Opp. Normal School, Fredericton, N. B.

RAWLINGS--SNOWBALL

Daughter of the Late Lieutenant Governor Wedded to a Montreal Gentleman.

Chatham, N. B., July 3.—(Special)—The wedding of Miss Laura Snowball, daughter of the late Lieut. Governor, to Henry Edward Rawlings, of Montreal, took place here at nine o'clock this morning. The wedding, which, owing to the bride's recent bereavement, was a quiet one, was celebrated at St. Luke's Methodist church by Rev. G. A. Sellar. The bride looked unusually charming in a beautiful dress of white crepe de chene, trimmed with quantities of old rose point lace and duchess satin. She also wore a tulle veil and orange blossoms and carried a large shower bouquet of white roses and lilies of the valley tied with tulle. She was attended by her sister, Miss Lillian Snowball, who was attired tastefully in white radium silk, trimmed with cluny lace, and wore a picture hat, with cluny lace and white ostrich feathers. Her bouquet was of American beauty roses. The groom's best man was Alex. Thompson, son of Senator Thompson, of Fredericton. As the bride was given away by her brother, W. B. Snowball, the bridal chorus from Lohengrin was played on the organ, and after the ceremony the happy couple left the church followed by the strains of Mendelssohn's wedding march. The groom's present to the bride was a crown shaped diamond pendant with a large whole pearl in the centre. To the bridesmaid he gave an amethyst brooch, surrounded by pearls, and to the groomsmen a beautiful antique Egyptian scarf pin. After the ceremony the happy couple returned to Wellington Villa, the bride's home where a light luncheon was served. Among those present as guests were: Mrs. Rawlings, Miss Edith Rawlings, Montreal. Miss MacLaren, Mr. and Mrs. McDougall, Moncton. Miss Margaret Thompson, Alex. Thompson, Fredericton. Mr. Turner, China. Major Black, Sackville. Mr. and Mrs. Manning Stires, New York. Mr. and Mrs. Rawlings leave for Montreal on the Ocean Limited to night, whence they will gradually go to their home at East Orange, New Jersey, followed by good wishes and hearty farewells of many friends.

FORESTERS' MEETING.

High Court Votes Gratuity to Retiring Treasurer---Changes Suggested in Supreme Court Constitution.

St. John, July 3.—(Special)—The meeting of the high court of Foresters will probably close this afternoon. At this morning's session Foresters paid a high tribute to E. P. Eastman, high treasurer, who is retiring after 22 years of service. They decided to give him a gratuity of \$200 and recommend him for decoration with the grand cross of merit. An interesting point was raised in reference to rates, by R. A. Borden, of the committee on constitution and by-laws, who submitted a report recommending:

(1) That it be recommended to the supreme court that sub. section 6 of section 169 be amended to permit sick and funeral benefits being paid brethren receiving total disability, old age disability and pension and other benefits, they continuing to pay sick and funeral benefit dues. (2) That the constitution and by laws be amended by the supreme court so as to provide for sick and funeral benefits for companions of the order. There was considerable discussion and section one was finally referred back to the committee for consideration.

THE STOCK MARKET.

Money Tight but Tone Continues Strong--- Early Rally in Prices Probable.

Montreal, July 3.—(Special)—Despite tight money, the stock market continues strong in tone. The outlook seems much more cheerful, and with the return of easier money and given the same bright aspect, there is no reason to doubt that the prices will rally with a rush. There were transactions in Rio

bonds at 73½; Detroit 66½ to 67; Montreal Power 91½; Montreal Street Railway 209; MacKay pfd. 66 and Dom. Iron 24. The impression in the market is that Ross buying is over for the present, recent purchases having given that party all stock necessary for the purposes of control of the Dominion Steel Company.

CRICKET.

The Boston Cricketers, will play the Fredericton club here Aug. 1st, arriving by boat from St. John the previous evening. A meeting of the home club will be held at the Queen hotel at 8.30 to-morrow evening to make arrangements for the match, reception and entertainment of the visitors etc.

Mrs. Squash—I see in the paper that the young Slipper is a goin' to get spliced, Si.
Si Squash—Guess yer mista'ken, Mi-randy, he tells me he hasn't no no-shen o' getting married.
Mrs. Squash—I don't keer what he says, it tells right here in th' paper 'at some one's got a writ of attachment for him. So there, smarty.

Freidn—Got a cold, I see.
Jinks—Yes, a little one.
"You ought to be mighty careful. That cough needs attention."
"Think so."
"It has a regular graveyard sound."
"Good gracious."
"Awful dangerous time for people with colds, la grippe, pneumonia and quick consumption everywhere."
"Eh?"
"Yes. A friend of mine took a cold not half as bad as your last week, and in three days he was dead."
"My stars."
"Fact. The doctor said my friend might have pulled through if he had not have worried so much. Take my advice and try not to think about it."
"Does your wife always talk back to you?"
"Never."
"How do you manage to control her?"
"I don't. She always talks first."

CITY COUNCIL.

Ald. Hooper Says the Dog Nuisance is Becoming Unbearable in His Ward.

CITY WILL PROTEST AGAINST DANGEROUS RAILWAY CROSSINGS.

Mr. Crocket, M.P., Does Not Like Smoke and Noise From Trains.

The city council met and got through with considerable business at the regular monthly meeting last evening. It was stated that the I.C.R. authorities were about to construct another siding in their yard here and members of the board and Mr. O. S. Crocket, M. P., held that this would provide more dangerous crossings on George and Charlotte streets. The city clerk was authorized to enter a protest with the railway authorities. A statement was read of the amount of assessable property in the city and showing that the rate of taxation for the present year had been fixed at \$1.41 per \$100. The dog nuisance was dealt with by Ald. Hooper in an entertaining manner, but no action was taken.

