

BURGLARS AT WORK.

Number of Petty Robberies Committed in Fredericton.

A number of petty burglaries have been taking place in this city during the past few months and as yet no successful clue has been had to those responsible for the crimes.

A leading dry goods store and a central drug store were entered during the past couple of weeks, and between Saturday night and this morning no less than three establishments were visited.

The places visited since Saturday night were J. S. Neill's hardware store, R. G. Lee & Co.'s Five and Ten Cent Store and C. H. Burtt's grocery store. In each case the burglar entered the store by cutting out a pane of glass from a rear window.

Mr. Burtt was in his store yesterday and found everything all right, so that his place, and probably the other places were entered during Sunday night. In Mr. Burtt's store the burglar entered the building by removing a pane of glass which brought them in the back store. A door leading to the main shop was then removed from its hinges and allowed

entrance. Mr. Burtt says as far as he knows, one box of cigarettes, one box of cigars and five cents in change were taken.

In Lee & Co's store the burglars entered by removing a pane in the rear of the store. Mr. Lee left about two dollars in the cash register on Saturday night and this was gone. He did not think that anything else was taken.

In Mr. J. S. Neill's establishment the raid was made in a similar manner, but so far as known, less than half a dollar in change, which was in the till, was taken.

The panes through which the different entries were made were large enough to allow of a man entering the stores and while Police Sergeant Phillips, who has the case in hand, will not talk much for publication, it is believed that the burglaries are the work of men rather than of boys.

Premier Pugsley was in Ottawa Saturday on public business and will be here on Wednesday at noon.

BURNED OUT.

Mrs. Geo. Fraser Suffered Serious Loss and Has no Insurance.

The firemen were called out shortly after eight o'clock this morning for a fire at the house on Brunswick St. owned by Mrs. George Fraser. The blaze was one of the worst in several months, and although the firemen were promptly on the scene, they were sometime getting the fire under control.

The fire broke out in the upper story of the house and was caused by a defective flue. It is thought that it had been smouldering for several hours and when discovered the whole upper portion of the building was in flames. Mrs. Fraser and family had their clothing, including several coats, suits of fur, stored in the upper rooms and they were all destroyed.

The furniture in the building was also badly damaged by fire and water. Mrs. Fraser estimates the damage to her furniture and clothing at about \$1500, and she had no insurance.

The insurance on the building was \$1,500 in the Phoenix Insurance Company, represented by Mr. Frank I. Morrison.

The last report from John Kilburn is to the effect that his drive is about all out.

W. J. Noble, operating for the Cushing Company, has managed to bring everything out except Baker Brook cut consisting of seven million feet and the chances are that he will be successful in bringing this drive to safe waters.

Burns & Stone, for Randolph & Baker have reached the lake and are coming along nicely.

BACCALAUREATE SERMON

Crowded Congregation at St. Paul's Heard Scholarly Discourse from Rev. Dr. Keirstead.

St. Paul's Presbyterian Church was crowded to the doors, Sunday morning, when Rev. Dr. Wilfrid C. Keirstead, pastor of the Woodstock United Baptist Church, preached the annual baccalaureate sermon to the students of the University.

Dr. Keirstead is a native of Apoluk, Kings Co., and a graduate of the University of N. B., B. A. in 1898 and M. A. in 1900, and he took a divinity course at Chicago University. After his ordination to the ministry he had a charge in Michigan and last year accepted a call to Woodstock. He is a doctor of philosophy.

At Sunday's service the centre pews of the church were reserved for the students, who were in attendance to the number of over 100, and a bright looking lot of young men and maidens they are. Chancellor Jones and Dr. Bailey occupied a pew in front of the students.

The service was in charge of the pastor, Rev. Willard MacDonald, and after the usual prayers and hymns, Dr. Keirstead delivered a very able and scholarly sermon on the true aim of higher education, from the text in Colossians "seek those things which are above."

Dr. Keirstead is certainly a polished, forceful preacher, and created a most excellent impression on the large congregation.
