

HOUSEHOLD HINTS.

Some Interesting Information for Busy Housewives.

The winter apple is just now in its glory. Its possibilities in the matter of appetizing dishes "to set before the King" are almost endless. Here are some of the more delicate and less familiar of them:

To make apple float take a tablespoonful of red apple or crabapple jelly to each of white of egg and whisk until the mixture is quite light and foamy. Pour a plain custard into a deep glass dish and pile the mixture over it. Serve with sponge rush fingers.

For ginger apples, take some hard, smooth-skinned apples and cut them into quarters. To every pound of apples allow a quarter of a pint of water and half a pound of sugar. Boil the water and sugar together until they become a thick syrup, then pour this over the apples, allowing them to stand for twenty-four hours. Then add the same quantity of sugar as used for the syrup, and to every pound of the fruit half an ounce of bruised ginger and a pinch of cayenne pepper tied up in muslin. Let this simmer until the fruit is transparent and add a small tablespoonful of gin, and put into jars, covering as tightly as possible. The ginger and muslin should be carefully removed.

For apple snowballs, boil one quarter pound of rice in water until perfectly tender. Pare and core a few apples, replace the core by two cloves brown sugar and a squeeze of lemon juice. Cover each apple with a little rice and tie up separately in a cloth. Boil for half an hour and serve with a sweet sauce flavored with lemon.

Pare and remove the core from seven large apples and place in a pudding dish. Put in each apple one teaspoonful of sugar and a little grated lemon rind. Bake until soft but not broken. Remove from the oven, pour over them one pint of hot milk, in which have been stirred the beaten yolks of three eggs, one small cup of sugar and a little salt; place back in the oven and when the custard is set, let cool. Cover the top

with the whites of the eggs well beaten.

Pare half a dozen apples for apple compote, scoop out the middle without breaking the fruit. Place in a pie dish with a quarter of a pint of water, half a pound of sugar and the rind and juice of half a lemon. Cover the dish and cook in a hot oven until the fruit is quite tender. When done, pour over the syrup with a dessertspoonful of rum added to it, and serve with Devonshire cream.

To stew apples in port wine par put them into a stewpan with three and core two pounds of sweet apples wineglassfuls of port, one and one-half pounds of sugar, the rind and juice of two lemons, and cinnamon to taste. Simmer gently, removing the scum; turn the fruit with a fork from time to time without breaking them. The apples should be lifted out first, and the liquor boiled for five minutes afterward and then poured over them.

To prepare pink apple snow, pare, core and boil six large apples to a pulp, and press them through a sieve. Sweeten to taste, and then to every tablespoonful of apple add a teaspoonful of currah jelly. Whisk the whites of six or seven eggs with two heaped tablespoonfuls of sugar, and when frothing add them to the apple mixture, whisking all together until quite light. Pile high on a glass dish and add a currant or strawberry jelly garniture. This dish is one very suitable for children and invalids.

For fried apples, slice some apples, dip them in a batter made of one egg sugar, milk and flour enough to thicken. Fry a golden brown, sprinkle with lemon juice and serve very hot.

Apple skin jelly does not sound as attractive, but it is as good as jelly made from apple juice. So much juice is left in the parings that if these are boiled down and strained one will find they have as good a grade of jelly, and a few extra tumblers.

SURE CURE FOR SCIATICA

Sciatica is really inflammation of the sciatic nerve, the largest nerve in the body.

This passive inflammation is the product of a run-down condition, and in every case you may be sure the nerves are worn down fine.

The pain is the cry of the nerves for more food—for richer, redder blood.

Rubbing on a greasy liniment cannot help very much—you must treat the blood and rebuild the nervous system.

This can be promptly done with Ferrozone.

No builder of nerve force is more powerful.

No tonic so quickly fortifies the muscular system, imparts such strength such endurance and vigor.

Any traces of sciatica are quickly driven off by Ferrozone. The lowered condition of the system is changed into a reserve of vigor that defies further attacks of Sciatica.

Marvellous in its reconstructive and rebuilding power, quick to give relief absolutely sure to cure—where can you find a better treatment than Ferrozone? Sold by all druggists in 50c. boxes; try Ferrozone.

NO FUEL; NO FOOD.

Desperate Plight of Hanley, North Saskatchewan.

Regina, Jan. 10.—The town of Hanley, north of here, on the Prince Albert branch of the Canadian Northern, is in a desperate situation, facing both a fuel and a food famine.

A merchant named Prestholdt arrived recently to call the attention of the government to the condition of affairs and to seek instant relief by having groceries and flour sent out. Stocks of food available there would not last more than a few days unless shipments could be got in. He says the farmers are even tearing down their barns to secure firewood to prevent themselves and families from freezing, yet no cars can be got through.

