

THE TARIFF DISCUSSED.

Duty on Refined Sugar Reduced 1 1-2 Per Cwt.—Other Tariff Changes.

Ottawa, March 6.—The commons yesterday talked of the enforcement of the laws and the new tariff.

W. F. MacLean expresses the opinion that in respect of the alien labor law the power export law and the labor laws for settlement of disputes and many other similar provisions the provinces could not be expected to enforce them successfully.

He moved, "That the opinion of the House is that the government are responsible for the due enforcement of federal laws and that if any further legislation is necessary to secure such enforcement and punishment of violation thereof, it is the duty of the government to forthwith introduce such legislation."

Mr. Aylesworth said the British North America act required the provinces to enforce criminal laws and the present system had been followed by the first minister of justice of Canada, John A. Macdonald, and had been followed ever since.

R. L. Borden sympathized with Mr. MacLean's object, but thought the resolution went too far, as it meant the federal government would have to enforce all the criminal laws.

Mr. Monk wanted the Dominion to relieve the provinces of the expense of enforcing criminal prosecutions.

Sir Wilfrid was opposed to the enforcement of federal laws being transferred to the Dominion.

Mr. MacLean said he had only offered the resolution for discussion, and it was declared lost on a vote of 10 to 10.

The motion was carried on a vote of 10 to 10.

The government had decided that the request was reasonable, and instead of being admitted free a duty would be placed on it of 7 1/2 cents a bushel, British preference, 10 cents intermediate and general tariff.

The duty on fresh tomatoes, which was brought down in November had made flax seed free in all tariffs. The duty on linseed oil, and articles which had flax seed as their basis, had been held at the request of several delegations, which had urged that the production of linseed oil was an important one, and that a duty on flax seed was desirable.

The government had decided that the request was reasonable, and instead of being admitted free a duty would be placed on it of 7 1/2 cents a bushel, British preference, 10 cents intermediate and general tariff.

25 1/2 intermediate and 30 general. The duty on plums under the general tariff is increased from 20 cents a bushel to 30 cents a bushel.

Re sugar duties, Mr. Fielding said there was no change in the duty on raw, though the change in the duty on packages reduced the duty on refined about 1 1/2 cents a hundred.

The old duty British preference on raw sugar was 62-2-3. When the budget was brought down in November, the duty on raw sugar was increased to 64 cents a hundred. The sugar refiners had protested against this claiming they were placed at a disadvantage of 7 cents a hundred by the proposed change. It had been decided to concede something to the refiners, though not to meet their whole demand.

However, the duty on raw sugar would hereafter be 31 1/2 cents per hundred weight.

Mr. Fielding announced a change in duty designed to increase the operation of beet sugar factories in Canada. It had been decided to admit for three years at the British preference raw beet sugar.

But a refiner could only import this to the amount of two pounds for each pound of Canadian sugar he produced.

The result would be the farmer would be benefitted because the refiner would want to handle as many Canadian beets as possible in the fall to get the privilege of importing raw beet sugar at other stations to keep his refinery in operation.

At the end of three years the refiners should be ready to handle large quantities of Canadian grown beets into raw sugar, and later refine, and thereby extending the lengths of operation of their factories.

At item syrups 35 cents, B. P. 45 cents, intermediate; 58 general; schedules were amended to read 40.55, and 62 1/2 respectively. Arising out of duty put on flaxseed Mr. Fielding announced that there was an increase of five cents per gallon on varnishes, lacquers, Japanese, etc., and that duties on linseed or flaxseed oil per 100 pounds would be British preference 125 cents intermediate tariff \$1.55 and 65. In respect to rolled iron or steel beams, Mr. Fielding said that it was proposed to fix duty so that constructors of bridges, cars and those engaged in structural processes would be treated alike. Progress was reported and the house adjourned at midnight.

The duty on fresh tomatoes, which was brought down in November had made flax seed free in all tariffs. The duty on linseed oil, and articles which had flax seed as their basis, had been held at the request of several delegations, which had urged that the production of linseed oil was an important one, and that a duty on flax seed was desirable.

sociation, which consists of 274 missionaries and 19 societies. It states that a million and a quarter starving refugees have already flocked into the cities and that there are over three millions famishing people in the affected provinces.

The missionary societies of London with the hearty concurrence of the Lord Mayor now appeal for immediate help. The fund will be administered by a committee of missionaries and laymen living in the famine stricken area.

