THE LEGISLATURE.

(Continued from Third Page.)

social drinking indulged in even in public. On such conduct the public should set the stamp of disapproval, even though it should be indulged in by the Premier or Governor of the province.

I regard this as a most serious reflection on the gentleman who went to Chatham to attend the late Lieut. Governor's funeral, and I am unwilling to believe that Mr. Maxwell has been correctly reported. I went up to Chatham and returned with a party in the same train with him, and I saw no conduct that could justify such comments.

Mr. Maxwell—I regret that the Attorney General has brought this matter up, for the report has been cut down so as not to convey properly my meaning. I have never made any public address that I have felt to be in bad taste. The Attorney General did not travel in the same car with me and what I saw was in another car. He must have noticed that it is a common occurrence for whisky to be carried in grips, and I think that public opinion should stamp such conduct as improper as it would do the conduct of any one in a lower position who drank liquor to excess.

Hon. Mr. Pugsley—I cannot but express the deep pain that I feel that my hon. member has not been able to contradict the Sun's report of his speech.

Mr. Hazen—I rise to a point of order. I submit that this is not a question of privilege. The gentleman is out of order.

Hon. Mr. Pugsley—I will tell the hon. gentleman why I think it is not out of order, and I think that the leader of the opposition should be one of the first to resent such an attack. I am in order because the report suggests that there was improper conduct on the part of the premier, and that is a direct reflection on the House. I would like to know what the hon. gentleman meant when he said that on such conduct the public should set the stamp of disapproval, even though it should be indulged in by the premier or governor of the province. I say that this is a pre-eminently a matter of privilege, and when charges of that kind are circulated in regard to members of this House, it is proper that they should be noticed here.

Mr. Speaker—I rule that the matter under discussion affects the hon. member, for the third section of a member of this house and may properly be considered a question of privilege.

ROUTINE BUSINESS.

Hon. Mr. Pugsley introduced a bill to amend Chapter 10 of the Consolidated Statutes, respecting executive councillors. He said that there was some doubt as to whether the head of a department could do the work of another head temporarily after he had resigned, for the third section only seemed to cover cases of illness or absence. The bill had for its object to make this matter clear.

Mr. Robertson gave notice of enquiry in regard to the St. John Suspension bridge.

Mr. Maxwell gave notice of enquiry with regard to the Hall's Creek Bridge.

Hon. Mr. Labille introduced a Bill relating to the town of Dalhousie.

Mr. King introduced a Bill to amend the New Brunswick Telephone Co's Act.

Mr. Whitehead introduced a Bill relating to the administration of justice in the County of York.

Mr. Currie introduced a Bill to incorporate the Jacques River Boom Co.

Mr. Grimmer introduced a Bill to give effect to certain agreements between the Town of St. Stephen and the Maine Water Co.

On motion of the Hon. Mr. Pugsley the time for the introduction of private Bills was extended for ten days from yesterday.

Mr. Grimmer introduced Bills to amend the act relating to the St. Stephen's Water Works and to incorporate the St. Andrew's Yacht Club.

N. B. COAL AND RAILWAY CO

Hon. Mr. Pugsley presented the report of the commissioners of the New Brunswick railway and coal company.

It states that the total earnings of the road for the past year were \$43,196 as compared with \$37,031 in 1905 and \$25,387 in 1904. The earnings would have been much larger but for the fact that from June to October the Intercolonial railway was only able to supply one fourth of the cars required for carrying coal to fill their own contract. The net earnings of the road were \$2,345 against a deficit of nearly six thousand dollars for the previous year and nearly \$14,000 for 1904. The tons of freight carried in 1906 were 38,731 of which 31,326 was coal against 25,917 tons carried in 1905 of which 18,318 tons were coal. The coal carried in 1906 was nearly four times as much as in 1904. The number of passengers carried in 1906 was 13,950 against 10,819 in 1905. The report dwells on the necessity for more rolling stock as it is impossible to handle more than 31,000 tons of coal in a year with 46 cars the number possessed by the company. The company is offered contracts for supplying coal to the Intercolonial, the pulp mills of St. John and general consumers all over the province aggregating 73,000 gross tons for the ensuing year. Appended to the report are letters from the Canada Wooden Ware Co., McLean, Holt and Co. the Maritime Dairy Co., the St. John Pulp and Paper Co., the Sussex Manufacturing Co. and the Sussex Packing Co. highly commending the quality of the coal.

