OF LOCAL INTEREST.

Insurance Case at Ottawa Has a Bearing on this Province--Solicitor General Acting for New Brunswick.

Ottawa, June 3.—(Special).—The hearing took place in the supreme court today of the C. P. R. vs the Ottawa Insurance case on the constitutional points involved, that is to the right of the Company to do business outside the limits of the province.

The merits of the case were not taken up, merely the constitutional merits.

The provinces of Ontario, Quebec, New Brunswick, Manitoba and Saskatchewan, were represented by counsel, Solicitor General James appearing for New Brunswick and Deputy Minister of Justice Newcombe appeared for the Dominion.

Mr. Newcombe was the first to be heard. His argument on the constitutional question was in effect that a company executed a federal charter to enable it to do a manufacturing business in the province.

If it had to import its raw material from the United States, and sell its finished products in the Dominion the Company could manufacture under a provincial charter, but would not be able to dispose of its goods outside the limits of the province without a federal charter.

This was the contention raised by Mr. Gervais, for Quebec when the case previously came up and Mr. Newcombe's argument today seemed to agree with this.

LAD'S STRANGE DEATH

Sucked a Fire Cracker and was Fatally Poisoned.

Winnipeg, June 3, (Special).—Phosphorus in a fire cracker caused the death of a little lad named Ernest Lattimer yesterday afternoon.

The child put a cracker in its mouth, a few minutes afterwards he was seized with convulsions, and the doctors were at a loss to under-

stand the case. A post mortem revealed the fact that the child had been poisoned by phosphorus.

The firecracker was suggested as a source, and the doctors analyzed the one the child had sucked making the startling discovery that it contained enough poison to kill a hundred people.

THE BEST PAID.

I. C. R. Employees Receive Highest Wages of Their Class in America--New Schedule Approved.

Ottawa, June 3, (Special).—The schedule for the increased pay of machinists, carmen, maintenance of way office men, and others on the I. C. R. has been approved by the deputy minister of railways.

It practically includes all except the trainmen, who are now the highest paid on this continent.

The new schedule takes effect June 1 and the increased pay will be given out in the May envelopes. About \$150,000 will be distributed in this way.

BAD CHINESE MUSIC.

Responsible for the Destruction of M. E. Doohan's Store Window.

About nine-thirty o'clock last evening some miscreant hurled a brick at the window of Mr. M. E. Doohan's grocery store on Regent street demolishing a large pane of plate glass.

It appears that some Chinaman who conduct a laundry next door to Mr. Doohan's establishment were entertaining the people of the locality during the evening to some selections of Chinese music ground out on a phonograph. Music hath charms to soothe the savage breast but the article the Chinamen were turning out seemed to arouse the indignation of many of those who heard it and the supposition is that the brick was intended as a sort of squelcher. The party who threw it seems to have been a very bad shot as so far as the Chinamen were concerned he scored a clean miss. Mr. Doohan, however, who does not own a phonograph and who is a man who attends strictly to his own business, received the full benefit of the brick and he estimates that that it will cost him at least \$30 to make repairs.

Mr. Doohan found the brick this morning lodged inside of the window and he picked up others on the sidewalk. He is inclined to think that it was raining bricks for a time in the neighborhood last night.

BLOOMFIELD RIDGE.

June 1st, 1907.—We are glad to see the men home safe from the drives again. Times have been very dull around here all spring, and now everyone is looking forward to the pie social and fancy sale to be held in Norrad's Hall, next Tuesday evening June 4.

Mr. and Mrs. Jas. McLellan drove to Boiestown yesterday.

Mr. Jas. Gear had the misfortune to lose his overcoat between the Ridge and Boiestown Thursday night. It was found the next day by John Great.

Miss Annie R. McRae made a flying trip to Boiestown today.

Mr. Edmund Palmer is helping Mr. Jas. E. Boies farm.

Miss Mary A. Parker is staying with Miss Grace Wilson for a few days.

Mr. Justus F. Moir, and family have moved to the Ridge and are living in the house formerly owned by Saunders. Price. We are all pleased to see them back again.

Misses Jessie C. Smith and Nellie McLeod, were the guests of Miss Annie Boies, the other evening.

Miss Leah Spencer made a flying trip to Gordon Vale Friday.

Mr. and Mrs. Clarence Boies drove to the celestial city today with their fancy driver, Mr. Boies has purchased a grey driver from Edward Mum, of Hayesville.

