THE VALLEY RAILWAY.

MacKenzie & Mann, who are regarded as likely to construct the St. John Valley railway as part of their great Transcontinental line, and whose terms were agreed to by the local government and legislature, are carrying out the preliminary part of their bargain in good faith.

It was announced some days ago by Premier Pugsley that the firm would despatch their engineer to New Brunswick last week to look over the proposed route of the valley road, and true to that promise, Mr. A. F. Stewart, assistant chief engineer of the Canadian Northern, accompanied by Mr. Gerard Ituel, one of their solicitors, a former St. John lawyer, now resident at Ottawa arrived here from St. John, Saturday and started this morning to drive along the western side of the river to Woodstock, thence to Centreville and to Grand Falls, returning by rail on Wednesday, these gentlemen will drive from this city to St. John and will thus cover the entire route of the proposed line.

While in Fredericton, Messrs. Stewart and Ituel were offered attentions by Senator Thompson and other prominent citizens, but they chose to rest quietly at the Queen Hotel, preparatory to undertaking their long drive.

Mr. Stewart is much pleased with what he has seen of the country so far, and, if his impressions continue to be of like character during his visit, his report to MacKenzie & Mann will be followed up by the company putting engineering parties on the line to make preliminary surveys.

Friends of the valley route are earnestly hoping that the project will have a speedy realization and it will be no fault of the government if the road is not actually under construction at an early day.

Premier Pugsley and his colleagues in the executive and legislative have done what they could to ensure the construction of the road, and it is thought that with the financial terms offered the enterprise will be undertaken by the Canadian Northern Co.

VETERAN POLITICIAN DEAD.

Mr. C. E. Kaulbach, who died suddenly in the bathroom of his home at Lunenburg, N. S., on Saturday, was a member of a distinguished family and the richest man in that county. He represented Lunenburg in the House of Commons from 1878 to 1887 with the exception of one year and again from 1891 to 1904, when he was defeated by the present Liberal representative, Mr. A. K. McLean. Mr. Kaulbach was a Conservative and by means of his large property interests had great influence in the constituency.

The late Senator Kaulbach was a brother of the deceased and another brother is Archdeacon Kaulbach for the past thirty-five years rector of Truro.

Mr. Kaulbach, was of German descent, 74 years old, and was a son of the late Sheriff Kaulbach.

CURRENT COMMENT.

Moncton Transcript.—Never before in the country's history has the I. C. R. shown a surplus of nearly one-quarter of a million dollars for the nine months ending March 31. It is doubtful if there ever was before a surplus for those months. What a tribute to Hon. Mr. Emmerson's policy of I. C. R. reorganization.

There is a three cornered election in the legislature in West York, Ontario for the seat vacated by the death of Hon. W. J. Hanna, speaker. The constituency is strongly Conservative and the Liberals have not put up a candidate, but the Tory nominee is opposed by an independent and a socialist.

The present week in Fredericton will be a history maker. The Emmerson-Crocker libel suit opens on Wednesday, the local government meets for reconstruction, and the University Encenia takes place. The leading hotels have already engaged most of their rooms to prospective visitors.

Mrs. McKinley, wife of the late President McKinley, died at her home in Canton, Ohio, Sunday of paralysis. She was 60 years old, and the latter half of her life she was an invalid. Her late husband's care of his sick wife was extremely tender and sympathetic and his violent death at the hands of an assassin was a great shock to her. She was the daughter of a Canton banker, and married Mr. McKinley shortly after his return from a distinguished career in the civil war. President Roosevelt will attend the funeral.

MONCTON ARTILLERY.

New Military Corps Organized at the Railway Hub.

Moncton Transcript.—The transfer of the 19th Field Battery which was organized in St. John in 1905, is now about completed and the equipment is expected here in a few days. It consists of 106 officers and men, and sixty-six horses, four 12 powder guns, eight ammunition wagons and two forage wagons, besides new uniforms, saddlery and harnesses. The uniforms are blue with red trimmings breeches and leather leggings, helmets and small round caps. Each man is provided with overalls to keep the uniforms clean.

The battery will go to camp, Sussex, June 25 to July 6 and to Petawawa, Ontario, for 3 days, target practice July 15, 16 and 17.

The organization of this Regiment here will give the young men of Moncton and surrounding country an excellent opportunity for taking up this kind of work. Those who join the first year will get the best positions if they desire to follow on the work, and as the battery will yearly increase in its establishment, promotion will be rapid. Some of the appointments that will be filled this year are those of Sergt. Major, Quarter Master Sergt., Orderly Room Sergt., Farrier Sergt., Four Sergts. and six Corporals. These will go to the men who have horses as all of these men are mounted.

The officers of the battery are S. B. Anderson, Major E. A. Williams, Capt. Harry J. McManus and A. S. Donald; Lieuts., Dr. E. O. Steeves, Medical officer; Dr. McCaughey, V. S. veterinary officer.

THE CIRCUS.

A veritable myriad of varie-colored and artistic posters, showing in detail, the diverse species of circus acts and features of the great Hargreaves' Railroad Shows, and describing the same in circusdom's privileged variegated vernacular and flaming, flamboyant and flowery rhetoric, have been placed on every available billboard, shed, fence, barn and space throughout this town and the country within a radius of several miles, carrying the ever welcome announcement that this famous tented amusement institution—America's own—will give afternoon and evening performances in Fredericton, Tuesday, June 4.

In circusdom, as in all other realms the value is in the test. The merit of a circus program cannot be judged alone by the adjectives in advertisement. To judge the calibre of a circus merely on the strength of the proverbial publicity promoter's rhetoric would be the height of folly. The test is what tells. The great Hargreaves' Railroad shows have stood the acid test of a discriminating public for sixteen years.—d.

THE OPERA HOUSE.

The "Newburyport Morning Herald" of Nov. 13, says: "The Klark-Urban company opened a week's engagement at the City Hall last evening and the company made a very favorable impression. Nobody left the hall until the curtain was rung down on the final act. The flattering press notices that had been received from other cities were not overstated. The company made good in every particular, and all the good things that had been said about it was justified. Miss Pauline Hammond was particularly good in the leading part of the play which was 'A Web of Fate,' a strong comedy drama, and other members of the cast were excellent. The specialties that were given between each act were above the ordinary offerings and there was a variety that pleased. The motion pictures and illustrated songs drew forth great applause. The company will give a show every evening this week and matinees Wednesday and Saturday afternoons. It was announced last evening that there would be a change of specialties at each performance." The Klark-Urban Co. will play a three night engagement at the City Opera House Fredericton, commencing Thursday, May 30.—d.

CANADA FAIR AND HIGH TEA.

St. Anne's Guild has won the heart of several of our best known Canadian manufacturers, who have contributed their products towards the Parish Church Enlargement Fund. Thursday next, May 30th, Encenia Day is the day of the sale and high tea. There will also be booths of useful and fancy articles, ice cream, home-made candy, and many other attractions. The mere suggestion of a church hall high tea, is sure to draw crowds. The one place for friends to meet friends, on Thursday next from 3 o'clock until the hour for the ancient Rite of Gun Firing, will be the Church Hall.

Mr. Shapp—If there were no women or men there would be nothing to laugh at.

Mrs. Shapp—If there were no women or men there wouldn't be nothing to laugh at; they would feel like laughing.
