APPOINTMENTS MADE.

Vacancies on Normal School and Model School Staffs Have Been filled.

The Board of Education met this morning and appointed Miss Margaret Lynds of Hopewell Cape, Albert County, to the vacant position of instructor of elocution and physical culture on the staff of the Provincial Normal School, caused by the resignation of Miss Alice Clarke. The salary attached to the position is \$800 per year and she will enter upon her duties at the reopening of the school in September.

The new appointee completed a course at the Normal School here a few years ago and afterwards attended the Emerson College of Oratory. Subsequently she was on the staff of Acadia Seminary, and has taught at Sussex and other places in the province. She is a bright and exceptionally clever young woman, and will undoubtedly give satisfaction in her new position. Sheriff Lynds of Hopewell Cape is her brother.

Miss Edna Golding, daughter of City Treasurer Golding was appointed teacher of the primary department of the Model school, the position made vacant by the resignation of Miss Nicholson. She has been in charge of the school for the past six months and her permanent appointment to the position will give general satisfaction.

The Village of Centreville was authorized to borrow \$5,500 to be expended in the erection of a new school house.

The Local Government met this morning with all the members in attendance and dealt with considerable business, chiefly of a routine nature. It was announced that the deeds for the transfer of fifty thousand acres of land to the government from the New Brunswick Railway Company, have been prepared and the purchase will likely be completed in a short time. The land will be resold for settlement purposes for 75 cents per acre, plus the cost of survey.

The members of the government visited the exhibition stables this afternoon and inspected the horse importation.

THE STOCK MARKET.

Prices Generally Firm in Today's Trading.

MONTREAL, P. Q., July 25.—(Special)—Though prices were generally firm in the stock market today, trading developed nothing fresh. Dominion Steel was the strongest feature, at 22 to 22½, and Twin City maintained its recent advance at 97. Montreal Power, which reacted after buying on dividend was sold at 95½.

Other features were: Nova Scotia Steel, which continued to look a first class bargain at 68, Rio bonds 74½, MacKay pfd. 67½, Rio 45½.

LOWER SOUTHAMPTON.

July 20—The weather for the past few days has been very warm, and the people are beginning to wish for a small piece of the North Pole to float down.

Some of the farmers have begun haying, and they report very good crops.

Misses Vaughn and Fay MacFarlane of Hartland, are visiting their aunt Mrs. Amelia MacFarlane of this place.

Miss Della Fox, who has been in Bangor for the past two years, is spending her vacation with her parents.

Mrs. Charles Cronkite, is spending a few days with her daughter, Mrs. B. Briggs in Temperance Vale.

Mr. George Smilin, who has been very sick with fever, is, we are glad to say, recovering.

Miss Hattie Cronkite entertained a number of her friends, on Thursday evening, at an ice cream party. Fruit, cake and ice cream were served. The party broke up at eleven o'clock after having spent a very enjoyable evening.

Our general merchant, Mr. H. S. Savage, is doing a rushing business. Mr. A. A. Rutledge, occupied the pulpit in the Baptist Church in Hawshaw Sunday evening last.

Introduction Customs.

In introducing a woman and a man the latter should be presented to the former, as, for instance, Mrs. Jones, allow me to present Mr. Smith. In the case of two women, one elderly, the younger should be presented to the elder as a pretty mark of respect, as, Mrs. Jones, my friend, Miss Brown. In the event of one party to the introduction being an elderly man of prominence it would be proper to show him the deference and present both a man and woman if younger to him.

LINGERIE SUGGESTION.

A Charming and Easily Made Swiss Corset Cover.

Embroidered lingerie, especially corset covers, appeal to all women, but comparatively few can afford to buy them at the exorbitant prices charged for handwork in the shops. Even if one can do the work herself, not all women can give the time necessary to the completion of the ordinary type of embroidered corset cover, with its fine satin stitch and eyelet work.

A very dainty and attractive under-waist, however, can be made with comparatively little work from dotted swiss, with certain of its dots covered with mercerized cottons.

Choose a swiss with large coin dots and cut it so that the corset cover either opens in the back or else is round in front, with pointed pieces in the back that fold in a surprise effect and are brought around to the front of the waist, where they are fastened under a small bow.

Embroider the dots so they form a pointed effect, broad at the shoulders and ending in a point a little below the bust line. This will probably require about four lines of dots to be covered. Use the dots of the material as a padding and work over them in satin stitch, running the threads in the opposite direction. Use a mercerized cotton.

If one cares for color in her under-wear, these dots are very attractive done in pale pink, blue or lavender, but they are equally good and wash better in all white.

Finish the edge of the corset cover in a narrow lace heading and an edging of half inch wide valenciennes lace. Run baby ribbon to match the dots through the beading and have a broader ribbon of the same shade at the waist to draw in the fullness.

These little corset covers are both pretty and have very little work in comparison with their real effectiveness.

Perfect Railroad System.

"If you go by our route," said the persuasive railway agent, "you will find your journey absolutely free from annoyance or unpleasantness."

"I dunno," objected the contemplative tourist. "There's a whole lot of bad wrecks nowadays."

"Ah," exclaimed the agent, unfolding a bright new time card, "you will see that in our new schedule, which goes into effect today, we have arranged time and place for each wreck, with daggers to indicate delays on account of hot boxes and stars to show the points where the train will merely be ditched."—Judge.