In the absence of Mayor McLeod, Ald. Everett presided, and the others present were Alds. Hooper, Kelly, Moore, Dougherty, Johnston, Scott, Jewett and Olham. County Councilors Scott, Timmons and Fraser being among the spectators present, were invited to seats on the platform. The chairman read the auditor's report and it was adopted. The payments for the month of June were as follows:

Roads and streets.....	\$ 826.93
Public works.....	209.65
Administration of Justice.....	9.43
Wharves.....	30.00
Markets.....	13
Contingencies.....	270.13
Street lights.....	224.75
Fire.....	77.85
City Hall.....	64.51
Water.....	1,531.35
Sewerage.....	238.35
Total.....	\$3,428.38

Ald. Hooper moved that a check for \$500, voted in aid of the exhibition, be issued in favor of the agricultural society.

Adopted. The monthly salaries of the city officers were ordered to be paid. Ald. Hooper presented the report on the municipal home. The report was adopted and it was ordered that a check for \$150 be issued in favor of the commissioner.

The report from the committee on the whole dealing with the applications of Alex. Dunbar & Sons, Donald Fraser & Sons, for concessions, and the petitions of John A. Morrison and the Scott Lumber Company for water extension, was read by the city clerk.

On motion of Ald. Hooper, the report was unanimously adopted. Ald. Everett said that the committee appointed to negotiate with the Misses Odell for a right of way, have communicated with them but up to the present have received no reply. The city clerk said that the substance of the resolution had been communicated to the Messrs. Dunbar & Son, but no reply had yet been received.

NEW BAND STAND.

A communication from Col. Loggie, president of the Local Improvement Association requesting permission to erect a band stand below the club house and asking a grant of \$25 to help defray the cost of the same was read by the chairman.

Ald. Scott moved that the application for permission to build a band stand be referred to a committee of three with power to act. Adopted. The chairman expressed the hope that the committee would act promptly as the bandstand would be needed at once.

The chairman appointed as the committee Alds. Jewett, Dougherty, and Johnston. In reference to the application for a grant Ald. Scott wanted to know if a grant was given by the city towards the cost of the up town band stand. To the best of his recollection nothing was given except a free site. His company had supplied the lumber free of charge.

To Ald. Jewett, the chairman said the Local Improvement Association were building the bandstand by private subscriptions. Ald. Dougherty had been given to understand that St. Andrew's Society, which removed the old band stand, had promised to contribute to a new one.

Ald. Hooper said that Ald. Dougherty was entirely mistaken in this as no such promise had been made.

He understood that the committee had collected \$200, and that should be quite sufficient to erect a suitable band stand. He thought the up town bandstand had cost less than \$200.

Ald. Scott said that lumber in the up-town band stand cost \$40, and he scarcely thought the work in it was worth \$150. He thought that the committee should be able to erect a good band stand for \$200. If they should run short of funds before the work was finished he would be in favor of making a grant. The matter was then allowed to drop.

THE NEW ASSESSMENT.

The city clerk read the following statement prepared by the board of assessors:

Total real estate valuation	Year 1906.....	\$2,718,270
Total real estate valuation	Year 1907.....	2,720,604
Gain.....		\$2,334
Total personal estate valuation, year 1906.....		\$1,247,925
Total personal estate valuation, year 1907.....		1,159,159
Gain.....		\$211,534
Total income valuation, Year 1906.....		\$ 249,325
Total income valuation, Year 1907.....		319,031
Gain.....		\$69,706

Exemptions to widows, etc., real.....\$51,690
Exemptions to widows, etc., personal.....7,100
Inside rate.....\$1.41
Outside rate.....\$1.02
1660 polls at.....\$5.00

The city clerk explained that the new law granted certain exemptions to widows, so as a matter of fact the increase and the value of real estate over last year was really \$57,000. The exemption of the capital of joint stock companies amounted to \$300,600.

NEW SIDING.

The city clerk stated that he had been given to understand that the I. C. R. authorities were about to construct a new siding near their station and have it cross George and Charlotte streets. His attention had been called to the matter by Mr. O. S. Crocket, M. P. and he thought that there certainly should be a protest sent to the railway department against it.

Mr. Crocket, who was invited to address the council, said that he had learned yesterday that the I.C.R. authorities were to build an additional siding across George and Charlotte streets. He believed that the result of this would be to destroy that section of the city as a place of residence. At present the noise and smoke from engines shunting made life scarcely worth living during the night time. He had written to Deputy Minister Butler on the subject, protesting as strongly as he could. He had secured from Mr. Fielding in parliament last winter an admission that the I. C. R. station here was scarcely worthy of the capital, and that the city was entitled to a new one. Mr. Crocket also thought that the C. P. R. station was not what it should be and he suggested that if the proper steps were taken by the city council and board of trade it might result in Fredericton procuring a modern union station.

Ald. Hooper said he thoroughly agreed with Mr. Crocket in all he had said about the C. P. R. and the I. C. R. stations but so far as an extra siding was concerned, he did not know what the city council could do in the matter. They certainly could not have any say in the matter of railways and should give them a chance to handle their traffic. In regard to noise and smoke he hoped the city would have more of it—more from trains and more from factories—something to make the town look up. He was of the opinion, however, that the railways should be compelled to protect the crossings. In the busy town of Amherst the track crossed the main street of the town and the same could be said in regard to the town of Windsor, N. S. Ald. Johnston thought that a new station was needed, and hoped that the railways should be compelled to protect the crossings.