Mr. Prestholdt adds that the citizens of Hanley are threatening to burn the box cars standing on the sidings there.

In all the various weaknesses, displacements, prolepses, inflammation and debilitating, catarrhal drains and in all cases of nervousness or debility, Dr. Pierce's Favorite Prescription is the most efficient remedy that can possibly be used. It has to its credit hundreds and thousands of cures—more in fact than any other remedy put up for sale through druggists, especially for woman's use.

The ingredients of which "Favorite Prescription" is composed has received the most positive endorsement from the leading medical writers in Materia Medica of all the several schools of practice. All the ingredients are written in plain English on the wrapper enclosing the bottle, so that any woman making use of this famous medicine may know exactly what she is taking. Dr. Pierce takes his patients into his full confidence which he can afford to do as the formula after which the "Favorite Prescription" is made will bear the most careful examination.

A FOUR DAYS' VOYAGE.

Scheme to Shorten time for Crossing Atlantic.

London, Jan. 10.—An important scheme for the development of an all-British route to the far east is likely to be promoters at the coming parliamentary session.

The object, says the Tribune, is to accelerate the carriage of mail by establishing a packet station at the point in the British Isles nearest Canada, viz., Newcastle Bay, Mayo, where, in a deep, spacious harbor, the railways and ferry steamers will carry mails and passengers across to Ireland.

It is stated that if twenty-five knot steamers are used Halifax can be reached over the route in four days.

The capital which it is estimated will be required is £1,250,000.

YOU MAY BE SICK TO-NIGHT.

Without a moment's warning pain springs upon us. At the outset it is instantly cured by Nervine. Surprising what fine drops of this marvelous medicine will do. It's external action is no less certain than its wonderful effect when taken internally. Of course, Nervine is powerful or it couldn't be so penetrating. But not irritating or caustic. There are other pain remedies, but when you use Nervine you see the difference. That difference is—pure relief. But Nervine does cure sprains, strains, swellings, earache, toothache, neuralgia, lumbago, in fact all muscular pains. Large bottles 25c. at all dealers.

NO WOMAN CAN BE STRONG AND HEALTHY UNLESS THE KIDNEYS ARE WELL

When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to filter out of the blood are left in the system. Then how important it must be to see to it that this system of sewerage be not clogged up. Those who have never been troubled with kidney trouble know not the misery and suffering which those afflicted undergo.

Doan's Kidney Pills

are a specific for all kidney troubles. They begin by healing the delicate membranes of the kidneys and thus make their action regular and natural.

They help the kidneys to flush off the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and all the urinary passages.

Doan's Kidney Pills are entirely vegetable, and may be safely taken by young and old.

Let Doan's Kidney Pills do for you what they have done for thousands of others, that is, cure you. Mrs. John Young, Harwood, Ont., writes: "I was troubled with my kidneys for some time and my back was so lame I could scarcely get around. After using two boxes of Doan's Kidney Pills, I am completely cured. I find there is nothing like them for the cure of all kidney troubles."

FRANGE STAMPS OUT GOD FROM COINAGE

In Another Effort to Snub the Church, Lettering on Gold Pieces will be Changed.

Paris, Jan. 10.—One of the consequences of the law of separation of church and state was a demand on the part of certain extremists that the sentence "God Preserve France," which has hitherto appeared in raised letters on the milling of the five and twenty franc pieces should be removed.

This demand, which at first was ignored and even ridiculed as the "reductio ad absurdum" of the separation idea, has now been approved by the government, which, by the law dated Jan. 5, orders the inscription removed from all coins which return to the treasury and omitted in the future from new coins. The well-known Republican legend, "liberty, equality, fraternity," is to be substituted hereafter.

In the meantime, in the churches themselves, all is precisely as it was before Dec. 9. Within the past fortnight your correspondent has visited twenty of the principal churches of Paris, and in all of them he has found the priests officiating as usual.

Marriages, funerals and baptisms are being celebrated without any noticeable difference. Though the papers tell of the churches here and there through the provinces being closed, they are immediately re-opened, while the impulsive communal mayors are usually reprimanded for their excess of zeal.

Minister of Education Briand announced today that the bishops' manions, the rectories and seminaries taken possession of by the government under the separation law, will in future be devoted to educational and museum purposes. He has decided that the famous seminary of St. Sulpice here shall become part of the Luxembourg museum.

To punish the Catholics of the Canton of Quind, 76 miles from Amiens, who were preparing to form a cultural association, under the church and state separation law, Mgr. Dizen, the bishop of Amiens, has ordered the withdrawal of the parish priest from Quind, thus compelling suspension of public worship there.

She regrets that later she was obliged to handle a local newspaper man roughly.

Resisting the order that nurses wear white shoes and stockings, Miss O'Leary and Miss Cronin are restricted to the San Francisco hospital limits.
