CRITICALLY ILL

**Widow of the Lat Governor Fraser Dying in
a St. John Private Hospital.**

The many friends of Mrs. J. J. Fraser will regret to learn that she is critically ill at a private hospital in St. John, from an attack of pleurisy, and that hopes of her recovery have been abandoned. Mrs. Fraser, who is the widow of the late Governor Fraser, and the only surviving daughter of the late Hon. Charles Fisher, went to St. John about ten days ago to visit friends and was taken ill last week. She was removed from the Royal Hotel to Miss Hegan's private hospital and her condition rapidly grew worse until today a telegram was received by Mr. J. J. F. Winslow, saying the much-esteemed lady is in a dangerous condition and not likely to recover. The news has created a very painful impression in Mrs. Fraser's large circle of friends, and sincere sympathy is expressed for the distinguished patient.

GENERAL BOOTH ILL

**Head of Salvation Army Laid up at
Chicago and Anxiety About his
Condition.**

CHICAGO, Oct. 21.—The condition of General William Booth of the Salvation Army remained unchanged yesterday. A consultation of several physicians was held, and Dr. Oscar Cleff announced that unless unexpected complications arose, General Booth would be able to continue his trip in about a week. On account of his advanced age precautions are being taken to prevent the cold from which he is suffering from turning into pneumonia. The General remained in bed at Klay at the home of Commissioner G. A. Kibbey, who is in command of the western territory of the Army.

NEW YORK, Oct. 21.—It was said at the national headquarters of the Salvation Army here today, that the latest despatch from Commissioner Kibbey, the Western Territory Commander, at whose house in Chicago, General Booth, the aged world head of the organization, is being cared for by physicians, stated that General Booth was suffering from a severe cold, but that no serious developments were anticipated. The illness of General Booth, it was said would mean the postponement of several of his meetings in various cities for the present, but it was hoped that he would be able to resume his tour by next Sunday.

The wreck was caused by a misplaced switch, a passenger mixed crashing in on top of a working train. McCarthy and Anderson are said to have been the cause of the switch being left open.

Tendency.**

Montreal Street Railway sold off to a new low level at 166; Twin City sold down to 83, and was offered still lower, while other issues showed a tendency to ease off. Dominion Coal sold at 62; Detroit at 33 to 37; Toronto Railway at 94; Illinois Pld. 77 1/2 and Mackay at 50.

NOVA SCOTIA BLIZZARD

**Sister Province in Grasp of Cold Wave and
Gales, Schooners Ashore, Fruit Crop
Injured.**

HALIFAX, N. S., October 22.—A fierce blizzard swept over Nova Scotia during last night and the frost was hard. The storm raged all over Cape Breton yesterday and which was accompanied by a heavy downfall of rain and occasional snow flurries.

Three schooners are ashore and one will become a total wreck. The Francois Reve, Capt. Gaudin, owned at St. Pierre, Miquelon, of 250 tons, another schooner named the Beulah, and the other name could not be ascertained are all in dangerous positions, but no lives were lost, as all got ashore safely. The heavy snow storm has alarmed the apple growers in the fruit region of Nova Scotia. Yesterday and to-day have been a very busy time in which all the picked fruits and vegetables that were exposed were carefully housed, so as to be ready for a sharp frost.

A large quantity of fruit is still on the trees as the weather for picking has been bad and there has been a great scarcity of help. The secretary of the fruit growers estimates the part unpicked as one-sixth of the crop. Up to the present time there has been nothing to injure the fruit, but as the frost last night was heavy it will do a lot of damage. A succession of frosts ruining the apples now on the trees, would mean a loss of \$250,000 to the valley. Considerable potato digging is yet to be done.

AN INTERESTING FIND

**Coin of Medal Struck in Honor of
Brooks Victory Ploughed up by
Northumberland Farmer.**

Chatham World: While ploughing on his farm at Black River on Saturday last, Mr. John W. McNaughton turned up a coin or medal, the size of a half penny, that was struck in honor of Brock's famous Niagara victory. On one side is the inscription: "Sir Isaac Brock, the hero of Upper Canada, who fell at the glorious battle of Queenstown Heights on the 13th day of October, 1812," and on the other side is a full rigged ship, and the words, Success to the Commerce of Upper and Lower Canada. It looks like copper and is wonderfully well preserved, and the lettering is quite legible. It was found about where the first house in Black River stood, the property of Mr. McBeath, Mr. McNaughton's great grandfather.

CHATHAM FATALITY

Boy Knocked Over Wharf and Killed.

CHATHAM, N. B., October 22.—A sad fatality occurred yesterday afternoon at the Dominion Pulp and Paper Company's wharf, resulting in the death of William Dempsey, aged 16, son of John Dempsey, of Ferryville.

The young fellow was working on the steamer Coban, unloading coal at the wharf, for the Dominion pulp mill. The coal chute swung and hit the lad on the back of the head and knocked him into the water. As quickly as possible he was rescued and taken to the engine room, one report stating that he walked that far and then collapsed. His head was cut open at the back where he was hit by the chute, but no other injuries were apparent. Dr. W. S. Loggie was at once telephoned for and the steamer Arthur proceeded to Chatham and brought the doctor as speedily as possible to the scene. The lad, however, was dead before Dr. Loggie reached the mill.

A STUMBLING WORK

**Baptist Divine says our Treatment of
Asiatics Interfers with Mission-
ary Work.**

WOODSTOCK, Ont., Oct. 22.—(Special)—Yesterday's session of the Baptist convention was devoted to missionary reports.

Rev. Dr. Brown presented the foreign mission report which referred to the maltreatment of Asiatic immigrants by the people of Christian countries as another stumbling block in the way of missionary work. Let our political relations with the so-called heathen nations be Christian, he declared, and they will then have open hearts for the Gospel.

Issued at Montreal.**

MONTREAL, October 22.—The incorporation of the Montreal World Publishing Company, Limited, has been carried through with the intention of providing Montreal with an English morning paper at one cent, which will support the Liberal administrations. The head of the concern is P. M. Feehey, who has had considerable experience in handling big concerns in Canada. B., Quebec, Ottawa and Montreal, holding the controlling interest in the amalgamated factories, which are known as "The Canadian Saw Factories." Mr. Feehey has also had a practical experience in newspaper work. He is rapidly disposing of his commercial interests in order to divert all his attention to the new daily paper. The managing editor is Frederick Wright, a well known journalist of the old country. The capital is \$150,000 in 1,500 shares of \$100 each, and the policy of the paper will be the consistent support of the Liberal party. The paper will be issued eight times a week. LEMIEUX'S MISSION

OTTAWA, Oct. 22.—A despatch has been received by the Dominion government today from the colonial secretary stating that Sir Claude Macdonell, British ambassador to Japan, had been instructed to introduce Mr. Lemieux to the Japanese government as an envoy from Canada when he reaches Tokyo to endeavor to arrange for a limitation of immigration from that country.

There is a growing feeling that the mission of Mr. Lemieux will result satisfactorily to Canada. Hon. Mr. Lemieux left for Montreal last night and will be entertained at luncheon tonight at the Mount Royal Club, prior to his departure for Japan. Mr. Lemieux will leave Montreal for Vancouver on Wednesday morning.

During his absence from the capital Sir Richard Cartwright will be acting postmaster-general. Mr. Lemieux expects to be back in Ottawa in time to be sponsor to the parliament bill providing for the establishment of co-operative societies, which was favorably reported on by a special committee last session.
