STRIKE AT HALIFAX.

400 'Longshoremen Quit Work and Steamships Wait to be Unloaded.

Halifax, May 27.—(Special)—A strike of Longshoremen is on here in earnest, and the men are determined to hold out for the five cent increase.
The number out at present is about 400, and there are very few cargo steamers in port.
The Plant Liner, Halifax, arrived today from Boston and is held up.
Mr. Chipman, agent here, offered to give the men the increase to discharge her so that she could get away and keep up with her schedule, and was willing to abide by the general action as to subsequent wages, but the men asked for an agreement by which the Plant Line would undertake to give the increase unconditionally.
Mr. Chipman did not feel at liberty to make such an agreement, and so matters stood at that, the steamer in the meantime lying unworked.
Pickets are out watching how things are going about the different S. S. wharves.
A representative of the Montreal 'Longshoremen's Union is in the city but did not take any part in yesterday's meeting. It is understood that he is favorable towards arbitration, but had up to this morning not made his position known to the men.
The P. & B. liner Olinda is taking in a cargo today for the West Indies. Several men said to be the stevedores, are at work on her, also some of the crew of the P. & B. Steamer Harwick.
The Jamaica liner Vineland arrived today from Jamaica via St. John, N. B. She has a large quantity of cargo to land here, but up to noon she remained idle.
The strike does not affect deal loading.

DESTRUCTIVE FIRE.

Stephen Payne's Residence and Barns at Lincoln went up in Smoke Sunday.

Fire broke out Sunday afternoon about one thirty o'clock in the barn adjoining the handsome residence of Mr. Stephen Payne at Lincoln, in a very short time, the barn, dwelling and most of the contents of both were a mass of ruins.
The neighbors worked with all their energy to save the buildings, but owing to the lack of a good water system their efforts proved in vain.
The dwelling, which was built by the late Stephen Glasier, some thirty years ago, was one of the most handsome and costly in the section of the country in which it was situated, and was for years a social centre. It was valued at about \$6,000. The house was insured for \$2,400 and there was about \$900 on the barns. It is understood that the furniture, only a small portion of which was saved, was also covered by insurance.
The contents of the barn, consisting of a quantity of hay, grain and it is understood two head of cattle and three pigs were burned in the flames.
It is Mr. Payne's intention to rebuild immediately.

ONTARIO CYCLONE.

Blew Down Houses, Wrecked Coal Chute and Did Other Damage—Invalid Lady's Narrow Escape.

Simcoe, Ont., May 27.—(Special)—A cyclone at 5 o'clock last evening swept the district five miles west of here, the centre of which is the village of Nixon. The track of the cyclone was from the southwest.
Great damage was done in Nixon, two houses being blown down and a grocery store badly wrecked.
In one of the houses destroyed, an old lady named Croft, lay in bed, and alone, but excepting a few severe bruises and a bad fright, she sustained no injury.
The Wabash Coal Chute and a train of cars, also collapsed, effectually blocking traffic.
The man in charge of the chute fell with the train, but escaped injury.
All along the path of the storm houses were unroofed, trees uprooted and fences blown down.
So far as reported, however, there has been no loss of life.

A CALGARY RIOT.

Crowd Grew Excited over Man's Arrest and Threatened to Burn Police Station.

Calgary, Alta., May 27.—(Special)—A riot occurred here on Saturday evening and at one time the trouble assumed ominous proportions.
It arose when a policeman arrested a man for striking another who spoke to him in the theatre.
The mob attacked the constable, released the prisoner and then, when the report came that the latter had been retaken, a crowd assembled around the police station and threatened to burn the building down.
They refused to disperse until official assurance had been given that the man was at liberty.

Mr. and Mrs. E. G. Evans of Hampton are among the guests at the Queen.
Mr. Robert F. Davies of Gagetown, is at the Barker.
Mr. Evan Price of Campbellton, divisional superintendent of the I. C. R., is registered at the Queen.

