

WESTMORLAND MEETING.

Prominent Public Men Heartily Endorse Hon. H. R. Emerson and Promise Support.

Hon. C. W. Robinson, who presided at the Liberal mass meeting at Moncton Wednesday evening, at the outset commented upon the large number of delegates present, and this he attributed to the fact that they disapproved the imputations of slander which the of. No representative had ever done more or worked more faithfully for the county of Westmorland than Hon. Mr. Emerson. Moncton would stand by him in the hour of his trouble.

A resolution was read from a delegation of Kings County Liberals, expressing their support.

Hon. F. J. Sweeney, surveyor general, paid a tribute to the hard work accomplished by Mr. Emerson, the results of which were found in the changed conditions on the I. C. R., where now the workmen had good pay and old age pensions. In remarking upon the presence at the meeting of a large number of the fair sex, Mr. Sweeney said that even by their presence they showed that they took no stock in the gutter-snipe politics and slanderous campaign of the conservative party and the charges made against Mr. Emerson.

C. M. Leger, M. P., said we are here to defend from the slanderous attack that has been made upon one of our sons who is one of the worthy public men that has ever been before the people of this province. Westmorland, New Brunswick, and, in fact the whole of Canada, were bettered by the wise and prudent administration of him whom they were gathered together to defend.

A. B. Copp, M. P., in paying his tribute to Mr. Emerson, said: "For one, say we, the Liberal party in Westmorland are a unit at the back of the Hon. H. R. Emerson in this country."

Mr. Lapointe, Kamouraska, regretted that in Canadian politics public men who had devoted all their time to the betterment of the citizens and their country should be attacked in their private life and the sanctuary of their family life violated. Hon. Mr. Emerson had revolutionized the system of our railways by his arduous work, and it was their duty to return to him the portfolio of railways. They could rely on the people of Quebec supporting Emerson. Lapointe was received with tremendous enthusiasm in a French speech.

Senator Gilmer wanted to be counted amongst the friends of Hon. H. R.

Emerson. The Liberal party had been called upon to defend their principles and to see how loyally those principles had been defended. One had only to look how Canada had been brought out of the darkness into light. The conservatives could not destroy those principles, so they descended to defaming the Liberal party's public men.

Mr. Turgeon, M. P. for Gloucester, said they were gathered together to show their gratitude to a man who had done so much good for Moncton, for New Brunswick and for the Dominion in bringing the laboring classes to a higher rung on the social ladder, and this he had done in a spirit of patriotism. Social transformation Mr. Emerson had brought about by his management of railways, especially to the working classes of Moncton.

W. S. Loggie, M. P., Northumberland, expressed himself as a follower of Mr. Emerson "where he leads me." (Laughter). The position of the I. C. R. today was due to the administration of Mr. Emerson and he, the speaker, would be true to the gentleman.

Hon. Mr. Emerson arose to read a telegram and was received by a storm of applause, the band playing "For He's a Jolly Good Fellow." Emerson said that a few weeks ago he had read a paragraph in a newspaper, and after he read that paragraph he didn't know himself. After hearing these words of praise he was utterly at loss to know who he was. The telegram was from Hon. Mr. Pugsley offering congratulations on the splendid convention and offering his sympathy with that of Westmorland. He congratulated Mr. Emerson on the splendid financial basis on which the Intercolonial had been placed and hoped to see him back again in the cabinet.

C. J. Osman, Speaker of the local legislature, said that although the speakership had barred partisanship to a certain extent, still if he could not speak on behalf of his friend, Mr. Emerson, then good-bye to the speakership. (Applause). I hope that the gentleman will rise above the present cloud and resume his important duties and leave behind him a distinguished Canadian name second to none in the Dominion. (Applause). He characterized the slanderous attack upon Mr. Emerson as "a pack of damned lies." (Laughter.)

Dr. Demerouti of Lewis spoke briefly in French and English.

Senator Domville gave an eloquent address in which he ridiculed the charges made against Mr. Emerson. Who were they made by? asked Senator Domville the representative from Albert only, for he repudiated him in Kings. He said the senate would sustain Mr. Emerson and so too would every member from New Brunswick of the House of Commons, excepting perhaps the member who made the charge.

A RHEUMATIC WRECK.

After Hospital Treatment Failed Dr. Williams' Pink Pills Cured Him.

"I suffered the greatest agony from rheumatism. Leading physicians prescribed many medicines, but with unsatisfactory results. I was compelled to go to an hospital, but even the treatment there failed. Then I took Dr. Williams' Pink Pills and today I am a well man."