Donations marked "China Famine Fund" may be sent to the Hong Kong and Shanghai Banking Corporation 31, Lombard St., E. C., London.

J. W. Sparden, Esq., of the People's Bank permits Mr. H. to state that any sums left with him will be forwarded to London.

There are eight Christian congregations in this city, and I would like the liberty of suggesting that some one be appointed in each to solicit aid for these, many of whom are ready to perish. Our humanity should prompt us to give practical expression of our sympathy, "Whoso hath this world's goods and seeth his brother hath need and shutteth up his compassion from him, how dwelleth the love of God in him? The silver is mine, and the gold is mine, said the Lord of hosts."

Yours truly,
JOHN J. COLTER.

Some of the least pretentious morning gowns are made chic and out of the ordinary by just a well-placed bow or trimming band. One of challenge which is most simple in design yet very attractive and modish is sketched here for the benefit of the woman who fashions her own clothes. It is made to appear like a real Empire. The fullness at the shoulder, back and front, may be tucked to yoke depth and girdled at the waist by a ribbon or belt or it may be shirred and held in place by an Empire waistband which makes quite a different garment of it and one of real style. The simplest of material may be used with no other trimming than the ribbon or waistband and the result will be altogether pleasing and graceful. Either style may be followed in the development according to the wearer and her tastes. In the medium size pattern calls for 3 1/2 yards of 27-inch material.

6778-32, 36, 40 and 44 inches bust measure.

To the Fredericton Herald:

Please send the above mentioned pattern, as per directions given below, to

Name..... Street..... No..... Province..... To.....

Measurement—Waist..... Bust.....

CAUTION.—Be careful to send size of pattern wanted. When the pattern is sent measure you need only mark 32, 34, or whatever it may be. When in waist measure, 22, 23, 26, or whatever it may be. If a skirt, give waist and length measure. When miss' or child's pattern write only the figure representing the age. It is not necessary to write "inches" or "yards." Patterns cannot reach you in less than three or four days from the date of order. The price of each pattern is 10 cents in cash or postal order or stamps.

Take care of the stomach and the health will take care of itself. If people only realized the soundness of that statement the majority might live to a good old age like Moses, "the eye undimmed, the natural force unabated." It is in the stomach that the blood is made. It is from the stomach that nourishment is dispensed to nerve and muscle. If the stomach is "weak" it can't do its whole work for each part of the body. If it is diseased the disease will taint the nourishment which is distributed and so spread disease throughout the body. It was the realization of the importance of the stomach as the common source of disease, which led Dr. Pierce to prepare his "Golden Medical Discovery." "Diseases which originate in the stomach must be cured through the stomach." The soundness of this theory is proved every day by cures of diseased organs, heart, liver, lungs, blood,—by the use of the "Discovery" which is solely and singly a medicine for the blood and organs of digestion and nutrition.

Not a secret or "patent medicine" because ingredients are printed on the label; contains no alcohol, is purely vegetable.

Benedick—That luminous paint is splendid invention. Singleton—What do you use it for?

Benedick—We paint the baby's face so we can give him a drink in the night without lighting the gas.

Bed-ridden, 15 years.—"If anybody wants a written guarantee from me personally as to my wonderful cure from rheumatism by South American Rheumatic Cure I will be the gladdest woman in the world to give it," says Mrs. John Beaumont of Elora. "I had despaired of recovery up to the time of taking this wonderful remedy. It cured completely." Sold at Central Pharmacy, A. J. Ryan, 58.

WHY DO YOU FAINT? Sometimes from shock or fright, but usually because the system is weakened and depressed,—it lacks power to react from sudden strain. This condition demands rebuilding, demands nourishment, which is best supplied by Ferrozone. In every form of debility Ferrozone is a specific. It fortifies the digestive and assimilative power of the body, promotes the elimination of waste materials, builds up tissue, gives energy and resistance. To have rich, red blood, enduring nerves, a strong constitution and lasting good health, use Ferrozone. Sold everywhere in 50c. boxes or six for \$2.50.

WALDING, KINNAN & MARVIN Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all druggists.

Take Hall's Family Pills for constipation.

Farmer—So you've had some experience, have you?

Youth—Yes, sir.

Farmer—Well, what side of a cow do you sit on to milk?
