HINTS FOR AMATEUR BATSMEN

The fact that the foul balls are so frequently hit when a runner starts to steal second has prompted several fans to make inquiry as to whether for this there is a scientific reason. There is.

Often you see a runner start for second and just as he is about to reach the bag safely the runner will foul the ball and the runner has to return to first. All round the stand you will hear grunts of disapproval like this: "Chump! What did he want to sit at it for? He had the base stolen sure." You have all heard it.

Baseball science and experience teach that a batter should always hit at the ball when a steal of second is attempted, and, moreover, he should try to hit the ball. If he misses the base runner will naturally have a better opportunity of being safe, as the swing will confuse the catcher. But the main object is for the batter to hit the ball.

When a runner starts for second either the second baseman or the short-stop is going to cover the bag, and the other may take chance on backing him up. This will leave two positions practically uncovered, or, rather, there will be two holes in the infield, and if the batter can poke a ball through it so much the better. Instead of a stolen base the former base runner will have gone to third and the batter will be on first. Do you see the idea?

If the batter does not succeed in hitting the ball the runner will have that much better chance of getting the base. So you see the plan works to advantage both ways. If the batter waited the runner might be thrown out and neither would be any better off.

In attempting this play the batter naturally hits many fouls, as he must strike at every ball that goes by. Now, in the future, don't be worried because the runner has to return to first. Both men are playing the game—Exchange.

THE TURF.

RACING REFORMS.

Discussing racing reforms in Australia, the London Field, in its latest issue, says:

"The new gaming act has effected a complete revolution in racing so far as Victoria is concerned. Newspapers are prohibited ante-post betting, and the sporting clubs in Melbourne corresponding with Tattersall's and other institutions in London are now represented by one only, namely, the old Victorian Club. The legislative enactment just mentioned applies to race courses, which require to be licensed by the government of the state at a nominal fee of £1 per annum, and 3 per cent. of the gross revenue. This will mean £1,500 per annum, more or less, to be paid by the Victoria Racing Club, the leading turf institution in the state, as well as the authority that controls racing in that part of Australia. Simultaneously with these constitutional changes as regards race courses, the Victoria Racing Club has also formulated regulations in regard to bookmakers, their clerks, trainers, and jockeys, all of which regulations must be approved and

adopted by the governor in council. "As to bookmakers, in the grand stand enclosure on the Flemington course the license is to be £75 per annum, on the bill enclosure £25, and in two new enclosures bounding the course £7. The latter is a new departure, as for many years past there has been no charge for admission outside the two main enclosures. Each bookmaker is permitted one clerk free of charge, after that the fees are £5, £2 and £1 respectively. A jockey's license fee for the year is 10s., and that for a trainer the same the latter paying in addition £1 every half year for each horse. Stringent conditions are also attached to jockey's and trainers' permits, which may be revoked at any time. It will consequently be gathered that every race course in Victoria is now immediately under government supervision. It should be added that, unlike some of the other Australian colonies, the totalisator, on a race course or elsewhere, is prohibited by law.

A JOCKEY'S REWARD.

The Louisville Courier-Journal, has this to say about Jockey Minder, who won the Kentucky Derby with Pink Star:

"The happiest boy in the world was Jockey Andy Minder when Owner Woodford handed him five crisp one-hundred dollar bills as his reward for piloting Pink Star to victory in the Derby. During the past two years of his racing career, the little jockey had, up to the New Orleans meeting, been the victim of hard luck, having sustained a serious fall and injury at Churchill Downs at the spring meeting of 1905.

"Prior to that time Minder was one of the crack 'jocks' of the Can. adian circuit and scored many a victory at the Northern tracks. In a sprint race at Churchill Downs in that year he received a bad spill while riding one of George Henderies' horses. He went down in a bunch and one of the horses behind him dug his heels into his skull, which nearly ended his life. The jockey was taken to the Norton Infirmary, where his skull was trepanned and a small silver plate inserted to take the place of a portion of bone which had been removed.

TO RACE MAJOR DELMAR.

Lexington, Ky., May 21.—A match race between Major Delmar and Sweet Marie during the October meeting at the Kentucky Trotting Horse Breeders' Association track is within the range of possibilities. William Bradley, the millionaire contractor of New York, who purchased Major Delmar at the Cleveland sales last week is willing and anxious to match the great gelding against any horse in the world. H. W. Wilson, secretary of the Lexington track, who was present at the sale, got the consent of Mr. Bradley for a match with Sweet Marie. Should these two wonderful performers be brought together in a match race it would be for the largest side bet ever wagered as the owners of both are game sportsmen and regard their individual horses as world beaters.