These words were spoken by Clifford L. Forbes when interviewed at his home in Port Maitland, N. S. Mr. Forbes is a fisherman and had always been very healthy, until some three years ago while fishing off Newfoundland he was seized with a very severe attack of rheumatism. In his own words he says: "I was fishing on the Grand Banks in the spring of 1903 when I was stricken with rheumatism. I could not work or sleep, and the pain was almost unbearable. My case became so serious that I had to be landed and for weeks I lay in a Cape Breton hospital as helpless as a cripple. The hospital doctors prescribed different remedies but they did not cure me. I then left the hospital and was taken home with rheumatism apparently completely fastened upon me. Day and night I suffered. Nothing I did for the trouble seemed to help me and I became despondent and down-hearted. Then a friend advised me to try Dr. Williams' Pink Pills. I was skeptical but my friend praised the pills so highly that I determined to try them with the result you see today. I am fully cured and have not since had even a twinge of that dreaded affliction. I cannot say too much in favor of Dr. Williams' Pink Pills and I urge all rheumatic sufferers to try them."

Dr. Williams' Pink Pills cured Mr. Forbes because they struck straight at the root and cause of his crippling rheumatism. They don't act on the mere symptoms like ordinary medicine. They don't act on the bowels. They do only one thing but they do it well—they actually make new blood. In that way they root out all common blood diseases like anaemia, headaches and backaches, rheumatism, sciatica, neuralgia, and the secret ailments of girls and women who suffer unspeakably when the richness and regularity of their blood becomes disturbed by Williams' Pink Pills are sold by all dealers in medicine, or sent by mail at 50c. per box or six boxes for \$2.50 by writing to Dr. Williams' Medicine Co., Brockville, Ont.

AN ATTRACTIVE STYLE FOR LINEN.

The semi-fitted coats are especially pleasing upon young girls and as Dame Fashion considers them par excellence no better can be chosen. The coat suit shown is one of the smart models buttoning in single-breasted fashion and ending below the hip. The trig rolling collar and cuffs are shown in a darker linen, the buttons being covered with the same. The skirt is a seven gored one with its fulness laid in box plaits and stitched flat over the hips. This insures a trimness about the top and full ripple at the hem. The suit may be developed in any of the seasonable materials. For the medium size 12 yards of 50-inch material are needed.

4171—sizes, 14, 15, 16, 17 yrs.

The price of this pattern is 10c.

To the Fredericton Herald:

Please send the above mentioned pattern, as per directions given below, to

Name.....Street.....

No.....Province.....

Measurement—Waist..... Bust.....

CAUTION.—Be careful to send size

of pattern wanted. When the pattern is bust measure you need only mark 32, 34, or whatever it may be. When in waist measure, 22, 24, 26, or whatever it may be. If a skirt, give waist and length measure. When miss' or child's pattern write only the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than three or four days from the date of order. The price of each pattern is 10 cents in cash or postal order or stamps.

When You Clean the Stove.

The kitchen stove can be cleaned with newspapers, but when cleaning do it thoroughly. Many tops of stoves receive a daily polish, and yet the sides are covered with dust and grease. Let the oven be thoroughly cleaned with a brush kept for that purpose, then nicely washed, and your bread and cake will have a purer flavor. Never leave dust or grease remains of former bakings on your oven doors. A newspaper will remove all of these. A wet cloth will complete the cleaning. In cleaning the cook stove do not forget to keep the pipe clean within and without, an important point to bear in mind.

The Oil Spot.

In the Gulf of Mexico ten miles southwest of Sabine pass is a calm stretch of water two miles long and three-quarters of a mile wide. It is known as the Oil Spot and is always placid.

Fruit Cures Constipation

"Fruit-a-lives" cure Constipation because they are Fruit Juices in Tablet form.

Constipation means a disordered liver. When the liver is weak, bile is lacking. And it is the bile—which the liver excretes—that flows into the intestines and moves the bowels.

Fruit is the great liver tonic. It invigorates the liver and causes more bile to flow into the bowels.

Purgatives, powders and purging mineral waters, never reach the liver. They irritate the bowels and FORCE them to move. They generally do harm. They NEVER do any PERMANENT good.

"Fruit-a-lives" are fruit juices—in which the medicinal action is many times intensified by the wonderful change which

takes place when the juices of apples, oranges, figs and prunes are combined.

"Fruit-a-lives" have already proved a cure to many thousands of people in Canada.

thus cure Constipation.

See a box—6 boxes for \$2.50. Sent on receipt of price if your druggist does not handle them.

TRANSCONTINENTAL RAILWAY.

Commission Appoints Superintendent of Construction—New Brunswick Contracts.