Mr. Jas. Hinchey is exercising his trotter.

Miss Helen Parker, who has been attending the Academy has to stay at home on account of ill health.

Miss Beatrice Calhoun was the guest of Evelyn Boies.

Mr. James Stewart is very ill with la grippe.

ST. JOHN WEDDING.

Daughter of an ex M. P. Married to a Banker.

St. John, June 3, (Special). Alexander Hamilton Baillie, son of Charles Baillie tobacconist, and Mary Chesley daughter of John A. Chesley, ex M. P. Canadian Agent in South Africa, were married at six o'clock this morning in Trinity Church by Rev. R. A. Armstrong. The wedding was very quiet the young couple being unattended.

Mr. and Mrs. Baillie will reside in Montreal, where the groom is on the staff of the Dominion Bank.

LLOYD DISCHARGED.

Witness at Emmerson-Crocket Libel Suit Trial Loses His Position at Montreal.

Montreal June 4.—John Lloyd, night clerk in the St. Lawrence Hall, who was a witness for the defence in the Emmerson-Crocket libel case, was informed on his return from Fredericton that his services were no longer required. Lloyd was in the hotel for thirty-six years.

The proprietor denies that he discharged Lloyd for the part he played in the trial.

DIED OF LOCKJAW.

Quebec Boy Fatally Bitten by Dogs.

St. Andrews, Que. June 3, (Special). The twelve year old son of Alex. Lacasse is dead as a result of the attack of two hounds owned by Euclide LaDoucey.

The boy's cries attracted rescuers who drove off the dogs but not before the young lad was severely bitten. He died this morning of lock-jaw.

HAWKSHAW.

May 30.—A very successful basketball social was held in the Pokok Hall, on Wednesday evening, May 29. The receipts of the evening, which amounted to over \$26, are to be used in procuring black boards and other school supplies.

A good program was rendered before the sale of the baskets, in which the children acquitted themselves most creditably.

Mr. Baxter made an efficient chairman while Mr. T. U. Maxon was all that could be desired as auctioneer.

The program was as follows:

1. Cantata—Scene A. Boarding School in which Misses Dorothy Burden, Mildred Burden and Beulah Burnett took the leading parts.

2. Recitation by Miss Margaret Palmer.

3. Dialogue—Country Cousins by Miss Helen Sharpe who received many compliments on the apt way in which she represented the "Country Cousins".

4. Recitation by Dorothy Burden.

5. Solo Miss Ebhardt with Miss Sharp as accompanist.

6. Pontonine Scene—The Accident.

DEATH AT GIBSON

Mrs. Lillian Morehouse wife of Mr. Alfred Morehouse, died at her home at Gibson on Saturday night after a lingering illness from consumption. She was a daughter of Mr. Alfred Banks of Margerville and is survived by a sorrowing husband and no children.

The funeral will take place at 2.30 tomorrow afternoon with services by Rev. Mr. Boyer. Interment will be made at Sunnyside with John G. Adams in charge of the arrangements.

DISMISSED THE CASE.

Mr. Frank Hayes of Tay Creek was before the police court this morning on the complaint of Rev. J. J. Colter charged with selling booze contrary to the provisions of the Canada Temperance Act. He pleaded not guilty to the charge and two witnesses called by the prosecution failed to substantiate the charge. Col Marsh then bowled the case out of court.

Mr. George E. Howie, who has been working in Quebec for some time on the Transcontinental survey is home for a few days.

Mr. W. G. Baskin, who has been spending a few days in the city, left this morning for St. John, and will leave in a few days for Panama, to resume his duties on the engineering staff of the canal.

Taking a Compliment.

It is said that the way a woman takes a compliment stamps her place in society. A blush denotes the debutante, a giggle the silly or unsophisticated, a brusque protest the sensible but unpollished, but the quiet, unheeded smile, with a quieter "Thank you," if reply be necessary, unmistakably denotes the woman of social training, the one accustomed to compliments.

GOVERNMENT CAUCUS.

Supporters of Local Executive to Meet Here Thursday Evening to Advise Premier in Reorganization of the Government.

At a meeting of the provincial government held in the government rooms, St. John, on Saturday, a decision was reached to hold a meeting of the government's supporters in the legislature in the executive council room in Fredericton, next Thursday evening to discuss the question of filling the positions now vacant. It is believed that in addition to the appointment of an attorney general, made necessary by the retirement of Hon. William Pugsley, two members will be added to the government without portfolio. The claims of St. John in regard to representation will, it is said, receive favorable consideration but no names so far have been mentioned.