ESCAPED LUNATIC FOUND

Man who Jumped from Moving I. C. R. Train Located at Last.

Moncton, N. B., May 27.—(Special)—James Mallett, the insane man who escaped from the officers by jumping from the Maritime express Wednesday was found and brought to Moncton between 11 and 12 o'clock last night.
Chief Riddout left this morning for St. John with the unfortunate, who is to be placed in the asylum.
It appears he had suffered little from his awful experience, jumping from the train speeding forty miles an hour and spending five days in the woods, without food or shelter. He was discovered by a surveying party camped in the woods six or more miles west of Moncton. His cries brought assistance.
When found he was very weak and unable to walk but a short distance but after given stimulants and food he appeared little worse of wear this morning. One knee was slightly injured and his clothing torn by his leap from the train.
Moncton, May 27.—Exhausted by four days' tramping in the woods, with his hands linked together with steel bands, Mallett, the lunatic who made a sensational escape through the car window from the Maritime express on Wednesday morning was found in the woods last evening.
He was lying totally exhausted in an obscure part of the woods and a searching party which was out stumbled over him. He was unable to walk and had to be carried out to the track, some distance away. There he was placed in the custody of an engine man at Lutes' lumber mill and was brought to Moncton this morning.
He had not suffered to any extent from jumping off the speeding train, but was exhausted by hunger. For five days and four nights Mallett had been wandering around the forest.
The place where he left the train is a wild district, with no house for some miles and any food which the lunatic had since he made his escape was berries, which food he secured in the forest.
The weather at night has been bitterly cold and it is a miracle that the unfortunate man is still alive.
The prevailing opinion has been that he was badly injured by his fall from the train and had gone into the woods and died of exposure. This belief was strengthened Sunday when a searching party from Moncton found marks of blood on the bank up which the lunatic had crawled in making for the woods. However, he has not been hurt, with the exception of a few scratches. No details of his finding have been ascertained, but it is learned that he is resting fairly well, though still very weak.

NEW WRITING ROOM.

The new writing room at the Barker House, was used for the first time today, and is a model of neatness and convenience. It is situated directly in the rear of the office and yet far enough away to be comparatively private. It is furnished in a manner which adds to its comfort and is much appreciated by the patrons of this hotel. This is the beginning of the many changes Mr. Monahan intends to make in his popular house in the near future.

Fully 600 people were present and the occasion was one of rare interest and pleasure. A programme of much merit was given in Beethoven Hall, while the Sackville Cornet Band played a number of selections in another part of the building. The rooms were attractively decorated and cosy corners were much in evidence.

Sunday morning the annual sermon before the theological union was delivered by Rev. G. M. Young, of St. Stephen, who chose as his subject the Personal Equation in Redemption.
Rev. J. L. Dawson of Sackville Church and Rev. Mr. Jost of Bridgeville, N. S., vice president of the theological union, assisted in the service. Music of a high order was furnished by the choir of the Sackville Methodist Church, assisted by several from the Ladies' College and University.
In Memorial Hall Sunday afternoon the annual farewell meeting of the Y. M. C. A. was held, H. W. Outerbridge of Liverpool, N. S., being the leader. Good music was furnished by the combined choirs of Y. M. C. A. and Y. W. C. A.

ATHLETIC SPORTS.

The annual field day of the Mount Allison Amateur Athletic Association was held on the college campus Saturday afternoon, attendance being large. There were over fifty entries, and each event was keenly contested. Three records were broken. First, the hammer throw, the distance of 84 feet 7 inches, held by J. E. Brooks, 99, was increased to 97 1-5 feet. In the 440 yards dash the record was lowered from 40 4-5 seconds held by George E. Tuttle, '98, to 36 2-5 seconds. In the mile run the record of 5 minutes 8 seconds, held by H. C. A. was held, H. W. Outerbridge of Liverpool, N. S., being the leader. Good music was furnished by the combined choirs of Y. M. C. A. and Y. W. C. A.
