands, another in
North Wales, and the third in the
north of Ireland. It is believed that
with the use of these wagons it will
be possible to reach the people who
are most desirable and who are most
likely to come to Canada, as they
could not be reached before.

HOW THE BONUS WORKS.

The system of bonuses to booking
agents is working very satisfactorily
in every way. The booking agents in
the three kingdoms, to the number of
over two thousand, are energetically
advertising Canada, and as the bonus
is only paid on people of outdoor em-
ployment, and who intend to go into
farm or railway construction work
in Canada, it forms a strong induc-
ement to the agent to push work with
that class of people as compared with
other classes upon whom the agent
receives no bonus. The authorities of
several charitable emigration socie-
ties in London were seen. While the
objects of these societies are not at
one with the immigration policy of
the Government, in so far as their ac-
tivity results in sending those who
can be classed as desirable they are
recognized, but no further. It was
made absolutely clear to them that
the Government's policy was not one
of assisted immigration, but of plac-
ing before the British public the ad-
vantages of Canada and facilitating
so far as may be done by oversight
and selection the acquisition of a
desirable population by Canada.

A BETTER CLASS COMING.

The result of the system recently
adopted in regard to British immi-
gration has unquestionably resulted
in a much improved class of immi-
grants. To such an extent is this
the case that the steamship com-
panies are improving in a very
great degree their accommodation
for immigrant passengers. While Mr.
Scott was at Liverpool a booking
agent from Boston, in Lincolnshire,
was contracting for 400 passengers
and paying one pound each to the
steamship company to secure the
passage. The Empress of Britain, on
which Mr. Cory and Mr. Scott re-
turned, had 836 third-class passen-
gers, mostly British people.

THE CONTINENTAL MOVEMENT

The movement from the continent is
not as large as in previous years,
and is subject to different influences
in the different countries. At the
present the immigration effort is
confined to France, Belgium, Hol-
land, Germany, Denmark, Sweden,
Norway and Finland. The laws of
all these countries are restrictive
against emigration, but differ in
stringency in the different countries,
and again differ more greatly in the
laxity or stringency of their admin-
istration. In France the law is very
restrictive, but owing to the friendly
relations between France and Canada
a moderate emigration effort is per-
mitted. The Canadian government
has a resident agent in Paris and
the Allan Company's London line of
steamships calls at Havre, giving di-
rect connection between France and
Canada. While in Paris Mr. Scott
decided to remove the immigration
office from its present location in
connection with the commissioner's
office, and to secure separate ground
floor premises on a prominent busi-
ness street.
In Belgium, while there are restric-

tive laws, they are scarcely recogniz-
ed by the authorities. The feeling
towards Canada and Britain is de-
cidedly favorable. In Holland the
condition is very much the same as
in Belgium—restrictive laws, but
lax enforcement.

GERMANY IS HOSTILE.

In Germany the laws are very
restrictive and severely administered,
with special hostility to Canada.
Hamburg is the chief port, with no
lines direct to Canada. Denmark
has restrictive laws, but they are
very loosely enforced, and the feeling
towards Britain and her colonies is
very favorable. English is spoken
very generally by the business people.
Norway is in much the same posi-
tion as Denmark as regards emigra-
tion, but Sweden is now adopting a
restrictive policy both in legislation
and administration. Notwithstand-
ing this attitude, however, it is re-
ported that the Cunard Company
took 30,000 people out of Sweden
last year to the United States. The
three Scandinavian countries have
direct communication with the east
coast of England and their emigra-
tion movement is chiefly through
English ports, they having no direct
steamship connection with Canada.

NEED FOR CARE.

A modified form of the system of
bonuses to booking agents adopted a
year ago in England is now being
adopted on the continent, the differ-
ence being that, as there is no re-
striction on emigration from the
British Islands, there is no selection
of booking agents—that is to say,
any booking agent whose bookings
comply with the conditions is enti-
tled to receive bonus. But on the
continent, owing to the restrictive
laws prevailing in each country, it is
thought advisable only to deal with
such booking agents as are not likely
to be the cause of difficulty with the
Government.

THE STEAMSHIP COMBINE.

Besides the restrictive laws, immi-
gration work on the continent is
complicated by the existence of two
or more Atlantic steamship com-
bines or conferences. Ships sailing
from British ports, through which
the Scandinavian traffic comes, form
one conference, and ships sailing
from German, Holland, Belgian and
French ports from another con-
ference. The terms of the latter
conference are commonly understood
to include some sort of pooling ar-
rangement whereby each line gets
credit for a percentage of the total
traffic and only that percentage of
matter whether the number of pas-
sengers really carried by it is less or
greater, and without regard to the
country of destination. Under these
circumstances there is not the possi-
bility of exercising control of the
kind of emigrants while using
due efforts to secure numbers as
would be possible if each line had an
interest in the business which it
carried.

The bonus offered to continental
booking agents is only payable on the
same classes as in the case of British
immigrants—that is to say, people
of agricultural or outdoor employ-
ment who are going into farm or
railway construction work in Canada.
The bonus is ten shillings and is
paid directly to the booking agent
who sells the passenger his ticket as
an inducement to him to direct the
emigrant to come to Canada. This
system is only being put in opera-
tion this season, and so far as it has
gone has been found satisfactory.

KEEPING IN TOUCH WITH THE NORTH.

The question of literature and ad-
vertising in the European countries
having restrictive emigration laws
is one that requires very careful con-
sideration, so that due publicity may
be given to the advantages of Cana-
da and yet the restrictive laws not
be infringed upon. While the flow
of British immigrants is very large
and satisfactory in view of the great
demand, especially for railway labor
in Canada at the present time, it is
thought desirable to maintain a rea-
sonable measure of emigration effort
in the countries of northern Europe,
from which people might be expected
to come who would by working at
railway construction become enabled
to enter upon land of their own, in
the first place, meeting the demand
for railway labor, and then the de-
mand for agricultural development.

WHEN YOU EAT TOO FAST.

You have indigestion, perhaps cramps
or in any case the system is over-
loaded with matter that should be
eliminated. Breath gets bad, eyes
look dull, headaches are frequent.

Why not cleanse and purify the
whole system, why not strengthen
the stomach, enrich the blood and as-
sist your overtaxed digestive organs?
Easily done with Dr. Hamilton's
Pills; their action is most gratifying.
In every case they give the exact as-
sistance the ailing organs require.
You'll feel fit and fine, eat with a re-
lish, sleep like a top, have a clear
color, and restful sleep if you regu-
late your system with Dr. Hamil-
ton's Pills. Price 25c. per box at
all dealers.

The winter girl succeeds in getting
rid of last summer's coat of tan just
in time to accumulate a new spring
style of the same.