The contract for the stone substructure for the Cushing canal bridge near Pleasant Point has been awarded to the lowest tenderer, C. J. B. Simmons, of Fredericton. The figure is reported to be in the vicinity of \$1,900.

The chief commissioner of public works reported that arrangements had been made for the provincial engineer to make a complete survey of the St. John suspension bridge with a view to submitting the plans and details to some eminent engineer from the United States. It is the intention to bring the expert to St. John for the purpose of inspecting the ground and after being placed in possession of all particulars he will decide on the most suitable kind of steel structure to be erected.

The undertaking is regarded as a serious problem on account of the span of nearly 700 feet, and the difficulty of not interfering with the roads in the vicinity. It is understood that efforts have been made to secure a Canadian expert but owing to previous heavy engagements with bridge contractors none could be obtained.

The government also sat as commissioners for the provincial hospital and had under consideration the allowance to be made Dr. J. V. Anglin, the medical superintendent, for expenses as recommended by the public accounts committee. It was decided beginning June 1, to allow him \$1,500 a year in lieu of household expenses and supplies from the farm. The salary of the superintendent is fixed at \$2,500 a year and \$500 for house. Several minor items will remain on the same basis as before.

SENT UP FOR TRIAL.

Editor of the Gleaner Committed to Supreme Court for Libelling Hon. H. R. Emmerson.

Mr. James H. Crocket, managing director of the Fredericton Gleaner, who was recently arrested on a charge of defamatory libel preferred by Hon. Mr. Emmerson, was this afternoon committed for trial by Police Magistrate Marsh at the next term of the York circuit court which opens June 18th before Judge Landry. The accused was admitted to bail in the sum of \$800, his former bondsmen, Messrs. H. F. McLeod and Charles A. Burchill being accepted.

There were only few spectators in court when Col. Marsh took his seat upon the bench at 3.30 o'clock.

The official stenographer, S. Dow Simmons, handed in his report of the depositions taken at the preliminary examination, and took the prescribed oath that the same was correct.

The police magistrate then gave his decision as follows:

"I have considered the evidence in this matter, and find it to be my duty to send the case up for trial at the next term of the supreme court for the County of York."

All I am required by the law to decide is whether or not the evidence is sufficient to warrant me in placing the accused on trial."

I think there is sufficient evidence to justify me in taking that course."

I will admit Mr. Crocket to bail, and send him to jail."

Mr. Crocket—Thank you.

The necessary bail funds have been executed.

Not a Bad Prescription.

On a family druggist's prescription file is an oft repeated prescription bearing number 37,111. The Latin of the twentieth century reads: "Recipe. Ticketorli theatrietl numeru duo sigue. Take this afternoon. Dr. —"

Obviously it is an order on the druggist written by a reputable physician for two theater tickets, and the patient, mother and daughter, are enabled to take needed treatment at a matinee while the busy husband and father remains at work. The reason for the scheme as told the druggist by the doctor was the absolute need of mother and daughter for recreation, and as the druggist has a theater ticket office it was readily and satisfactorily arranged.

To Cut the Night In Two.

Professor Victor Halloppen, member of the Paris Academy of Medicine, says:

The true secret of long continued, valuable brain work is to cut the night in two. The scholar, the inventor, the financier, the literary creator, should be asleep every night by 10 o'clock, to wake again at, say, 2 in the morning. Three hours' work, from 2 to 5, in the absolute tranquillity of the silent hours should mean the revealing of new powers, new possibilities, a wealth of ideas undreamed of under the prevailing system.

From 5 to 8 or 8.30 sleep again. Taking up then the day's work, the brain will be still saturated with the mental fruits of the midnight vigil; there will be no effort in putting into practice or carrying further what was planned or begun those few hours before.

The habit may be hard to acquire, but mechanical means of waking at first will induce the predisposition.

Sand Drifts.

Between Carthage and Stirlingville, in Jefferson county, N. Y., there is a stretch of country where the sand drifts like snow, making great banks and blinding the eyes of those who look up wind. It is a desolate, barren region, where the soil is only as deep as the roots of the grass.

Umbrellas.

An umbrella dealer cautions against the double use for sun and rain of a rain umbrella. Silk wears, he says, as long as its oil lasts, then it splits and cracks and is gone. The sun dries out the oil; hence its harm.