The reports were read at the clerk's table and ordered to be printed in three journals.

Hon. Mr. Pugsley laid on the table the report of the auditor general and the public school report and the report of the educational institute, also copies of resolutions passed by the maritime board of trade, the report of the Tracadie General Hospital, of the St. John public hospital and of

the natural history society of Miramichi.

Mr. Hazen gave notices of enquiry in regard to the public Domain act, the Hawkshaw bridge, Gloucester clam beds and Game Warden MacDonald. Also notices of motion with regard to certain highway accounts and the correspondence relating to Hawkshaw bridge.

Mr. Maxwell introduced bills to amend the reformed Presbyterian church incorporation act and relating to paving the streets of St. John.

Hon. Mr. Farris presented the agricultural report.

Hon. Mr. Pugsley introduced a bill relating to the International Railway Co. It authorizes the company to issue bonds to the amount of \$8,000 instead of \$5,000 a mile and to increase its capital stock from \$6,000 to \$12,000 a mile.

Hon. Mr. Sweeney introduced a bill relating to the Moncton Rural Cemetery Co.

Hon. Mr. Robinson was placed on the committee for nominating House Committees on place of Hon. Mr. Tweedie.

The house went into committee on the Bill to amend Chapter 187 of the Consolidated Statutes respecting census, trespasses and pounds. Mr. Murray in the chair. This Bill had already been passed in committee but was held to enable a section to be added which was suggested by Mr. Copp. This amendment which was drafted by the Attorney General provides that there is no liability for damages where cattle cross a stream unless it has been made by law or by the Municipal Council a lawful fence.

The House took recess at six o'clock and met at seven-thirty when the Bill was agreed to in committee and reported to the Speaker.

MARYSVILLE NEWS.

March 7.—Mr. H. P. Lint our popular clerk in the grocery department has recently purchased the valuable property at Gibson owned by Mr. David Vanstone, better known as the A. McN. Shaw property. The property is a nice one and is centrally situated, being only a short distance from the railway station. It has been stated, the price paid was in the vicinity of \$3,000.

Our sports are looking forward with a great deal of interest to the game of hockey tomorrow night between St. John and Marysville. It will be the first game of the series of play offs for which St. John, Sackville, and Marysville were tie for first place. As the Sackville team has been disqualified, the struggle will be between Marysville and St. John for the championship of the New Brunswick amateur hockey league. Good fast hockey is promised. A return game will be played at St. John Tuesday, if each team win a game a third game will have to be played on some outside rink.

Tonight is the night set apart by the members of the Main St. United Baptist church for their grand concert which will be held at the Orange Hall. Several well known Fredericton people are to take part on the excellent programme including Mrs. Good, Rev. A. A. Rideout, Mr. Barry Allen and others. There should be a large crowd present.

The Ptentice Boys of Gibson intend giving one of their famous concerts in Marysville in the near future. They will also appear at Nashwaak Village.

The many friends in Marysville of Rev. H. H. Ferguson not only of his own congregation but the citizens in general will be sorry to hear that he has tendered his resignation and expects to leave shortly for Salisbury, Albert Co., where he has accepted a call. Rev. Mr. Ferguson and his esteemed wife have made a great many friends during their stay in Marysville, all of whom will be deeply interested in their Christian work in other places.

Mr. Harry Gibson, son of Alex. Gibson Jr., ex-M. P. started hauling ice from the St. John river yesterday to supply the new ice house at Gibson to be used on the trains of the I.C. R. during the summer. Mr. Gibson, being the lowest tenderer was awarded the contract and expects to store away 150 tons. He has several teams to work and will not be many days completing the job.

MOURNING CREDITORS.

St. John, March 7.—(Special) — It was learned this morning that Frank D. Mullins, proprietor of the "Red Wagon" Bar, Church street, has left the city and a number of St. John people are mourning his absence.

Summonses have been issued against him and the bar is closed. It is roughly estimated that his liabilities are \$1,000. It is also said that his assets in form of liquor of various kinds that could be gathered up, could all be contained in one "long-neck" bottle.