Ottawa, May 23.—Gordon Grant, C. E., has been appointed inspector of construction on the National Transcontinental Railway. It is the intention of the construction commission to keep a close watch on the work of the various contractors, that the quality of the work may be up to the contract standard, and that reasonable progress is maintained on all sections under contract. It is known that railway contractors all over Canada, but particularly in the West, have been meeting with difficulties and delays in carrying out their undertakings, because of the scarcity of labor, traffic tie-up on the coast, and scarcity of sleepers. It has been stated that one or more of the contractors on the National Transcontinental was not making progress which would enable him to complete his work within the specified time. The immediate business of Mr. Grant will be to make a report upon the progress which is being made by each contractor, as the commission declines to take action on the strength of anything but official reports.

The Grand Trunk Pacific, which secured three National Transcontinental contracts when tenders were last called for, has sub-let one of them and will probably do the same with another, but will build the third. The fifty mile section of the road from Latuque westward the G. T. P. has sub-let to MacDonald and O'Brien, who are completing a contract for the construction of the section from the coast to the coast. It is understood that the G. T. P. will sub-let to an eastern firm the contract it secured to build from near Chipman to Moncton. No contracting firms are anxious to take the contract for the Lake Umbagog section of the hands of the G. T. P. at the figures at which they secured it. The G. T. P. will take to carry out the construction of this hundred and fifty mile contract itself and claims that it can make money on the figures at which it secured the work. No beginning has yet been made, as the season has been so late that it has been impossible to make a movement toward getting supplies in. M. P. and J. M. Jarvis who have the contract for the section from the Quebec bridge to the New Brunswick boundary, and White and Lyons, who have the contract for building from the New Brunswick boundary to Edmundston, have made extensive preliminary arrangements, and will be actively operating early in the summer. It is understood that there will be no more tenders invited until next fall, when it is probable the gap in the central portion of New Brunswick and most of the unassigned between Quebec and Winnipeg will be put under contract.

THE WATCHWORD OF WOMEN.

Modesty is woman's watchword. Whatever threatens her delicate sense of modesty, frightens her. For this reason many a woman permits diseases of the delicate womanly organs to become aggravated because she cannot bring herself to submit to the ordeal of unpleasant questions, offensive examinations, and obnoxious local treatments, which some physicians find necessary. Doubtless thousands of the women who have taken advantage of Dr. Pierce's offer of free consultation by letter, have been led to do so by the escape thus offered from a treatment repugnant to modesty. Any sick woman may write to Dr. Pierce, Buffalo, N. Y., in perfect confidence; all letters being treated as strictly private and sacredly confidential, and all answers being sent in plain envelopes with no advertising or other printing upon them. Dr. Pierce's Favorite Prescription has been long hailed as a "God-send to women." It makes weak women strong and sick women well. "Favorite Prescription" contains all its ingredients printed on every bottle-wrapper.

Cups and Saucers.

Cups and saucers are now all molded by mechanical appliances. The glaze is laid on the finer qualities are hand painted and the cheaper are stamped with stencils ere the baking is done.

Apples in Chile.

In Chile they let nothing in the apple go to waste. There, after making cider and wine from their apples, they extract from the refuse a white and fine flavored spirit, and by another process they procure a sweet treacle, or, as they term it, honey.

MOTHERS, HERE IT IS!

A friend and comforter, an unceasing aid in every house for the hundred and one ailments that do turn up. Nervine is too valuable to be without. If some thing eaten causes trouble, if it's cramps, indigestion or headache, Nervine cures. For cold on the chest, aching limbs or lame back rub on Nervine and get speedy relief. As a family safeguard Nervine. Get the large 25c. bottle from your dealer.

Vanity That Comes High.

Most of the photographs displayed in the windows of English photographers are exhibited by request of the originals and at their own expense. One London photographer charges \$2.50 for putting a carte in a window and \$5 for a cabinet.

Dumas.

Alexander Dumas, or Dumas pere, lived from 1803 to 1870. His literary life began with the play "Henry III." in 1829, and his labors continued to his death, a period of forty-one years. The number of novels, plays, poems and literary works of all descriptions produced during this time was enormous. Few writers of any country exceeding in quantity the amount credited to this remarkable man.

"500 People Badly Bent," have in effect used these words in speaking of the curative qualities of South American Rheumatic Cure—"My legs were crippled."—"My hands were distorted."—"My joints were swollen."—"My back was bent double."—"My pain was excruciating."—"Bedridden for years." This great remedy has been the heaven-sent agent that worked a permanent cure. Sold at Central Pharmacy A. J. Ryan.