HORSE NOTES.

A daughter of Dan Patch will try for high honors this year. Sweet Marie will do a number of stunts on the half-mile tracks this year.

James Hanley of Providence has sent the two-year-old filly by Bingen, out of Eleata, 2.08½, to Henry Titer. Bohemia Girl, by Bingen, is considered by good judges as having as much natural speed as any pacer ever worked at Readville.

James Gatscomb has arrived at Readville with Audubon Boy, Grace Bond and Phalla. The flying pacer has wintered well and never looked better.

There are faster trotters in Boston than Tom Phair, but the snow champion is the best fun horse of the bunch. A. H. Merrill, the starter, who is well known on the Maine tracks, considers Horace Wilkes, the fastest green trotter he has ever had any thing to do with.

C. K. G. Billings has presented H. K. Devereux of Cleveland with the sulky and wagon to which Lou Dillon was hitched when she made her world's records.

Gay Bingen, 2.12½, will be raced in Russia this year. At present he is in Billy Strong's hands at his owner's farm, down on the shores of the Black Sea, but will be sent to Moscow early in June to join Charley Lyon's stable.

In New Zealand the owner who enters a green horse in a race under a name that has been registered by any other owner is fined. A complete register is issued every year and supplementary lists printed every week during the racing season. An owner has only to refer to this list before naming his horse in order to avoid being fined.

The pacing mare Nonamie, 2.06 1-4, one of the most celebrated western race mares a few years ago, and about whose whereabouts so much speculation was indulged in last fall, has been located in New York city under the name of Sweet Marie. She had not been started, however, out of her class.

Will Sweet Marie beat her trotting record of 2.02 this year? Many think she will. In all, the champion race-trotter has won 45 heats in 2.10 or better. In addition she trotted one dead heat in 2.08 1-4, and five of the heats in which she started again at time and failed to win were officially timed in 2.06, 2.05 1-2, 2.04 3-4, 2.02 3-4, making a total of 51 heats

that she has trotted in from 2.02 to 2.10, to say nothing of the heats considerably below 2.10 in which she finished second to Tiverton and Wentworth. She has undoubtedly trotted a greater number of heats in 2.10 or better than any other horse, mare or gelding that has ever lived.

THE RING.

A FAKE FIGHTER.

"I will not fight a fakir," says Australian Bill Squires. So the Decoration Day fight with Tommy Burns is off, according to a Chicago report. While Squires is to be admired for the stand he has taken in regard to clean sport, it seems too bad that such a pair of good ones like he and Burns cannot come together. Burns is the only one of the heavyweights who stands a good chance to get the count on the bushwhacker (barring Jeffries, of course), and it will take Tommy a long time to clear his name of the stain that that Los Angeles fiasco left upon it. Although Burns has never been accused of laying down himself, he should not have been a party to O'Brien's proposition, even if he thought he was justified.

The Chicago Inter-Ocean says: "One thing Canada may be thankful for: Tommy Burns renounced his allegiance long before the fake and prides himself on being a Californian."

"This magazine article says that bachelors should be taxed," remarked Mrs. Grouch.

"That's the way!" exclaimed Mr. Grouch vigorously. "A man can't enjoy anything these days without paying for it."

BOWLING.

SOME HIGH SCORES.

Rochester, N. Y., May 30.—Brooklyn bowlers walked away with first money in the two-men events in the Interstate tournament here Saturday. Jimmy Smith and Glen Fisher totted 1,235, the champion showing splendid form, with 222, 245 and 198. Billy Cordes and Dave Woodbury totaled 1,159, taking fifth place. The scores were as follows:

Fisher,	210	171	189
Smith,	222	245	198
Totals,	432	416	387
Cordes,	222	245	198
Woodbury,	178	244	169
Totals,	393	414	352

In the individual competition, Fisher rolled 595; Cordes, 584; Woodbury, 556; Joe Smith, 546; Hunt, 534; Jimmy Smith, 547 and Carroll, 534.

A feature of the meeting was a \$100 match between two-men teams of Brooklyn and Rochester, which was easily captured by the Brooklyn duo. Jimmy Smith's bowling was again the feature. The scores were: Woodbury, 214 190 186 170 190 189; Smith, 181 208 195 175 194 232

Sold by all druggists or mailed in plain box on receipt of price. New pamphlet mailed free. The Wood Medicine Co., formerly Windsor, Toronto, Ont.

Wood's Phosphodine is sold in Fredericton by all Druggists.

Why she Had Headaches.

"It is so strange, doctor," complained a woman patient recently, "that when I have had a perfectly good night's sleep I should so often wake up with a headache."

"How many pillows do you have under your head?" asked the physician.

"One thin pillow," was the answer.

"Try two fairly thick ones," the doctor advised, adding that many congestive headaches were caused by people sleeping with their heads too low. The blood settles in the head, and the sufferer wakes with a dull feeling or throbbing pain. Persons subject to catarrhal headache should be careful to have their heads high enough at night.—Harper's Bazar.

Instead of Ribbons.

The mother of a small girl whose ability to lose hair ribbons was a source of constant worry solved the problem by using strips of plain or flowered muslin. These she hemmed neatly, making them the width of ordinary hair ribbons. They laundered nicely and always looked fresh and clean, while the loss of one of them did not mean so serious a thing as if a brand new hair ribbon had disappeared. Of course these little muslin ties were not used for "dress up" occasions, but for ordinary home wear they proved to be as satisfactory as they were inexpensive.—New York Press.

CONSTIPATION

CLOGS

THE BOWELS

KITCHEN HELPS.

No other cause produces so much sickness as constipation, and therefore it is dangerous to allow the bowels to become clogged up. Bad blood, dyspepsia, headaches, biliousness, boils, pimples, and piles, are all caused by constipation.

Avoid all of these troubles by the use of

BURDOCK BLOOD BITTERS,

nature's remedy for all diseases of the stomach, bowels and blood. It acts on the bowels and promotes their free and regular action, curing constipation and all troubles which arise from it. It has been on the market for over thirty years so you are not using a new and untried remedy. B.B.B. has cured thousands of others and will cure you. Mr. B. Woodcock, Nashua Bridge, N.S., writes: "For over two years my wife was troubled with constipation. She tried several physicians but could get no relief, but after taking three bottles of Burdock Blood Bitters she was completely cured and is to-day in good health. My wife and I cannot speak too highly of B.B.B."

When finely chopped nuts are needed for salads or sandwiches run the nuts through the meat chopper.

Plenty of shelves and drawers or a patent kitchen cabinet are great helps to the woman whose time is spent in cooking.

Select a dozen or so of the smoothest and largest splints from the new broom and lay them away to use in testing cake when it is baking.

Every kitchen outfit should have a measuring glass that is marked to measure teaspoonfuls, tablespoonfuls and gills as well as halves, thirds and quarters.

A heavy chalk mark laid a finger's distance from the sugar box and all around (there must be no space not covered) will surely prevent ants from troubling.

Bind with table oilcloth the pieces of carpet used on the kitchen floor. The oilcloth will wear three times as long as binding. Cut in one and one-half inch strips, stitch on the machine with longest stitch, turn over and stitch again.

A Square Deal

Is assured when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless to the most delicate woman and child. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal virtues used in them, viz., pure refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour rising, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels. Besides curing all the above-mentioned ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal Passages, it is well while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hanging coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption if its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

Classic Scraps.

"The ancient Greek and Roman deities were said to wage terrific battles among themselves."

"Yes, I've often read of the mills of the gods."—Washington Herald.

Same Old Feeling.

Gladys—I feel sure he has never loved before!

Penelope—Oh, I felt the same way, dear, when he used to make love to me!—New York Press.

Modern.

"Is muffler getting a pretty fair salary?"

"Oh, yes; enough to keep body and soul and automobile together."—New York Life.

Bad Judgment.

"It was a case of love at first sight, wasn't it?"

"Yes. If the poor boy had only been gifted with second sight."—Pick Me Up.

MEN'S SUMMER SUITS

3 Special Lines in young men's summer or vacation Suits, short or long Pants with plain, sack or Chesterfield style Coat to match, in neat patterns, specially priced for speedy selling, \$4., \$5. and \$6. the suit.

THE SALE OF BOYS' SUITS
